APPLICANT—Herman Furrer, owner.

SUBJECT—Application for consideration—reopening as to amendment in reduction in size of building—re application decision of the Borough Superintendent previously granted on condition, under Section 7c of the Zoning Resolution, permitting in a business use district, the extension in area of accessory building on existing gasoline service station, to be used as an office, lubritorium, auto laundry, showroom, storeroom, motor vehicle repair shop and storage of more than five motor vehicles waiting to be serviced (no fee).

PREMISES AFFECTED—96-16 to 96-24 Metropolitan Avenue and 87-47 to 87-53 69th Avenue, southwest corner, Block 3886, Lot 845, Forest Hills, Borough of Queens.

APPEARANCES—

For Applicant: Herman Furrer.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 7, 1949 on certain conditions; and

WHEREAS, time to obtain permits and complete the work

was extended from time to time and last extended on July 14, 1953; and

WHEREAS, this application was amended to reduce the size of the building on July 20, 1954; and

WHEREAS, this application was reopened as Vol. II on February 7, 1956 subject to regular procedure, to consider extension of area; and

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; and

WHEREAS, this application was laid over from June 10, 1958, date to be set for new hearing; applicant to file plans, description and a new statement; notices for new hearing to be served and reset for July 29, 1958; and

WHEREAS, on July 29, 1958 the applicant requested permission to withdraw Vol. II and have Vol. I reopened and the Resolution adopted June 7, 1949 and thereafter amended on July 20, 1954, be amended again to permit the extension in area of the accessory building, with less than the required rear yard as existing; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 7, 1949 by adding thereto:

"that the extension of the repairing and accessory building may be as indicated on revised plans marked "Received July 14, 1958," two sheets, on condition that in all other respects the requirements of the resolution adopted June 7, 1949 shall be complied with where not inconsistent with this amended resolution; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this amended resolution."

96-53-BZ—Vol. III

APPLICANT—Burke, Green and Groh, for Alex Eisenberg, owner.

SUBJECT—Application reopened April 29, 1958 as Vol. III—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business and residence use district, the erection and maintenance of an incinerator and chimney to be used in conjunction with the existing milk processing plant for wholesale and retail distribution of milk and cream which was previously granted by the Board.

PREMISES AFFECTED—392-414 Stanley Avenue, southwest corner of Malta Street, Block 4364, Lots 1, 3, 6, 28 and 36, Borough of Brooklyn.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: Harry Klein.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on April 29, 1958 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; and laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Louisiana Avenue and Wortman Avenue are in business and residence use, D area, class 3/4 height districts; Malta Street and Stanley Avenue are in a business use, D area, class 3/4 height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 12, 1958 acting on N.B. Applic. No. 2180-57, reads:

"1. Proposed incinerator in connection with a milk processing plant, for wholesale and retail distribution

MINUTES

of milk and cream located within a residential use district, is contrary to Art. II Sec. 3 of the Zoning Resolution.

Note: These premises were the subject of a variance by the Board of Standards and Appeals under Cal. 96-53-BZ, Vol. II (N.B. 787/55). Proposed work conflicts with work shown on said variance."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 550 feet in depth; that it is proposed to erect an incinerator and chimney in the yard adjoining the present building; that the incinerator is covered by a metal canopy which now extends over this area, and the proposed chimney will extend through this canopy; that the incinerator itself is only four feet wide, seven feet deep and five feet six inches high; that the entire installation will comply with all other applicable rules and regulations of the Building Code, etc.; and

WHEREAS, the applicant states that the site comprises an entire square block and this incinerator will be installed well away from all property lines; that copy of a Health Department Report, submitted with this application, states that the private garbage removal agent employed by the owner of the property has not been able to supply adequate service inasmuch as they have room only for the garbage and not the paper rubbish; that the owner is forbidden by law to burn rubbish in a pile; that the Department of Health inspector advises that a plant incinerator be constructed as soon as possible to dispose of the cardboard and paper; that therefore, due to the public emergency and the health hazards that exist because of the present situation, it is requested that the Board grant this variance as soon as possible; and

WHEREAS, the applicant states that the present owner has held title to the property since 1943, 1947 and 1951; that the assessed valuation of land is \$60,000 and of the building \$170,000 making a total of \$230,000; that the buildings are under construction; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution because of the health hazard and with conditions improved.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c, to permit the construction and use of the incinerator as proposed and located where shown for the burning of used milk cartons and similar material; that the incinerator shall be of an approved type and shall be maintained in accordance with the requirements of the Department of Health and the Bureau of Smoke Control; and that in all other respects all laws, rules and regulations shall be complied with including the resolution as adopted by the Board under Cal. No. 96-53-BZ, Vols. I and II, where not inconsistent with this resolution; that all permits shall be obtained and all work completed within six months from the date of this action.

889-55-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Ledbill Realty Corp., owner.

SUBJECT—Application reopened April 29, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, office and sales, storage room, parking and storage of motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—69-13 to 69-25 (69-15 official) 164th Street, east side, 110 feet (120.02 feet) south of 69th Avenue, Block 6931, Lots 38 and 41, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 29, 1958 after due notice by publication in the Bulletin; and then set for hearing on July 22, 1958, laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Jewel Avenue are in a residence use, D area, class 1 height district; 164th Street and 165th Street are in local retail and residence use, D and E-1 area, class 1 height districts; 69th Avenue is in a local retail use, D area, class 1 height district; that as of July 25, 1916 the premises were in a business use district and received the present use designation on September 18, 1947; and

WHEREAS, the decision of the Borough Superintendent, dated March 25, 1958 acting on amendment to N.B. Applic. No. 3908-55, reads:

"1. The proposed demolition of an existing store and storage of building materials and the proposed erection of a gasoline service station, lubritorium, minor auto repairs, car washing, office and sales, storage rooms, parking and storage of motor vehicles and proposed erection of business signs and ground signs in a plot located within a Residence use district is contrary to Art. II Sect. 3 of the Zoning Resolution and contrary to B.S.A. resolutions Cal. #889-55-BZ and Cal. #489-48-BZ and is hereby referred back to the Board for reconsideration."

and

WHEREAS, the applicant states that the premises consist of a plot, 140 feet frontage by 95 feet in depth, presently developed as follows: Lot 41, 80 feet by 95 feet—vacant; Lot 38, 60 feet by 95 feet is presently developed with a one story building of class 3 construction, with a frontage of 19 feet 3 inches, a depth of 48 feet 2 inches and is now being used for newspaper pick-up; that it is proposed to obtain a variance for a temporary period of fifteen years in order to extend the gasoline service station granted by the Board under Cal. No. 889-55-BZ—lot No. 41—with a frontage of 80 feet on 164th Street to include the adjoining 60 feet—lot No. 39—making a new total frontage of 140 feet on 164th Street by 95 feet in depth; that the new size gas station will consist of ten 550 gallon gasoline tanks and six dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction having a frontage of 60 feet and a depth of 30 feet and will contain the conjunctive uses of lubritorium, minor auto repairs, car washing, office and sales and storage room; that a part of the open area not being used by the gas station is proposed for parking and storage of motor vehicles; and

WHEREAS, the applicant states that the building was erected under N.B. Applic. No. 10537-46 and Cal. No. 489-48-BZ, Vol. I, and Certificate of Occupancy No. Q-59400 was issued on November 3, 1949 for use as store and storage of builders materials; that records indicate that under Cal. No. 489-48-BZ, Vol. II an application was denied to change the uses granted under Vol. I to commercial building—stores; and

WHEREAS, the applicant contends that lot No. 38, which is proposed for the extension of the gas station granted on lot No. 41, is now occupied with a non-conforming use; that the removal of this non-conforming use and the substitution of another non-conforming use cannot possibly have an adverse effect upon adjoining property owners; that lots 36 and 35 to the south of the site are non-conforming uses

MINUTES

of store and office in a residence use district; that the enlargement of this gas station to 140 feet frontage will provide a better service to the people of this community as there are no other gas stations within the affected area; that the 15 foot planted area proposed along the easterly lot line will act as a buffer to adjoining properties; and

WHEREAS, the applicant states that the present owner of the property has held title since February 28, 1950 and March 1, 1958; that the assessed valuation of land is \$5,600 and of the building \$3,100 making a total of \$8,700; that the building was erected in 1946; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the application should be granted to permit the extension of the gasoline service station previously granted under Vol. I of this calendar number, which has not yet been built.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 3, 1957, by adding thereto:

"that in the event the owner desires to enlarge the premises by the acquisition of the adjoining lot to the south, No. 38, such extension of area may be permitted, *on condition* that all buildings and uses not to be retained shall be removed and the premises including Lot 41 previously permitted shall be constructed as proposed and indicated on plans filed with this application, marked "Received March 26, 1958", 5 sheets; that the requirements of the resolution above cited as adopted by the Board on December 3, 1957, shall apply also to the additional premises and the requirements as to location and other conditions shall apply as now proposed; and that all permits required shall be obtained and all work completed for the entire premises within the requirements of Section 22A of the Zoning Resolution."

792-56-BZ

APPLICANT—Fred C. Dahlem and Victor E. Block, for Robert E. Weiss, Gerald R. and Josephine Guerraro, owners.

SUBJECT—Application reopened March 18, 1958—decision of the Borough Superintendent under section 7f of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, car wash, lubritorium, sale of accessories, minor repairs with hand tools and the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—1565-1569 Silver Street and 1501-1505 Williamsbridge Road, northwest corner. Block 4079, Lots 35, 36 and 37, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred Dahlem.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, this application was withdrawn on October 8, 1957 after full public hearing and restored to the calendar, March 18, 1958 for re-hearing; and

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed.

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Williamsbridge Road are in a business use, C area, class 1½ height district; Silver street and Eastchester Road are in residence and business use, C area, class 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated October 29, 1956 acting on N. B. Applic. 1870-56, reads:

"1. In a business use district the proposed 'Gas

service station, sale of accessories, car wash, lubritorium, parking and storage of more than 5 motor vehicles, repair shop with hand tools, brake and ignition service' is contrary to Sect. 4 subd. 46 of the Zon. Res.

2. Curb cut and show window within 75' from residence district are contrary to Sect. 7-A of the Zon. Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 78.10 feet frontage by 91.63 feet in depth, presently occupied by two metal garages and two frame structures; that it is proposed to completely demolish and remove the metal garages and the two frame buildings from the site and to erect a new class 3 modern gasoline station with a service bay, lubritorium, car wash, sale of accessories and parking of more than five motor vehicles awaiting service and minor repairs with hand tools; and

WHEREAS, the applicant states that the City of New York is going to widen Williamsbridge road by taking 20.3 feet of depth on the Williamsbridge front and 4 feet from Silver street, leaving the plot 91.63 feet front on Williamsbridge Road and 78.10 feet front on Silver Street; that Williamsbridge Road will become a very heavily traversed road and can well accommodate a gas station at this site; and

WHEREAS, the applicant contends that there is a great lack of space for parking in this area especially due to the large number of persons using the traffic court; that the new station will be an improvement to the vicinity; that due to the fact that the property is being diminished in size, the plot is too small for an apartment house site or even stores as there are adequate stores around Westchester Square; and

WHEREAS, the applicant states that the owner has held title to the property since February 1, 1950 and October 1, 1950; that the assessed valuation of land is \$13,000 and of the buildings \$7,900 making a total of \$20,900; and

WHEREAS, the premises and surrounding area were inspected again by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f, e, c and A of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N. B. App. 1870/56, Objection No. 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

850-56-BZ

APPLICANT—Maurice G. Usan, for Jewish Community Center, owner.

SUBJECT—Application December 7, 1956—decision of the Borough Superintendent under sections 7a and 21 of the Zoning Resolution, to permit in an E area district, the construction of a two story and part three story addition to an existing community center occupying more than the permitted area having less than the required setback, side yard and rear yard.

PREMISES AFFECTED—475 Victory Boulevard, west side, 220 feet south of Woodstock Avenue, Block 120, Lots 109 and 112, Silver Lake, Borough of Richmond.

APPEARANCES—

For Applicant: Maurice G. Usan.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over for inspection and decision; date of decision

MINUTES

to be determined; hearing closed; then set for July 29, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, E area, class 1 height district; that the zoning was changed from business to residential in 1942, C area, and again in 1947 to E area; and

WHEREAS, the decision of the Borough Superintendent, dated March 12, 1958 acting on Alt. Applic. No. 211-56, reads:

"2. Repeated. Side yard inadequate, rear yard inadequate and setback inadequate, contrary to Art. IV Sect. 15 subdiv. (a), (b) and (d) Zone Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 180 feet frontage by 141 feet in depth; that it is proposed to construct a new addition that will consist of two stories at the front and three stories at the rear, 65 feet by 85 feet, for auditorium, club rooms, meeting rooms, kitchen and offices; that a canopy will be provided for shelter to entrance at front of new addition to line up with face of existing building; that the front wall of the new extension on the north side of present building will be located six feet back of the adopted widening line and five feet from the side line; that the new addition will be erected on the north side of the existing building and will cover 39.5% of the remaining unused area of the existing premises; and

WHEREAS, the applicant states that the Jewish Community Center which was erected in 1928 has served the Staten Island area by providing recreational, physical and cultural activities to a fast growing community; that the building was planned originally for a four story structure, but due to then prevalent construction costs and budget limitations, only the present two story building was erected in 1928; that it now finds itself in a position where it cannot properly provide the facilities required by a membership that has more than doubled over a period of thirty years; that in order to provide sufficient space and a practical layout for much needed units, it will be necessary to utilize the remaining lot area to the most advantageous location of the new addition; and

WHEREAS, the applicant contends that in order to provide for the necessary spaces required for the new required facilities in the new addition, it is necessary to bring the building back on the same line as present rear wall of existing building, which is 9.74 feet away from the rear lot line where the new extension begins, and 15.21 feet away from the rear lot line on the north side of the new building extension, and 5 feet from the north side line; that as the north side of the new extension could be built on the property line and ventilation provided at the front and rear of the building by increasing the height of the windows, and since only a limited number of windows are to be installed on that side of the building, it has been necessary to limit the width of the side yard to five feet, which is slightly less than the required width of a necessary side yard; that since the land slopes from the front up towards the rear and the rear wall of the new addition will not be more than 35 feet above the average grade of the rear property line, and as a ten story building could be lawfully erected on the same lot, creating a much less favorable condition to the contiguous property, exception is requested for minimum rear yard requirements under Paragraph 15-a; and

WHEREAS, the applicant states that the present owner has held title to the property since March 10, 1927 and April 5, 1950; that the assessed valuation of land is \$15,000 and of the building \$60,000 making a total of \$75,000; that the building was erected in 1929; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant

under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the proposed areas of the courts of the present building and of the proposed extensions as indicated on plans filed with this application marked "Received December 7, 1956", one sheet, and "March 14, 1958", 5 sheets, *on condition* that in all other respects the buildings and occupancies shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area beyond what is now proposed; that the present use of the premises shall be continued; that until the proposed widening of Victory Boulevard the existing portion of the buildings and the front yards may be continued where within such area as mapped; that in the event the premises are acquired by the City for street widening the requirements of the resolution adopted this day under Cal. No. 314-58-A shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

314-58-A

APPLICANT—Maurice G. Usan, for Jewish Community Center, owner.

SUBJECT—Application May 12, 1958—filed pursuant to section 35, General City Law—re alteration of existing building partially in bed of a mapped street—proposed widening of Victory Boulevard.

PREMISES AFFECTED—475 Victory Boulevard, west side, 220 feet south of Woodstock Avenue, Block 120, Lots 109 and 112, Silver Lake, Borough of Queens.

APPEARANCES—

For Applicant: Maurice G. Usan.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 8, 1958 on Alt. Applic. 211/56 reads:

"(7) Alteration to existing building partly in the bed of mapped street is contrary to Art. 3, Sect. 35 of the General City Law and must be referred to the Board of Standards and Appeals for a permit."

and

WHEREAS, the applicant states that the existing building is 1 story and basement, 22 feet in height, 80 feet 8 inches front by 114.5 feet in depth, of class 2 construction, erected 1929, located on a lot 180 feet front by 141 feet in depth, in a residence use, E area, class 1 height district, and used and occupied since 1929: Cellar—lounge and club room, 50 persons; basement—gymnasium, lockers, swimming pool, 200 persons; 1st floor—balcony, office and lounge, 40 persons; that it is proposed to be increased in height and area to 3 stories, 35 feet, 145 feet 4 inches front by 114.5 and 86 feet in depth, of class 2 construction, and used and occupied as follows: cellar—health club, 40 persons; basement—gymnasium, swimming pool, youth lounge and club, 280 persons; 1st floor—auditorium, balcony, office and meeting rooms, 400 persons; 2nd floor—club rooms and meeting rooms, 163 persons; that the building is provided with three interior 4 foot wide steel stairs enclosed in fireproof partitions, equipped with kalamein wire glass self-closing doors; that stairhall leads direct to street and to roof bulkhead; and

WHEREAS, the applicant states that the front part of the existing building is located in the bed of the mapped street; that since Victory Boulevard was mapped to be widened to 100 feet and the widening line is 32.49 feet back of the existing building line on the south side of the premises

MINUTES

and 34.02 feet back on the north side of the lot, it will cut back the front part of the existing building approximately 12 feet from the front of the main wall, if the street is widened; and

WHEREAS, the applicant states that plans for alteration to the existing building provides for removal and installation of partitions, halls, etc., on the 1st floor and basement, forming new openings between the old building and the new extension, equipped with fireproof doors and the installation of a canopy to serve the entrance of the new building addition, so constructed that it may be partially removed to line up with the adopted street line when Victory Boulevard is widened; and

WHEREAS, the applicant contends that the work proposed is essential for the proper facilities of the building; that a variance is requested since 90 percent of the alteration work is located behind the adopted widening line; and

WHEREAS, the Board has been advised by the President of the Borough of Richmond, that there is an adopted widening line of 35 feet, plus or minus, on the west side of Victory Boulevard in the vicinity of the above mentioned property; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 211-56, Objection No. 7 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use of the premises so included in the proposed widening of the street under the conditions as stated in the resolution adopted this day under Cal. No. 850-56-BZ *on condition* that in the event any portion of the premises is acquired by the City for street widening of Victory Boulevard the compensation therefor shall be as determined by the court; that the portions of the buildings and yards to be removed shall then be removed and the buildings repaired as necessary.

894-56-BZ

APPLICANT—Charles L. Koester, for Mary Yarocki, owner.

SUBJECT—Application December 31, 1956—decision of the Borough Superintendent under section 7e of the Zoning Resolution, to permit in a residence use district, a hair-dressing establishment in the basement of a 1½ story, one-family dwelling.

PREMISES AFFECTED—239-02 Hillside Avenue, south-east corner of 239th Street, Block 7958, Lot 28, Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: Charles L. Koester.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Foley 3

Negative: Commissioner Kleinert and Commissioner Sleeper 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; and taken off calendar; referred to Examiner for new date of hearing. Set for hearing on July 15, 1958, then laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Hillside Avenue, 239th Street, 241st Street and 86th Avenue is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 31, 1956 acting on amended N.B. Applic. No. 2358-54, reads:

"1. Use of the premises as a business in a Residence

Use District is contrary to Art. II Sec. 3 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 36.33 feet frontage by 79.75 feet in depth; and

WHEREAS, the applicant contends that when the owner spoke to a builder who was building this type of house all through this locality, he told her that he was going to build some houses at the above location and that these four houses would be in a local retail district, which was before August 26, 1954; that in the meantime this builder, after taking title to the premises, decided to build frame houses and made application to have zoning changed from local retail to residence D-1; that when the houses were completed, the owner bought one at 239-02 Hillside Avenue and proceeded to install one basin in the cellar, which stopped the issuance of a Certificate of Occupancy; that the owner depended on her small side line of hair dressing for just a few neighbors and friends, as she employs no one to help her; that she also wishes to install a small sign two feet long on her lawn, and will not display any other signs in windows or anywhere else; that she was under the impression she could do this when she bought the house and now requests a variance in this matter; and

WHEREAS, the applicant states that the present owner has held title to the premises since August, 1955; that the assessed valuation of land is \$2,000 and of the building \$8,000 making a total of \$10,000; that the building was erected in February, 1955; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of one year to permit the continuance of the hair-dressing establishment as proposed and as indicated on plans filed with this application marked, "Received December 31, 1956," 4 sheets, *on condition* that the proposed use shall be limited to the space in the house as proposed and shown on such plans, that there shall be no signs on the premises except there may be one sign not over one square foot placed within the window of the space to be occupied for hair-dressing; and that in all other respects all laws, rules and regulations applicable thereto shall be complied with.

152-57-BZ

APPLICANT—Philip Freshman, for Lillian Klemas and Sadie V. Brennan, owners.

SUBJECT—Application February 8, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution to permit in a residence use district, the maintenance of a parking lot.

PREMISES AFFECTED—214 Beach 59th Street, east side, 48.96 feet south of Arverne Boulevard, Block 380, Lot 40, Rockaway Beach, Borough of Queens.

APPEARANCES—

For Applicant: Philip Freshman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 29, 1958 after due notice by publication in the Bulletin; laid over and referred to Engineer for new date of hearing; notices to owners in the area insufficient as to time of notice; set for hearing on July 15, 1958, then laid over to July 29, 1958, for inspection and decision; hearing closed; and

MINUTES

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Beach 59th Street, Rockaway Freeway, Arverne Boulevard and Beach 57th Street are in a residence use, D area, class 1 height district; that the use was changed to residence on December 28, 1939; former use unrestricted to 1916; and

WHEREAS, the decision of the Borough Superintendent, dated January 11, 1957 acting on Alt. Applic. No. 1464-56, reads:

"1. A parking lot in a residence use district is contrary to the Zoning Resolution. Article II Section 3." and

WHEREAS, the applicant states that the premises consist of a plot, 89.92 feet frontage by 100.24 feet in depth, presently unimproved; that it is proposed to seek a variation to permit the parking of cars, for which a nominal fee will be charged, for a period of five years; and

WHEREAS, the applicant contends that the time is not opportune to warrant any type of construction, let alone residential building; that the property at this time constitutes an eyesore and a dumping ground for refuse; that the proposed parking lot will afford much needed facilities for parking in this area and at the same time give financial relief to the owners in carrying this property; that the proposed parking lot use cannot in any way depress or affect adjacent or surrounding properties; and

WHEREAS, the applicant states that the present owners have held title to the property since March 1948 and that the assessed valuation of land is \$2,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for the parking and storage of motor vehicles limited to the pleasure car type only substantially as proposed and indicated on plans filed with this application marked, "Received March 21, 1958," 2 sheets, *on condition* that all building and uses shall be removed from the premises; that the premises shall be graded substantially to the grade of the abutting streets and shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on the lot lines, a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet 6 inches with no openings therein, except one to Beach 59th Street, which shall be fitted with gates; that a curb cut opposite such opening shall not exceed 14 feet in width; that during the term of this variance the premises shall be occupied for no other uses and no building shall be erected thereon; that signs shall be restricted to one sign attached to the fence, advertising the parking use, the rates charged and such other information as may be required by the Commissioner of License; that the space within the proposed widening of Beach 59th Street may be used as conditionally permitted by resolution adopted this day under Cal. No. 153-57-A; that suitable bumpers shall be placed against the fence not nearer than 5 feet to the fence; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the sidewalk abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; and that all permits shall be obtained and all work completed and a Certificate of Occupancy obtained within 6 months from the date of this resolution.

153-57-A

APPLICANT—Philip Freshman, for Lillian Klemas and Sadie V. Brennan, owners.

SUBJECT—Application February 8, 1957—filed pursuant to section 35, General City Law re premises located in bed of mapped street—Beach 59th Street.

PREMISES AFFECTED—214 Beach 59th Street, east side, 48.96 feet south of Arverne Boulevard, Block 380, Lot 40, Rockaway Beach, Borough of Queens.

APPEARANCES—

For Applicant: Philip Freshman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 5
..... 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated January 11, 1957 on Alt. Applic. 1464/56 reads:

"2. Secure approval of Board of Standards & Appeals as per Article #3, Section #35 of the General City Law as part of premises is located within bed of mapped street."

and

WHEREAS, the applicant states the premises consists of a lot 89.92 feet front by 100.24 feet in depth, located in a residence use, D area, class 1 height district, now vacant, proposed to be used for parking of more than 5 motor vehicles; and

WHEREAS, the applicant contends that as portion of the plot has been mapped by the City as a proposed street but has not been acquired by the City, it is requested that the portion of the lot now owned by this owner located within the bed of a mapped street widening be permitted to be used for parking purposes; and

WHEREAS, the applicant contends that the only access to the property is through Beach 59th Street; that the portion adjacent to the railroad right of way cannot be breached for any accessibility to the roadway under the elevated structure; and

WHEREAS, the Board has been advised by the President of the Borough of Queens, that Beach 59th Street as indicated at a width of 50 feet on the Final Map adopted by the Board of Estimate and Apportionment on May 11, 1923; that title to this street has not yet been acquired and there is no proceeding now pending to acquire title thereto; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent acting on Alt. Applic 1464/56, Objection No. 2 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use of the portion of the premises along Beach 59th Street where the street is proposed to be widened for use in connection with the parking area as permitted by resolution adopted this day under Cal. No. 152-57-BZ; that in the event the premises are taken by the City for such street widening, the recompense therefore shall be as determined by the court.

400-57-BZ

APPLICANT—Leonard Feldman, for Allan Shedlin, owner.

SUBJECT—Application May 13, 1957—decision of the Borough Superintendent under section 21 of the Zoning Resolution, to permit in a "G" area district, the continuance of the existing swimming pool, cabana (bath house) and lavatory erected within ten (10) feet of the rear and side yard lines.

PREMISES AFFECTED—4530 Fieldstone Road, east side, 85.18 feet north of West 245th Street, Block 3415, Lot 207, Borough of The Bronx.

APPEARANCES—

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 15, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Fieldstone Road, West 245th Street, West 246th Street and Livingston Avenue are in a residence use, G area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 10, 1957 acting on N.B. Applic. No. 1997-57, reads:

"1. In a "G" area district, any building erected nearer than ten feet to any lot line is contrary to Art. IV Sect. 16-B of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 241 feet frontage by 150 feet to 175 feet in depth, irregular; and

WHEREAS, the applicant states that in 1956, and by sheer inadvertence, the owner of the property constructed a private swimming pool and cabana (bath house) to be used in connection with such swimming pool; that adjacent to the swimming pool is a lavatory; that the lavatory, the cabana and the swimming pool are of excellent construction, properly foundationed and of high esthetic value, which can readily be seen by the photographs submitted with this application; that the construction of the swimming pool would in all respects qualify for a Certificate of Occupancy were it not for the fact that through the builder's error and the owner's ignorance, the cabana and the lavatory were erected on the property line rather than ten feet removed therefrom; and

WHEREAS, the applicant further states that the use to which the structures are to be put cannot possibly be offensive to anyone; that as a matter of fact, in an area such as this, the construction of a swimming pool enhances adjacent property values, for it clearly shows the extent of investment to which a property owner is prepared to go in developing his property; that of equal importance is the fact that the cost to the owner has been very substantial and although the construction itself is in technical violation of the zoning regulation, such violation occurred through sheer inadvertence; that actually, to force this owner to destroy the structure would be to cause him a loss in excess of \$7,000; and

WHEREAS, the applicant contends that although there are three violations on the property, these violations come about by reason of the fact that the owner of the property cannot obtain a Certificate of Occupancy because of his violation of the zoning regulation; that none of the violations relate to improper construction or improper adherence to sanitary standards, or any of the provisions of the Building Code; that as a result, the owner has fully complied with the Building Code but cannot get a Certificate of Occupancy because of the zoning violation; that the use to which the owner has put his property is not obnoxious and actually enhances surrounding property values; and

WHEREAS, the applicant states that the present owner has held title to the property since June 6, 1950; that the assessed valuation of land is \$21,000 and of the building \$39,000 making a total of \$60,000; that the building was erected in 1956; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the

application be and it hereby is granted under Section 21 on condition that the wall extending from the cabana building northeasterly shall be removed and a fence, similar to the adjoining fence shall be constructed and carried to the building; that the continuance of the cabana building may be permitted provided there are no openings constructed in the wall of such building opening upon adjoining lots No. 201 and 260; that the toilet room building shall be completely removed and not reconstructed except in a place where it would be approved under the requirements of the zoning district; that in all other respects the swimming pool and all other items shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed and a Certificate of Occupancy obtained within six months from the date of this resolution.

930-57-BZ

APPLICANT—Albert Melniker, for Frank De Stasio; owner; Salvatore DiLorenzo, purchaser under Contract.

SUBJECT—Application December 18, 1957—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, sales room and office, motor vehicle repairs with hand tools only, parking of more than five motor vehicles and sale of cars for a stated term of fifteen (15) years.

PREMISES AFFECTED—2819 Hylan Boulevard and 535 Tysens Lane, northwest corner, Block 4256, Lot 34, New Dorp, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker and Salvatore DiLorenzo.

For Opposition: Theodore J. Malvin and Francis O. Mayer.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 15, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Hylan Boulevard, Tysens Lane, Reno Avenue and Thomas Place are in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 17, 1957 acting on N. B. Applic. No. 625-57, reads:

"1. The proposed building for use of gasoline service station, lubritorium, car washing, sales room and office, motor vehicle repairs with hand tools, parking of more than five motor vehicles and sale of cars, located in a residence use district is contrary to Article II, Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 113.83 feet frontage by 103.93 feet in depth; that is is proposed to erect a building to be used as gasoline service station, lubritorium, car washing, sales room and office, motor vehicle repairs with hand tools and parking of more than five motor vehicles; and

WHEREAS, the applicant states that the site in question is the northwest corner of Hylan Boulevard and Tysens Lane; that this corner is located on Hylan Boulevard between New Dorp Lane (New Dorp and Guyon Avenue, Oakwood) and is in an area that is developing very rapidly with both commercial and residential buildings; that Hylan Boulevard is the major north-south highway on Staten Island and the connecting road between St. George and Tottenville; that the need for this station in this area is

MINUTES

three-fold because of the transient traffic on Hylan Boulevard which is a six lane highway, because of the commercial and retail needs of the vicinity and because of the residential needs of the residential neighborhoods described below; that to the north and east of this property, the area bounded by Hylan Boulevard, Tysens Lane, Mill Road and New Dorp Lane will be developed as a fifty acre shopping center; that at the present time the Safeway stores are erecting a new building in this area, and the Pontiac automobile sales and service, Tavern on the Green and the Food Farm establishments have developed a retail and business trend in this general area; that diagonally across the street, to the southeast of the property in question, is located the Carolina Gardens with 176 apartments and between Primrose Place and Mill Road, south of Tysens Lane, some 70 one family dwellings are now under erection; that to the west of Hylan Boulevard, in the general area of the proposed station, there have been erected a number of one family dwellings, and with the recent approval of the Tysens Lane sewer, it is anticipated that the present vacant property will soon develop into a complete residential community; that on the west side of Hylan Boulevard, north of this property, is located the Arthur Dreyer Lumber yard, Bacci's Haven restaurant and New York City Water Pumping Station, the H-L Motors used car lot and the H-L Motors Chevrolet-Oldsmobile agency; that all this indicates the great need for additional automobile facilities in an area where every dwelling has at least one car and in many cases, two; that in this section, it will be noted that the nearest gas station to the north is at the north-west corner of Hylan Boulevard and New Dorp Lane (Mobil) and to the south Hylan Boulevard and Nelson Avenue (Mobil); and

WHEREAS, the applicant contends that Mr. Salvatore DiLorenzo, who is under contract to purchase this property, has operated a gasoline service station for a number of years and is an experienced mechanic; that the proposed station has been designed in keeping with the character of a residential community; that it is colonial in design and will consist of a red colonial brick exterior with white painted clapboard gable ends and an attractive asphalt roof shingle; that the building will set back from the street and pumps and will harmonize with the general area development and yet be an efficient gasoline service station establishment; that inasmuch as this improvement will represent an expenditure of a sizeable sum, it is requested that the variance be for a term of fifteen years to provide for acceptable financing arrangements; and

WHEREAS, the applicant states that the present owner has held title to the property since June 4, 1954 and that the assessed valuation of land is \$5,900; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N. B. App. No. 625-57, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

212-58-A

APPLICANT—Albert Melniker, for Frank Di Stasio, owner; Salvatore Di Lorenzo, owner under contract.

SUBJECT—Application April 9, 1958—filed pursuant to section 35, General City Law re premises and curb cuts in bed of mapped Street—proposed widening of Tysens Lane.

PREMISES AFFECTED—

2819 Hylan Boulevard and 535 Tysens Lane, northwest corner, Block 4256, Lot 34, New Dorp, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker and Salvatore Di Lorenzo.

ACTION OF BOARD—Appeal withdrawn at the request of the applicant in view of the action taken by the Board under Cal. No. 930-57-BZ.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; laid over for inspection and decision; date of decision to be determined; hearing closed; now set for July 29, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Van Duzer Street and Vanderbilt Avenue are in residence and retail use, D area, class 1 height districts; Cornell Place is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 17, 1957 acting on N.B. Applic. No. 862-57, reads:

"1. The proposed construction of a gasoline service station, lubritorium, car washing, minor motor vehicle repair with hand tools, sale of motor vehicles, located in a residence and retail use district is contrary to Art. II Sects. 3 & 4 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 112.83 feet frontage by 122 feet in depth, upon which is located a two story frame building consisting of a store and four apartments, together with a four car masonry garage; that lot No. 28, which has been designated by the Tax Department as a tentative number for the property in question, has been cut out of lot No. 26, leaving a 40 foot by 100 foot strip of vacant property facing Vanderbilt Avenue as a separate tax lot; that it is proposed to demolish the concrete block garages and to move the two story frame building consisting of a store and four apartments on the vacant 40 foot lot, tax lot No. 26, and erect a building of masonry, glass and metal construction; that it would be attractive from all approaches and would create an inviting architectural development; that the relationship of pump islands to the building, the property lines and the curb cuts is planned to provide an integration of this entire triangular site; that the adjoining properties would receive more than adequate protection by the erection of retaining walls, chain link fences and grading, in order to meet and protect adjoining conditions; and

MINUTES

WHEREAS, the applicant states that the intersection of Vanderbilt Avenue, Van Duzer Street and Richmond Road has its traffic controlled by a three way traffic light, one at each side of the intersecting streets; that the elimination of the two story frame building at the intersection will be of invaluable help to this area by eliminating a block to traffic visibility; that the location of the proposed building, as described on drawings submitted with this application, indicates a study of this condition with the following points considered; that the proposed two bay service station has the entrances to the service bays only from Vanderbilt Avenue; that the location of pumps and pump islands are set way back from the point of intersection of Vanderbilt Avenue and Van Duzer Street; that the location of the curb cuts provide for visibility and comfortable accessibility from both streets; that the present mapping of this intersection does not indicate any widenings; that however, Van Duzer Street is a narrow street with a maximum width of 40 feet at this point, and if a variance is granted a voluntary widening, such as indicated on Drawing No. 3, would be offered the City by the owner, at no cost to the City; that furthermore, the necessary improvements of concrete curbs, concrete sidewalks and the paving of the widened portion would be done by the owner of the property; and

WHEREAS, the applicant further states that the proposed building and site development will materially improve the corner, which at the present time creates poor visibility for traffic conditions; that the buildings on the west side of Van Duzer Street at this point are located on a high embankment and the erection of a gas station with an approximate 14 foot height would not create any obstruction to the buildings on the west side of Van Duzer Street; that Richmond Road from the point of this intersection to Clove Road is a complete business community and consists of retail stores and shops on both sides of the street, except for certain open spaces; that in addition to a block of stores built on the east side of Richmond Road south of the property in question, there is within this area a bottling distributing plant, an automobile upholstery shop, an automobile agency and repair shop, a used car lot, an automobile showroom, a diner, two gas stations and the Sanitation Department garage, which had been the former Concord car barn; that from Clove Road, Richmond Road continues on as the connection to Amboy Road in New Dorp and Arthur Kill Road at Richmond Town; that Vanderbilt Avenue is the connecting street between the three way intersection at the property in question and Bay Street; that west of the property in question, there has, since the end of World War II, been a continual building up of a residential community on the uphill side approaching the boundaries of the Wagner College campus; that the retail development of Richmond Road, except as described above, and the triangle formed by Vanderbilt Avenue, Targee Street and Clove Road, has also been one of residential development, with this section of Richmond Road being the business and retail area for this community; and

WHEREAS, the applicant contends that the present mapping of the Clove Lakes Expressway and the Narrows Bridge approaches show the following: that the Sunoco station at the corner of Clove Road and Richmond Road will be eliminated; that the Tydol gas station on the corner of Richmond Road and Price Street will be eliminated, and the present Calso station at the corner of Clove Road and Targee Street will also be eliminated; that as such, the owner of the property in question will be losing one station at the corner of Clove Road and Targee Street; that the approval of this application would help offset the loss of the above described stations; that inasmuch as this improvement will require a financing period of not less than fifteen years, request is made that if this variance is granted, the term be fifteen years; that the improvement of this property as proposed would be an asset to the site, will fill a required need of automobile service and will be a general improvement for the community; and

WHEREAS, the applicant states that the present owner has held title to the property since October 24, 1956; that the

assessed valuation of land is \$6,500 and of the building \$5,500 making a total of \$12,000; that the building was erected prior to 1898; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received December 18, 1957", 5 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Vanderbilt Avenue and Van Duzer Street and shall be constructed and arranged as indicated on plans above cited; that the accessory building shall be of the location, design and arrangement as indicated and shall have no cellar and shall be faced on the exterior with face brick with porcelain enamel trim; that the doors to the toilet rooms shall be rearranged so as not to be contiguous; that the curb cuts shall be restricted to two curb cuts to Vanderbilt Avenue each 30 feet in width and two of similar width to Van Duzer Street, located where shown, with no portion of any curb cut nearer than five feet to a lot line as prolonged; that pumps shall be of a low approved type erected not nearer than fifteen feet to a street building line; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that where not occupied by accessory building and pumps the premises shall be paved with concrete or asphaltic pavement; that the premises shall be reduced as proposed at the intersection in cutting back at a radius of 15 feet, as shown, and construction of the sidewalk with the approval of the Borough President, similar to the widening of the street, and paved as may be required; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that on the interior lot lines fences shall be constructed as shown; that under Section 7h there may be parking of cars of the pleasure car type only so parked as not to interfere with the servicing of the station; that under Section 7i for a similar term, there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection at the intersection of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

935-57-BZ

APPLICANT—James E. Casale, for Dorlyn Realty Corp., owner.

SUBJECT—Application December 11, 1957—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the change in occupancy of an existing six-story building from multiple dwelling to business offices.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, in conjunction with Calendar Number 936-57-A, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Park Avenue, East 37th Street, East 38th Street and Lexington Avenue are in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 12, 1957 acting on Alt. Applic. No. 1517-56, reads:

"A1. The proposed change from a Multiple Dwelling use to an office building use (business) is contrary to Sec. 3 Art. II of the Zoning Resolutions as the above building is in a Residence Use District."

and
WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 80 feet in depth on which is located a class I, fireproof residence building, six stories or 78 feet in height, occupying an area of 25 feet by 68 feet on a lot 25 feet by 80 feet in area; that at the rear of the structure there is a six story extension 10 feet by 12 feet in area; that the premises is located in a residence use, B area, class 1½ height district and was erected in 1909 as a private residence and maintained as such until 1942; that under Alt. Applic. No. 1169-42 the building was converted to a heretofore converted class B multiple dwelling, and a new Certificate of Occupancy was issued for such use; that the present legal occupancy is as specified on copy of this Certificate, submitted with this application; that it is proposed to use the building for commercial occupancy with separate tenants on each floor occupying the rooms for office purposes; and

WHEREAS, the applicant states that at the present time the premises is occupied as offices, contrary to the Certificate of Occupancy; that a copy of Violation No. 74-57 is attached hereto; that a Court summons was issued as a result of this violation and subsequently was dismissed; that further action by the Department of Buildings is being held in abeyance pending a decision by this Board; that the plot in question is subject to a restrictive covenant inasmuch as the Murray Hill Association restricts the use of any plot in this area to residential purposes only; that the proposed use of the building is as follows: sub-cellar—storage and boiler room; cellar—employees' lounge and mail room, 10 persons; first floor—reception and offices, 5 persons; second floor—offices, 6 persons; third floor—office, 6 persons; fourth floor—offices, 8 persons; fifth floor—offices, 6 persons; sixth floor—offices, 5 persons; and

WHEREAS, the applicant further states that the building was purchased by the present owner in January 1956 and at that time was occupied as office use; that the above alteration application was filed in October 1956 proposing to change the residence use to office use; that shortly thereafter several foreign embassies became interested in the property and therefore the action to make appeal for a variance was temporarily suspended; that the building will be occupied as executive offices by individual concerns; and

WHEREAS, the applicant contends that to restore the premises to its present legal occupancy as a rooming house, or to remodel the entire building for class A apartments, is prohibitive at present costs and rent returns, and would create a hardship on the owners; that with negligible changes to the stair enclosure and the installation of new doors, the building may be occupied as offices in its present state; that the dignified residential characteristics of the exterior of the building will not be altered in any manner; and

WHEREAS, the applicant states that the present owner has

held title to the property since January 13, 1956; that the assessed valuation of land is \$85,000 and of the building \$25,000 making a total of \$110,000; that the building was erected in 1909; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application shall not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1517-56, Objection No. A1 be and it hereby is affirmed and that the application be and it hereby is denied.

936-57-A

APPLICANT—James E. Casale, for Dorlyn Realty Corp, owner.

SUBJECT—Application December 11, 1957—Appeal from a decision of the Borough Superintendent, re egress.

PREMISES AFFECTED—57 Park Avenue, north side, 73 feet, 4 inches north of East 37th Street, Block 893, Lot 5, Borough of Manhattan.

APPEARANCES—

For Applicant: James E. Casale.

ACTION OF BOARD—Appeal withdrawn in view of the action taken by the Board under Cal. No. 935-57-BZ.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

942-57-BZ

APPLICANT—Albert Melniker, for Isle Fuel Oil Service Co., owner.

SUBJECT—Application December 20, 1957—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, lubricatorium, car washing, minor motor vehicle repairs with hand tools only, sale of accessories and parking for more than five (5) motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—3881 Richmond Avenue and 4515 Amboy Road, northeast corner, Block 5497, Lot 135, Eltingville, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over for inspection and decision; hearing closed; date for decision to be set; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Richmond Avenue, Amboy Road, Putnam Avenue and White Street are in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 6, 1957 acting on N.B. Applic. No. 1236-57, reads:

"1. The proposed construction of a gasoline service station, lubricatorium, car washing, minor motor vehicle repairs with hand tools, sale of accessories and parking for more than five motor vehicles, located in a retail use district is contrary to Article II, Sec. 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist

MINUTES

of a plot, 110 feet frontage by 100.36 feet in depth; that it is proposed to construct a gasoline service station, lubricatorium, car washing, minor motor vehicle repairs with hand tools, sale of accessories and parking for more than five motor vehicles; that the proposed building location would be set back over 26 feet from the proposed widening line of Amboy Road and about 52 feet back of the widening line of Richmond Avenue, leaving the corner open for visibility and good appearance; that plans submitted show a single pump island with one curb cut on Amboy Road and two curb cuts on Richmond Avenue to permit automobile circulation in a manner as not to interfere with traffic at this corner; and

WHEREAS, the applicant states that the property, located at the northeast corner of Richmond Avenue and Amboy Road, is at the intersection of two main thoroughfares; that Richmond Avenue is the major cross Island highway connecting the Bayonne Bridge, Richmond Terrace, Forest Avenue, Victory Boulevard and Drumgoole Boulevard to Hylan Boulevard; that Amboy Road is a secondary northeast to south-west highway paralleling Hylan Boulevard for a good portion of its length; that directly to the north of this site is located the Eltingville Station of the Staten Island Rapid Transit, a business terminus for the everyday commuter; that the business section of Eltingville is in the immediate area of the site in question; that south of this site, to the east and west of Richmond Avenue from Amboy Road to Hylan Boulevard, there have been built in the post war years, approximately over 400 one-family dwellings; that the business area of Eltingville is a natural stopping point for the surrounding neighborhood and as such emphasizes the convenient location of this corner for a proposed gasoline service station; and

WHEREAS, the applicant contends that the owner is a well established and responsible Staten Island company in the oil business, and if this variance is granted they will build and maintain this gas station as the representative of the California Oil Company; that the property in question represents an area of 10,450 square feet; that the net property area after widening has been effected is 7,390 square feet; that the area of the proposed service station is 1200 square feet, leaving a net open area of approximately 6,190 square feet; that this means the building coverage is approximately 15 percent of the net property area after widening; that inasmuch as this improvement will represent an expenditure of a sizeable sum, it is requested that the variance be for a term of fifteen years to provide for acceptable financing arrangements; and

WHEREAS, the applicant states that the present owner has held title to the property since December 10, 1957 and that the assessed valuation of land is \$8,400; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the premises to be occupied as proposed as a gasoline service station and lawful accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received December 20, 1957", 3 sheets, "April 4, 1958", 2 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be constructed substantially as indicated thereon; that the accessory building shall comply with the requirements of the Building Code, and shall have no cellar, and shall be located and arranged as indicated except that doors to toilet rooms shall be relocated so as not to be contiguous; that the building shall be faced on all sides with face brick; that pumps shall be located not nearer than 15 feet to the new street line of Richmond Avenue; that the number of gasoline storage tanks shall not exceed twelve ap-

proved 550 gallon tanks; that the portion of the premises to be acquired for street widening along Richmond Avenue and Amboy Road may be used for entrance and exit to the premises until such portion is acquired by the City for street widening, at which time the requirements of the resolution adopted by this Board this day under Cal. No. 204-58-A shall be complied with; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing Richmond Road and the illuminated globes of the pumps, excluding all temporary signs, roof signs and advertising devices, but permitting the erection, within the new plot line at the intersection, of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and permitting sign to project for a distance of not more than 4 feet beyond the building line; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i for a similar term there may be minor repairs with hand tools only for adjustment, maintained solely within the accessory building; and that under Section 7e there may be parking of motor vehicles for a similar term, provided such parking is maintained where it will not interfere with the servicing of the station; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

204-58-A

APPLICANT—Albert Melniker, for Isle Fuel Oil Service Co., owner.

SUBJECT—Application April 7, 1958—filed pursuant to section 35, General City Law re curb cuts in bed of mapped street—proposed widening of Richmond Avenue.

PREMISES AFFECTED—3881 Richmond Avenue and 4515 Amboy Road, northeast corner, Block 5497, Lot 135, Eltingville, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper: 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 2, 1958 on N.B. Applic. 1236/57 reads:

"2. The proposed curb cuts lying in the bed of a mapped street is contrary to General City Law 35 and therefore must be referred to the B.S.A."

and

WHEREAS, the applicant states that the premises consist of a lot 110 feet front by 100.36 feet in depth, now vacant, proposed to be used and occupied as a gasoline service station, lubricatorium, car washing, minor vehicle repairs and sale of accessories, parking of more than 5 motor vehicles; that it is proposed to erect thereon a 1 story, 14 feet high, class 3 constructed building, 40 feet by 30 feet in area for accessory uses; and

WHEREAS, the applicant contends that approval of this appeal should be granted in order to permit the installation of curb cuts, sidewalks and paving of portion of the property within the bed of a mapped street, in conjunction with the use requested under Calendar Number 942-57-BZ; and

WHEREAS, the Board has been advised by the President of the Borough of Richmond, that a proposed widening on the north side of Amboy Road, east of Richmond Avenue, between 15 and 20 feet and a proposed widening on the east side of Richmond Avenue north of Amboy Road of approximately 15 feet, as shown on the Topographical Records of his office; that at the present time the width of both Amboy Road and Richmond Avenue is about 40 feet; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent,

MINUTES

acting on N.B. Applic. 1236/57, Objection No. 2, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the continuation of use in the premises proposed to be acquired by the City for the street widening of Richmond Avenue and Amboy Road, provided that no construction is erected thereon and that such space is used only for exit and entrance to the gasoline service station, in accordance with the resolution adopted by the Board this day under Cal. No. 942-57-BZ; that in the event a portion of the premises as proposed is acquired by the City for street widening, compensation therefor shall be as determined by the Court and upon this acquisition the facilities of the gasoline station shall be re-adjusted as may be necessary with the approval of the Board.

963-57-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for Harry Summer and James V. Cirillo, owners.

SUBJECT—Application reopened and restored to docket April 29, 1958 as Vol. II—decision of the Borough Superintendent, under section 7e & 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, storage room, car washing, office and sales, parking and storage of motor vehicles. PREMISES AFFECTED—2407-2417 Linden Boulevard and 498-510 Montauk Avenue, northwest corner, Block 4478, Lots 24 and 29, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Louis L. Rosenberg.

For Opposition: None.

For Administration: John J. Saunders, Bd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened and restored to docket as Vol. II on April 29, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 3, 1958 acting on N. B. Applic. No. 2197-57, reads:

"1. Proposed building and premises on a plot which is in a Residence Zone to be used for gasoline service station, lubricatorium, car wash, minor auto repairs, storage, parking and storage of motor vehicles is contrary to Art. II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 120 feet in depth; that it is proposed to obtain a variance for a temporary period of fifteen years and to erect and maintain a modern gasoline service station consisting of twelve 550 gallon gasoline tanks and four dispensing pumps; that the contemplated accessory building will be one story in height, of class III construction with a frontage of 60 feet and a depth of 30 feet, and will have conjunctive uses of lubricatorium, minor auto repairs, car wash, storage room, office and sales; that the open area, not used by the gasoline service station, will be used for parking and service of motor vehicles; and

WHEREAS, the applicant contends that Linden Boulevard is a heavily trafficked auto lane leading across Brooklyn, and as such the proposal is entirely within keeping at this

point; that the building as contemplated is modern in design and will set a precedent for any future development of this area; that the ten foot wide planted area proposed along the northerly lot line will act as a buffer between the proposed and adjoining lot No. 23; that within the affected area in block 4503, lot 1, there is a non-conforming use of gas station and in block 4480, lots 21 and 42 there is a non-conforming use of lumber yard; that this area has been stagnated insofar as new building construction in conformity with the Zoning Resolution is concerned; that the only new construction in the past twenty years is the erection of a new gas station in 1957 in block 4503, lot 1, which proves conclusively that the erection of another gas station will be in keeping with the future development of this area; and

WHEREAS, the applicant states that the present owners have held title to the property since August 19, 1957 and that the assessed valuation of land is \$9,100; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, for a term of 15 years to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto as indicated on plans filed with this application marked, "Received December 24, 1957," 3 sheets, and "June 19, 1958," 1 sheet, on condition that all building and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Linden Boulevard and Montauk Avenue; that the building shall be arranged and constructed as indicated on such plans; that the accessory building shall be erected, as shown, 10 feet from the northerly lot line and of the design, as indicated, without cellar and faced on all sides with face brick, that there shall be no windows opening to the side lot line wall to the west; that pumps shall be of the low approved type, erected not nearer than 15 feet to the street building line of Linden Boulevard; that gasoline storage tanks shall not exceed twelve 550 approved gasoline storage tanks; that along the lot line to the west there shall be a woven wire fence of the chain link type with a suitable terminating post at the building line carried to the wall of the accessory building to a total height of 5 feet, 6 inches and a similar fence shall be erected on the side lot line beyond the accessory building to the rear lot line and along the rear lot line for the full width and returned along the building line of Montauk Avenue for a distance of not less than 10 feet with suitable terminating post; that curb cuts shall be restricted to 2 curb cuts, each 30 feet in width to Linden Boulevard, and 2 curb cuts of similar width to Montauk Avenue; that the sidewalks and curbing shall be constructed or repaired to the satisfaction of the Borough President; that the planting area shall be maintained at the rear, protected with concrete curbing and with suitable planting material; that the premises where unbuilt upon shall be paved with concrete or asphaltic material; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7h for a similar term there may be parking of cars of the pleasure car type only on such portions of the premises where the use will not interfere with the servicing of the station; that under Section 7i, there may be minor repairs with hand tools only for adjustments, for a similar term, maintained solely within the accessory building; that signs shall be restricted to permanent signs erected on the front facade of the accessory building facing Linden Boulevard and the illuminated globes of the pumps, excluding all roof and temporary signs and advertising devices, but permitting the erection at the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend for a distance of

MINUTES

4 feet beyond the building line; that at such intersection there may be a block of concrete extending 5 feet in either direction from the intersection; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

966-57-BZ

APPLICANT—Hannibal F. Zumbo, for Amerfrank Holding Co., owner; John Saffiotti, lessee.

SUBJECT—Application December 24, 1957—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a local retail and residence use district, the change of the basement from storage to factory and the factory on the first floor to remain unchanged.

PREMISES AFFECTED—1412 Bay Ridge Avenue, south side, 90 feet east of 14th Avenue, Block 6157, Lot 12, Borough of Brooklyn.

APPEARANCES—

For Applicant: Hannibal F. Zumbo.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Bay Ridge Avenue and 70th Street are in local retail and residence use, C area, class 1 height districts; 14th Avenue is in a local retail use, C area, class 1 height district; 15th Avenue is in a business use, C area, class 1 height district; that at the time the building was constructed the area was zoned for business and the zone remained business until May 20, 1952 when same was changed to local retail; and

WHEREAS, the decision of the Borough Superintendent, dated November 26, 1957 acting on Alt. Applic. No. 1182-56, reads:

"1. The proposed change in use of the basement floor from storage to factory—sewing—of this bldg. located partly in a local retail and partly in a residence use district is contrary to the Zoning Resolution. Art. II, Sect. 4c and Sect. 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 100 feet in depth, presently developed with a brick structure, one story and basement in height; that the building was erected under N.B. Applic. No. 7228 of 1923 for commercial use and Certificate of Occupancy No. 109185-23 was issued for manufacturing of gloves on the first floor—18 employees—and storage for the basement; and

WHEREAS, the applicant states that the present business at the above building is now, and has been using the basement for manufacturing, and it would be a hardship to relinquish the basement for manufacturing use; that the present use of the building is as follows: basement—packing, storage, manufacturing and pressing of garments, 15 employees; first floor—manufacturing of garments in conjunction with basement, 32 employees; that there is only one tenant for the entire building; and

WHEREAS, the applicant further states that the present building has a residential character which is similar to that in the neighborhood; that the general design and arrangement of the building as originally built and as it now stands, indicates that the intended use of the basement was for manufacturing purposes, since it conforms to the requirements of the Labor Law and the Administrative Code of The City of New York; that there are presently two exits from the basement—one exit leading directly to the street;

that a second exit, at the rear of the basement, leads to a rear yard having a depth of 35 feet, which yard connects to a side court five feet wide going directly to the street; that there is a third stair, consisting of an interior stair, from the basement floor to the first floor; that this building has been used as a factory since 1923; and

WHEREAS, the applicant contends that the extension of the manufacturing use in the basement will not be detrimental to the area; that the extension of the manufacturing use in the basement will allow more employees, thereby serving the need of the community by giving employment to the people in this area, where there is an abundance of this type of labor used; and

WHEREAS, the applicant states that the present owner has held title to the property since October, 1923; that the assessed valuation of land is \$4,000 and of the building \$10,000 making a total of \$14,000; that the building was erected in 1923; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c, to permit the change of use of the cellar from storage as permitted by the Department of Buildings when the building was constructed and in accordance with the Certificate of Occupancy, No. 109185-25, on condition that the space now proposed to be used for manufacturing shall be protected from other cellar uses as shown on plans filed with this application, marked "Received December 24, 1957", 5 sheets, and "June 13, 1958", 3 sheets, on condition that the exits shown shall comply with the requirements of the Labor Law; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto other than as herein permitted; and that all permits and a new certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

986-57-BZ

APPLICANT—Leonard F. Rothkrug, for Lester Realty Corp., owner.

SUBJECT—Application December 30, 1957—decision of the Borough Superintendent, under sections 7c and 7e of the Zoning Resolution, to permit in a business use district, in an open yard presently used for the storage of new and used steel pipe and plumbing, the addition of accessory storage and baling of scrap metal junk for a term of five (5) years.

PREMISES AFFECTED—195-199 Allen Street, west side, 175 feet north of Stanton Street, Block 417, Lot 22, Borough of Manhattan.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Elmer C. Gates.
For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 15, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Allen Avenue, Stanton Street, East Houston Street and Eldridge Street are in a business use, B area, class 1½ height district; and

MINUTES

WHEREAS, the decision of the Borough Superintendent, dated December 27, 1957 acting on Alt. Applic. No. 1776-57, reads:

"1. Proposed office and yard for storage of new and used steel pipe and plumbing, and accessory storage of scrap metal junk is contrary to Section 4 of the Zoning Resolution, being located in business use district."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 61 feet 6 inches in depth, irregular, used and occupied in accordance with Certificate of Occupancy No. 32430 as a yard for the storage of new and used steel pipe and plumbing; that it is proposed to change the occupancy to a yard for the storage of new and used steel pipe and plumbing, and accessory storage and baling of scrap metal junk; and

WHEREAS, the applicant states that the owner of these premises is also the tenant of the adjoining premises in block 417, lots 25 and 28, known as 185-191 Allen Street; that this owner first entered into a lease of the adjoining premises in 1932; that it first entered the subject premises in 1943; that prior to 1943 the subject premises was used substantially as proposed herein by Aaron and Rebecca Lippman, whose tenancy started in 1932; that prior to that date and during the years 1922 through 1932, the premises were similarly used by a different tenant; and

WHEREAS, the applicant contends that there is only a slight distinction between the existing legal use and the proposed use; that the owner is not in the junk business, but nevertheless the storage of new and used steel pipe and plumbing entails some junk storage and baling; that the used material is brought to the premises after demolition of a building; that the saleable pipe and plumbing is assorted and the balance constitutes "junk", which junk is then baled and removed from the premises; that the proposed junk storage is only accessory to the legal use and a grant of the variance will not adversely affect neighboring property owners; that the proposed use is the same which has existed on these premises for over 35 years, and it is not proposed to be changed; that this area is one of the oldest in the City and the uses in the area were established prior to the Zoning Resolution; that the proposed use for storage and sale of new and used pipe and plumbing is a conforming use and the junk storage is only an accessory use; and

WHEREAS, the applicant states that the present owner has held title to the property since January 15, 1947; that the assessed valuation of land is \$8,500 and of the building \$1,500 making a total of \$10,000; that the building was erected in 1945; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c and e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1776-57, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

990-57-BZ

APPLICANT—Albert Melniker, for Richmond Motor Fuels Inc., owner.

SUBJECT—Application December 27, 1957—decision of the Borough Superintendent, under sections 7c, 7e, and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, minor motor vehicle repairs with hand tools only, sale of accessories and the parking and storage of more than five (5) motor vehicles to be used in conjunction with the existing motor vehicle repair shop, located in the residence portion of the plot for a stated term of fifteen (15) years.

PREMISES AFFECTED—170-186 Gordon Street and 250-

258 Broad Street, southwest corner, Block 563, Lot 72, Stapleton, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over for inspection and decision; date to be determined; hearing closed; plans to be corrected to eliminate gas pumps now shown to be retained in front of the building used for motor vehicle repair shop then set for July 29, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Broad Street are in a retail use, C area, class 1 height district; Targee Street and Gordon Street are in retail and residence use, C and D area, class 1 height districts; Laurel Avenue is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 24, 1957 acting on N.B. Applic. No. 1391-57, reads:

"1. Proposed gasoline service station, lubritorium, car washing, minor motor vehicle repairs with hand tools, sale of accessories and parking for more than 5 motor vehicles as accessory to existing motor vehicle repair shop on same tax lot located in a Retail Use district is contrary to Art. II Sect. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 191.42 feet frontage by 97.75 feet in depth; that it is proposed to erect a gasoline service station as accessory to and to be used in conjunction with the existing motor vehicle repair shop; and

WHEREAS, the applicant further states that the property is in a retail use district for 100 feet south of Broad Street and the balance, which includes the existing motor vehicle repair shop, is in a residence use district; that the proposed two bay gasoline service station as shown on the plot plan, would fall in the area which is now zoned retail; that the existing motor vehicle repair shop was erected under N.B. Applic. No. 64 of 1933 and Certificate of Occupancy No. 37 was issued May 5, 1933; and

WHEREAS, the applicant states that the necessity for the proposed building and its uses is based on the over-all development of this area; that the present redevelopment program of The City of New York for this area is now under way and all existing buildings south of Broad Street and east of Gordon Street to Vanderbilt Avenue will be demolished to make room for a 700 apartment housing group; that architectural plans are now in the process of preparation and work is expected to start on actual construction after condemnation and relocation of present owners is accomplished; that this will require additional automobile service facilities, which in part can be satisfied by the proposed improvement; and

WHEREAS, the applicant contends that the arrangement of the present motor vehicle repair shop and its gas pumps is limited and does not provide for proper circulation or adequate service; that it limits the amount of gasoline that can be properly dispensed and also limits the amount of minor automobile service that can be rendered; that the change as submitted herewith would provide for the operation of the existing motor vehicle repair shop in that category, and the use of the proposed gas station and accompanying gasoline storage tanks and pumps for gasoline station use; that the combination of these two buildings will provide for a better integrated service and for better use of the now present corner; and

MINUTES

WHEREAS, the applicant also contends that Broad Street represents one of the main business streets of Stapleton; that it connects Bay Street, Tompkins Avenue, Gordon Street, Targee Street and Van Duzer Street, thus acting as a main traffic link to the above mentioned side streets; that this represents commercial requirements, transient requirements and the needs of the adjacent community as well as the proposed housing development; that inasmuch as this improvement will represent a sizeable sum, it is requested that a variance, if granted, be for a term of fifteen years to permit acceptable financing arrangements to be made; and

WHEREAS, the applicant states that the present owner has held title to the property since January 17, 1958; that the assessed valuation of land is \$11,900 and of the building \$6,000 making a total of \$17,900; that the building was erected in 1933; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted to permit the reconstruction of the existing gasoline service station under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c, h and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the reconstruction and rearrangement of the existing gasoline service station, substantially as proposed and indicated on plans filed with this application, marked "Received December 27, 1957", 3 sheets, "June 6, 1958", 2 sheets and "June 3, 1958", 1 sheet and "July 25, 1958", 1 sheet, *on condition* that the accessory building shall comply with requirements of the Building Code and such building shall have no cellar and shall be faced on all exposed sides with face brick and shall be of the design indicated; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the existing motor vehicle repair shop may be continued and pumps now existing in front thereof shall be removed; that along all interior lot lines there shall be erected a woven wire fence of the chain link type erected on a masonry base or retaining wall to a total height of not less than 5 feet, 6 inches, and which shall be constructed and maintained by this owner; that such fence may be omitted on the lot line where the rear of the proposed accessory building will occur; that there shall be no windows or other opening in the rear wall of the accessory building; that sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices, but permitting the erection within the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend not more than four feet beyond the building line; that under section 7i there may be minor repairing with hand tools only for adjustments, maintained solely within the accessory building; and under Section 7h for a term of five years there may be parking and storage of motor vehicles so placed as not to interfere with the servicing of the station; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

32-58-BZ

APPLICANT—Patrick D. Concagh, for Michelenia De Tore, owner.

SUBJECT—Application January 31, 1958—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a business and residence use district, the erection and maintenance of a one-story structure for use as an automatic car wash on a vacant plot of land.

PREMISES AFFECTED—2564-2568 Boston Road, south side, 126.31 feet west of Matthews Avenue and 2551-2559 Matthews Avenue, Block 440, Lot 27, Borough of The Bronx.

APPEARANCES—

For Applicant: Patrick D. Concagh.

For Opposition: Louis Rovello.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; laid over to July 22, 1958, for inspection and decision, hearing closed; then to July 29, 1958, for applicant to file revised plans as to location of building and for inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Barnes Avenue and Matthews Avenue are in business and residence use, D area, class 1 height districts; Boston Road is in a business use, D area, class 1 height district; Mace Avenue is in a residence use, D area, class 1 height district; that on July 25, 1916 Boston Road was in a business use and Matthews Avenue was in a residence use, as they are at the present time; but in 1916 they were both in a C area and class 1½ height district; that on July 20, 1942 the area and height designations were changed to D area and class 1 height, respectively; that there is no petition pending at the present time for any change in these designations; and

WHEREAS, the decision of the Borough Superintendent, dated January 8, 1958 acting on N.B. Applic. No. 1550-57, reads:

"1. On a lot located partly in business and partly in residence districts the proposed 'car wash' is contrary to Sect. 3 and Sect. 4(a)(52) Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 138.4 feet in depth; that it is proposed to erect a structure, one story in height, of masonry construction, stuccoed on the outside; that the exterior wall facing Boston Road will be constructed of face brick; that this building will be located wholly in the business portion of the lot which faces on Boston Road, leaving a sufficient open area at the rear so that cars awaiting service can move freely; that the only exits or entrances proposed will be through the two 18 foot curb cuts; that the plot will be levelled to the grade of Boston Road and surfaced with porous asphalt; that because of the difference in grade between Boston Road and Matthews Avenue, at this point, it is proposed to construct a retaining wall at the rear; that a woven wire fence of the chain link type will surmount this wall; that this will insure that there will be no exits or entrances of any kind, either vehicular or pedestrian, on Matthews Avenue, thereby safeguarding the residential character of that avenue; and

WHEREAS, the applicant states that the portion of the site facing on Boston Road has been recently filled in and graded to a depth of about 20 feet; that this space is temporarily rented out as a used car lot for light trucks and there are about eight such trucks parked there at the present time; that this use will be discontinued upon action of the Board; that such use can only be of a temporary nature, since the presence of a similar use in the adjoining lot 22, and high assessed valuation of this property, would make it economically unfeasible for development for such use; that there is a large amount of vacant property in this block, which is

MINUTES

owned by The City of New York, and most of it adjoins the site—lots 20, 22, 39 and 41; that the subject site was purchased from the City at a tax sale in the early part of 1957 and the present owner bought this property from the purchaser at that sale on July 10, 1957; and

WHEREAS, the applicant contends that Boston Road, at this point, is developed mostly by gasoline service stations, used car lots and some manufacturing; that there are four gas stations within a block of the site—lot 20 in block 4439; lot 71 in block 4440; lot 34 in block 4441 and lot 62 in block 4441; that there is a large lumber yard east of the site, on Boston Road and Bronxwood Avenue, and across Boston Road from the site, manufacturing of canvas cement and venetian blinds is carried on; that Allerton Avenue, which intersects Boston Road near the site, is developed with retail stores and residential units; that Matthews Avenue, south of the site, is residential; and

WHEREAS, the applicant further contends that a grant of this application will serve a public need in this area as several of the nearby gas stations have indicated that they would welcome an automatic car wash in this neighborhood; that although they themselves have bays for accessory washing, they lack the facilities and accommodations for a thorough washing which customers demand, and who resent the long wait before their cars are serviced at these stations; that there are no automatic car washes in this vicinity; that a grant of this application should not adversely affect adjoining properties along Boston Road nor along Matthews Avenue, since all activities will be confined to the front of the lot facing on Boston Road, while the rear of the lot, which consists of an open space, will be confined to the movement of cars about to enter the building; and

WHEREAS, the applicant states that the present owner has held title to the property since July 10, 1957 and that the assessed valuation of land is \$19,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the construction and use of the automatic car wash substantially as proposed and as indicated on plans filed with this application marked "Received January 31, 1958," 3 sheets, and "May 21, 1958", one sheet, and revised plans marked "Received July 24, 1958", one sheet, showing reservoir space at the front of the building *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be arranged as indicated on such revised plans; that the one-story laundry building shall have no cellar and shall comply with the requirements of the Building Code; that there shall be no windows opening to the adjoining lot to the east; that the area where not covered by the proposed building shall be paved with concrete or asphaltic pavement; that along all lot lines there shall be maintained a woven wire fence of the chain link type not less than five feet six inches in height erected on a masonry base or erected upon a retaining wall where retaining walls are required and which are to be constructed at this owner's expense; that suitable terminating posts shall be erected and maintained for such fences at the building line and where proposed to be constructed on the building line of Boston Road; that curb cuts shall be restricted to two curb cuts to Boston Road each not over 18 feet in width and located so that no curb cut is nearer than five feet to a street building line as prolonged; that signs shall be restricted to permanent signs attached to the facade of the auto laundry facing Boston Road excluding all roof signs and temporary signs and advertising devices; that the unbuilt upon area, is exclusive

of the use as an entrance for cars awaiting to be washed, may also be used for the parking of cars not interfering with the cars entering the laundry for a similar term under Section 7h; that such cars shall be limited to cars to be washed or having been washed; that during the term of this variance the premises shall be used for no use other than as permitted by this resolution; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

49-58-BZ

APPLICANT—Patrick D. Concagh, for Sal A. Malfa and Louis R. Peruso, owners.

SUBJECT—Application February 7, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a local retail use "C" area district, the erection of an extension to an existing one-story structure, now occupied by two retail stores, it is proposed to occupy said extension by an additional retail store, occupying more than the permissible area.

PREMISES AFFECTED—3960-3962 Bronxwood Avenue, east side, 44.5 feet south of East 225th Street, Block 4860, Lot 51, Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 15, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Bronxwood Avenue are in a local retail use, C area, class 1¼ height district; East 224th Street and East 225th Street are in local retail and residence use, C area, class 1¼ and class 1 height districts; Paulding Avenue is in a residence use, C area, class 1 height district; that on July 25, 1916 the premises were located in a business use, C area, class 1¼ height district; that on October 18, 1949 the business use along Bronxwood Avenue was changed to local retail south of East 225th Street and to retail north of East 225th Street; that the area and height designations remained unchanged over the years; that there is no petition pending at the present time for any change of use; and

WHEREAS, the decision of the Borough Superintendent, dated January 13, 1958 acting on Alt. Applic. No. 2-58, reads:

"1. Excess Coverage. The building coverage for the extension of commercial building in a Local Retail District is contrary to Article IV Sec. 13 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 65.28 feet frontage by 80.70 feet in depth; that the rear lot line is 30.28 feet in width; that the plot is presently developed with a one story masonry brick and block structure occupied by two retail stores, one of which is occupied by the owners as a retail liquor shop and the other is rented out to a druggist; that the structure has a frontage of 41 feet and a depth of 50 feet; that the original building, consisting of the south store, was erected under N.B. Plan No. 668 of 1952 for which Certificate of Occupancy No. 13440 was issued; that an extension, consisting of the adjoining store to the north, was erected under Alt. Applic. No. 557-56, for which Certificate of Occupancy No. 19676 was issued on August 31, 1956; that this leaves an open and unoccupied space at the north of the plot, irregular in shape and consisting of a frontage of 24 feet 2 inches on Bronxwood Avenue and gradually narrowing towards

MINUTES

the rear of the lot to within three feet four inches of the rear wall of the present building; that it is proposed to erect and maintain a one story extension to the present structure to be occupied as a retail store; that such proposed extension and the existing building will occupy 2,780 square feet in area; that the entire area of the lot is 3,856 square feet and the permitted coverage is therefore 2,314 square feet; that the excess coverage is approximately 466 square feet; and

WHEREAS, the applicant states that the surrounding area along Bronxwood Avenue is developed with conforming uses consisting for the most part of one story taxpayers, occupied by retail stores; that there are a few two and three story buildings occupied by retail stores on the first floor with residential units on the upper floors; that lot 56 in block 4860, on the southeast corner of Bronxwood Avenue and East 225th Street, which practically adjoins the site, is occupied by a gasoline service station; that actually adjoining the site on the north of lot 26; that this strip of vacant land, running from Bronxwood Avenue on the west diagonally across the block to East 224th Street, was formerly known as Corso Lane; that this strip was sold by The City of New York on June 23, 1955 to Joseph Reitano, Jr.; and

WHEREAS, the applicant further states that this application is brought under the provisions of Section 21 of the Zoning Resolution; that the variance sought is for area and not for use, and in this connection the attention of the Board is called to the ruling in the matter of Ryback vs. Murdock, 1 A.D. 2nd. page 132—"This court is committed to the rule that, in the absence of statutory provision to the contrary, special hardship need not be established as a condition to granting an area variance.—The rule is recognized generally." (Village of Bronxville, et. al. vs. Clarence Francis.); and

WHEREAS, the applicant contends that a grant will enhance the general appearance of the neighborhood and will at the same time eliminate a dark alley which is being used for the deposit of trash and refuse; that it will enable the owners to utilize and develop a vacant strip of land which provides no light or ventilation to the existing building or contributes in any way to block ventilation; that the yard space at the rear, which is approximately 30 feet in depth, provides this ventilation; that it will also eliminate the unlawful parking of cars on this vacant strip by neighboring property-owners and their customers, a situation the owners have had to contend with for the past several years, and which is very difficult to control; that it will benefit the City of New York in the form of increased taxes and benefit the owners in the form of increased revenue with which to pay those taxes; that a grant will in no way adversely affect the character of the neighborhood, inasmuch as the design of the proposed extension will harmonize with the present building and be in keeping with the neighboring uses; and

WHEREAS, the applicant states that the present owner has held title to the property since August 2, 1950; that the assessed valuation of land is \$6,200 and of the building \$10,300 making a total of \$16,500; that the building was erected in 1952; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 as to extension of area to permit the construction of an additional retail store as proposed and as indicated on plans filed with this application marked "Received February 7, 1958", 7 sheets, and "June 11, 1958", one sheet, on condition that the

building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that there shall be no windows installed or maintained on the lot lines and windows shown for ventilation of toilet shall be filled with masonry and the toilet shall be vented by duct to roof as permitted by the Building Code; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

53-58-BZ

APPLICANT—Leonard F. Rothkrug, for Mar Lumber Co., Inc., owner.

SUBJECT—Application February 11, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business use district, the addition of storage of lumber in the open yard, with the use of power saws to the existing use of storage and sale of building materials all for a term of ten (10) years.

PREMISES AFFECTED—1474-1484 85th Street, 8502-8524 15th Avenue, southwest corner and 1473-1485 86th Street, northwest corner of 15th Avenue, Block 6340, Lot 38, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Francis L. Giordano and John Liuzzi.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 15th Avenue and 86th Street are in a business use, D area, class 1 height district; 14th Avenue and 85th Street are in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated January 28, 1958 acting on Alt. Applic. No. 4061-57, reads:

"1. Proposed storage and sale of building materials, storage of lumber and building materials in the open yard, lumber sheds and the use of power saws all within a business use district is contrary to Art. II Sec. 4a(31) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 200 feet in depth, on which is located a one story building 13 feet in height, 24 feet 8 inches by 99 feet 4 inches in area, erected in 1956, of class 3 construction, used and occupied in accordance with Certificate of Occupancy No. 146535 for the storage and sale of building materials; that it is proposed to add the use of storage of lumber in the open yard with power saws to legal use of the premises for the storage and sale of building materials; and

WHEREAS, the applicant states that the premises is presently used substantially as proposed herein; that both 86th street and 15th Avenue are in business use districts; that Mar Lumber Company has occupied these premises for the storage and sale of building products, including the storage of lumber and using power saws, for over fifteen years; that the owner, acting under N. B. Applic. No. 1557-50, erected the one story building and obtained Certificate of Occupancy No. 146535 issued December 12, 1955, which permits the use of the building as a business, office, storage and sale of building materials; that it also provides that the vacant portion of the plot be used for storage of building materials—no lumber storage; 550 gallon gasoline tank for owner's own consumption; no selling of gasoline

MINUTES

permitted; that Fire Department approval for private use of gasoline tank installation was obtained May 23, 1955; that the principal business in which the owner engaged is the supply of building materials to builders; that the storage and cutting of lumber is a necessary incident of this business; that the premises do not constitute a saw mill, as that term is ordinarily used, since no rough lumber is delivered or cut on the premises; and

WHEREAS, the applicant contends that a grant of the variance will not adversely affect any of the property owners within the affected area; that this neighborhood to the north and south of 86th Street is fully developed; that the north side of 86th Street between 14th and 16th Avenues has failed to develop with the surrounding area, so that it is vacant for the most part; that there are many automobile uses on the north side of 86th Street; that at the northeast corner of 14th Avenue and 86th Street the Board granted a variance for a new car agency, repair shop and accessory gas station—Benson Chevrolet; that at the northwest corner of the intersection opposite the premises, block 6341, lot 1, an application is pending at the Board for a gas station; at block 6341, lot 8 there is a new large bowling alley building, with its accessory parking on 86th Street frontage; that at block 6340, lot 15 there is a gas station, erected prior to 1925, when it was a permitted use in a business district and at block 6340, on lots 52 and 66, there are parking lot and used car sale uses; that it is not proposed to have any curb cut or opening along 85th Street; that likewise, there are no signs proposed or any indication of a business use along the 85th Street frontage, despite the fact that this portion of the premises is in a business zone; that there will be no use of power saws on that portion of the premises within 100 feet of 85th Street; that all loading and unloading is done within the premises and not from the street; and

WHEREAS, the applicant further contends that the proposed use, which has existed on these premises for many years, is more desirable than many of the legal uses which would be permitted in a business zone; that a factory building could be erected several stories in height which might deprive the area of light, air and ventilation, without a variance from the Board; that there is no economic demand for development of the premises with a conforming use; that 86th Street is a heavily trafficked main thoroughfare at this intersection and is undesirable for any residential development; that existing retail stores adequately serve all needs of the surrounding community, which is fully but not densely developed, and there is no requirement for additional facilities as shown by the fact that several of the existing retail stores are presently used for non-retail store use; that this neighborhood is not a factory area and development of the premises with a factory use would be undesirable and uneconomical; and

WHEREAS, the applicant states that the present owner has held title to the property since October, 1952; that the assessed valuation of land is \$24,000 and of the building \$5,500 making a total of \$29,500; that the building was erected in 1950; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the Committee has studied the matter not only as to the existing conditions, which do not comply with the law, but also as to the subject of this application, which is the extension in use and area, and recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. #4061/57, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, New York Boulevard and 115th Avenue are in a business use, D area, class 1 height district; Linden Boulevard and Marsden Street are in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated January 28, 1958 acting on N.B. Applic. No. 101-58, reads:

"1. Proposed gasoline service station, car washing (non-automatic) lubritorium, auto repairs with hand tools only, office, sales and storage of auto accessories and parking of more than five cars waiting to be serviced, and ground signs in a Business use district is contrary to Article 2, Sec. 4(a) (15) (29) (46) (49)." and

WHEREAS, the applicant states that the premises consist of a plot, 135 feet frontage by 98 feet in depth presently developed with a two car cinder block garage in the rear, about 36 feet north of 115th Avenue; a two story frame dwelling, more than forty years old, set back 21 feet from New York Boulevard and 59 feet north of 115th Avenue; a one car frame garage, set back 20 feet from New York Boulevard and 99 feet north of 115th Avenue, about five feet below grade, and unusable; a two story frame dwelling, about forty years old, set back 20 feet from New York

MINUTES

Boulevard and 116 feet north of 115th Avenue; that all of the buildings are below legal grade; that it is proposed to demolish all of the present structures and uses and to erect a new, modern gasoline service station, with three bays for servicing automobiles, non-automatic car wash, auto repairs with hand tools only, lubritorium, office, sales and storage of auto accessories, parking for more than five autos awaiting service, ground signs, lavatories for men and women, surrounded by a brick and iron fence and landscaping; and the area has many business and non-conforming uses already established as such; that adjoining this property on the north in block 12327, lots 8, 10, 11, 13, and 14 has a diner, small office and sheds for the sale of building materials and open storage of same; that adjoining on the east in block 12327, lots 53 and 55 are two junk yards used for the open storage of used steel, bricks and other materials; that adjoining on the south in block 12335, lots, 60 and 61 are improved with auto repair shops, which are non-conforming uses; that adjoining on the west in block 12200, lot 52 and comprising the entire west side of New York Boulevard from Linden Boulevard on the north to the tracks of the Long Island Railroad Company on the south, is the bus station, garage, repair shop, service area, bus parking area and offices of Jamaica Bus Company, also a non-conforming use; that the proposed improvement will be attractive and well lighted at night; that a gas station of the proportions described above is a practical, financially sound and desirable method of using and developing this property; that New York Boulevard is a very heavily trafficked street as it is one of the main traffic arteries for automobiles from the central shopping area on Jamaica Avenue and also one of the main roads in the South Jamaica and Springfield Gardens areas; and

WHEREAS, the applicant states that the present owner has held title to the property since February 23, 1947; that the assessed valuation of land is \$4,100 and of the buildings \$6,500 making a total of \$10,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto, substantially as proposed and indicated on plans filed with this application, marked "Received February 25, 1958", 4 sheets, *on condition* that all buildings and uses now on the plot shall be removed and the premises graded substantially to the grade of the abutting streets and arranged as indicated on such plans; that the accessory building shall be faced on all sides with face brick, and shall have no cellar and shall be of the design, arrangement and located as indicated on such plans; that on all interior lot lines there shall be erected a masonry brick wall agreeing with the brick of accessory building, not less than two feet in height above grade, surmounted by a steel picket fence not less than 3 feet 6 inches in height, to a total height of 5 feet, 6 inches; that terminating posts for such fence of similar masonry shall be constructed on the building line of New York Boulevard; that a similar fence shall continue along the building line of 115th Avenue for a distance of fifty feet, as shown, with suitable terminating post as above specified; that gasoline pumps shall be of an approved low type, erected not nearer than 15 feet to the street building line of New York Boulevard; that gasoline storage tanks shall not exceed twelve 550 gallon tanks; that curb cuts shall be restricted to two, each 30 feet in width to New York Boulevard, where shown, and one curb cut within the first 25 feet of the intersection, along 115th Avenue; that such curb cut shall not exceed 18 feet in

width; that no portion of any curb cut shall be nearer than five feet to a side lot line as prolonged; that at the intersection there shall be constructed a block of concrete 12 inches in height, extending for not less than five feet along each building line from the intersection; that sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that planting areas shall be maintained of the width shown, located where shown, of shrubbery or other suitable planting material and protected with a concrete curb not less than 8 inches in height and 6 inches in width; that such portable fire-fighting appliances shall be installed as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building, facing New York Boulevard, and the illuminated globes of the pumps, excluding all roof and temporary signs and advertising devices, but permitting the erection at the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the front building line not more than 4 feet; that under Section 7e for a similar term there may be parking of cars awaiting service, such cars to be placed so as not to interfere with the servicing of the station; that under Section 7i for a similar term, there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

147-58-BZ

APPLICANT—Joshua Brown, for Staten Island Oil Co., Inc., owner.

SUBJECT—Application March 20, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail use district, the reconstruction of a present gasoline station and to continue the present uses of offices, lubritorium, storage and sale of auto accessories, car washing—non automatic, minor auto repairs with hand tools and the parking of more than five (5) motor vehicles awaiting service.

PREMISES AFFECTED—2211 Hylan Boulevard, northwest corner of Lincoln Avenue, Block 3591, Lot 1, Grant City, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-

ert, Commissioner Foley and Commissioner Sleeper... 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for applicant to submit information as to when the existing use was established, how it was established, the permit number, size of lot and for what uses it contained; then to July 15, 1958, for additional information as previously requested; hearing closed; then to July 29, 1958, for applicant to furnish information as to permits and size of plot and the date when original permit was issued by Fire Department and for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Hylan Boulevard are in a retail use, D area, class 1 height district; Lincoln Avenue and Midland Avenue are in retail and residence use, D and E area, class 1 height districts; Grant Place is in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 20, 1958 acting on N.B. Applic. No. 100-58, reads:

"1. The proposed construction for use of gasoline service station, lubritorium, auto repair, auto laundry,

MINUTES

office and service room, located in a retail use district is contrary to Article II, Paragraph 4-A of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 90 feet frontage by 58 feet in depth; that dimensions as stated refer to the new street line of the widening of Lincoln Avenue as laid out on the City Map; that the premises are developed with a gasoline service station consisting of a two story frame building with extensions, a frame garage and two gasoline pumps on an island; that it is proposed to reconstruct the present gasoline service station by demolishing the frame buildings and removing the pumps and construct a one story service building having a frontage of 50 feet and 26 feet in depth, of class III construction; that the accessory building will be finished in face brick and will be highly modern in design, and will contain the present conjunctive uses of office, sales room, sale of auto accessories, lubritorium bay, non-automatic car wash bay, boiler room, toilets, minor auto repairs with hand tools and the parking of more than five cars awaiting service; that it is further proposed to install a total of ten approved type 550 gallon each buried gasoline storage tanks and five dispensing pumps, three pumps on one island and two on another; that two 20-foot curb cuts will be installed along Lincoln Avenue and two 15-foot cuts will be installed along Hylan Boulevard; that the open area will be finished with a suitable pavement; that a colonial type fence four feet high, on a concrete base one foot six inches high, making a total of five feet six inches in height, will be erected along the north lot line with a five foot wide planted area protected by a concrete curb six inches high and eight inches wide along the fence; that Lincoln Avenue, as shown on the City Map, is to be widened to the north side to a final width of 60 feet; that the concrete mat under the gasoline pumps and a concrete pavement lie within this mapped street; and

WHEREAS, the applicant contends that the obsolete buildings and equipment that adds to the inefficiency of operation, and the encroachment on the mapped street, make it necessary to reconstruct this station; that the owner feels that as long as he is undertaking the expense of reconstruction and removal of structures from the mapped street, he will modernize the station, which will tend to uplift the area; that the north side of Lincoln Avenue between Zeni Place and Grant Place is developed with one and two family dwellings; that the south side of Lincoln Avenue between Hylan Boulevard and Grant Place, and along the east side of Hylan Boulevard facing the site, is vacant land; that there has been no new improvements, or development of this area, for some time; that the modernizing of this station will blend with the dwellings surrounding it and will enhance the area; and

WHEREAS, the applicant states that the present owner has held title to the property since December 15, 1951; that the assessed valuation of land is \$4,300 and of the buildings \$5,700 making a total of \$10,000; that the buildings were erected prior to 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the reconstruction and rearrangement of the lawfully existing gasoline station substantially as proposed and as indicated on plans filed with this application marked "Received March 20, 1958", 2 sheets, and "April 15, 1958". 3 sheets, *on condition* that all buildings and uses not shown on such plans to be retained shall be removed and the premises shall be reconstructed and arranged as indicated

on plans showing new conditions; that the accessory building shall be of the design and arrangement and located as indicated thereon and shall have no cellar and shall be in accordance with the requirements of the Building Code and shall be faced on all sides with face brick; that pumps shall be of a low approved type, erected not nearer than fifteen feet to the street building line of Hylan Boulevard or Lincoln Avenue; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to two curb cuts to Hylan Boulevard each not exceeding 20 feet in width and one curb cut to Lincoln Avenue toward the intersection not exceeding 30 feet in width with no portion of any curb cut nearer than five feet to a lot line as prolonged; that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that parking of motor vehicles may be permitted provided such parking does not interfere with the servicing of the station; that minor repairs may be permitted under Section 7i with hand tools only for adjustments maintained solely within the accessory building; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing Hylan Boulevard and the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection within the intersection of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that at such intersection there shall be erected a block of concrete extending for a distance of five feet along either building line from the intersection and not less than 12 inches in height; that fences or walls on the lot lines shall be maintained as shown on such plans above cited; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

148-58-BZ

APPLICANT—Joshua Brown, for Staten Island Oil Co., Inc., owner.

SUBJECT—Application March 20, 1958—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a residence use district, the reconstruction of a present gasoline service station and continue the uses of office, storage and sale of auto accessories, car wash—non automatic, minor auto repairs with hand tools only, lubritorium and the parking of more than five (5) motor vehicles awaiting to be serviced.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; date to be set for inspection and decision; hearing closed; then set for July 22, 1958 at 10 A. M.; then laid over to July 29, 1958 in conjunction with Calendar Number 382-58-A, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Richmond Road, Tysens Lane, Combs Avenue and Willowbrook Parkway are in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent,

MINUTES

dated February 19, 1958 acting on N.B. Applic. No. 86-58, reads:

"1. The proposed construction for use of gasoline service station, lubritorium, auto repair, auto laundry, office and service room, located in a residence use district is contrary to Article II Paragraph 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 108.28 feet frontage by 76.39 feet and 117.93 feet in depth, presently developed with a gasoline service station consisting of a 1¼ story frame building, with a one story frame extension, an outdoor grease lift and two gasoline pumps on a concrete island; that it is proposed to reconstruct the present gas station by demolishing the existing frame building, remove the outdoor grease lift and gasoline pumps and construct a modern gas station with its present services of lubritorium, office, storage and sale of auto accessories, minor auto repairs with hand tools, non-automatic car washing and parking of more than five motor vehicles awaiting service; that the service building will be one story in height, with a frontage of 50 feet and a depth of 31 feet; that it will be of class III construction, of modern design and will contain an office, store room, boiler room, toilets and two service bays; that it is further proposed to install a total of ten 550 gallon gasoline tanks and six dispensing pumps; that a colonial type fence, five feet six inches high, will be erected along the east and west lot lines, with a landscaped area five feet wide protected by a concrete curb six inches high and eight inches wide; that two 20-foot curb cuts will be installed on Richmond Road and one 20-foot cut on Combs Avenue; that the open area will be finished with a suitable pavement; and

WHEREAS, the applicant further states that records of the Building Department show that the gas station was built under N.B. Applic. No. 15-25 and completed February 9, 1926; that Certificate of Occupancy No. 4862 was issued March 1, 1946 for a gasoline service station, store and storage of auto parts, based on the use being established prior to June 12, 1925; and

WHEREAS, the applicant contends that the reconstruction and modernization of this gasoline station will clean up an unsightly and dilapidated condition and remove parts of the station in the bed of Richmond Road as mapped; that the modernization will also have an uplifting effect on the site and surrounding area; that although the site and surrounding area is zoned for residence use, the area is undeveloped except for a frame dwelling here and there; that there has been no new development in this section for the past 35 to 40 years; that the widening of Richmond Road and the future development of Willowbrook Parkway will bring an increase in automobile traffic to the area; and

WHEREAS, the applicant states that the present owner has held title to the property since December 2, 1955; that the assessed valuation of land is \$4,450 and of the building \$3,550 making a total of \$8,000; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted with conditions; that the plot having a one story building formerly a grocery store, has two gasoline pumps which do not appear to be recorded in the Fire Department records but are of long standing; when the Willowbrook Parkway is constructed this plot will be at the corner of the service road and Richmond Road; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c to permit the reconstruction of the existing gasoline station substantially as proposed and as indicated on plans filed with this application marked, "Received March 20, 1958",

4 sheets, "April 2, 1958", one sheet, "June 13, 1958", 2 sheets, "July 18, 1958", one sheet on condition that all buildings and uses shall be removed and the premises shall be reconstructed and arranged as indicated on such plans; that the accessory building shall be of the design and arrangement as indicated on such plans and shall be faced with face brick; that there shall be no cellar under the accessory building; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line of Richmond Road and Combs Avenue, as shown; that on the interior lot lines there shall be erected a woven wire fence of the chain link type to a total height of five feet six inches on a masonry base with masonry terminating posts at the building lines; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that at the intersection of Richmond Road and Combs Avenue curbing shall be set back as proposed for widening the roadway; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i, for a similar term, there may be minor repairs with hand tools only for adjustment maintained solely within the accessory building; that under Section 7h, for a similar term, there may be parking of cars limited to the pleasure car type only and maintained on such portions of the plot where parking will not interfere with the servicing of the station; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all temporary signs and roof signs and advertising devices but permitting the erection within the intersection of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that at such intersection there shall be erected a block of concrete for a distance of five feet along each street from the intersection and not less than 12 inches in height; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution; and that the requirements of the resolution adopted this day under Cal. No. 382-58-A shall be complied with.

382-58-A

APPLICANT—Joshua Brown, for Staten Island Oil Co., Inc., owner.

SUBJECT—Application June 13, 1958—filed pursuant to section 35, General City Law re curb cuts located in the bed of a mapped street—proposed widening of Richmond Road.

PREMISES AFFECTED—3310 Richmond Road, southwest corner of Combs Road, (Hitchcock Avenue), Block 4328, Lot 6, Richmondtown, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

For Opposition: None.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and
Commissioner: Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 6, 1958 on N. B. Applic. 86/58, reads:

"2. The proposed curb cuts located in the bed of mapped streets are contrary to Article 3, Section 35 of the General City Law."

and

WHEREAS, the applicant states that the plot is 108.28 feet front by 76.39 feet and 117.93 feet in depth, located in a residence use, E area, class 1 height district, upon which there exists a 1 story, 12 foot and 17 foot high, class 4 constructed building, 32 feet 3 inches by 65 feet 6 inches in depth, erected in 1925 and 1926 and used and occupied

MINUTES

as a gasoline service station and storage of auto parts; that it is proposed to be redeveloped with a 1 story building, 12 feet and 17 feet in height, 50 feet front by 31 feet in depth, of class 3 construction, and the entire premises to be used and occupied as a gasoline service station, lubricatorium, minor motor vehicle repairs, non-automatic car washing, office, service room and parking of more than 5 cars awaiting service, as described in application for zoning variance filed under Calendar Number 148-58-BZ; and

WHEREAS, the applicant states that there will be no building erected within the mapped street area, nor will there be any new curb cuts installed at this time; that required fences and landscaping will be provided; and

WHEREAS, the applicant contends when the street improvements are made, the curb cuts location will be determined and no claim will be made for damages for the construction within the widening area; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on NB App 86/58, Objection No. 2, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted, on condition*, that in the event a portion of the premises is taken for street widening, the curb cuts now shown to be located within the bed of the mapped street shall be removed and relocated as may be permitted by this Board; that until such widening is done the premises may be used as permitted by resolution adopted this day under Cal. No. 148-58-BZ; that when acquired by the City for street widening such portion of the premises shall be subject to the determination of the Court as to compensation to the owners for the taking of such land.

168-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Esther Equities, Inc., owner.

SUBJECT—Application March 27, 1958—decision of the Borough Superintendent, under Sections 7c, 21, and 7A of the Zoning Resolution, to permit in a business and residence use, "D" area district, the erection of a two-story building of class one construction to be occupied as a department store and covering more than the permitted area with signs, show windows and business entrance exceeding three feet six inches in width within 75 feet of a residence use district.

PREMISES AFFECTED—2227-2249 Linden Boulevard and 731-767 and 781 Ashford Street, northeast corner; 828-850 Hegeman Avenue; 842-874 Cleveland Street and 820-826 Cleveland Street, Block 4335, Lots 1, 6, 16, 18, 19, 21, 24, 25, 27, 42, 49, 53 and 56, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 15, 1958, after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Ashford Street and Cleveland Street are in business and residence use, D area, class 1 height districts; Hegeman Avenue is in a business use, D area, class 1 height district; Linden Boulevard is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 21, 1958, acting on N.B. Applic. No. 110-58, reads:

"1. The proposed erection of a two story building to

be used for a Department Store and the proposed business signs and marquees in the Residence portion of a plot located partly within a Business Use District and partly within a Residence Use District is contrary to Art. II Section 3 of the Zoning Resolution.

"2. The Area of the proposed building located in a 'D' area district is contrary to Art. IV Section 14(c) of the Zoning Resolution.

"3. The proposed signs show windows and business entrance exceeding 3'-6" in width within 75'-0" of a Residence Use District is contrary to Art. II Section 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 265 feet in depth, irregular in area and unimproved; that it is proposed to erect a modern fireproof, two story department store having a frontage of 200 feet and an irregular depth of 325 feet; that this appeal also includes the business signs and marquees in the residence use district; and

WHEREAS, the applicant further states that the building will be highly modern in design, it will be an outstanding attraction and will lead the way to any future development of this area; that this department store will provide the necessary and required retail service to the many large apartment houses in this area; that the large supermarket that was granted by the Board, at the northwest corner of Linden Boulevard and Ashford Street, is one of the most successful supermarkets in Brooklyn, which proves conclusively that this area is now being properly developed and the new department store will be in keeping at this point; that the large parking area for patrons' cars that is proposed across Ashford Street in Block 4334, Lots 7, 9, 11, 16, 18 and 20, will make this store a self contained unit, and keep all customers' parking off the street; and

WHEREAS, the applicant states that the area of the lot is 70,000 square feet; the proposed area of the building is 62,661 square feet; the allowable area permitted to be occupied is 41,500 square feet; that therefore the building is 21,161 square feet in excess of the allowable area permitted in a class D area district; and

WHEREAS, the applicant contends that in modern day designing of large department stores, a greater emphasis is given to larger aisles for better circulation, large lobbies, lounges and toilets, escalators, nurses' stations, off street loading and unloading berths, which in turn reduces the selling space required to display the large quantities of small items carried by such stores; that it would therefore be an undue hardship upon the owner to comply with area coverage for this highly competitive type of store; that the proposed show windows and business signs within 75 feet of the residence use district are required for the proper operation of this huge department store; and

WHEREAS, the applicant states that the present owner has held title to the property since January 3, 1958, and that the assessed valuation of land is \$48,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c and 7A of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension into the more restricted district and under Section 21 to permit the extension in area, as proposed and indicated on plans filed with this application, marked "Received March 27, 1958," 6 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be constructed substantially as pro-

MINUTES

posed without marquees; that in all other respects the building and occupancy shall comply with all requirements of the Zoning Resolution and all laws, rules and regulations applying thereto; that under Section 7A any show windows and business entrances deemed to be contrary thereto by the Borough Superintendent are hereby permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

169-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Esther Equities, Inc., owner.

SUBJECT—Application March 27, 1958—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit on a plot partly in a business use, and partly in a residence use district, the parking of more than five motor vehicles for patrons' cars in conjunction with a proposed department store, Ashford Street, in Block 4335.

PREMISES AFFECTED—732-764 Ashford Street and 820-826 Hegeman Avenue, southwest corner, Block 4334, Lots 7, 9, 11, 16, 18 and 20, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama, Max Fortunoff and Alan Fortunoff.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper: 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 15, 1958, after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision in connection with 168-58-BZ; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Ashford Street and Warwick Street are in business and residence use, D area, class 1 height districts; Hegeman Avenue is in a business use, D area, class 1 height district; Linden Boulevard is in a residence use, D area, class 1 height district; that part of the premises within 100 feet of Hegeman Avenue is in a business use district and the balance of the premises is in a residence use district; and

WHEREAS, the decision of the Borough Superintendent, dated March 18, 1958, acting on Alt. Applic. No. 303-58, reads:

"1. The use of premises for parking of patrons' cars located partly within a Residence use district and partly within a business use district is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 285 feet frontage by 100 feet in depth, presently vacant; that it is proposed to obtain a variance in order to permit the premises to be used for parking of patrons' cars in conjunction with the proposed department store across Ashford Street in Block No. 4335, Lots 1, 16, 6, 18, 19, 21, 24, 25, 27, 42, 49, 53 and 56; and

WHEREAS, the applicant contends that the proposed parking is permitted in the business use portion of the plot and it is only intended to extend the parking a part of the way into the residence use district; that the large parking area will make the proposed department store a self contained unit and will be used only for customers' off street parking; that there will be no overnight parking; that the entire premises will be enclosed with a 5 foot 6 inch woven wire fence and gates and covered with cinders; that inasmuch as this parking lot is required for modern day operation of a large suburban department store, it is requested that this application be granted, but only if the application for the department store is granted; and

WHEREAS, the applicant states that the present owner has held title to the property since January 3, 1958, and that

the assessed valuation of land is \$14,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c to permit the extension of use into the more restricted district, substantially as proposed and indicated on plans filed with this application marked, "Received March 27, 1958," 3 sheets; that these premises shall be used as proposed only for parking of motor vehicles belonging to the employees and patrons of the proposed building to be erected opposite on Block 4335, variance for which has been granted this day under Cal. No. 168-58-BZ; that such premises to be used for parking shall be leveled substantially to the grade of Ashford Street and surfaced with gravel or cinders and treated with a binder and properly rolled; that there shall be erected on the lot lines a woven wire fence of the chain link type on a masonry base with no openings therein except three openings as shown to Ashford Street, each 15 feet in width with curb cut opposite, not exceeding such width; that the gates to the premises shall be maintained and kept closed on Sundays, holidays and after hours when the store referred to herein is not open for business; that a sign may be maintained at each entrance not exceeding 10 square feet attached to the fence not extending beyond the building line and not illuminated advertising the parking use limited to patrons and employees; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall require; and that all work shall be completed after the construction and opening of the store above referred to within six months thereafter and a Certificate of Occupancy shall be obtained.

182-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Cedric Realty Co., Inc., owner.

SUBJECT—Application March 28, 1958—decision of the Borough Superintendent, under Sections 7e, 7h and 7A of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, minor auto repairs, store, utility room, parking and storage of more than five (5) motor vehicles on the unbuilt portion of the plot with signs, show windows and curb-cuts within 75 feet of a residence use district for a stated term of fifteen (15) years.

PREMISES AFFECTED—210-212 Avenue A and 501-505 East 13th Street, northeast corner, Block 407, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper.. 4

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the public hearing was held on this application on July 22, 1958, after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a local retail use, B area, class 1½ height district; Avenue A and Avenue B are in local retail and restricted retail use, B area, class 1½ height districts; East 14th Street is in a restricted retail use, B area, class 1½ height district; East 15th Street is in local retail and residence use, B area, class 1½ height districts; that as of July 25, 1916, the premises were in a business

MINUTES

use district and received the present use designation on November 29, 1945; and

WHEREAS, the decision of the Borough Superintendent, dated March 24, 1958, acting on N.B. Applic. No. 147-57, reads:

"1. Proposed gasoline service station, lubritorium, car washing, minor auto repairs, store and utility room; and parking and storage of more than five motor vehicles in open area; located in Local Retail Use District is contrary to 4c of the Zoning Resolution.

"2. Signs, curb cuts and a show window located within 75 feet of Residence Use District is contrary to 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 51 feet 9 inches frontage by 96 feet in depth, presently developed with three buildings, designated as buildings A, B and C; that building A is four stories in height of class 3 construction having a frontage of 25 feet, a depth of 42 feet and is presently vacant; that building B is four stories in height, of class 3 construction, having a frontage of 26 feet 9 inches, a depth of 42 feet and is presently vacant; that building C is four stories in height, of class 3 construction having a frontage of 20 feet, a depth of 37 feet and is presently vacant; that it is proposed to obtain a variance for a temporary period of fifteen years in order to demolish the present outmoded buildings and erect a modern gasoline service station consisting of ten 550 gallon gasoline tanks and three dispensing pumps; that the proposed accessory building will be one story in height, of class 3 construction with a frontage of 44 feet, a depth of 27 feet 8 inches and will contain the conjunctive uses of lubritorium, car wash, minor auto repairs, store and utility room; that the open area, not used by the gas station, is proposed for parking and storage of motor vehicles; and

WHEREAS, the applicant states that Department of Building records show that buildings A and B were first altered under Alt. Applic. No. 1010 or 1899 and the uses given as store and three family in each building; that these same buildings were further altered under Alt. Applic. No. 478 of 1907 and the uses given as stores and tenement in each building; that building C is classified as a 1903 old law tenement and the use given as store and three family; and

WHEREAS, the applicant contends that the site occurs in a generally run down neighborhood, badly in need of rehabilitation; that the buildings are boarded up, unused and beyond repair; that the erection of new stores on the site would not be economically feasible as there are sufficient stores now in the area for public requirements; that the site is very high in assessed value and has been in the possession of the present owner since May 29, 1942, and it is therefore mandatory that he be permitted to develop this site with the use as proposed so that he would get an equitable return on his large investment; that the erection of a modern gas station as proposed will remove the present eyesore and lead the way to future development of the affected area; that there are many non-conforming uses within the affected area; and

WHEREAS, the applicant further contends that the signs, curb cuts and show window within 75 feet of the residence use district are necessary and required for the proper operation of the gas station; that adjoining properties cannot be affected inasmuch as they are mostly developed with non-conforming stores; and

WHEREAS, the applicant states that the present owner has held title to the property since May 29, 1942; that the assessed valuation of land is \$60,000 and of the buildings \$5,000 making a total of \$65,000; that the buildings were erected prior to 1890; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e, h and A of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. No. 147-57, Objections Nos. 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

191-58-BZ

APPLICANT—Robert Gottlieb, for Frank and Bertha Lustig, owners.

SUBJECT—Application April 2, 1958—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a residence use district, the change in use of the basement of the present multiple dwelling from offices to bar and restaurant and construct an extension to the rear of the basement and continue the use of the upper floors as a multiple dwelling.

PREMISES AFFECTED—315 East 79th Street, north side, 205 feet east of 2nd Avenue, Block 1542, Lot 9, Borough of Manhattan.

APPEARANCES—

For Applicant: Benjamin Zlochow.

For Opposition: Nanny Goldberg and C. Michaels.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 22, 1958, after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; East 79th Street and East 80th Street are in residence and retail use, B area, class 1½ height districts; First Avenue and Second Avenue are in a retail use, B area, class 1½ height district; that the site was changed from business use to residence use on August 30, 1956; and

WHEREAS, the decision of the Borough Superintendent, dated April 2, 1958, acting on Alt. Applic. No. 165-58, reads:

"Repeat A-2. Proposed change of office to bar and restaurant in a residential use district is contrary to Sec. 3 Art. II of Zoning Resolution.

"Repeat A-3. Proposed extension of business in a residential use district is contrary to Sec. 3 Art. II of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 feet frontage by 102 feet 2 inches in depth, presently improved with a four story and basement, class 3 multiple dwelling, with business use on the basement floor and four apartments on the upper floors, under Certificate of Occupancy No. 47236; that it is proposed to alter the basement by adding a one story brick extension, 20 feet by 25 feet, and changing the use from office to bar and restaurant; and

WHEREAS, the applicant states that the owner, who is in the restaurant business, desires to open a restaurant in the basement at this location, but the building being only 60 feet in depth, does not allow for an efficient or profitable operation; that by extending the basement 25 feet—60% of unoccupied space—leaving a yard of about 17 feet, the owners would be able to operate properly; and

WHEREAS, the applicant further states that this application is based on Section 7c of the Zoning Resolution to allow the basement extension and change of use as proposed; that all the buildings on the north side of East 79th Street, except No. 305 and No. 325, are now used for business on the basement or first floor; and

WHEREAS, the applicant contends that the proposed extension would in no way affect the light or ventilation of any of the adjoining buildings, nor would the proposed use

MINUTES

change the character of the neighborhood, which is now about 80% business use on lower floors; and

WHEREAS, the applicant states that the present owners have held title to the property since January 15, 1936; that the assessed valuation of land is \$22,000 and of the building \$8,000 making a total of \$30,000; that the building was erected in 1895; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the change in location of the existing restaurant now on Lot 10 to Lot 9 and to the building therein as owned by the owners *on condition* that the restaurant use shall be limited to the cellar and basement of the building; and the proposed extension hereby permitted for the extension of use, provided there are no windows opening on the side lot line walls upon adjoining premises; that the yard shall be paved; that fences shall be maintained on the side lot lines and on the rear lot lines to the satisfaction of the Borough Superintendent; that above the basement the use of the premises shall be used for the existing Multiple Dwelling use; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

211-58-BZ

APPLICANT—Frederick A. Ketcher, for Louis Fayne, owner.

SUBJECT—Application April 9, 1958—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the parking of more than five (5) motor vehicles.

PREMISES AFFECTED—726-730 West 187th Street, south side, 100 feet west of Bennett Avenue, Block 2180, Lot 190, Borough of Manhattan.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 15, 1958, after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, West 187th Street, Overlook Terrace, Bennett Avenue and West 186th Street are in a residence use, B area, class 1¼ height district; that there has been no change in height, area and use district since 1916; and

WHEREAS, the decision of the Borough Superintendent, dated March 28, 1958, acting on Alt. Applic. No. 1674-58, reads:

"1. Proposed use as 'Parking of more than 5 Motor Vehicles' is not permitted in a Residence Use District. Art. II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 171 feet in depth, vacant and below street level; that it is proposed to grade the entire plot to approximately curb level, surface with steam cinders treated with a suitable binder and properly rolled; that it is also proposed to erect a five foot six inch high chain link fence along all property lines, except on the west lot line; install one 12 foot curb cut; attach a non-illuminated rate sign as required by the License Department, not to exceed

four square feet, to the 187th Street fence, inside of the building line, and install a sliding gate at the entrance; that the plot will be properly maintained and will be kept clean, orderly and attractive at all times; and

WHEREAS, the applicant states that the garages along Broadway are filled to capacity and no garage space is available; that the off street parking facilities within the 500 foot area affected by this application, are extremely limited; that no provisions for tenant parking are available in the adjoining apartment houses, which accounts for the excessive amount of day and night street parking; that there will be no daily parking and spaces for parking will be available only on a monthly basis; that it will not be unsightly because only the pleasure type cars will be accepted; that the gate at the front will be kept locked at all times when not in use; and

WHEREAS, the applicant contends that this lot is too small for an apartment house and at this time the owner is unable to use it for a conforming use which would be financially sound; that the previous owner, Irving Weisner, who is the owner of the adjoining apartment house at No. 120 Bennett Avenue at the southwest corner of 187th Street, had held title to this unimproved lot for fourteen years; that his application (the same alteration number) for accessory parking exclusively for his tenants, became too involved; that he sold the vacant lot to the present owner on condition that the tenants of his adjoining apartment house at 120 Bennett Avenue will have first call for the parking space at any time; that as there are 85 tenants in 120 Bennett Avenue and there is room for only 60 parking spaces, very few spaces would be available to others; and

WHEREAS, the applicant further contends that there is an obvious need for safe, protected off street parking; that the subject plot would provide individual spaces for only 60 cars and it would be a great convenience to car owners of the adjoining building, as each would have his own assigned parking space; that although the plot is but 12,000 square feet, it would definitely contribute towards reducing the present traffic congestion; and

WHEREAS, the applicant states that the present owner has held title to the property since March 7, 1958, and that the assessed valuation of land is \$10,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the applicant has stated that this lot will not be opened into or used with the adjoining lot permitted under Cal. No. 379-57-BZ but will be under the same management; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for the parking of motor vehicles of the pleasure car type only *on condition* that the lot shall be leveled substantially to the grade of West 187th Street and surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on all lot lines, including the line separating this lot from the adjoining lot to the west, variance for which was granted by the Board under Cal. No. 379-57-BZ, a woven wire fence of the chain link type erected on a masonry base to a total height of five feet six inches except for one opening to West 187th Street for entrance and exit not exceeding 12 feet in width with curb cut opposite not exceeding 14 feet in width; that such opening shall be fitted with gates which shall be closed when the parking lot is not in operation; that there shall be no connection between this lot and the adjoining lot, No. 189; that such plot may be operated under the same operation; that Lot 190 shall be reserved for parking of cars belonging to the tenants in 120 Bennett Avenue and the

MINUTES

adjoining multiple dwellings; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to one sign attached to the fence near the entrance advertising the limited parking and storage use for adjoining apartment houses and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed ten square feet and shall not extend beyond the building line and shall not be illuminated; that any retaining wall necessary to equalize the grades shall be constructed at the expense of this owner; that suitable bumpers shall be placed against the fences at least five feet therefrom for protection to such fences; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

218-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Morton Pickman and Jeanette G. Willis, owners.

SUBJECT—Application April 10, 1958—decision of the Borough Superintendent, under Sections 7e and 7h of the Zoning Resolution, to permit on a plot partly in a local retail use and partly in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, storage, office and sales, minor auto repairs, parking and storage of motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—77-36 to 77-48 (77-40 official) Hewlett Street, west side, 80.02 feet south of 77th Road, Block 8555, Lots 60 and 61, Floral Park, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 15, 1958, after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 77th Road and 271st Street are in local retail and residence use, D and F area, class 1 height districts; Union Turnpike and Hewlett Street are in a local retail use, D area, class 1 height district; that as of July 25, 1916, the entire premises were in a class D area district; that the F area classification for that portion of the premises in the residence use district became effective January 27, 1949; that as of July 25, 1916, that part of the premises within 100 feet of Hewlett Street was in a business use district, and on January 21, 1947, the business use classification was removed and a part of the premises was put in a local retail use district and a residence use district; that the present local retail use designation that bisects the block, and for a depth of 115 feet in from Hewlett Street, became effective May 13, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated March 12, 1958, acting on N.B. Applic. No. 374-58, reads:

"1. Proposed gasoline service station, lubritorium, car wash, storage, office and sales, minor auto repairs and parking and storage of motor vehicles in open spaces in the Local Retail use portion of a plot located in a Local Retail and Residence use district, is contrary to Article II, Section 4c of the Zoning Resolution.

"2. Proposed ground signs in a Local Retail use district is contrary to Section 4c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist

of a plot, 165.11 feet frontage by 115.25 feet in depth, presently vacant; that it is proposed to obtain a variance for a temporary period of fifteen years in order to erect a modern gasoline service station consisting of twelve 550 gallon gasoline tanks and six dispensing pumps; that the contemplated accessory building will be one story in height, of class III construction, with a frontage of 60 feet and a depth of 30 feet, and will contain the conjunctive uses of lubritorium, car wash, storage, office and sales and minor auto repairs; that a part of the open area will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the site is located on a marginal street adjoining Nassau County, which limits the use of this property for a conforming use as would normally be found in a local retail use district; that the residential area is completely built up with small one family homes, and inasmuch as there are more than sufficient stores within the area to satisfy the needs of this community, the erection of additional stores would not be economically sound; that the land is high in assessed value so that it is mandatory for the owner to erect the proposal in order to maintain this property and continue to pay City taxes; that the building will be colonial in design and will be in keeping with surrounding architecture; that a 20 foot landscaped planted area is proposed adjoining the residence use district; that this landscaped area will act as a buffer between the proposal and the adjoining properties to the west; that the entire service station will be enclosed in a five foot six inch woven wire fence; that the dispensing pumps will be set 15 feet back of the street building line which will provide ample protection for any passing pedestrians and will also keep the cars being serviced off the side walk; that the curb cuts will be limited to three 30-foot cuts on Hewlett Street; and

WHEREAS, the applicant states that the present owners have held title to the property since May 3, 1955, and that the assessed valuation of land is \$20,100; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e for a term of fifteen years to permit the premises, lots 60 and 61, to be occupied as a gasoline service station and uses lawfully accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received April 10, 1958," 3 sheets, on condition that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Hewlett Street; that the premises shall be constructed as indicated on plans above cited; that the accessory building shall be of the design and construction as shown on such plans, without cellar and faced on all sides with face brick and located where indicated on the plot plan not nearer than 20 feet from the rear lot line or 25 feet from the side lot line to the west as shown; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line of Hewlett Street; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that on all lot lines except the street building line there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than five feet six inches in height; that curb cuts shall be restricted to three curb cuts each not over 30 feet in width to Hewlett Street, where shown, and with no curb cut nearer than five feet to a side lot line as prolonged; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that planting shall be maintained where proposed toward the rear with a separating curbing at each side of the accessory building to the

MINUTES

lot line; that such curbing shall be not less than twelve inches in height and six inches in width; that such landscaping shall be of suitable planting materials and shrubbery; that under Section 7h there may be parking and storage of motor vehicles of the pleasure car type only so parked where they will not interfere with the servicing of the station; that under Section 7i there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection within the building line where shown of two post standards each for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such signs to extend beyond the building line for a distance of not more than four feet; that such fences on the side lot lines shall be fitted with masonry posts for fence support at the lot lines and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

236-58-BZ

APPLICANT—Harry A. Yarish, for Alex Fastow, owner.
SUBJECT—Application April 14, 1958—decision of the Borough Superintendent, under Sections 7e and 21 of the Zoning Resolution, to permit in a business and unrestricted use district, the change in use from theatre and sale of used cars to automatic auto laundry and parking of cars awaiting service.

PREMISES AFFECTED—802-812 4th Avenue and 161-171 28th Street, northwest corner, Block 660, Lot 39, Borough of Brooklyn.

APPEARANCES—

For Applicant: Harry A. Yarish.

For Opposition: Guy James Margoro.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating,

Commissioner Kleinert, Commissioner Foley and

Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 22, 1958, after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 27th Street and 28th Street are in business and unrestricted use, B area, class 1½ height districts; 4th Avenue is in a business use, B area, class 1½ height district; 3rd Avenue is in an unrestricted use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 2, 1958, acting on Alt. Applic. No. 223-58, reads:

"1. Proposed change of occupancy, on a plot which is partly in a Business and partly in an Unrestricted Zone, to be used for automatic auto laundry, parking and storage for more than 5 motor vehicles on vacant portion of ground, and sale of new and used motor vehicles on vacant ground is contrary to Article II, PP. 4a, subsection 52 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 133 feet 4 inches frontage by 115 feet in depth; that it is proposed to remove the marquees at the front of the building, make minor alterations, install mechanical auto washing equipment and use the building as an automatic car washing laundry; and

WHEREAS, the applicant states that the building was purchased June 15, 1956, and on June 29, 1956, was leased out for ten years for an annual rental of \$7,200; that on July 24, 1957, the lease was abandoned because expenses far exceeded the income; that on May 23, 1957, the theatre was rented on a monthly basis for \$100 per month for the

reason that an occupied building would save the building from vandalism and deterioration; and

WHEREAS, the applicant further states that the building is listed with real estate brokers and the only inquiries were for gas stations or auto laundries; that the owner is now in possession of a lease for an automatic auto laundry subject to approval of the premises for use by the Board; that it is now nine months since the lease for the theatre was abandoned and there have been no offers or request for conforming uses; that the vacant portion was recently rented for parking of automobiles and the lease was also abandoned two months later because the business expense exceeded the income; that the theatre has outlived its usefulness and the condition spells out a case of hardship which the Board is requested to consider; and

WHEREAS, the applicant states that the premises is in the hands of the Sunset Park Realty Co., for sale or rent; that up to the present time there have been no offers for such conforming uses as store, office, factory, warehouse, etc.; that they now have a bona fide contract for a twenty year lease for an automatic car laundry, subject to the approval of this application; that following is a list of income and expenses:

Expenses:

Assessed valuation	\$55,000	Taxes	\$2,260
1st mortgage	25,000	Interest	1,250
2nd mortgage	15,000	Interest	900
Fire and Liability Insurance			1,250
Miscellaneous			500
Total Expenses			\$6,160

Income:

Annual rent of theatre	\$1,200
Annual rent of used car lot	1,200
Total Rent	\$2,400
Annual Deficit	\$3,760

that the above facts spell out a definite case of difficult hardship; and

WHEREAS, the applicant contends that the proposed use will not change the appearance of the area since the building will remain substantially as it now is; that the character of the affected area is definitely established, to wit: that there are no vacant lots on 4th Avenue; two 20 foot vacant lots and five 25 foot vacant lots on 28th Street; two 20 foot vacant lots on 27th Street; that there is now within the affected area such non-conforming uses as a gas station on the southeast corner of 4th Avenue and 28th Street, a gas station on the northwest corner of 4th Avenue and 29th Street and a lumber yard on the southwest corner of 4th Avenue and 29th Street; that also within the affected area is a factory building in block 668, lot 39; a lumber yard in block 668, lot 29; a garage in block 664, lot 48; lumber yard in block 664 lots 22 and 24; a two story factory building in block 664, lot 29; garage in block 660, lot 25 and a warehouse in block 655, lot 12; that there will be room for at least 25 autos in waiting for service within the premises, so that pedestrians and road traffic will not be interfered with; that cars will be dried before leaving the premises and no service will be carried on outside of the laundry building; and

WHEREAS, the applicant states that the present owner has held title to the property since June 15, 1956; that the assessed valuation of land is \$25,000 and of the building \$30,000 making a total of \$55,000; that the building was erected in 1916; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board has received a letter from the owner stating that this proposed automatic laundry for cars would be open on Sunday and that he wanted to drive the cars outside the building and onto the sidewalk for drying, and under those conditions the Committee did not recommend the granting of the application; and

MINUTES

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. No. 223/88, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

238-58-BZ

APPLICANT—Herman E. Horwood, for 3345 Webster Avenue Corp., owner.

SUBJECT—Application April 18, 1958—decision of the Borough Superintendent, under Section 7i of the Zoning Resolution, to permit in a business use district, the change in use of an existing two-story building from offices and storage of sheet metal supplies to motor vehicle repair shop for minor body and fender repairs and touch up spraying on the first floor and the use of the second floor for the manufacture of women's wear.

PREMISES AFFECTED—3345 Webster Avenue, west side, 301.9 feet south of East Gunhill Road, Block 3355, Lot 132, Borough of The Bronx.

APPEARANCES—

For Applicant: Herman E. Horwood.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 22, 1958, after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East Gunhill Road and Webster Avenue are in a business use, C area, class 1¼ height district; Decatur Avenue is in business and residence use, C area, class 1¼ height districts; East 209th Street is in a residence use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 1, 1958, acting on Alt. Applic. No. 1211-57, reads:

"1. In a business use district the proposed auto repair shop is contrary to Sec. 4a (29) Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 90 feet in depth, occupied by a building erected in 1927 as a one story building; that the second story was added in 1950 and was used for the storage of sheet metal supplies and office in accordance with Certificate of Occupancy No. 8835 which was issued April 17, 1951, several years prior to the present ownership; that it is proposed to permit the use of the first floor for minor body and fender repairs and touch-up spraying; and

WHEREAS, the applicant states that the property adjoining to the north was a vacant lot, on which is now being erected a gasoline station, lubritorium, car wash, minor repairs, office, store room and parking of more than five cars, granted by the Board under Cal. No. 37-41-BZ, Vol. II on April 9, 1957; that the southwest corner of Webster Avenue and Gunhill Road contains a two story store and factory building, and the northwest corner contains a gasoline station, and there are public garages on both sides of Webster Avenue north of Gunhill Road; that the properties adjoining to the south on Webster Avenue are two 3-story frame structures built on top of the rock formation and are reached

by wood steps leading up from Webster Avenue, the yard level being above the roof of the premises under appeal; that the building immediately adjoining the subject site to the south—lot 134—was taken over by the City in 1953; that opposite, on Webster Avenue, are several old frame structures used for stores, office and tinsmith and roofing supplies, and behind these structures are the tracks of the New York Central Railroad Company and the Bronx River Parkway; that on the west side of Webster Avenue, south of subject property—lot 140—is a one story building locked up at present, formerly used as an automobile repair shop, and there is no other construction for several blocks on this side, while on the east side of Webster Avenue, south of this plot, is a vacant lot—block 3357, lot 135—and south of this plot on the same block is a public garage; and

WHEREAS, the applicant further states that the owner conducts the County Appraisal and Adjustment Service on the first story of the premises under appeal and represent several automobile insurance companies as adjuster of claims for body and fender damage, and it is only when the insurance allowance cannot be agreed upon that they take in the car and do the work themselves, with never more than three or four cars at any one time; that they do not cater to the public or transient trade and do not use any power tools nor perform any motor work, using only acetylene torch and the compressor for the touch-up spraying, and do not do any complete painting of cars; that they were compelled to vacate the premises they formerly occupied on Boston Road due to the installation of new sewers and re-paving, which blocked the street with excavated materials, etc., from March 1957 for several months; that they could not find a suitable location until they finally found the premises under appeal, which appeared to have been constructed for motor vehicle use, with curb cut, lift doors, etc., and was in the midst of other garages, gas stations, and therefore assumed that they could use it for their business; that the second floor is rented to a manufacturer of women's wear, which is permitted in this business use district; and

WHEREAS, the applicant contends that since the only adjoining premises on the Webster Avenue level is the gas station now under construction, and since the adjoining buildings on the south and west sides are on the rock ledge and high above the premises under appeal, a grant of this variation would not add any more objectionable features than now exist from the "L" station on Webster Avenue, the heavy automobile traffic on the Avenue, plus the noises of the New York Central Railroad trains and the Parkway traffic; and

WHEREAS, the applicant states that the present owner has held title to the property since November, 1957; that the assessed valuation of land is \$5,000 and the building \$13,000 making a total of \$18,000; that the building was erected in 1927 and 1950; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7i, to permit the change of use in the existing two-story building for motor vehicle repairing and touch-up spraying on the first floor and the second floor the manufacture of women's wear *on condition* that the building shall not be increased in height or area; that the occupancy of the street floor shall not exceed the proposed use as above described; and in all other respects shall comply with all laws, rules and regulations applicable thereto other than as required in resolution adopted this day under Cal. No. 239-58A; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

239-58-A

APPLICANT—Herman E. Horwood, for 3345 Webster Avenue Corporation, owner.

SUBJECT—Application April 18, 1958—Appeal from a decision of the Borough Superintendent, re egress.

PREMISES AFFECTED—3345 Webster Avenue, west side, 201.98 feet south of East Gunhill Road, Block 3355, Lot 132, Borough of The Bronx.

APPEARANCES—

For Applicant: Herman E. Horwood.

For Opposition: None.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 1, 1958, on Alteration Application 1211/57 reads:

"1. In a business use district the proposed auto repair shop is contrary to Section 4a(29)Z.R. On the first floor the proposed wicket door is not acceptable as a required means of egress by Section 270 of the Labor Law. On the 2nd floor the proposed fire escape is not acceptable as a required means of egress by Section 270 of the Labor Law."

and

WHEREAS, the applicant states that the building is 2 stories, 24 feet 4 inches in height, 50 feet front by 42 feet 8 inches in depth of class 3 construction, erected in 1927 and 1950 located on a lot 50 feet front by 90 feet in depth in a business use, C area, Class 1½ height district, and used and occupied since 1957 as follows: basement—motor vehicle repair shop, 4 persons; first floor—factory (needle trades), 20 persons; no change in use or occupancy is now proposed; the building is provided with 1 interior 45 inch wide steel stairs enclosed in fire proof blocks equipped with fire proof self closing doors and leading direct to street and provided with a ladder and scuttle to roof; and

WHEREAS, Certificate of Occupancy No. 8835 issued April 17, 1951, against Alteration Application 457/50, describes the building as a 2 story building and permits the following use and occupancy: first floor—storage of roofing and sheet metal supplies, 5 persons; second floor—120 pound live load, storage of roofing and sheet metal supplies and office—5 persons; and

WHEREAS, Violation No. C-999 of 1957 issued April 16, 1957, was for installing new windows at North lot line wall without having filed plans and obtained a permit therefor; at the time of issuance of such violation the building was vacant; and

WHEREAS, Zoning Violation No. 94-57 issued December 20, 1957, was for violation of Section 4 of the Zoning Resolution, or occupying the building as a motor vehicle repair shop and factory contrary to the Zoning Resolution and also constituting a hazardous condition; and

WHEREAS, the owner was convicted and fined April 15, 1958, in Municipal Term Magistrate's Court, The Bronx, on a charge of Violation of the Building Code; and

WHEREAS, the board is in receipt of a certificate dated May 2, 1958, by the Borough Superintendent, Department of Buildings, pursuant to Section 668 subdivision c of the Charter in that a stay in the pending proceedings would cause imminent peril to life and limb; and that violation number C 2843-57 directs the discontinuance of the first floor for auto repair shop, 1 open flame salamander, 2 acetylene units, spraying being done on open floor; second floor—20 persons at work manufacturing dresses; no secondary means of egress; 3 rear windows obstructed with heavy mesh wire (stationary); exit lights not lighted.

The Borough Superintendent's certificate also states that

the inspector reports that the occupancy is a fire hazard; and

WHEREAS, the applicant states that the building was erected in 1927 as a one story structure and the second story added in 1950; that the first floor is used for minor body and fender work on automobiles and is subject to an application pending before the board for a zoning variance on the Cal. No. 238-58-BZ; and

WHEREAS, the applicant contends as to objection 2 issued by the Borough Superintendent, that the primary exit from the first story is a doorway from the office to the street with a door from the shop into the office; that the secondary means of egress from the first story is either of two large overhead doors at the front; that it is proposed to cut a wicket door at the south end of the southerly door; and

WHEREAS, the applicant contends that since there are only 2 persons in the office and 2 in the shop that the proposed wicket door would be adequate as a second means of egress; and

WHEREAS, the applicant contends as to objection 3, issued by the Borough Superintendent, that the primary exit from the second story is a fire proofed enclosed steel stairway to first floor with fire proof self closing door at second story level and a scuttle and iron ladder to the roof; and

WHEREAS, the applicant contends that as a secondary exit from this floor will be a proposed 45 degree fire escape with a fire proof self closing casement door with steps leading thereto and counter balance stairway to street; and as the occupancy of the second floor will not exceed 20 persons and as the building would be legal if it were erected before 1913, that the proposed means of egress could be accepted as compliance; and

WHEREAS, the applicant states that the first story ceiling is fire retarded with plaster boards and metal; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 1211/57, Objection No. 1 and that the appeal be and it hereby is *granted, on condition* that the primary means of exit shall be maintained as shown on plans marked, "Received April 18, 1958," 6 sheets; that there shall be erected on the front of the building a fire escape balcony with counterbalanced drop ladder to street and with steps and casement door as a means for access thereto; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto as required by resolution adopted this day under Calendar Number 238-58-BZ and that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall require.

APPLICANT—John F. Fitzsimons, for Dereshun Realty Company, Inc. owner.

SUBJECT—Application for consideration—reopening for extension of term of variance—re Appeal from a decision of the Borough Superintendent; previously granted on condition, for a term of years.

PREMISES AFFECTED—179-15 Grand Central Parkway, north side 106 feet east of Tudor Road, Block 7239, Lots 78 and 82, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

ACTION OF BOARD—Appeal reopened, and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 15, 1937, on certain conditions; and

WHEREAS, the term of variance was extended on September 16, 1952; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 15, 1937, as thereafter amended by resolution adopted on September 16, 1952 only so far as it refers to the term of the variance, so that as amended this portion of the resolution shall read:

"... granted for a term of five years from the date of this amended resolution, that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained as passed on by the Borough Superintendent, Alt. Applic. 21/1953 under date of July 14, 1958, Objection No. 1, and as indicated on Certificate of Occupancy Number 86957, issued February 2, 1953 and expiring September 15, 1967 on condition that the premises shall be maintained to the satisfaction of the Department of Hospitals."

914-52-A—Vol. II

APPLICANT—Hurley and Hughes, for Arbon Realty Corp. and West 38th Street Corp., owners.

SUBJECT—Application reopened December 3, 1957 as Vol. II—Appeal from a decision of the Borough Superintendent.

PREMISES AFFECTED—60-64 West 38th Street, south side, 141 feet, 8 inches east of Avenue of the Americas, Block 839, Lots 79 and 80, 5th and 6th floors, Borough of Manhattan.

APPEARANCES—

For Applicant: Edward J. Hurley.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough superintendent dated October 14, 1957 on Alt. Applic. 1223/57, reads:

"1. Proposed addition of 5 and 6 floor areas on class 3 building, commercial use (factory), is not permitted—C26-254.O A.B.C.

2. Provide 2 interior, enclosed stairs to street and roof—C26-273.0.

3. Existing interior stair is enclosed by one hour material; should be incombustible and have 2 hour enclosure—C26-292.O."

and

WHEREAS, the applicant states that the building is 4 and 6 stories, 45 feet and 65 feet in height, 62 feet 6 inches front by 98 feet 9 inches in depth at street level, 88 feet 9 inches in depth at typical floor level, of class 3 construction, erected prior to 1912, located in a retail use, B area, class 2 height district, and used and occupied since 1912 as follows: Cellar—boiler room and storage; mezzanine—offices; 1st floor—stores (packing and shipping of textiles), 20 persons; 2nd floor—offices, showroom, packing and shipping of textiles, 30 person; 3rd floor—offices and assembling of millinery ornaments and manufacturing of hats, 30 persons; 4th floor—manufacturing novelties, embroidery, packing and shipping of textiles, 68 persons; 5th floor—office and manufacturing of hats, 30 persons; 6th floor—office and manufacturing of millinery supplies and embroidery, 30 persons; that the building is proposed to be increased to 6 stories, 65 feet throughout, and used and occupied without change on the cellar through 4th floors and the 5th floor and 6th floor as proposed to be extended, the occupancy will be increased to 40 persons throughout each floor; that

the building is provided with two-source sprinkler system throughout, one 3 foot 8 inch wide interior steel stairs masonry enclosed and equipped with kalamein self-closing doors and leading from roof bulkhead direct to street; that one fire escape on the rear extending to roof by ladder with fireproof passage at its lowest termination to main stair with egress then to the street; that windows and door openings on the course of the fire escape, are fireproof self-closing; and

WHEREAS, Certificate of Occupancy #42868 issued July 12, 1954, against Alt. Applic. 1720 of 1952 approved pursuant to variance granted by the Board under Calendar Number 914-52-A permits the following use and occupancy; Cellar—boiler room and storage, number of persons not stated; 1st story—stores, 20 persons; mezzanine—offices, 20 persons; 2nd story—offices, showroom and factory, 30 persons; 3rd story—offices, showroom and factory, 30 persons; 4th story—offices, showroom and factory, 68 persons; 5th story—offices and factory, 30 persons; 6th story—offices and factory, 30 persons; that this certificate contains the following notes:

"Factory use limited to type permitted in a retail district under the Zoning Resolution.

Not more than 25% of the total floor area of the building may be used for manufacturing purposes."

and

WHEREAS, the applicant states that the purpose of this appeal is to increase the floor area of the 2 top floors by 50%; that the additional space on each floor (is 1600 square feet) will be separated from the existing 3300 square foot space by a 12 inch brick wall equipped with fire doors; and

WHEREAS, the applicant contends as to Objection #1, that the height of the building will not be increased as the roof of the 4 story wing will be raised to the height of the existing 6 story main building; that the area 5th and 6th floors will be the same as the area of the lower floors; that as to Objection #2, that the existing stair is 3 foot 8 inch wide enclosed in fireproof partitions; that the secondary egress is a Labor Law fire escape; that the total floor space of the building will be increased only 10%; that the total occupancy is low, being only 228 persons or one for each 140 square feet; that the building is equipped with a two-source sprinkler system and a manual fire alarm connected to the sprinkler system and to the automatic fire alarm company service; and

WHEREAS, the applicant contends as to Objection #3, that the existing interior stair is enclosed in fireproof enclosure, having a 2-hour rating; that in view of the low occupancy and the fact that the manufacturing is confined to less than 25% of the floor area and the fact that each floor is subdivided into 2 fire areas and fully sprinklered and all other requirements of the Labor Law and Building Codes will be complied with; that a variance is requested to permit this additional floor area to be constructed and the Board is therefore requested to modify Objections 1, 2 and 3 issued by the Borough Superintendent.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on May 5, 1953, by adding thereto:

"that in the event the owner desires to extend the building by increasing the area to include new 5th and 6th floors and to alter the building as extended to six stories in height as shown on plans filed with this appeal, marked 'Received November 18, 1957', 9 sheets, as acted on by the Borough Superintendent under Alt. App. 1223/57, Objections 1, 2, and 3, such extension may be permitted, provided such extension complies in all other respects with the Building Code and all other laws, rules and regulations applicable thereto; and that the two-source sprinkler system in the building shall be extended to include such floors; and that the occupancy of the building shall comply with the Zoning Resolution as to the amount of manufacturing permitted; and that a new certificate of occupancy shall be obtained."

798-54-A—Vol. II

APPLICANT—Jacob Lubroth and Son, for Cohn Brothers Furniture Corp., owner.

SUBJECT—Application reopened December 17, 1957 as Vol. II—Appeal from a decision of the Borough Superintendent.

PREMISES AFFECTED—4701 5th Avenue and 506-512 47th Street, southeast corner, Block 766, Lot 8, Borough of Brooklyn.

APPEARANCES—

For Applicant: Nathan Lubroth.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 6, 1957 on Alt. Applic. 2288/54, reads:

"1. Resubmit to the Board of Standards and Appeals change of stairways, which varied from that approved by the Board."

and

WHEREAS, the applicant states that the building is 2 stories, 24 feet 10 inches in height, 25 feet 2 inches front by 100 feet in depth at street level, 25 feet 2 inches front by 80 feet in depth at typical floor level, of class 3 construction, erected 1915, located on a plot 25 feet 2 inches front by 100 feet in depth, in a business use, C area, class 1 1/4 height district, and used and occupied since 1946 without a certificate of occupancy as follows: Cellar—furniture store, no persons; 1st floor—furniture store, 3 persons; 2nd floor—furniture store, no persons; that it is now proposed to be used and occupied as follows: Cellar—furniture showroom, no persons; 1st floor—furniture store, 3 persons; 2nd floor—furniture showroom, no persons; that the building is provided with one 3 foot 2 inch wide interior wood stairs enclosed in partitions of wood, stair leads direct to street and is provided with a ladder and scuttle to roof; that there are no doors in the stair enclosure; that in addition there is one fire escape on 47th Street leading to street by ladder; that windows and doors opening on the course of the fire escape are fireproof self-closing; and

WHEREAS, the applicant requested an amendment to the Resolution adopted by the Board under Calendar Number 798-54-A, Volume I, to permit a change from a fire retarded stair enclosure at the rear to a masonry enclosed iron stairway from 2nd floor down to the cellar, to be erected at the rear of the building, as indicated on revised plans filed with this application for amendment; and

WHEREAS, the applicant states that all other conditions of the Board's Resolution will be complied with.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 7, 1955, by adding thereto:

"that the stairways may be rearranged, as passed on by the Borough Superintendent, under Alt. Applic. 2288/54, Objection 1, dated November 6, 1957, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that the building shall not be further increased in height or area."

475-55-A—Vol. II

APPLICANT—Harry A. Yarish, for Mar-Rin Realty Corp., owner.

SUBJECT—Application reopened February 25, 1958 as Vol. II—Appeal from a decision of the Borough Superintendent re Class III construction increase in height—

increase in number of beds, Nursing Home.

PREMISES AFFECTED—

953-957 Putnam Avenue, north side, 100 feet east of Ralph Avenue, Block 1483, Lot 64, Borough of Brooklyn.

APPEARANCES—

For Applicant: Harry A. Yarish.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper 4

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated January 17, 1958, on Alt. Applic. 1584/55, reads:

"1. The proposed increase in height from one to three stories and the proposed increase in length and location of the extension in the west court is contrary to the Resolutions of the Board of Standards and Appeals. 1039-23-BZ as amended February 28, 1956 and 475-55-A.

2. The erection of the extension of Class III construction to a height exceeding 1 story is contrary to Section 4.2.1 of the Building Code.

3. The increase in the number of beds as proposed from 87 beds to 110 beds is contrary to the Resolution of the Board #475-55-A."

and

WHEREAS, the applicant states that the building is 3 stories, 40 feet in height, 40 feet by 90 feet in area, of class 3 construction, erected in 1926, located on a lot 75 feet front by 100 feet in depth, in a residence use, C area, class I height district, and now vacant, and proposed to be used and occupied as follows: Cellar—nursing home; 1st, 2nd and 3rd floors—nursing home, 30 beds on the 1st floor, 40 beds on the 2nd and 40 beds on the 3rd; that the total number of nurses and attendants for all floors will be 40 persons; that the building will be provided with a one-source sprinkler system, one interior 4 foot 2 inch wide metal stairs enclosed in fireproof partitions, equipped with fireproof self-closing doors, and leading from roof bulkhead direct to street; that one fire escape on the rear extending to roof by stair and to yard by stair with egress through side court to street; that window and door openings on the course of the fire escape will be fireproof self-closing; and

WHEREAS, the Board on February 28, 1956, under Calendar Number 475-55-A, Volume I, modified a decision of the Borough Superintendent on Alt. Applic. 1584/55, to permit the use of the building as a nursing home, including a one story and cellar, masonry extension, 17 feet 6 inches front at the westerly side of the building; and

WHEREAS, plans filed with this appeal indicate that it is now proposed to construct the westerly extension to a height of 3 stories, in masonry construction; and

WHEREAS, the applicant states that the occupancy of the building will be as follows: Cellar—10 employees; 1st floor—10 employees and 30 beds; 2nd floor—10 employees and 40 beds; 3rd floor—10 employees and 40 beds; that the proposed extension will be rearranged, increased in height from one to three stories with no increase in area; that the increase in height will not affect the light and ventilation of the premises; that an automatic interior fire alarm system and sprinkler system will be installed and maintained throughout the building; that the rear yard and east court will remain unaltered, as it was previously accepted by the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 28, 1956, to permit the increase in height as proposed of a portion of the building formerly permitted to be one story in the west court and increase the number of beds from eighty-seven to one hundred and ten (110) on condition that in all other respects the resolution above cited shall be complied with.

296-57-A

APPLICANT—George J. Steigerwald, owner.

SUBJECT—Application April 15, 1957—Appeal from an order of the fire commissioner, re use of premises as storage garage.

PREMISES AFFECTED—21-23 Coenties Slip, west side,

MINUTES

30 ft. south of Front Street, Block 5, Lot 17 (formerly 17 and 18), Borough of Manhattan.

APPEARANCES—

For Applicant: Sidney Fischer.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, Order #1463-7 issued by the Fire Commissioner, March 12, 1957 and reissued April 12, 1957, reads:

"Re:—Storage Garage (4-550 gasoline tanks)
(15 motor vehicles)

Before a permit for the purpose indicated above may be issued to you, the following order must be complied with. Kindly notify this Department when such order has been complied with.

1. Discontinue the use of above premises for storage garage, until this Department receives evidence from the Department of Buildings that a Certificate of Occupancy has been issued for the above purposes. C19-65.0 Adm. Code.

2. Submit evidence indicating use of storage garage prior to use of adjoining building, God's Lighthouse, Inc. of Coenties Slip. C19-11.0 Adm. Code."

and

WHEREAS, the applicant states that the building is 1 story, 16 feet 6 inches in height, 54 feet front by 45.4 feet in depth, of class 3 construction, erected May 16, 1946, on a lot 54 feet front by 45.4 feet in depth, in an unrestricted use, B area, class 2½ height district; that the premises have been used since December 22, 1939, as follows: Storage garage for more than 5 motor vehicles, automobile repair shop, with not more than 5 employees; and

WHEREAS, Certificate of Occupancy #25684 was issued January 23, 1940, against Fire Prevention Application 270/39 and Drop Curb Application 82/30 describing the building as a commercial occupancy and permitting the following use: Gasoline service station with parking for more than 5 motor vehicles; that this certificate contains this statement;

"One (1) 550 gallon gasoline tank approved by the Fire Department, January 12, 1940."

and

WHEREAS, Violation Number 9481 was issued December 28, 1953 by the Department of Housing and Buildings, for violation of Section C26-183 of the Administrative Code in that the premises are occupied as a garage for the storage of motor vehicles without obtaining a certificate of occupancy as required by law; and

WHEREAS, the applicant states that the owner has sought the removal of the violation issued by the Department of Housing and Buildings, by applying for a certificate of occupancy which application will be approved and a certificate of occupancy issued upon reapproval of the gasoline tank installation; that Alteration Application 1834/53 was amended November 20, 1956 and November 26, 1956 and approved by the Department for the use of the premises as a storage garage for more than 5 motor vehicles, wherein gasoline and oil are sold, and motor vehicles repair shop having not more than 5 employees; and

WHEREAS, the applicant contends that on November 29, 1956 an application for certificate of occupancy was filed and the Fire Department was requested to reapprove the gasoline tank installation; that the Fire Department under date of January 1957, disapproved the gasoline installation stating no reason for its action, although said installation had been approved under Miscellaneous Application 270/39, completed January 4, 1940 under Fire Prevention Application 4074/47, approved October 23, 1947 and Fire Prevention Application 1517/49, approved August 18, 1949; and

WHEREAS, the applicant contends that there has been no change in the gasoline installation other than approved application and the only thing now required is reinspection by the Fire Department; that no objection was raised by

the Department of Buildings with respect to the issuance of the certificate of occupancy; that the Fire Department by its refusal to reapprove the gasoline tank installation is preventing the issuance of the certificate of occupancy; and

WHEREAS, the applicant contends as to Item 2 of the Fire Commissioner's Order, that certified documentary evidence has been submitted to the Fire Department, backed by the records of the Department of Buildings, proving that there was erected on these premises about October, 30, 1939, 2 buildings, one a corrugated steel garage with a concrete floor, and the other a frame office building; that the entrance to the premises was by legal curb cut through a chain link wire fence which completely enclosed the property; that the gasoline tank and pump installation had been made before the erection of these buildings; that additional changes were made in the tanks after the 1 story garage building now on the premises had been erected; that the use of the premises as a gasoline service station and parking for more than 5 motor vehicles was approved by Certificate of Occupancy #25684 issued January 23, 1940; that God's Lighthouse, Incorporated, a mission, was not organized until March 7, 1940 and did not purchase the property adjoining until September 3, 1941, and did not receive a certificate of occupancy for the premises until October 11, 1943; that the Fire Department has also failed to take cognizance of the fact that Combustible Permits were issued by it to owner's premises, both before the present occupancy of the adjoining premises, and without interruption for over 14 years; that this appeal arises from the fact that the Fire Department has failed to act in accordance with the request of the Department of Buildings; that it has ignored its own previous approvals of installations on the premises; that it has arbitrarily asked for evidence of the existence of a storage garage on owner's premises prior to the present occupancy of the adjacent premises; that it is well aware of the fact that the pre-existing uses of owner's premises were lawful and approved both by the Fire Department and the Department of Buildings; that the records of the Fire Department show that the adjacent premises was not so occupied at the time of initial approval of owner's premises; that it is the owner's contention that the premises have suffered and will suffer considerable depreciation in sale and rental value; that the owner will and has already sustained considerable loss thereby; and by reason of possible court fines for a failure to obtain a certificate of occupancy, although same has been duly applied for; and

WHEREAS, the applicant states that the requirements governing gasoline service stations and storage garages, as set forth in Sections C 19-73.0 and C 19-65.0, respectively, are the same as to conditions for establishment; that since evidence has been presented of the valid pre-existing uses of the premises; that the Board is therefore requested that the application be granted.

Resolved, that the decision of the Borough Superintendent, dated April 12, 1957, acting on Order #1463/7, be and it hereby is modified and that the appeal be and it hereby is granted, to permit the existing gasoline selling equipment, as indicated on plans filed with this appeal, marked "Received April 15, 1957, 2 sheets, and "April 17, 1958", 1 sheet, on condition that the gasoline dispensing equipment shall not be increased and that a certificate of occupancy shall be obtained.

APPLICANT—Addie Vallins, Inc., owner.

SUBJECT—Application April 17, 1957—Appeal from an order and a decision of the Borough Superintendent, re interior fire alarm system.

PREMISES AFFECTED—40 West 170th Street, northwest corner of Cromwell Avenue, Block 2871, Lot 94, Borough of The Bronx.

APPEARANCES—

For Applicant: J. D. Assail.

ACTION OF BOARD—Appeal granted on condition.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, Order Number 7442-6 issued by the Fire Commissioner, November 8, 1956, reads:

"An inspection of the above premises shows that a fire drill should be established and maintained therein according to the requirements of Section 279 of the Labor Law specifically charges the Fire Commissioner with the duty of enforcing the provisions of the law, as to fire drills.

"This law also holds the owner of such premises responsible for the proper supervision and maintenance of fire drills. It is therefore your duty to organize and maintain a fire drill in the above premises in accordance with the rules and resolutions of the Board of Standards and Appeals.

"A record of such drills, including the name and number of each certified drill conductor engaged in conducting each drill, the date of each drill, and the number of persons taking part in each drill, shall be transmitted by you or your representative to this office semi-annually.

"All forms necessary will be furnished to your authorized representative when he calls at this office for a Certificate of Fitness as a drill conductor.

"2. Install an adequate electric closed circuit interior fire alarm system of an approved type in accordance with the Interior Fire Alarm Rules of the Board of Standards and Appeals."

and

WHEREAS, the decision of the Fire Commissioner, dated March 19, 1957, reads:

"In reply to your letter of February 21, 1957, which has been delayed pending court action you are advised that the Fire Commissioner is without authority to grant an extension of time to comply with the mandatory provisions of the law. Therefore, your request is denied. You may, however, appeal this decision with the Board of Standards and Appeals within 30 days."

and

WHEREAS, the applicant states that the building is 2 stories, 18 feet in height, 163 feet by 153 feet irregular in area, class 3 construction, erected 1929, located in an unrestricted use, B area, class 1¼ height district, and used and occupied since 1954: Cellar—boiler room, basement—storage of paper goods and machinery, no persons; 1st floor—manufacturing and retailing of candy, 6 persons; 2nd floor—manufacturing of signs, 14 persons; that no change in use or occupancy is now proposed; that the building is equipped with three 4 foot wide steel and concrete stairs, enclosed with concrete and terra cotta, equipped with steel self-closing doors; that stairhall leads to roof bulkhead and direct to street; and

WHEREAS, Certificate of Occupancy issued January 17, 1946 against Alt. Applic. 468/44 permits the following use and occupancy: Cellar—boiler room; basement—factory and shipping, 45 persons; 1st floor—factory, 50 persons; 2nd floor—factory, 25 persons; and contains a note

"Fire Department approval of premises received January 11, 1946";

and

WHEREAS, there was a conviction and fine in Municipal Term Magistrate's Court on the matter involved herein; and

WHEREAS, the applicant contends that the building is only a 2 story building; that the lower floor is a basement, below the level of 170th Street which is the only entrance to both floors and basement; that even on Cromwell Avenue the major part of the basement floor is below grade; that the basement is used solely for storage purposes; that the basement has two means of egress; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Fire Commissioner dated March 19, 1957, acting on Order No. 7442-6, issued Nov. 8,

1956 be and it hereby is *modified* and that the appeal be and is hereby is *granted* to permit omission of the installation of a closed circuit interior fire alarm of the type approved by the Board and fire drill *on condition* that the occupancy of the building shall not be greater than as proposed, namely, a total for both floors of 25 persons; that the building shall not be increased in height or area and shall in all other respects comply with all laws, rules, and regulations applicable thereto; that the type of factory use shall be as proposed, namely, manufacturing of candy on the first floor and the manufacture of signs on the second floor; that a new Certificate of Occupancy shall be obtained; and that this resolution shall apply only as long as the number of occupants and type of occupancy is maintained, as shown on plans filed with this Appeal marked, "Received April 17, 1957," 4 sheets.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 16, 1958 on amendment to Alteration Application 1353/55 reads:

"3. Means of egress should comply with Sections 271 and 273 of the Labor Law.

and

WHEREAS, the applicant states the building is 5 stories 50 feet in height, 25 feet front by 90 feet in depth, Class 3 construction, erected in 1897 located in a business use b area Class 2 height district, and used and occupied since 1952 as follows: cellar—boiler room, no persons; first floor—furniture show room, 1 person; second floor—furniture storage, no persons; third floor—factory, furniture finishing, 4 persons; fourth floor—cabinet maker, using no power saws or power planing equipment, 4 persons; fifth floor—factory, assembly of lamps, 4 persons; that no change in use or occupancy is now proposed; that the building is provided with one 3 foot 8 inch wide interior wood stair enclosed in wood studs, plaster boards and 26 gauge metal equipped with fireproof self closing doors; that stairhall leads to roof bulkhead but not to street; that in addition there is a fire escape on the rear extending to roof by ladder with egress from its lower termination at the rear yard through premises 505 East 80th Street, in the ownership of the lessee of the building in question; and

WHEREAS, Certificate of Occupancy #13136, issued October 24, 1927 against Alteration Application #2193/26 permits the use of the building as a laundry and factory with an occupancy of 30 persons per floor; and

WHEREAS, the applicant states that in 1927 the Fire Commissioner ordered unobstructed egress from lower termination of fire escape, in accordance with Section 273 of the Labor Law and the Board under Calendar Number 475-27-S, modified the order so as to permit the fire escape in the rear to be extended with an iron stair to the yard level with egress therefrom and a horizontal egress leading to 509 East 80th Street; and that the building at 509 East 80th Street was sold and is occupied as a laundry and the horizontal exit leading from the building in question to 509 East 80th Street was closed up and a violation issued for doing the work without a permit; that Building Notice 2604 of 1953 was filed to close up the horizontal exit and the Borough Superintendent required the filing of

MINUTES

an Alteration Application which was done under Alteration Application 1353/55 which is the subject of this appeal; and

WHEREAS, the applicant contends that the present stair is 3 feet wide, of wood construction fire retarded with plaster boards and 26 gauge metal and equipped with fireproof self-closing doors at each floor, this stair leads to the roof; that the existing rear fire escape terminates at the yard level which is the same level as the cellars of 505 and 507 East 80th Street; that it is proposed to create an opening in the wall dividing both yards; that the owner of 505 East 80th Street has given permission to use the rear yard and the building at 505 as an exit from the building in question; that there are existing steps leading from 507 to 509 East 80th Street; that the wooden fence in the rear is low and can be used as a means of egress in addition to that proposed; that the existing certificate of occupancy permits 30 persons per floor and it is now proposed that the occupancy will not exceed 13 people throughout the building; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on amendment to Alt. App. 1353/55, Objection No. 3, and that the appeal be and it hereby is granted, on condition that the means of exit shall be maintained as proposed and shown on plans filed with this appeal, marked "Received April 17, 1957", 1 sheet, and "April 22, 1957", 2 sheets; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the stairway from the second to the first floor, leading to the street and enclosing partitions, shall be fire-retarded and the door leading thereto from the main portion of the first floor shall be made fireproof, self-closing and the number of occupants shall not exceed thirteen as proposed.

APPLICANT—Hetkin, Jervis and Hetkin, for Golf House, Inc., owner.

SUBJECT—Application December 24, 1957—Appeal from a decision of the borough superintendent, re Class 3 construction—public use.

PREMISES AFFECTED—40 East 38th Street, south side, 80 feet west of Park Avenue, Block 767, Lot 43, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum and Philip L. Winter.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 2, 1957, on Alt. Applic. 982/56, reads:

"1. Proposed occupancy on 3rd and 4th floors of 'club rooms' in a class III bldg. is not permitted by 4.2.1 B.C."

and

WHEREAS, the applicant states that the building is 4 stories and basement, 56 feet in height, 25 feet front by 73 feet 1¼ inches in depth at street level, 25 feet front by 62 feet in depth at typical floor level, of class 3 construction, erected prior to 1901, located on a lot 25 feet front by 98 feet 9 inches in depth, in a residence use, B area, class 1¼ height district, and used and occupied since 1951 as follows: Cellar—boiler room and storage, no persons; basement—club rooms and reception hall, 3 persons; 1st floor—club library and staff room, 20 persons; 2nd floor—club, board staff and coat room, 12 persons; 3rd floor—apartment; 4th floor—apartment; that for which use and occupancy Certificate of Occupancy #38492 was issued May 14, 1951 against Alt. Applic. 1208/50; that the building is now proposed to be altered and used and occupied as follows: Cellar—boiler room and storage, no persons; basement—club rooms and reception hall, 8 persons; 1st floor—club library and staff room, 6 persons; 2nd floor—club, board staff, coat room and museum, 6 persons; 3rd floor—club room, 4 persons at front, rear—1 apartment; 4th floor—1 apartment at front and club room rear, 4 persons; that the building is provided with 2 interior 3 foot wide wood stairs, partly fireproof enclosed at basement and enclosed with metal lath and plaster above; that the stair doors are part wood and part fireproof self-closing; that stairhall leads direct to street at west side and is provided with a ladder and scuttle to roof; and

WHEREAS, the applicant states that in 1950 the building was altered so that the lower floors could be used by the U. S. Golf Association and the premises were adapted for use as club rooms, as a golf museum and library for the general use of the U. S. Golf Association incidental thereto; that the 2 upper floors were made available for apartments and Certificate of Occupancy #38492 was issued May 14, 1951; that the building was classified as a converted class A Multiple Dwelling; and

WHEREAS, the applicant contends that the building is of substantial construction; that the basement, 1st floor and 2nd floor formerly a triplex apartment have their own stairway and an additional stairway enters directly from the street at the basement level and serves all floors; that while the stairway enclosure is not classified as fire retarding, it has a separate partition at the basement that is 6 inches thick and is fireproof; that the enclosing partitions are solidly built of lath and plaster; that at the 1st floor one door is fireproof self-closing and the other is a substantial oak door; that the cellar stairs are enclosed in fireproof partitions with fireproof door at the bottom; that all doors to the stairhall are self-closing; that the westerly stairway has been protected with a Multiple Dwelling Law type sprinkler system; that no physical changes are contemplated; that the 2 upper floors are approved for 2 apartments a floor; that it is not intended to make any alteration; that it is proposed

MINUTES

to use the front apartment on the 3rd floor and the rear apartment on the 4th floor for additional club space; that actually there will not be any more occupants using the club room on each of the 3rd and 4th floors, because of the proposed change; that in view of the limited nature of the changes proposed, the small number of occupants, the protection already afforded, the sprinkler system throughout the stairway and the small area of the building, it is therefore requested that a variance be granted to permit the use of the 3rd and 4th floors as proposed; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 982/56, Objecion No. 1 be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, to permit the occupancy of the third and fourth floors as proposed, as club rooms, as proposed and as shown on plans filed with this appeal marked "Received December 24, 1957," 1 sheet, showing a portion of such floors to be used as club rooms and the balance of floors for apartments *on condition* that in all other respects the building and occupancy shall comply with the Multiple Dwelling Law and resolution applicable thereto.

87-58-A

APPLICANT—Donald J. Colasono, for The Greek Orthodox Church of Flushing, owner.

SUBJECT—Application February 28, 1958—Appeal from a decision of the Borough Superintendent, re Class 4 construction, change from residence use to School.

PREMISES AFFECTED—42-67 147th Street, southeast corner of Beech Avenue, Block 5379, Lots 4, 6 and 7, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Milton D. Petrides.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 17, 1958, on Alt. Applic. 147/58, reads:

"1—Proposed change in use of a Pastor's house to a school and caretaker's apartment in a frame structure more than one story in height and more than 600 square feet in area is contrary to 4.2.1 of the B.C.

2—Provide public hallway to comply with 6.1.2.4(d-5) and C26-81.0 of the B.C."

and

WHEREAS, the applicant states that the building is 2½ stories, 26 feet in height, 21 feet front by 41 feet in depth at 1st floor, 30.5 feet at 2nd floor, of class 4 construction, erected 1927, located in a residence use, E-1 area, class 1 height district, and used and occupied since 1927: Cellar—storage, boiler room and Pastor's office, 1 person; 1st floor—1 apartment using 1st and 2nd floors combined; attic—storage; that it is now proposed to be used and occupied: Cellar—storage, boiler room and Pastor's office, 1 person; 1st floor—4 classrooms for Sunday School, 44 persons; 2nd floor—caretaker's apartment, 2 persons; attic—storage; that the building is provided with one 3 foot wide interior wood stairs, enclosed in partitions of lath and plaster, equipped with wood doors at exterior only; that stairhall leads direct to street but not to roof; and

WHEREAS, the applicant states that the existing building is now used as a Pastor's residence; that it is of no use to the Church except as a 1 story dwelling; that the Board of Directors purchased another dwelling for the Pastor under the assumption that the existing building could be used for Sunday School classrooms and caretaker's residence; and

WHEREAS, the applicant states that the only work involved would be minor, consisting of converting the 1st floor rooms to a Sunday School with 2 exits; that the 2nd floor could be used without change except that a kitchen would be added and the 2nd floor would be used for caretaker's residence; and

WHEREAS, the applicant contends that to insure the safety of children, adult supervision will be maintained at all times when the building is occupied; that fire extinguishers are located in each room on the 1st floor; that the existing space in the cellar of the Church is inadequate for proper Sunday School facilities; that due to existing financial conditions the Church hopes that it will be able to obtain the use of the building for a Sunday School, as it would be an extreme hardship if the building had to be vacated and of no use to the Church; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated February 17, 1958, acting on Alt. Applic. 147/58 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the premises shall be arranged and maintained as proposed and indicated on plans filed with this appeal marked, "Received February 28, 1958", 6 sheets; that the building shall not be increased in height or area; that the occupancy of the building shall be as proposed and granted for a term of one year from the date of this resolution; that the occupancy of the first floor shall be only for the use as proposed, namely for a Sunday School, with the remainder of the building used as a caretaker's apartment; and that on the front and rear exterior stairs there shall be a double handrail adjusted to the height of the children on both sides of the stairs.

261-58-A

APPLICANT—Sol Oberwager, for I.B.M. World Trade Corp., owner.

SUBJECT—Application April 25, 1958—Appeal from a decision of the Borough Superintendent, re signs, in vicinity of United Nations Headquarters.

PREMISES AFFECTED—821 UN Plaza, and 350 East 46th Street, southwest corner, Block 1338, Lot 30, Borough of Manhattan.

APPEARANCES—

For Applicant: Sol Oberwager.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 22, 1958 on E. S. Applics. 261 and 262 of 1958; reads:

"3. Sign not permitted in vicinity of U.N., as per Board of Estimate Cal. No. 141, 1947, D41-28.0(d) Adm. Code."

and

WHEREAS, the applicant states that the building is 11 stories, 124 feet 10 inches in height, 60.5 feet by 100 feet in depth, of class 1 construction, erected 1957, located in a restricted retail use, B area, class 1½ height district and used and occupied since 1957; Cellar—storage and mechanical equipment, 25 persons; 1st floor—offices, 10 persons; 2nd floor—offices, 120 persons; 3rd floor—offices, cafeteria, kitchen, 199 persons; 4th to 11th floors inclusive—offices, 120 persons each floor; penthouse—mechanical equipment, 2 persons; that for which Certificate of Occupancy #48440 was issued December 20, 1957 against N. B. Applic. 190/55; and

WHEREAS, this is an application for the approval of the erection of a sign 2 feet 5 inches by 40 feet long on the United Nations Plaza front and a sign 1 foot 8 inches by 18 feet long on the East 46th Street front, filed pursuant

MINUTES

to the power vested in the Board by Section 6 of the Resolution adopted by the Board of Estimate, May 8, 1947, pursuant to the provisions of Section D41-28.0 of the Administrative Code as added by Chapter 23 of the Laws of 1947 and amended by Chapter 541 of the Laws of 1947; and;

WHEREAS, subdivision d of Section D41-28.0 of the Administrative Code, reads:

"d. To insure the beauty of the area to be used for the United Nations' headquarters and the approaches thereto and to promote the general welfare of the people of the city and state of New York; to insure the safe and orderly conduct of such United Nations and to protect the useful and desirable purpose of the same and to provide for the safety, convenience and comfort of officials, delegates, personnel and visitors to the same, such Board of Estimate shall have power to regulate and limit signs, billboards and advertising devices, and shows, exhibits, amusements and displays in the area of Queens and New York Counties contiguous to fronting upon or surrounding the lands occupied by the United Nations and any violation of such regulations shall be a misdemeanor."

and

WHEREAS, Section 2 of the Resolution adopted by the Board of Estimate May 8, 1947, reads:

"2. No business, amusement or advertising signs, billboards, exhibits, displays or devices shall be established thereafter in the Borough of Manhattan on or within 100 feet of the following: First Avenue from the north side of 38th Street to the south side of 52nd Street, inclusive; 47th Street from the west side of First Avenue to the east side of Second Avenue; and 48th Street from Second Avenue to the East River, except as provided in Section 6."

and

WHEREAS, Section 6 of such Resolution of the Board of Estimate reads:

"6. The Board of Standards and Appeals is hereby authorized for such period and upon such conditions as will not violate the purposes of those regulations, to waive the application of the provisions of these regulations by approving the establishment of signs, billboards, exhibits, displays and other devices in any of the areas outlined above. Such approval shall be given only upon the submission to such Board of Standards and Appeals of specific plans in such detail as it shall request as to the particular sign, billboard, exhibit, display or device for which approval is sought."

and

WHEREAS, a public hearing was held on this application by the Board of Standards and Appeals Tuesday, July 15, 1958 at 2 P.M. in Room #1013, Municipal Building, Manhattan, after due notice by publication in the Bulletin of the Board; and

WHEREAS, notice of such hearing was given by regular mail to the City Construction Coordinator and to the Director of the Building Management Services of the United Nations Headquarters; and

WHEREAS, the application states one of the signs reading, "IBM WORLD TRADE CORPORATION" will be installed at the 2nd floor level, directly over the entrance of the building on the United Nations Plaza side, and one sign will be installed over the 46th Street entrance to the building, also reading "IBM WORLD TRADE CORPORATION"; and

WHEREAS, the applicant contends that the signs will serve to identify the building and will consist of individual letters of stainless steel with white neon tubing in back of each letter; that the signs will be dignified in design and will not be of the flashing type and will not create glare; that the 46th Street entrance of the building is used primarily by vendors and delivery men; that it would be extremely difficult to identify the building by the use of cut-out letters mounted behind the glass at street level, since these windows are recessed six feet behind the building line due to the

cantilever construction of the building which cast dark shadows; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended that the appeal be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated April 22, 1958, acting on E. S. Applics. 261 and 262/58 be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the erection of the sign above the first floor windows as indicated on plans filed with this appeal, marked "Received April 25, 1958". 1 sheet, and "June 24, 1958", 3 sheets, *on condition* that the proposed sign shall be of separate metal letters attached directly to the masonry, as shown; that a smaller sign of the same wording, called "Sign No. 2" may be erected on the East 46th Street side in the same general location and with the same requirements as to sign and location of the lettering.

283-58-A

APPLICANT—Abraham Grossman, for Grenalt Co., Inc., owner.

SUBJECT—Application May 5, 1958—Appeal from a decision of the Borough Superintendent, re legal hood and chimney on range required.

PREMISES AFFECTED—79-83 Pine Street, south side, from Water to Pearl Streets, 128-132 Water Street and 164-168 Pearl Street, 1st floor, Block 39, Lots 8, 9, 10 and 36, Borough of Manhattan.

APPEARANCES—

For Applicant: Abraham Grossman and Theodore O. Malvin.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 10, 1958 on B.N. Applic. 3760/57, reads:

"3. Provide legal hood and chimney for range as per 11.3.12 B.C."

and

WHEREAS, the applicant states that the building is 12 stories in height, 174 feet front by 63 feet in depth, of class 1 construction, erected 1957, located in an unrestricted use district, A area, class 2 and 2½ height district, and used and occupied since 1957 as follows: Cellar—garage for more than 5 cars for tenants use and storage, 5 persons; 1st floor—stores, 50 persons; mezzanine—office and mechanical equipment, 50 persons; 2nd floor—trading floor and offices, 180 persons; 3rd floor—offices, 60 persons; 4th to 12th floors—offices, 100 persons each floor; that the building is provided with a one-source sprinkler system in the garage and the garage entrance; that there is an approved standpipe system; that there are 2 interior fireproof stairs from roof bulkhead to street; and

WHEREAS, Certificate of Occupancy #48958 Temporary, issued April 12, 1958 against N.B. Applic. 50/55 permits the present uses and occupancy; and

WHEREAS, Violation #1795-58 was issued February 20, 1958 for installing a luncheonette in the corner store and cooking ranges without obtaining a permit therefore; and

WHEREAS, the applicant states that a restaurant seating less than 75 persons was opened in the corner store with the kitchen in the cellar; that plans filed called for a horizontal duct running from the ventilating hood to the street line on the store ceiling; that the Department accepted this method of ventilating the hood over the range in the past and under the present Building Code; that last year the Department decided to change its policy and interpret Section 11.3.12 so that all ranges would require a masonry chimney terminating at the roof of the building; and

WHEREAS, the applicant states that all ventilating hoods are connected to a ventilating flue terminating in a dis-

MINUTES

charged louver at the building line; that this flue is connected only to the ventilating hood of the luncheonette; that all ventilating hoods are provided with grease filters as required by the Administrative Code; that duct penetrations in the ceiling and wall are protected with approved fire dampers; that the ranges used in this luncheonette are low temperature heating devices; and

WHEREAS, the applicant contends that to construct a chimney running vertically to the roof is impossible as the building covers the entire lot and no provision has been made for a flue or chimney to run vertically; that Section 10.3.12 has not been changed since its adoption in 1938; that the building was designed and erected in accordance with the prior interpretation of this Section; that the present restaurant was equipped at a cost of approximately \$50,000; that it is difficult to conclude how a masonry chimney running vertically would present a less hazardous condition than a metal duct properly enclosed terminating at the building line, particularly when the fire damper automatically prevents the fire from spreading through the duct, and this duct is surrounded by fireproof construction; and

WHEREAS, the applicant has filed with this appeal a copy of a report of consulting engineers, stating that the exhaust fan provided is capable of removing 5820 cubic feet per minute from the restaurant spaces as follows: Basement range hood is 1580 CFM; 1st floor—range hood, 2860 CFM; 1st floor—coffee urn, 500 CFM; 1st floor—dishwasher, 880 CFM; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended that the appeal should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on B.N. Applic. 3760/57, Objection 3, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

311-58-A

APPLICANT—Goldwater and Flynn, for Philip Spear, owner.

SUBJECT—Application May 19, 1958—Application to review a decision of the Borough Superintendent as to alteration in excess of 50% of valuation of buildings, sufficient to constitute a new building.

PREMISES AFFECTED—169-171 East 77th Street, north side, 150 feet west of 3rd Avenue, Block 1412, Lots 29 and 30, Borough of Manhattan.

APPEARANCES—

For Applicant: Max Wechsler, William Schwartz and Richard Goldwater.

ACTION OF BOARD—Appeal granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 7, 1958 on amendment to Alt. Applic. 1050/57 reads:

"5/7/58 Objection C-1. The extent of the proposed alteration is sufficient to constitute a new building. The building must therefore comply with all the requirements for a new building."

and

WHEREAS, the applicant states that the premises consist of 2 separate lots, each 25 feet front by 102 feet 2 inches in depth, upon each of which there exists a 5 story, 55 foot high, class 3 constructed building, 25 feet front by 75 feet 6 inches in height, erected 1890, located in a residence use, B area, class 1½ height district, and used and occupied since 1891 as a Class A Multiple Dwelling, 2 apartments each floor; that the buildings are proposed to be altered, extended and combined into one building, 5 stories, 54 feet in height, 50 feet front by 86 feet 8 inches in depth, in class 3 construction and used and occupied as a Class A Multiple Dwelling with 7 apartments on the 1st floor and 8 apartments on each story above the 1st floor; that the

building will be provided with one 3 foot wide steel stairs with cement treads enclosed in 8 inch blocks and 4 fire escapes, located front and rear extending to roof by ladder and to street and yard by ladder; and

WHEREAS, the applicant contends that there is no provision in the Administrative Code which gives the Borough Superintendent the authority to issue the objection herein appealed; and

WHEREAS, the applicant states that alteration application and plans were filed for 169 East 77th Street on July 23, 1957 and approved December 24, 1957; that thereafter the owner acquired title to 171 East 77th Street and on March 14, 1958 filed amended alteration plans to include both buildings; that the work to be done on the combined plans were similar in nature to the work proposed to be done on the approved plans relating to the single building 169 East 77th Street; and

WHEREAS, the applicant contends that the plans for the combined buildings comply in all respects with the provisions of the Zoning Law, Building Code and Multiple Dwelling Law; and

WHEREAS, the applicant contends that alteration application similar to the one in question has been accepted and approved by the Department for many years; that there has been no requirements that such plans be filed as new building plans; that the owner of the premises in question purchased the property, arranged for mortgage commitments and entered into contracts for completion of the alteration in accordance with the plans as filed; that the sudden and abrupt change of the Building Department rejecting the plans as alteration plans and requiring compliance with the Building Code for a new building is in effect a deprivation of the property rights of the owner without due process of law; and

WHEREAS, the applicant further contends that the arbitrary and capricious action of the Borough Superintendent seriously affects the buildings in question and many other buildings throughout the City which are being similarly altered and for which plans have been filed with the Department; that the action of the Borough Superintendent is based solely on his opinion and not on any section of the law which would grant him the right to issue the objection in question; that the action of the Borough Superintendent has brought to a standstill substantially all alteration work similar in nature to the instant application; that this will tend to eliminate the conversion of slum areas into urban improvements by private capital in this type of work; that similarly a large segment of the building trade industry will be denied work at this time when all public agencies are cooperating in attempts to create employment in this area; and

WHEREAS, the premises were inspected by a committee of the Board; the Board finds that the scope of alteration work proposed and the amount of masonry walls, floors and roof which will be disturbed but not removed constitutes an alteration within the meaning and intent of administration Code Section C26-11.0; and

WHEREAS, the Board also finds that interpretations enforced by the Building Superintendents imposing requirements at variance with section C26-11.0 are a nullity and of no lawful force and effect; the Board is passing in no way on any question other than that appealed from.

Resolved, that the decision of the Borough Superintendent, dated May 7, 1958, acting on amendment to Alt. Applic. 1050/57, Objection C-1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, as the Board rules that the proposal constitutes an alteration to the building and is not sufficient to require construction as a new building; that the applicant states the floors, roofs and interior masonry walls will be retained, and that the front wall would be retained if it were not for the fact that they desire to reconstruct an entirely new front wall for appearance sake and that the rear wall would be retained were it not for the extension which is permitted under the Zoning Resolution.

340-58-A

APPLICANT—Merrill and Holmgren, architects for Brighton Heights Reformed Church.

SUBJECT—Application May 28, 1958—Appeal from a decision of the Borough Superintendent, re frame structure—stair enclosure.

PREMISES AFFECTED—322 St. Marks Place, southwest corner of Fort Place, Block 16, Lot 68, St. George, Borough of Richmond.

APPEARANCES—

For Applicant: Herbert W. Holmgren and Frederick R. Roberts.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper. 4

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 6, 1958 on Alt. Applic. 137/58, reads:

"2. Repeated—Enlargement of frame structure erected before Jan. 1, 1938 must be of Class 1, 2 or 3 construction if within the tabular limits of Sect. C26-254.0 Adm. Code. This prohibits extension of frame construction, Class 4 or Class 3 on account of area limit C26-250.0 b.c.

"4. Stair enclosure must have fire resistive rating of 3 hours C26-732.0 subdiv. a Adm. Code.

"Note: Present balcony mezzanine will be expanded to a separate floor since it exceeds 2500 sq. ft."

and

WHEREAS, the applicant states that the building is 55 feet front by 133.4 feet in depth, 2 stories in height, of class 4 construction, located in a retail use, C area, class 1½ height district, erected 1882, and used and occupied since erection as follows: Cellar—heating plant and crawl space; 1st floor—church and Sunday school, 575 persons; 2nd floor—church balcony and Sunday school, 130 persons; that it is proposed to be increased to 67 feet front by 133.4 feet in area, in class 4 construction, and used and occupied without change except for the 2nd story will be used as a church balcony and Sunday school with an occupancy of 188 persons; and

WHEREAS, the applicant states that the building now has a Public Assembly Permit expiring January 28, 1959, permitting the occupancy of the Social Hall by 180 persons; that the present religious educational program is handicapped by a lack of space; that existing exit facilities particularly for the educational wing are not satisfactory; that toilet facilities are inadequate; that the balcony stair in the church is narrow and has winders; and

WHEREAS, the applicant states that it is proposed to remove the present balcony on the mezzanine in the center area of the educational wing; that it will construct a new 2nd floor, replacing this balcony extending to exterior wall with steel columns and girders, wood joists and wood floor with vermiculite ceiling below; that the increase in floor area will be 975 square feet; that the present wood stairs would be removed increasing the usable 2nd floor area by 200 square feet; that the 2 small rooms on the side of the chancel will no longer be used; that the usable floor area will thus be decreased by 300 square feet; that the total usable 2nd floor area for occupancy after the proposed alteration in the educational wing will be 2530 square feet; that it is proposed to construct a new 4 foot stair on both sides of the building to be of fireproof construction with 1 hour enclosures and 1½ hour roof construction; that these stairs will be steel and will be provided with 1 hour self-closing doors leading thereto; that it is also proposed to remove the existing winding wood stairs to church balcony; that it will construct new stair enclosures and 4 foot stair outside the existing building of wood construction; that this stair will extend from 1st floor to balcony and will lead to new toilet facilities constructed below the church; and

WHEREAS, the applicant contends that the existing building although legally non-conforming has certain conditions which it proposes to improve; that the increase in floor area will

aid the church greatly in its program; that the building cannot be expanded on the property because of lack of ground space; that there is no adjoining property available; that the exit facilities as proposed will be much safer for the children, particularly those occupying the 2nd floor; that the great increase in safety outweighs the 44% increase in occupancy of the 2nd floor; and

WHEREAS, the premises was inspected by a committee of the Board; and the Committee recommended that the appeal should be granted with conditions.

Resolved, that the decision of the Borough Superintendent, dated May 6, 1958, acting on Alt. Applic. 137/58 be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the reconstruction of the existing mezzanine to a floor and the reconstruction of two enclosed stairs leading thereto as proposed and indicated on plans filed with this appeal marked, "Received May 28, 1958," 2 sheets, showing the existing conditions and "May 28, 1958," 5 sheets, showing proposed conditions *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that this variance shall be continued only as long as the building is used as a church and for church purposes.

341-58-A—Vol. II

APPLICANT—Tobias Goldstone for Young Israel of Flatbush, owner.

ACTION OF BOARD—Appeal granted on condition.

SUBJECT—Application reopened July 22, 1958 as Vol. II—Appeal from a decision of the Borough Superintendent re: change in occupancy to public use, inadequate capacity of stairs, non-compliance of horizontal exit.

PREMISES AFFECTED—1300-1308 Coney Island Avenue, west side, 320 feet north of Avenue J, Block 6523, Lot 85, Borough of Brooklyn.

APPEARANCES—

For Applicant: Tobias Goldstone and Elias Heller.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Foley 3

Negative: Commissioner Kleinert, Commissioner Sleeper 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 17, 1958 on amendment to Alt. Applic. 859/58 and Alt. Applic. 1476/58, reads:

"1. In the class 3 structures four stories in height (three stories & basement) the change in occupancy to public use and the extension of the building at rear and sides in class 3 construction for public use is contrary to 4.2.1 of Adm. Code.

2. The capacity of the two stairs is inadequate for the occupancy based on the number of persons to be provided for under 6.1.2.3.

3. The horizontal exit provided on the third floor does not comply with 6.6.1. (2) in that the clear floor space provided (excluding the area of the apartment) is not adequate for the occupants of both buildings."

and

WHEREAS, the applicant states that the building is 3 stories and basement, 40 feet in height, 20 feet and 60 feet front by 90 feet and 100 feet in depth at street level, 90 feet in depth at typical floor level, of class 3 construction, erected 1926 and 1927, and used and occupied since 1942 and 1949 as follows: North Building—cellar—boiler room; basement—storage; 1st floor—showroom; 2nd floor—furniture gluing and finishing; 3rd floor—upholstering and sewing; South Building—basement—shipping room; 1st floor—stock room; 2nd floor—furniture manufacturing; 3rd floor—storage; and

WHEREAS, the applicant states that the North Building at 1300 to 1306 Coney Island Avenue was directed under N. B. Applic. 14398/26 and Certificate of Occupancy #46633 was issued September 22, 1927 for the following

MINUTES

use and occupancy: Cellar—boiler room; basement—pool and turkish room; 1st floor—office and lounge room; 2nd floor—locker room; 3rd floor—dormitory; that the South Building at 1308 Coney Island Avenue was erected under N. B. Applic. 236/27 and Certificate of Occupancy 46634 was issued for the following use: Basement—Gymnasium; 1st floor—recreation and billiard rooms; 2nd floor—locker room; 3rd floor—lounge; that these buildings were erected as public buildings under Section 72-B of the Old Building Code, and were so occupied until 1942 when they were altered under Alt. Applic. 1724 and 1725 of 1942 and again under Alt. Applic. Nos. 4054 and 4055 of 1949, for furniture storage and factory, and Certificate of Occupancy Nos. 133569 and 139105 were issued for the following use: Cellar—boiler room; basement—storage; 1st floor—furniture showroom and office; 2nd floor—furniture gluing and finishing; 3rd floor—upholstering, sewing and storage; and

WHEREAS, the applicant states that the present owner purchased the buildings in 1955 for use for religious teaching and recreation facilities in conjunction with the existing school and synagogue located at 1252 Coney Island Avenue; that it is now proposed to use and occupy 1300 to 1306 Coney Island Avenue as follows: Cellar—boiler room; basement—pool and turkish room; 1st floor—library, assembly and offices; 2nd floor—class rooms; 3rd floor—classrooms and club rooms; that it is now proposed to use 1308 Coney Island Avenue as follows: Basement—bowling alleys; 1st floor—kitchens and check room; 2nd floor—class room and office; 3rd floor—caretaker's apartment and office; and

WHEREAS, the applicant states that it is proposed to install a 4 foot iron stairs within a 3-hour enclosure in the North Building and install horizontal exits on the 1st, 2nd and 3rd floors a 3-hour passageway across the court between the North and South Buildings; that the 3rd floor exits will accommodate 120 persons on two 3 foot 8 inch stairs; that however, with the installation of a 4 foot stair in the North Building, it is requested that the Board approve the exits for the number of occupants requested; and

WHEREAS, the applicants contends that the presumptive occupancy required to be shown by the Borough Superintendent in accordance with Section 6.1.2.3. as indicated on plans filed with this appeal thus "A" will not be the actual occupancy; that the actual occupancy of each space will be as shown on plans filed with this appeal thus "B"; and

WHEREAS, the applicant states that it is proposed to erect all partitions as indicated on plans of studs, rock lath and plaster both sides to create rooms and corridors; that it is proposed to remove the rear wall in the basement of the South Building and to erect a brick extension, to provide room for proposed bowling alley; that it is proposed to install a fire alarm system in accordance with the requirements therefore; that all ceilings throughout both buildings will be fire retarded, except the ceilings of basement and cellar in the North Building, which are now fireproof; that it is proposed to glaze all windows opening on the court with fireproof self-closing wire glass; that it is proposed to install sprinkler heads fed from the domestic water supply in the kitchens on the 1st floor of the South Building; and

WHEREAS, the applicant contends that inasmuch as these buildings were originally erected as public buildings, and it now proposed to reoccupy them as public buildings, it is requested that the Board grant this appeal; and

WHEREAS, the applicant states that the proposed occupancy of the combined buildings will be as follows: Basement—40 persons; 1st floor—250 persons; 2nd floor—188 persons; 3rd floor—150 persons; and

WHEREAS, the premises was inspected by a committee of the Board; and the Committee recommended that the appeal should be granted upon revised plans.

Resolved, that the decision of the Borough Superintendent, dated July 17, 1958, acting on Alt. Applic. 1476/58 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the construction, maintenance and arrangement of the building shall be as proposed on revised plans marked, "Received July 3, 1958," 7 sheets, and

that the building shall not be increased in height or area and shall be used only for the purpose as proposed only as long as the requirements of this resolution are complied with and that a new certificate of occupancy shall be obtained.

369-58-A

APPLICANT—Leo M. Zamory, for Our Lady of Mercy Church.

SUBJECT—Application June 11, 1958—Appeal from a decision of the Borough Superintendent, re frame building, public use, live load, stairways.

PREMISES AFFECTED—2493 Marion Avenue, west side, 172.32 feet north of East 188th Street, Block 3023, Lot 54, Borough of The Bronx.

APPEARANCES—

For Applicant: Leo M. Zamory.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper... 4

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 10, 1958, on Alt. Applic. 379/58, reads:

"1. Public building over one story within fire limits is contrary to 4.3.1 B.C.

"2. Sleeping quarters above 2nd story is contrary to 4.1.3. subd. 5 B.C.

"3. 100 square feet L.L. for floors as per 7.3.2.2.5 B.C.

"4. Means of egress are contrary to 6.1.2.2.1 B.C.

"5. Stairway as a required means of egress is contrary to 6.4.1.1.B.C."

and

WHEREAS, the applicant states that the building is 2½ stories and basement, 33 feet in height, 20 feet front by 52 feet in depth at street level, 20 feet by 36 feet in depth at 2nd floor level, of class 4 construction, erected 1905, located on a lot 25 feet front by 78 feet in depth, in a residence use, B area, class 1¼ height district, and used and occupied since erection as follows: Basement—2 car garage and boiler room; 1st, 2nd and attic stories—1 family; that it is proposed to be used and occupied as follows: Basement—work shop and boiler room, 8 persons; 1st floor—club room, coat room and toilet, 25 persons; 2nd floor—study, card room, reading room and toilet, 30 persons; attic—caretaker's apartment, 2 persons; that the building is provided with one 3 foot wide interior wood stairs enclosed in one hour partitions, equipped with hardwood oak self-closing doors, stair-hall leads direct to street but not to roof; that in addition there is one fire escape on the rear extending to the side; that fire escape extends to roof by 45 degree stair; that egress from its lowest termination to the street is through a concrete paved side court; and

WHEREAS, the applicant contends that the actual proposed limited use of the building is different from that generally accepted as a public building; that the building will be used for the exclusive use of mature male parishioners for reading, playing cards and watching television, etc.; that the number of occupants will be far below the number of persons computed on the basis of 10 persons per square foot as prescribed in the code; that there will be no dancing, parties or other events which will attract other than the regular occupants; that no cooking facilities will be provided on the floors used for public occupancy; that the presence of the caretaker in the proposed attic apartment will provide supervision on the premises; and

WHEREAS, the applicant states that it is proposed to fire retard the basement ceiling; that it will discontinue the existing 2 car garage in the basement; that it will enclose the stairhall with fire retarded partitions from basement to attic; that it will rehang and make self-closing the doors opening into the stairhall; that it will construction a new fire escape with access balconies at attic level for care-

MINUTES

taker's apartment and at 2nd floor level; that these fire escape stairs will be 45 degree and will terminate in the southerly side court at the front of the building; that 2 sprinkler heads connected to the domestic water supply will be installed in the coat room; that the existing exterior walls will be fire retarded with an additional layer of plaster board applied over the existing plaster finish, with the exception of the north wall is now brick filled; that exit signs and lights will be installed; that existing masonry entrance steps will be rebuilt and will be adequately lighted; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated June 10, 1958, acting on Alt. Applic. 379/58, Objections 1, 2, 3, 4 and 5, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building shall be arranged and constructed as indicated on plans filed with this appeal, marked "Received June 11, 1958", 11 sheets, that the building shall not be increased in height or area; that the exits provided and means of reaching the fire escape on the second story shall be changed so that the extension of the fire escape shall be extended further in length at least five feet and the present window shall be changed to a door and such door shall swing outward so as not to interfere with the stair exit to grade.

351-57-A

APPEARANCES—

For Applicant: Paul Gordon.

ACTION OF BOARD—Application reopened for approval of working drawings in accordance with the resolution of the Board, adopted March 18, 1958.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on March 18, 1958, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution and submitted working drawings, for approval by the Board, as being in substantial compliance with the requirements of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *approve* working plans as in accordance with the resolution adopted by the Board on March 18, 1958. (N.B. 3097/35)

916-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Mary Marano and Richard Carbisiero, owners.

SUBJECT—Application for consideration—reopening for amendment of resolution, size of buildings—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7c and 21 of the Zoning Resolution, permitting in a residence use D area district, the proposed partial demolition, reconstruction and extension of use of existing restaurant, bar and grill, cabaret, banquet and meeting rooms and one family dwelling on 2nd floor, to restaurant bar and grill, cabaret and banquet and meeting rooms, brides waiting rooms, proposed extension to exceed permitted coverage.

PREMISES AFFECTED—21-01 to 21-13 24th Avenue and 23-83 to 23-91 21st Street, northeast corner, Block 876, Lots 12 and 14, Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE of July 22, 1958—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 18, 1956, on certain conditions; and

WHEREAS, the resolution was amended on November 26, 1957; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 18, 1956

MINUTES

as thereafter *amended* by resolutions adopted through November 26, 1957, by adding thereto:

"that in the event the owner desires to change the size of the building from 125 ft. by 100 ft. to 125 ft. by 103 ft. and reduce the size of the extension from 23 ft. 6 in. by 37 ft., 19 ft. by 27 ft. such change of size may be permitted; and interior arrangements may be changed as proposed and as shown on revised plans marked 'Received July 1, 1958', 5 sheets; as passed on by the Borough Superintendent under Alt. App. 1640-55, disapproved June 26, 1958, on condition that the rearrangement of the floor shall be in accordance with the revised plans above referred to; and that in all other respects the requirements of the resolution above cited shall be complied with and the resolution adopted this day under Cal. No. 917-55-A shall be complied with."

917-55-A

APPLICANT—Lama, Proskauer and Prober, for Mary Marano and Richard Corbisiero, owners.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Appeal from a decision of the Borough Superintendent;—re frame building, business use; previously granted on condition.

PREMISES AFFECTED—21-01 to 21-13 24th Avenue and 23-83 to 23-91 21st Street, northeast corner, Block 876, Lots 12 and 14, Astoria, Borough of Queens.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 11, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 6, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in business and residence use, B area class 1¼ height districts; that there has been no change in zoning since 1916; and

WHEREAS, the decision of the Borough Superintendent, dated January 22, 1958 acting on Alt. Applic. No. 54-58, reads:

"1. The change of use of that specific portion of the plot within the residence use district from theatre to

MINUTES

supermarket is contrary to Ca. #574-21-BZ and Art. II Sect. 3 of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 221 feet 9 inches frontage by 160 feet, 147 feet and 155 feet in depth; that it is proposed to remove all interior theatre fixtures, seats and appurtenances; grade the floor to first floor level; erect new entrances to the market on Jerome Avenue and on Kingsbridge Road; enclose the side yard for use as storeroom and re-finish the interior with the most modern flooring, fixtures and lighting; and

WHEREAS, the applicant states that the original corner plot in 1921 was 147 feet 3 inches on Jerome Avenue and 160 feet on Kingsbridge Road; that the present plot is 221 feet 9 inches on Jerome Avenue by 160 feet; that the subject area, which is in the residence use district, is less than 4% of the area of the lot, and this said area, which will be used as part of the food market, is inside of the existing building and is entirely enclosed with unpierced walls; and

WHEREAS, the applicant further states that to the south Kingsbridge Road is 100 feet wide and in a business use district; that to the west, Jerome Avenue is 100 feet wide, in a business district; that the noisy elevated subway structure is overhead, the Armory is directly across the street and a school yard is on the northwest corner of 195th Street; that to the north, along the east side of Jerome Avenue, the front of the plot is used for stores, the rear building is used for garage and ignition repair shop and the open yard area is used for unlimited parking; that to the east the unpierced theatre wall lining the adjoining residence use district will remain undisturbed as the unpierced wall for the food market; that no immediately adjoining residence properties would be affected in any manner different than by its present use inasmuch as all business activity will be confined within the unpierced walls of the building; that as regards the business area, there has been no appreciable change in the character of the neighborhood, except for 35 years of depreciation; and

WHEREAS, the applicant contends that the financial plight of the owner of the small moving picture theatre is well understood; that this owner, after several years of negotiation, has succeeded in obtaining a responsible chain store to take over the vacant theatre on a long term lease; that this has been the only sound and practicable offer received in years; that however, in the original negotiation the owner agreed to deliver a complete set of approved plans at an early date; that the zoning objection was not anticipated and now, the new contract is conditional; that the maintenance costs and annual taxes of \$22,600 have placed a heavy financial burden on the owner and if he were to lose this tenant it may be several more years before another responsible tenant could be found; that the granting of this application could in no way affect any one adversely, but would result in greater safety to the public in store operation and would improve the general appearance of the exterior of the premises on both streets; and

WHEREAS, the applicant states that the present owner has held title to the property since April 26, 1926; that the assessed valuation of land is \$425,000 and of the building \$140,000 making a total of \$565,000; that the building was erected in 1921; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which noted that the existing building covers the area in question, and recommended that the application be granted under certain conditions to permit change of use; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c, to permit the existing building to continue as to the portion of the

plot in the residence use district, as previously permitted as indicated on plans filed with this application, marked "Received January 28, 1958", 5 sheets, and "March 27, 1957", 1 sheet, and to permit change of use as proposed to a super market, *including use of former side court to be roofed over and used for storage, on condition* that the existing marquee on the building shall be removed; that the building and occupancy shall comply with all laws, rules and regulations applicable thereto and the building shall not be further increased in height or area; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the resolution, the clause referring to the use of the former side court—etc., inserted as indicated in italics.

Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated January 8, 1958 (Folder No. 55566.01) reads:

"In reply to your letter of August 8, 1957, requesting permission to install five emergency exit locks used on doors leading to street, please be advised that the exit lock may not be used in a factory unless specifically approved by the New York City Board of Standards and Appeals for the specific building."

and

WHEREAS, the applicant states that the building is a 5 stories, 82 feet in height, 600 feet front by 180 feet in depth, erected 1950, of class 1 construction, located in an unrestricted use, A area, class 1½ and a class 2 height districts, and used and occupied since 1950 as follows: 1st floor—factory, 75 persons; 2nd floor—factory, 150 persons; 3rd floor—office and factory, 200 persons; 4th floor—factory, 45 persons; 5th floor—factory, no persons; that no change in use or occupancy is now proposed that the building is provided with 8 interior 38 inch wide steel and concrete stairs, fireproof enclosed, equipped with 1½-hours steel fireproof self-closing doors and leading to roof bulkhead; 6 of these stairs leads to street; and

WHEREAS, Certificate of Occupancy #Q 118265 issued September 16, 1957, upon completion of work under Alt. Applic. 1739/56 permits the following use and occupancy: 1st floor—factory, 230 persons; 2nd floor—factory, 230 persons; 3rd floor—office and factory, 215 persons; 4th floor—

MINUTES

factory, 110 persons; 5th floor—factory, 55 persons; that the building is equipped with an approved two-source sprinkler system throughout; and

WHEREAS, the applicant states that it is proposed to install an Exit Lock of the type approved by the Board under Calendar Number 876-50-SM on 5 of the doors leading to the exterior of the building on the 1st floor, as indicated on plans filed with this appeal; and

WHEREAS, the applicant contends that the doors in question opens from the inside only and are located in parts of the plant which are remote from the main operations and thereby cannot be properly policed to prevent pilferage or improper entry by unauthorized people; that the main entrance of the plant will remain open during working hours and will be policed by a uniformed guard; that one of the employee's entrances will also be policed by a uniformed guard during the night shift hours; that the building is fire-proof and sprinklered; that there are adequate exits; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Fire Commissioner, dated January 8, 1958, (Folder No. 55566.01) and that the appeal be and it hereby is *granted*, to permit emergency locks on five doors leading from the first floor of the street as approved by the Board under Calendar No. 876-50-SM, as indicated on plans following this appeal marked, "Received January 15, 1958", 2 sheets; and that the main entrance to Van Dam Street shall be maintained without such lock.

* Correction—In the second Whereas Clause the height of the building corrected to read "82 feet" instead of "8 feet" and the depth of the building corrected to read "180 feet" instead of "18 feet" as shown in italics.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; East 73rd Street and East 72nd area, class 1½ height districts; Lexington Avenue is in a restricted retail use, B area, class 1½ height district; Third Avenue is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 27, 1958 acting on Alt. Applic. No. 209-58, reads:

"1. Proposed garage, photographic studio and dark room located in a residence use district is contrary to Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 102 feet 2 inches in depth, upon which is located a building three stories in height, erected in 1889 for use as stable, carriage house and dwelling; that the first floor was converted to a garage before 1916; that this block—East 73rd Street—was zoned unrestricted at the time of the adoption of the Zoning Resolution; that it is now proposed to use the first floor for a photo studio, dwelling above and one car, that of the owner, to be kept on the premises; that a small cellar is to be created at front for storage purposes and a mezzanine in the rear of the first floor for dark room purposes; and

WHEREAS, the applicant states that in 1919, under plans approved by the Fire Department and the Bureau of Buildings, a 275 gallon gasoline tank was installed in accordance with regulations under Alt. Applic. No. 1980-18; that when the work was completed, Certificate of Occupancy No. 1220-1919 was issued for garage on first floor and dwelling above; that permits have been issued regularly by the Fire Department for the storage garage and garage for ten cars, the latest renewal having been No. 44037 expiring December 5, 1952; that in 1954 the storage of gasoline was discontinued, the tank sealed in accordance with Fire Department regulations, and permits issued for a non storage garage for five cars, the latest permit expiring November, 1957; that at the present time there are many uses which would be classed as non conforming on this block; that at No. 182 is a five story garage, at 177-179 there is also a five story garage and there are also garages on the first floor at No. 174, No. 180 and No. 168; that No. 172 has been in almost continuous use for garage purposes to the present date; that this block was rezoned February 2, 1928 from unrestricted to residence use; that as the previous use was in accordance with approved plans, permits and Certificates of Occupancy, it has continued to date as a garage; and

WHEREAS, the applicant contends that this proposed use is far less onerous than the previous heretofore approved use for garage purposes; that it is not intended to alter the front of the building; that the prospective tenant has entered into a contract for purchase of the premises and intends to alter the building as indicated on plans filed with this appeal; that in connection with the photographic work, this is not to be a regular photographic gallery; that it is not intended for the public to come in to have pictures taken, but is a private studio for photos to be taken for editorial work and magazine articles; that the premises have been in continuous use for garage purposes for over 40 years; that the alteration is limited to make the interior suitable for photographic work and that the front of the building will not be changed, nor any showroom store front provided;

MINUTES

that the upper floors will be used for dwelling as heretofore; and

WHEREAS, the applicant states that the present owner has held title to the property since July 27, 1954; that the assessed valuation of land is \$30,000 and of the building \$15,000 making a total of \$45,000; that the building was erected in 1889; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the continuation of the photograph studio and the use of the second and third floors as dwellings, as now existing, and as proposed to be continued with space for one car only and no gasoline dispensing system, and as shown on plans filed with the application, marked "Received March 10, 1958", 5 sheets, and "May 7, 1958" one sheet, *on condition* that the building shall not be increased in height or area and shall comply with all laws rules and regulations applicable thereto; and that a Certificate of Occupancy shall be obtained within six months of the date of this resolution.

1027-57-SM

APPLICANT—Concrete Plank Co., Inc., owner.

SUBJECT—Application December 30, 1957—Concrete Plank Co., Inc., One Leg Precast Concrete Channel Roof and Floor Slabs, approval of.

APPEARANCES—

For Applicant: Edward A. Robinson.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1027-57-SM.

Subject: One Leg Precast Concrete Channel Roof and Floor Slabs.

Concrete Plank Company, Inc., Jersey City, New Jersey, filed December 30, 1957 an application with the Board of

Standards and Appeals for approval of the material known as One Leg Precast Concrete Channel Roof and Floor Slabs under the provisions of C-26-618.0, C26-619. and C26-626.0 Administrative Building Code.

Purpose

The material is to be used as a floor or roof construction.

Description

The slab is a light weight precast concrete slab. The size is 24 inches wide, 4 inch leg and 1¼ inch web. The soffit or leg is reinforced by means of a ⅝ inch steel bar for the 8 feet 0 inch clear span and ¾ for the 9 feet 8 inches clear span. The web reinforcement consists of a 4 inch by 4 inch electric welded wire mesh of 14 gauge protected by a ½ inch of concrete from the bottom. The mix used in the slab is 1 part of Portland cement to 4.3 parts (by volume) of approved aggregate.

Inspection and Test

The plant of the applicant was inspected by Asst. Engr. J. A. Darts, Committee on Test and H. C. Clarke, Prof Engineer, conducting the tests. The tests were conducted in accordance with the requirements of C-26-626.0 Administrative Building Code.

For the test, three planks were lapped together and supported on both ends on Steel I beams; the third unit was used for continuous support of the free hanging side of the adjacent unit.

The construction was so loaded that the load was applied at the ⅓ point of the span.

Results were as follows:

Span 8 feet 4 inches center to center; bearing 0 feet-2 inches—clear span 8 feet-0 inch
Area under load = 16.67 square feet
Test was carried to load of 4717 pounds; not ultimate;
 $4717 \div 16.67 = 282.9$ lbs./sq. feet
Safe carrying capacity = $282.7 \div 4 = 70.7$ lbs./sq. feet
Safe carrying capacity (superimposed load) = 70.7 lbs./sq. feet
Span 10 feet 0 inch C to C bearing 0 feet 2 inch—clear span 9 feet 8 inches
Area under load = 20 sq. feet
Ultimate Load = 5350 lbs.
 $5350 \div 20 = 267$ lbs. per sq. feet
Safe carrying capacity (superimposed load) = $267 \div 4 = 66\frac{3}{4}$ lbs./sq. feet

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as One Leg Precast Concrete Channel Roof and Floor Slab for use in New York City as an incombustible roof plank under the provisions of C26-619. o.b. when the fire protective covering is omitted from roof trusses as provided for under C26-618.0.a.c. Administrative Building Code; with loads and spans as follows:

Slabs ⅝ inch reinforcement—8 feet 0 inch Clear Span = 70.7 lbs./sq. feet
Slabs ¾ inch reinforcement—9 feet 8 inch Clear Span = $66\frac{3}{4}$ lbs./sq. feet

The Committee further recommends the approval of the plank under the provisions of C26-620.0.c.1.b in Class 2 fire protected structures as a floor plank when used with a ⅞ inch gypsum on cement plaster on metal lath.

The Committee further recommends that all planks shall be tagged, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1027-57-SM," or in lieu thereof, the bill of lading, bills of material or invoices may be similarly marked.

The Committee further recommends that the plank may

MINUTES

also be marketed under the trade name of Cantilite Lap Plank.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

* Correction—Inspection and Test 2nd Par. change words “span” and “side” to “*planks*” and “*adjacent*” for correct wordage 3rd Par. change “clean” to “*clear*” in italics.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on September 25, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 11, 1958 after due notice by publication in the Bulletin; laid over to March 18, 1958, for hearing at request of attorney for objectors, applicant concurring; then to April 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 43rd Street and 44th Street are in business and residence use, C area, class 1¼ height districts; Fourth Avenue and Fifth Avenue are in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 4, 1957 acting on Alt. Applic. No. 467-55, reads:

“1. The proposed use does not agree with the conditions of approval of the resolution Cal. 52-48-A and Cal. 303-26-BZ of the Bd. of S & A.

“2. The proposed change in use from public garage for more than 5 cars to storage of paper cartons on 1st floor and manufacture of infants apparel, quilts, blankets and pillows on the 2nd floor, partly in a business and partly in a residence use district is contrary to the Zoning Res.—Art. II Sect. 3.”

and

WHEREAS, the applicant states that the premises consist of a plot, 162 feet frontage by 100 feet 2 inches in depth, presently improved with a two story class I structure, erected pursuant to a variance granted by the Board many years ago; that the building was designed to be used as a storage garage for more than five motor vehicles and Certificate of Occupancy No. 43767, dated March 30, 1927 was issued permitting such use to be maintained therein; that it is proposed to use the first floor for storage purposes; that there will be no person employed therein except during the brief periods while loading and unloading operations are in progress; that the second floor is to be used for the manufacture, storage and distribution of infants' apparel, quilts, blankets and pillows; that the maximum number of persons employed will not exceed forty; and

WHEREAS, the applicant states that the owner has found it impossible to rent the building for the former garage use and to obtain a fair return therefrom and accordingly sought permission from the Board to use the property for business purposes and on June 19, 1956 the Board granted the application to the extent of permitting the first floor of the premises to be used for the storage of metal furniture in cartons; that the second floor was vacant at that time and therefore the variance was not granted with respect thereto; that the owner has now obtained a tenant for the second floor for a period of six years to permit the property to be used for the manufacture, storage and distribution of infants' apparel, quilts, blankets and pillows and as offices, incidental thereto; that in the meantime, the use of the first floor has been somewhat changed in that it is now used solely for the storage of paper cartons, there being no furniture stored therein; that this application presents a definite improvement over the uses which were originally permitted on this property; and

WHEREAS, the applicant contends that the manufacturing will be confined to very light work involving no noxious fensive; that the manufacturing processes will be conducted exclusively during normal business periods and will not result in a 24 hour operation as was true of the public garage; that this use would be conforming insofar as the portion of the premises within the business district is concerned; that it does not conform to the requirements of the Zoning Resolution insofar as the residence use portion is concerned, but the proposed use will be far more desirable than that which had been conducted on the premises; that entrance to the lower floor will be by means of doors leading from 44th Street at the easterly and westerly end of the building; that facilities for loading and unloading operations will be provided within the building and therefore there will be no interference with passersby on the sidewalks; that access to the upper floor will be by means of the stairway located at the westerly end of the building and the ramp located on the the easterly end of the building; that an overhead door has been installed at the easterly end of the building closing the ramp when it is not in use, thereby eliminating the unsightly condition that formerly existed there; that the ramp, however, will permit trucks to reach the second floor and will eliminate on-street loading and unloading; and

WHEREAS, the applicant states that the present owner has held title to the property since October 15, 1935; that the assessed valuation of land is \$34,000 and of the building \$110,000 making a total of \$144,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does

MINUTES

hereby *amend* the resolution adopted on June 19, 1956, by adding thereto:

"that in the event the owner desires to change the use of the building so that the first floor would be used as now proposed for storage of cartons, and the second floor used for the manufacture of infants' apparel, quilts, blankets, pillows, etc., such change of uses may be permitted under Section 7, Subdivision e, for a term of five years, as shown on plans filed with this application, marked "Received July 3, 1957," 3 sheets, and "December 21, 1956," 1 sheet, *on condition* that the doors through which trucks now enter are increased in height; that no shipments shall be delivered to the second floor *except* by means of the motor vehicle ramp now existing, which has recently been equipped with new doors; that the building shall not be increased in height or area and in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such fire-fighting appliances shall be installed and maintained as the Fire Commissioner shall require; that there shall be no signs on the building where such building is within the residential use area; that there shall be no additional curb cuts other than those now existing; and that all permits including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the resolution, in reference to the restriction of shipments permitted to be delivered to the second floor, the word "*except*" is inserted in italics as dictated.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on March 4, 1958, as they appeared in Bulletin No. 10, Vol. 43, hereby corrected to read as follows:

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 196-57-SM.

Subject: Weldwood Tackboard.

United States Plywood Corp., New York, filed March 4, 1957 an application with the Board of Standards and Appeals for approval of the material known as Weldwood Tackboard under the provisions of C26-191.0 Administrative Building Code.

Purpose

The material is to be used as a bulletin board.

Description

The face of the textboard is a textured weave Kalistron (approved by the Board under Calendar Number 625-47-SM) a clear vinyl to the underside of which is applied colored pigment and flocking. The backing is a treated Celotex. The overall thickness of the board is 9/16 inches.

Inspection and Test

The material was inspected by Asst. Engr. J. A. Darts, Committee on Tests, and tested for combustibility and was found suitable for bulletin boards in school classrooms.

Recommendation

On the basis of the inspection and data filed by the applicant, the Committee on Test recommends the approval of *Weldwood Tackboard* for voluntary use in school classrooms, under the provisions of C26-191.0; provided that this material shall be attached directly to walls of fireproof materials and within a framing of metal or other incombustible material and that it shall be approximately three feet in width and not exceed a total of 250 square feet per classroom; that class rooms herein referred to shall be rooms in schools or other institutions giving academic instruction; and that the material delivered to a school for such use shall be tagged or stamped: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 196-57-SM".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 576-57-SM.

Subject: Safetex.

Pacific Mills Industrial Fabrics, Division of Pacific Mills Domestic Corp., New York filed June 27, 1957 an application with the Board of Standards and Appeals for approval of the material known as Safetex under the Flameproofing Rules of the Board.

Purpose

The material is a compound for flameproofing fabrics.

Description

The material is based on a formulation developed by the Department of Agriculture known as *THPC-BAP* and is basically a mixture of phosphonium chloride and triallyl phosphate.

Inspection and Test

The material was tested on various weights of cotton fabric at the Better Testing Bureau in the presence of Asst. Engr. J. A. Darts, Committee on Test. The fabrics tested were 3.16 all cotton sheeting, 3.00 all cotton sheeting, 9 ounce all cotton denim and 12 ounce all cotton duck.

There was no flashing, flaming or glow in any of the samples tested. The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test concludes that the material Safetex possesses inherent flameproofing properties and accordingly recommends the approval of this material for use as a flameproofing compound on types of material as herein described.

Tests for each specific installation or any retests thereof shall be made by the Fire Commissioner or in a Laboratory approved by him in accordance with the requirements of the Rules for Test of Flameproof Materials.

The Committee further recommends that each container in which the material Safetex is marketed or any material which has been flameproofed with Safetex shall be labeled or marked as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 576-57-SM."

(Sgd.) SAMUEL L. BECKER,
Director

937-57-SM

APPLICANT—Concrete Plank Co., Inc., owner.

SUBJECT—Application November 25, 1957—Concrete Plank Co., Inc., Precast Concrete Joists, to support Floors or roofs, approval of.

APPEARANCES—

For Applicant: Edward A. Robinson.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 937-57-SM.

Subject: Concrete Plank Co. Inc., Precast Concrete Joist.

Concrete Plank Company, Inc., Jersey City, New Jersey, filed November 25, 1957 an application with the Board of Standards and Appeals for approval of the material known as Concrete Plank Company, Inc. Precast Concrete Joist under the provisions of C26-468.0 Administrative Building Code.

Purpose

The material is a concrete beam used to support floors and/or roofs.

Description

The joists are manufactured in depths of 8 inch, 10 inch and 12 inch and in such span lengths and spacing as the job conditions require.

The joists for which approval is sought consists of the companies standard product which provides $\frac{3}{4}$ inch protection to the metal reinforcement and a similar type of joist with increased fire resistive protection as required under C26-519.0 wherein beams and girders are required to have $1\frac{1}{2}$ inches of concrete over all reinforcement.

The joists are made of a mix of 1 part of cement to 4 parts of approved aggregate using a water cement ratio to obtain a compressive strength of at least 3500 psi.

After the correct sizes and types of reinforcement have been determined in the design division, the reinforcing is cut and welded in a jig after which it is placed in the steel forms where the concrete is poured and the forms vibrated.

Inspection and Test

Sample panels, including the joists were load tested in accordance with the requirements of C26-626.0 Administrative Building Code in the presence of Asst. Engr. J. A. Darts Committee on Test and Hugh C. Clarke, Licensed Professional Engineer representing the applicant.

Each assembly comprised three floor joists, laid parallel to each other at a center to center spacing of 2 feet 6 inches, supported at each end by a bearing of 6 inches for the 8 inch joists, and 8 inches for the 10 inch and 12 inch joists, on concrete block walls and brick masonry from bottom flange to top flange of joist. The soffits of the joists were approximately 3 feet above grade.

Two 12 inch steel eye beams ($16\frac{1}{2}\#$ per foot), 7'-6" long were placed across the joists at the third points. Three steel eye beams ($22\#$ per foot) 19'-6" long were placed upon the two short eye beams, parallel and in the same vertical plane with the three concrete joists. Cantilite precast concrete planks manufactured by the Concrete Plank Company, were placed across the long steel beams and extended 1 foot, 3 inches beyond the center lines of the exterior joists, to form a complete decking, 7 feet 6 inches wide, for the entire length of the clear span of each panel. No fastening of any type was

MINUTES

used on the concrete joists, steel joists or the concrete plank. There was no particular anchorage of the concrete joists on the end masonry walls. Bridging consisted of 4" x 4" timber at mid-points of the joists. The end joists had a piece of 4" x 4" timber between the joist and the web of a section of 10 inch steel beam which was embedded 3 feet in the ground and 3 feet above.

The joists used in this test were the standard joists in sizes of 8", 10" and 12" deep. The overall heights were 8", 10" and 12". The widths were 3½", 3½" and 4". The stirrups consisted of ¾ inch diameter bars spaced 1" from the end, followed by spacing of 4", 5", 6", 7", 8" and 12" to midsection and reversely repeated for the remaining half of the joist. The reinforcing steel used for both the longitudinal and web reinforcement conform to ASTM requirements.

The design of these joists is based on the Code of the American Concrete Institute (A.C.I. 218-56 and 711-53) except as noted:

$f'_c = 3750$ (A.C.I. Code)
 $f'_c = 3500$ (C-26-364.0.2 Administrative Building Code)
 $f_c = 1688$ (A.C.I. Code)
 $f_c = 1600$ (C26-364.0.2.d Administrative Bldg Code)
 $f_r = .06 f'_c$ (C26-364.0.2.d Administrative Bldg. Code)
 $f_u = .05 f'_c$
 $f_s = 20,000$ psi
 $n = 8$

The 8 inch joist was tested on a clear span of 19.98' or 20 feet; joist spacing 30 inches; decking 2 inch concrete plank. The 10 inch joist was tested on 22.52 feet; joist spacing 30 inches; decking 2 inch concrete plank and the 12 inch was tested on 22.52 feet; joist spacing 30 inches; decking 2 inch concrete plank.

RESULTS WERE AS FOLLOWS:

Joist	Joist	Fac-	Shear			
Design Load	Test Load	tor	Design Test	Factor		
8 2656 lbs.	7036 lbs.	2.65	129 296	2.29		
10 3508 lbs.	9000 lbs.	2.56	131 291	2.24		
12 5832 lbs.	14000 lbs.	2.4	196 525	2.17		

It was noted that failure in the 8" and 10" joist occurred by the reinforcing steel reaching its yield point which ranges around 50,000 psi; and 8" reached 53,000 psi, 10" reached 51,000 psi whereas, the 12" reached 48,000 psi as this joist was not carried to destruction.

A study of the deflection curves; computed against actual test deflection, show that in all cases the test deflections were on the safe side.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Concrete Plank Company, Inc. Precast Concrete Joist as manufactured by the Concrete Plank Company, Inc., New Jersey under C26-191.0 when designed in accordance with the accepted theory of flexure as provided in C26-468.0 as follows:

In Class I construction, as beams when protected as required under C26-509.0 except that standard joists with ¾ inch metal protection in areas 2500 sq. feet or less may be protected by a suspended ceiling with 3-hour fire resistive rating, provided such areas are completely fire stopped as provided under C26-615.0.a

In Class II construction, the joists to be protected in the manufacturers standard method, namely ¾ inch protection for reinforcement or when protected as provided under C26-615.0.b

For use in other classes of construction where no fire resistive rating is required or for use in such other classes of construction when protected so as to meet the fire resistive

rating required for the proposed use.

It is further recommended that all concrete shall comply with the requirements of the Administrative Building Code, that all material shall be designed and manufactured as herein described, that all designs of the joist shall be certified to by a professional engineer, that all drawings submitted to the Department of Buildings showing the proposed use of this construction shall bear the following wording, "The manufacture, design and use of these joists are in accordance with the approval granted under Calendar Number 937-57-SM"; that adequate shoring to carry normal construction loads shall be provided as follows:

8"—No shoring up to 24'-0
 10"—No shoring up to 25'-0
 12"—No shoring up to 25'-0

that the joists shall be spaced as required by load conditions; that bridging be provided for as follows:

8" deep joists exceeding 16' in length
 10" and 12" deep joists exceeding 20' in length

such bridging shall be in accordance with the methods as shown on Dwg. 1, marked Rec'd. May 2, 1958; that the precast joists may be used with flooring of either approved precast gypsum or concrete plank or poured concrete flooring the latter complying with C26-620.0 that where the ends of the joists rest or bear on masonry walls or steel beams, in order that lateral support be provided, the spaces between the ends of the joists shall be filled with bridging blocks or other masonry units laid in mortar; that where framing exists around openings such as stairwells, the headers and the joists around such openings shall be double with the ends of the joists intersecting the headers supported by steel hangers; that where a non-load bearing partition is parallel to the joists, the joists below such partition shall be double and where the partition is at right angles to the joists, adequate compensation shall be made for carrying this non-load bearing partition by increasing the carrying capacity of the floor; that adequate supports, complying with C26-461.0 shall be provided when suspended ceilings are used with these joists except that ceilings not required to have a fire resistive rating, such attachment may be made by adequate wood nailing strips secured to the joists. It is further recommended that all welding shall comply with the Welding Rules of the Board.

859-57-SA

APPLICANT—American LaFrance Corp., owner.

SUBJECT—Application November 21, 1957—American LaFrance Dry Chemical Extinguishers, Models PDC-2A, PDC-5, PDC-10, PDC-20 and PDC-30, approval of.

APPEARANCES—

For Applicant: Roger C. Kahn.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. No. 859-57-SA.

Subject: American LaFrance Dry Chemical Fire Extinguishers. Models PDC-2A, PDC-5, PDC-10, PDC-20 and PDC-30.

American LaFrance Corporation, Elmira, New York, filed November 21, 1957 an application with the Board of Standards and Appeals for approval of the American LaFrance Dry Chemical Fire Extinguishers, Models: PDC-2A, PDC-5, PDC-10, PDC-20, and PDC-30 under the provisions of 26-191.0 Administrative Building Code.

Purpose

Portable fire extinguishing appliances.

Description

The American LaFrance Dry Chemical Fire Extinguishers are hand fire extinguishers employing as the extinguishing agent a finely divided dry chemical which is ejected through a nozzle or hose by means of nitrogen gas or dry air at a pressure of approximately 150 p.s.i. Both the dry chemical and expellant gas are stored in a single chamber.

The extinguishers are operated by depressing the discharge valve lever.

To recharge, dry chemical is poured into the dry chemical chamber after removal of the valve assembly which is then placed and tightened. When the unit is to be pressurized, a special adapter is inserted into the valve outlet, the lever is depressed and nitrogen is introduced into the dry chemical chamber until the pressure gauge on the unit indicates the proper p.s.i. charging pressure.

The American LaFrance Dry Chemical Extinguishers are charged with from two pounds of dry chemical up to 30 pounds of dry chemical as indicated in the model designation.

Inspection and Test

The American LaFrance Dry Chemical Extinguishers have been tested and approved by the Underwriters' Laboratories for Class B and C fires under file Ex 1897.

Recommendation

On the basis of the data submitted by the applicant, the Committee on Test finds that the American LaFrance Dry Chemical Fire Extinguishers Models PDC-2A, PDC-5, PDC-10, PDC-20 and PDC-30 conform to the requirements of the General Resolution of the Board adopted July 16, 1940 under Cal. No. 809-40-GR wherein it was resolved that, "A fire extinguisher listed as approved by the National Board

of Fire Underwriters after test by the Underwriters' Laboratories, Inc., may be accepted by the Administrative officials under the Oil Burner Rules and the Administrative Code for the class or classes of fires as set forth in such approval. All such fire extinguishers for use in New York City shall bear the label of the Underwriters' Laboratories, Inc., stating "the class or classes of fire for which such fire extinguisher was so approved."

The American LaFrance Dry Chemical Fire Extinguishers Models PDC-2A, PDC-5, PDC-10, PDC-20 and PDC-30, having been so tested and approved by the Underwriters' Laboratories and bearing a label indicating such test and the class of fires for which it is suitable, is acceptable for use in the City of New York in accordance with the requirements of the rules of the Board and the Administrative Code.

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

*Correction—In the Report of Committee on Test, under heading of *Description* in the 4th paragraph, the name "Leeder" deleted and the name "American LaFrance" substituted therefor in italics.

Continued from Front Page

nullity by the Court which ordered the matter to be heard on the merits. The decision of Mr. Justice James J. Conroy held—in part—as follows: "On this application to review and amend the determination of the respondents granting to the owners of a one family house in a G1 district a variance under Section 21 . . . permitting her to convert that dwelling to a two family house ". . . ". Essentially, the owner's application for a variance was based upon financial hardship ". . . ". But the law is well settled that such hardship is not sufficient ground for granting a variance ". . . ". A general restriction may not be destroyed . . . by piecemeal exemptions of land equally subject to the hardship created in the restriction ". . . ". The remedy in such case is to procure a change in the zoning ordinance in the area ". . . ". Neighboring violations of the zoning ordinance did not constitute practical difficulties or unnecessary hardships ". . . ". "While, therefore the Court is sympathetic, it is constrained to deny respondent's motion and to annul the determination and deny the application for a variance". N. Y. Law Journal, July 29, 1958.

Note: Application for review by the Appellate Division will be made. The Court has reversed the action of the Board and denied the application substituting its decision for that of the Board. The Board found multiple family uses in the site block and area permitted prior to the change of zone to a G1 district. To apply for a zoning amendment would be spot zoning and a worse evil than the action of the Board which was guided by the dictates of the N. Y. Charter, Section 666, paragraph 6 "to make such . . . determination as in its opinion ought to be made in the premises . . . ". The value of the more restrictive zoning to a G1 district affected only those dwellings which had not already been changed to multi-family use.

RULE

RULE TO SUPPLEMENT SECTION 19-A OF THE ZONING RESOLUTION OF THE CITY OF NEW YORK AS ADOPTED BY THE BOARD, JULY 11, 1958, EFFECTIVE AUGUST 11, 1958

(385-58-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, subsection 2, of the New York City Charter and of Section 21 of the Zoning Resolution.

Purpose:

The purpose of this rule is to supplement the words in the above section which read as follows: "... aggregate gross floor area so used," as a basis for determining the number of off-street loading berths required under this section.

Rule 1.

"19-A. REQUIRED OFF-STREET LOADING BERTHS FOR NEW CONSTRUCTION, ENLARGEMENTS AND CONVERSIONS. Every building or part thereof hereafter constructed which is used, or arranged, intended or designed to be used, for any of the uses specified in the schedule below, and in which the aggregate gross floor area so used, arranged, intended or designed is greater than the minimum number of square feet of gross floor area specified for those uses in said schedule shall be provided with off-street loading berths in accordance with said schedule, under rules and regulations promulgated by the Commissioner of Housing and Buildings. For the purpose of this section, a group of buildings hereafter constructed under common ownership and located within a single block shall be considered a single building."

The words "aggregate gross floor area so used" contained in the first paragraph of this section shall be interpreted to mean the area of a building computed measuring from the inside surface of the outer building walls. Building stairs, fire towers, elevator shafts, elevators and other public corridors, flue vents, stack pipe shafts, vertical ducts, toilets, air conditioning rooms, fan rooms, air ducts, janitors' closets, slop sinks, electrical closets, telephone closets with their enclosing walls shall be excluded. In computing such area or areas for the purpose of determining the number of off-street loading berths required under this section, walls, partitions, areas devoted to mechanical equipment, exits and similar areas, the use of which does not contribute to the regular shipments to or from the building, shall be included.

Rule to Supplement Section 19-A of the Zoning Resolu-
tion; Appeals as to Multiple Dwellings.

BOARD'S NEW OFFICES

The meeting held July 29, 1958 was the last to be held
at the Board's Hearing Room on the tenth floor of the
Municipal Building.

The Board's offices on the tenth floor will be dismantled
during August preparatory to removal to the Board's new
quarters at 80 Lafayette Street, ninth floor, Manhattan,
which it is expected will be ready by Wednesday, Septem-
ber 17, 1958 for the first hearing.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

HARRIS H. MURDOCK, *Chairman.*

CORRECTIONS

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on July 15, 1958, as they appeared in Bulletin No. 29, Vol. 43, hereby corrected to read as follows:

361-22-A—Vol. II

APPLICANT—Brooklyn Borough Gas Company, owner.

SUBJECT—Application reopened May 20, 1958 as Vol. II

—Appeal from orders and a decision of the Fire Commissioner, re foam extinguishing system.

PREMISES AFFECTED—873 Neptune Avenue, north side, 146.90 feet east of West 12th Street, Block 7247, Lots 22, 100, 106, 114, 122, 265 and 320, Borough of Brooklyn.

APPEARANCES—

For Applicant: A. Lee Alcock.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, Order Number 7951-7 was issued by the Fire Commissioner, December 30, 1957, reads:

"Inspectors of this department report that hazardous conditions were found to exist at the above premises. Kindly notify this office when these conditions have been corrected so that premises may be re-inspected.

1. *Provide a steam extinguishing system as per Resolution 361-22-A.*"
and

WHEREAS, the decision of the Fire Commissioner dated April 16, 1958, reads:

"This will acknowledge receipt of your communication of April 16, 1958 with respect to order No. 7951-7 affecting above mentioned premises.

You will please be advised that the Fire Commissioner is without authority to grant extension of time, therefore, your request must be denied.

You may consider this as a basis for an appeal if you decide to file an application with the Board of Standards and Appeals, Room 1015, Municipal Building, Manhattan within 30 days from above mentioned date."
and

WHEREAS, the applicant states that the premises consist of a plot fronting 600 feet on Neptune Avenue and 900 feet in depth on which the existing 23 foot 5 inch high 54 feet diameter tank is located; that it is used for the storage of gas oil pursuant to permission granted by the Board May 2, 1922 under Calendar Number 361-22-A, Volume I; and

WHEREAS, the applicant states that the plant in which the existing steam extinguishing system is installed, discontinued daily operations in 1951 and was converted to standby operation, for use only for brief periods during the winter season for peak load requirements; that due to the change in plant operation resulting from natural gas being received and the need for daily continuous manufacturing of gas at this plant ceased; that due to these changes the present practice for boiler plant operation is to operate only during severe cold weather; that under such conditions steam is not available for fire protection purposes during most of the year; and

WHEREAS, the applicant states that upon recommendation of the Fire Department the outlets of the foam generators were manifolded in such a manner to give flexibility so that any or all generators can be used on any or all tanks; that at the present time each tank is piped from its own individ-

ual generator; that a new connection has been installed in the existing water line at the foam generator house for use by the Fire Department in the event additional water pressure is required; that the existing foam generators are fed by city water pressure, connected to two independent city mains, coming into the plant at an average pressure of approximately 50 lbs. per square inch; that a new 4 inch high pressure water line from the city main will be installed and connected to the discharge of a motor driven high pressure pump; and

WHEREAS, the applicant contends that a review of the Fire Department System for oil storage tanks of other utilities within the City, indicates that foam equipment is being adequate without the steam blanketing equipment; that in no case are both fire, foam and steam used in any installation; that if steam were used in conjunction with foam it would have a tendency to dissipate and break up the foam layer thereby decreasing the efficiency of the foam in smothering the fire; that in addition there is a water tower on the premises which can be used as an additional source of water in an emergency, in the event of the failure of city supply; that this tower has a capacity of 100,000 gallons and the bottom of the tank is 90 feet above grade and will supply pressure of 40 lbs. per square inch; that this tower is connected to the yard hydrant system and is available at a moments notice; and

WHEREAS, the applicant contends that the installation of steam smothering system would serve no useful purpose, would be discriminatory against the Company, and would not be necessary as the present foam system is an example to the Fire Department; that it is therefore requested that the Board modify Item I of the Fire Commissioner's Order so as to permit the Company to abandon the steam line as proposed, with the understanding that the foam system will otherwise comply with the requirements of the Fire Commissioner; and

WHEREAS, the Board found that the existing foam fire extinguishing system as permitted by resolution adopted under calendar 361-22-A, Vol. I on May 2, 1922 should be conformed with changes since completed.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 2, 1922, so that as *amended* the resolution shall read:

"*Resolved*, that the decision of the Fire Commissioner, acting on Order #7951-7 dated December 30, 1957, and the decision of the Fire Commission dated April 16, 1958, be and they hereby are *modified* that the appeal be and it hereby is *granted on condition* that a fire protective system in the nature of fire foam shall be installed and that the tank be enclosed with reinforced concrete dike walls in an enclosure so formed as to have a capacity sufficient to contain half the contents of the tank; and that such system shall be maintained to the satisfaction of the Fire Commissioner."

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 689-49-SM.

Subject: Amendment to resolution as to additional thickness of Insulrock.

Insulrock Company, Division of Flintkote Co., Linden, New Jersey, requested by letter dated February 4, 1958, that the resolution adopted March 7, 1950 under Calendar Number 689-49-SM, be amended so as to include an additional thickness of Insulrock. The application was reopened by a vote of the Board February 18, 1958.

Purpose

The material is to be used as an incombustible structural roof deck.

Description

The material and the manufacture of the plank is the same as that approved March 7, 1950, under Calendar Number 689-49-SM.

Inspection and Test

Samples of the plank were tested at the applicants Research Center in the presence of Asst. Engr. J. A. Darts, Committee on Test in accordance with the requirements of C26-626.0 Administrative Building Code.

The plank 2½ inches in thickness was tested on a clear span of 3'-4".

The average load on three planks was 1920 lbs.

Area under test = 9.33 sq. ft.

Load in lbs./sq. ft. $1920 \div 9.33 = 205$ lbs./sq. ft.

Safe superimposed load = $205 \div 4 = 51$ lbs./sq. ft.

The 2 inch plank was retested on a 3' 0" center to center span and the results were the same.

Recommendation

The Committee on Test recommends that the resolution adopted March 7, 1950, under Calendar Number 689-49-SM be amended so as to include Insulrock plank of a thickness of 2½ inches with a clear span of 3'-4" or 3'-6" center to center for a superimposed load (live and dead) of 51 lbs./sq. ft. and the 2" slab with a clear span of 2' 10" for a superimposed load (live and dead) of 62 lbs./sq. ft. on condition that the requirements of the resolution adopted March 7, 1950 under Calendar Numbers 689-49-SM are complied with.

Absent: Commissioner Foley: 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 5, 1957 on amendment to Alt. Applic. 1757/56 reads:

"1. Proposed commercial use of a 5 sty. non-fire-proof bldg. is contrary to 4.2.1B.C.

"2. Provide 2 hr. enclosure each stair thruout and bulkhead to roof as per C26-292.0A.C." and

WHEREAS, the applicant states that the building is 5 stories, 58 feet in height, 51 feet front by 98 feet 9 inches in depth at street level, 51 feet front by 60 feet in depth at typical floor level, of class 3 construction, located in a restricted retail use B area, class 2 height district, and used and occupied, as follows: #12 East 37th Street—Cellar—storage and utilities; 1st floor—stores; 2nd floor—show rooms and office; 3rd floor—offices; 4th floor—1 apartment; 5th floor—permanent vacant; that for which use Certificate of Occupancy #41642 was issued September 23, 1953 on upon completion of work under Alteration Application 283/53; #14 East 37th Street is used and occupied as follows: Cellar—storage and utilities, 14 persons; 1st floor—store, 50 persons; 2nd floor—store, 15 persons; 3rd floor—1 apartment; 4th floor—1 apartment; 5th floor—2 apartments; that for which Certificate of Occupancy #36262 was issued October 19, 1949 upon completion of work under Alteration Application 1894/46 which certificate classified the building as an heretofore converted class A Multiple Dwelling; and

WHEREAS, it is now proposed to alter and use and occupy the combined buildings as follows: Cellar—storage and utilities; 1st floor—store, restaurant and photo studio, 85 persons; 2nd floor—show rooms and offices, 35 persons; 3rd, 4th and 5th floors—offices, 35 persons per floor; that each building is provided with a Multiple Dwelling Law type one-source sprinkler system; that there are two interior steel and wood stairs enclosed in brick and fire retarded partitions equipped with fireproof self-closing doors and leading direct to street; that one stair leads to roof bulkhead and the other is provided with a ladder and scuttle to roof; that in addition there is one fire escape on the rear extending to roof by stair and by ladder with no egress from its lower termination; and

WHEREAS, Violation #3413 was issued May 14, 1957, against 14 East 37th Street for failing to obtain a new certificate of occupancy after completion of work required by Alt. Applic. 1757/56; and

WHEREAS, the owner was convicted and fined in Municipal Term Magistrate's Court; and

WHEREAS, the applicant states that the building at 12 East 37th Street was first recorded in the Department under Alt. Applic. 767/1872 and 14 East 37th Street was first recorded under Alt. Applic. 61/1900; that 14 East 37th Street is now proposed to be taken out of the Multiple Dwelling classification; and

WHEREAS, the applicant states Violation #3143 of 1957 was issued because alteration by prior owner was completed before acquisition by the present owner, which alteration consisted of changing the store use to a restaurant; and

WHEREAS, the applicant states it is proposed to occupy each floor for a single tenant, cutting openings through the present exterior walls that are common to both buildings for circulation and access to the stairhalls, elevators and toilets; that each rentable floor will be about 2,500 square feet in net area; that in #12 the wood stairs will remain; that in #14 all stairs will be of steel over 3 feet in width; that the public halls to the 3rd floor are partly enclosed in 8 inch masonry, and the remaining walls or partitions are of wood studs and plaster, which will be fire retarded to meet the 1-hour rating; that all public halls doors will be ¾-hour test fireproof self-closing; that the public hall in #14 will have the existing Multiple Dwelling type sprinkler system maintained; that the occupancy will be at the rate of 75 square feet per person, for a total of 35 persons per floor; that the stair capacity is good for 90 persons on each floor; that the 2,500 square feet floor area per floor is only slightly in excess of the 2,500 square feet under which the building could comply with the code by having only one 3 feet stair; that the buildings are only slightly in excess of the 50 feet height permitted for a 4 story commercial building; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated December 5, 1957, acting on Alt. Applic. 1757/56, be and it hereby is modified and that the appeal be and it hereby is granted as to Objection 1, on condition that fireproof doors of at least 1½ hour rating shall be installed in the masonry wall on all floors where openings exist between the two portions of the building, as indicated on plans filed with this appeal, marked "Received December 13, 1957", 6 sheets, and as to Objection No. 2, that the stair in each building shall be enclosed as proposed, on condition that such stair shall have fireproof, self-closing doors opening in the direction of exit at all stories and leading to the street; that the bulkhead of stair enclosure to the roof in Building No. 14 shall be maintained and in Building No. 12 there shall be a double-rung ladder leading to the scuttle in the roof, which shall have a Bickelhaupt or other approved type of fastener; that the existing fire escape on the rear shall be maintained as shown and shall be provided with a ladder for access to the rear yard of subject premises or adjoining premises from the first story extension roof; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the occupancy shall be as proposed and that this variance shall continue only so long as such occupancy is maintained.

*Correction—Alt. Applic. 1757/54 changed to Alt. Applic. 1757/56.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1021-57-SA.

Subject: Endothermic Generator, Models: G 250 E, G 500 E&G, G 600 E&G, G 750 E&G, G 1250 E&G, G 1500 E&G, G 2500 E&G, and G 3000 E&G.

Ipsen Industries, Inc. Rockford, Illinois, filed December 23, 1957, an application with the Board of Standards and Appeals, for approval of their Endothermic Generator, Models: G 250 E, G 500 E&G, G 600 E&G, G 750 E&G, G 1250 E&G, G 1500 E&G, G 2500 E&G, and G 3000 E&G, for use in New York City, under the provisions of C-26-191.0 and C19-11.0 of the Administrative Code.

Purpose

To make a special gas for use in metal heat treating ovens.

Description

The Ipsen Generator produces a protective atmosphere gas for use in heat treating metals. Air and gas such as natural gas are drawn through flow meters and mixed together in an adjustable mixer to an exact ratio. This air-gas mixture is introduced into an insulated inconel retort which is heated electrically or by gas heat supplied from a ring type burner installed beneath the retort. The gas-air mixture is partially burned within the retort which contains a catalyst and the remaining gas mixture is reformed to the desired composition and passes from the retort through a water cooled cooler or heat exchanger and is then metered to one or more heat treating furnaces. Provision is made to burn off excess gas at the top of the generator. A Selas Five Check is installed in the piping between the gas-air blower and the retort to shut off the gas-air flow in case of a flash back.

The normal operating temperature in the retort is 1600 degrees F with some gases. This may be increased to 1850 degrees F. Control of the generator operation is accomplished by checking the dew point of the generated gases and by making any necessary adjustments in the ratio of the gas-air feed. Automatic operation continues thereafter.

Temperature control is automatic by means of a thermocouple placed through the insulating wall surrounding the retort. This thermocouple serves to control the flame of

the multi-jet ring burner in the gas heated units or the flow of the multi-jet ring burner in the gas heated units or the flow of electric current in the electrically heated units wherein suitable electrodes are installed around the retort where the flue passages would be on the gas heated units.

High temperature (1950 degree F) safety fuses are installed on the electrically heated generators and will shut off power in case the normal means of temperature control should fail. The gas heated generators have automatic safety pilots at the burners.

In the model designation for the generator the suffix "G" indicates a gas heated unit, while the suffix "E" indicates an electrically heated unit. The numeral indicates the capacity of the generator in cubic feet per hour.

Inspection and Test

A typical G-600-G installation was inspected at 282 North Henry Street, Brooklyn by Ass't. Engr. G. F. Sklenarik, Committee on Test. Present was Mr. L. Senet, representing the applicant.

The generator functioned satisfactorily as designed.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Ipsen Endothermic Generator, Models: G250 E, G500 E&G, G600 E&G, G750 E&G, G1250 E&G, G1500 E&G, G2500 E&G, and G3000 E&G, for voluntary use in New York City, when installed in accordance with this report and the Electrical Code of the City of New York, and provided that they will be used only with approved heat treating furnaces and that all installations shall be supervised by the applicant's personnel and that the operators of such generators shall be specially trained by the applicant and further that each generator shall bear a label permanently affixed, reading: "Approved by the Board of Standards and Appeals, for use in New York City, under Calendar Number 1021-57-SA."

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 75-58-SA.

Subject: Martin Unvented Gas Fired Room Heaters, Models C-418, C-430, C-440, 522, 528, 535, 422, 428, 435, 1205, 1116, 1120 and Martin Vented Gas Fired Heaters, Models V835, V850, V870, V935, V945, V965, V985, V715 and V720.

Martin Stamping & Stove Company, Huntsville, Alabama, filed February 11, 1958 an application with the Board of Standards and Appeals for approval of the Martin Vented and Unvented Gas Fired Heaters, Models C-418, C-430, C-440, 522, 528, 535, 422, 428, 1205, 1206, 1116, 1120, V835, V850, V870, V935, V945, V965, V985, V715 and V720 under the provisions of Article 12 Chapter 26, Administrative Code.

Purpose

Gas fired room heaters for domestic and commercial use.

Description

The Martin Unvented Heaters are floor type room heaters, consisting of porcelain finished cabinets housing cast iron raised drilled port burners. Primary air intake to burners is adjustable on all models.

The 500 series are straight convection type heaters while the 400 series and the 1205, 1206, 1116 and 1120 models have clay radiants installed just above the burner.

The C-400 series are also available with a fan assembly for forced circulation of heated air.

The characteristics of the various heaters are:

Model	No. of Radiants	Btu Rating
422	4	20,000
428	5	28,000
435	6	35,000
522	None	22,000
528	None	28,000
535	None	35,000
C-418	3	18,000
C-430	5	30,000

C-440	6	40,000
1205	5	20,000
1206	6	24,000
1116	4	16,000
1120	5	20,000

The Martin Vented Heaters are designed for flue connection to the outdoors.

The characteristics of the various vented heaters are:

Model	No. of Radiants	Btu Input
V 715	None	15,000
V 720	None	20,000
V 835	5	35,000
V 850	6	50,000
V 870	7	70,000
V 935	None	35,000
V 945	None	45,000
V 965	None	65,000
V 985	None	85,000

The V 900 models are also available with a blower fan.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

All of the Martin Heaters covered in this application were tested and approved by the American Gas Association for all fired gases.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Martin Unvented Gas Fired Room Heaters Models C-418, C-430, C-440, 522, 528, 535, 422, 428, 435, 1205, 1206, 1116, 1120 and Martin Vented Gas Fired Heaters Models V 835, V 850, V 870, V 935, V 945, V 965, V 985, V 715 and V 720 for use in New York City under the provisions of Article 12 Chapter 26 Administrative Code provided that when such heaters are thermostatically controlled, they shall be vented to outdoors and equipped with automatic safety pilots; that automatic safety pilots shall be provided on heaters used with propane gas and further that each heater shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 75-58-SA."

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

* Correction—Models C 418 and 428 included in the approval.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

RULES

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

RULE

RULE TO SUPPLEMENT SECTION 19-A OF THE ZONING RESOLUTION OF THE CITY OF NEW YORK AS ADOPTED BY THE BOARD, JULY 11, 1958, EFFECTIVE AUGUST 11, 1958

(385-58-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, subsection 2, of the New York City Charter and of Section 21 of the Zoning Resolution.

Purpose:

The purpose of this rule is to supplement the words in the above section which read as follows: "... aggregate gross floor area so used," as a basis for determining the number of off-street loading berths required under this section.

Rule 1.

"19-A. REQUIRED OFF-STREET LOADING BERTHS FOR NEW CONSTRUCTION, ENLARGEMENTS AND CONVERSIONS. Every building or part thereof hereafter constructed which is used, or arranged, intended or designed to be used, for any of the uses specified in the schedule below, and in which the aggregate gross floor area so used, arranged, intended or designed is greater than the minimum number of square feet of gross floor area specified for those uses in said schedule shall be provided with off-street loading berths in accordance with said schedule, under rules and regulations promulgated by the Commissioner of Housing and Buildings. For the purpose of this section, a group of buildings hereafter constructed under common ownership and located within a single block shall be considered a single building."

The words "aggregate gross floor area so used" contained in the first paragraph of this section shall be interpreted to mean the area of a building computed by measuring from the inside surface of the outer building walls. Building stairs, fire towers, elevator shafts, elevators and other public corridors, flue vents, stacks, pipe shafts, vertical ducts, toilets, air conditioning rooms, fan rooms, air ducts, janitors' closets, slop sinks, electrical closets, telephone closets with their enclosing walls shall be excluded. In computing such area or areas for the purpose of determining the number of off-street loading berths required under this section, walls, partitions, areas devoted to mechanical equipment, exits and similar areas, the use of which does not contribute to the regular shipments to or from the building, shall not be included.

Rule to Supplement Section 19-A of the Zoning Resolu-
tion; Appeals as to Multiple Dwellings.

COURT DECISIONS

Matter of Peter Pan Playland, Inc. vs. Board:—Under Calendar Number 168-55-BZ—Vol. II, the Board on April 9, 1957 denied an application for a variance under Section 7c to permit in a retail and residence use district the extension of parking and use at 2601-2629 Emmons Avenue and 2796-2834 East 27th Street, Block 7499, Lots 40 and 80, Borough of Brooklyn. Upon court review, Mr. Justice Hart vacated the order and upheld the decision of the Board without prejudice to the petitioner's right to resort to such remedies as may be advised. (N. Y. Law Journal, May 9, 1958).

Matter of John Minett, et al. vs. Murdock:—On January 14, 1958 the Board granted a variance to permit a gasoline service station at 77-01 to 77-21 North Conduit Avenue, northeast corner of Sutter Avenue, Block 11340, Lot 1, Ozone Park, Borough of Queens; Cal. No. 12-57-BZ. Upon court review Mr. Justice James J. Conroy confirmed the determination of the Board and dismissed the petition and vacated the order, stating among other things the following:

"the court is of the opinion that the petitioners have not demonstrated that there are any triable issues of fact".....
"the record shows that the Board has acted upon a reasonable basis and on sufficient evidence to permit the exercise of discretionary powers under subdivisions (e) and (i) of Section 7 of the Zoning Resolution. Since the Board acted within its jurisdiction and upon substantial evidence, the court cannot set such determination aside and substitute its judgment for that of the administrative body in whom alone such discretion is vested."
(N. Y. Law Journal, August 12, 1958, page 4).

BOARD'S NEW OFFICES

The meeting held July 29, 1958 was the last to be held at the Board's Hearing Room on the tenth floor of the Municipal Building.

The Board's offices on the tenth floor will be dismantled during August preparatory to removal to the Board's new quarters at 80 Lafayette Street, ninth floor, Manhattan, which it is expected will be ready by Wednesday, September 17, 1958 for the first hearing.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building, Borough of Manhattan.

CALENDAR

DOCKET

New Cases filed up to September 9, 1958

800-57-BZ

APPLICANT—Leonard F. Rothkrug, for Mildred Cohen, owner; Esso Standard Oil Company, lessee.

SUBJECT—Application November 6, 1957—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station with accessory auto laundry—non automatic, auto repair shop with hand tools only, lubritorium, office and sales, all for a term of fifteen (15) years.

PREMISES AFFECTED—1290-1304 Remsen Avenue, southwest corner of Avenue J, Block 8040, Lot 61, Borough of Brooklyn.

Laid over from April 29, 1958, to May 27, 1958, for inspection and decision; hearing closed; then to May 27, 1958, to June 27, 1958, for the purpose of filing deed restrictions by applicant; then to October 7, 1958, at the request of the applicant to consider withdrawal.

823-19-BZ—Vol. II

APPLICANT—Arnold H. Fassler, for William Scheinberg, owner; Hercules Dist. Corp., lessee.

SUBJECT—Application reopened January 17, 1956 as Vol. II—decision of the Borough Superintendent, under sections 7a, 7c, and 21 of the Zoning Resolution, to permit in a business and residence use district, the change in occupancy from a public garage and parcel delivery station to a factory with vehicle entrances within 25 feet of an intersection and within 75 feet of a residence district.

PREMISES AFFECTED—1901 10th Avenue, southeast corner of 19th Street, Block 890, Lot 1, Borough of Brooklyn.

Laid over from July 22, 1958 to July 29, 1958, for inspection; hearing closed; then to October 7, 1958, for further consideration after the carbarn site in the area has been sold by the City, as proposed use of the subject site may interfere with the sale of such property.

43-58-BZ

APPLICANT—M. Martin Elkind, for Wesbern Realty Corp., owner.

SUBJECT—Application January 27, 1958—decision of the Borough Superintendent, under sections 7h and 21 of the Zoning Resolution, to permit in a business and residence use, "D" area district, the erection of an extension to the existing one-story building for manufacturing purposes and to use the residence portion of the premises for parking of employees cars, the proposed extension exceeds the permitted area coverage.

PREMISES AFFECTED—41-25 to 41-29 216th Street, east side, 300 feet north of 43rd Avenue and 41-30 217th Street, Block 6307, Lot 18, Bayside, Borough of Queens.

Laid over from July 22, 1958 to July 29, 1958, for inspection and decision; hearing closed; then to October 7, 1958, for further consideration and revised plans.

HARRIS H. MURDOCK, *Chairman.*

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

RULES

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

RULE

RULE TO SUPPLEMENT SECTION 19-A OF THE ZONING RESOLUTION OF THE CITY OF NEW YORK AS ADOPTED BY THE BOARD, JULY 11, 1958, EFFECTIVE AUGUST 11, 1958

(385-58-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, subsection 2, of the New York City Charter and of Section 21 of the Zoning Resolution.

Purpose:

The purpose of this rule is to supplement the words in the above section which read as follows: "... aggregate gross floor area so used," as a basis for determining the number of off-street loading berths required under this section.

Rule 1.

"19-A. REQUIRED OFF-STREET LOADING BERTHS FOR NEW CONSTRUCTION, ENLARGEMENTS AND CONVERSIONS. Every building or part thereof hereafter constructed which is used, or arranged, intended or designed to be used, for any of the uses specified in the schedule below, and in which the aggregate gross floor area so used, arranged, intended or designed is greater than the minimum number of square feet of gross floor area specified for those uses in said schedule shall be provided with off-street loading berths in accordance with said schedule, under rules and regulations promulgated by the Commissioner of Housing and Buildings. For the purpose of this section, a group of buildings hereafter constructed under common ownership and located within a single block shall be considered a single building."

The words "aggregate gross floor area so used" contained in the first paragraph of this section shall be interpreted to mean the area of a building computed by measuring from the inside surface of the outer building walls. Building stairs, fire towers, elevator shafts, elevators and other public corridors, flue vents, stacks, pipe shafts, vertical ducts, toilets, air conditioning rooms, fan rooms, air ducts, janitors' closets, slop sinks, electrical closets, telephone closets with their enclosing walls shall be excluded. In computing such area or areas for the purpose of determining the number of off-street loading berths required under this section, walls, partitions, areas devoted to mechanical equipment, exits and similar areas, the use of which does not contribute to the regular shipments to or from the building, shall not be included.

Petition and Order of Certiorari served on the Board of Standards and Appeals.

Docket.

Notice of Hearing Calendar.

Corrections Affecting Calenar Numbers 299-58-A and 446-24-BZ—Vol. II.

Rule to Supplement Section 19-A of the Zoning Resolution.

PETITION AND ORDER OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS

On August 12, 1958, Copy of Petition and Order of Certiorari with Notice of Entry, was served on the Board by Harry Grayer, attorney for Petitioner, Yates Construction Corp., objecting property owner, seeking a review of the Board's decision on July 8, 1958 granting a variance under Sections 22-21 and 21 of the Zoning Resolution, to permit on a plot partly in a C area and partly in an E-1 area district, the erection of a six-story multiple dwelling extending into the E-1 area district; the portion in the E-1 area district occupies more than the permitted area, eliminates the required setback and side yard and having less than the required outer court; Cal. No. 209-58-BZ; premises 1140-1146 Pelham Parkway South and 2140-2150 Williamsbridge Road, southeast corner, Block 4310, Lots 1 and 53, Borough of The Bronx.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building, Borough of Manhattan.

APPLICANT—Patrick D. Concagh, for Ivy Herbst, owner.

SUBJECT—Application January 24, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of two class I structures to be used for a battery of 40 single individual one car garages with one curb cut 129'0" on Teller Ave.

PREMISES AFFECTED—1192-1200 Teller Avenue, southeast corner of East 168th Street, Block 2430, Lot 22, Borough of The Bronx.

136-56-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug, for Florence Meyer, owner.

SUBJECT—Application reopened January 21, 1958 as Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a retail drug store for a temporary period of twelve (12) years.

PREMISES AFFECTED—83-87 to 83-89A Woodhaven Boulevard, east side, 157.18 feet north of Park South, Block 8890, Lot 1, Glendale, Borough of Queens.

247-58-BZ

APPLICANT—A. H. Salkowitz, for Sunrise of Linden Boulevard, owner.

SUBJECT—Application April 21, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a local retail and residence use district the extension of the parking area used in conjunction with the one-story, and basement building occupied as a super market, into the residence portion of the premises.

PREMISES AFFECTED—9323 5th Avenue, northeast corner of 94th Street, Block 6109, Lot 1, Borough of Brooklyn.

884-51-BZ—Vol. II

APPLICANT—Dominick Salvati and Son, for Pasquale Palagano, owner.

SUBJECT—Application reopened July 23, 1957 as Vol. II—re decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district the extension of the present parking lot to include adjacent lot 17.

PREMISES AFFECTED—1818-1830 Bergen Street, south side, 125 feet east of Ralph Avenue, Block 1451, Lots 14 and 17, Borough of Brooklyn.

418-58-BZ

APPLICANT—Harry M. Prince, Mitchell, Barker and Cohen, for Claude E. Forkner, owner.

SUBJECT—Application July 10, 1958—decision of the Borough Superintendent, under section 7d of the Zoning Resolution, to permit in a residence use district a proposed change in use from a one family dwelling and doctor's office to a building to be used and occupied in part, by an elementary and charitable foundation and in part by doctor's offices for the practice of medicine as a group, including the owner with connection to the foundation.

PREMISES AFFECTED—35 East 69th Street, north side, 125 feet, west of Park Avenue, Block 1384, Lot 31, Borough of Manhattan.

711-56-BZ

APPLICANT—Paul Friedman, for Felnor Realty Corp., owner.

SUBJECT—Application October 19, 1956—re decision of the Borough Superintendent, under Sections 7e, 7h and 7i of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs with hand tools only, office, storage and sales of auto accessories, parking of more than five (5) motor vehicles waiting to be serviced and a post standard ground sign for a stated term of fifteen (15) years.

PREMISES AFFECTED—101-02 to 101-10 (101-06 official) Astoria Boulevard, 101-01 to 101-09 31st Avenue and 28-01 to 28-13 101st Street, southwest corner of Astoria Boulevard, Block 1688, Lot 30, East Elmhurst, Borough of Queens.

Laid over from March 5, 1957, to April 9, 1957, for applicant to file lay-out plan and inspection and decision; hearing closed; then placed on the reserve calendar pending erection of church on adjacent property; now set for hearing on October 1, 1957; then to October 8, 1957 for further inspection and decision; then to November 6, 1957, for further inspection and decision; then to December 10, 1957, at request of the applicant, to file revised plans; then to June 10, 1958, for further consideration by Board; inspected by committee of the Board, which is of the opinion that the application should be laid over further in order to give the church proposed to be erected on the adjoining plot more time to determine whether they can proceed with the development for church or school; then to October 7, 1958, for report from objecting property owner.

800-57-BZ

APPLICANT—Leonard F. Rothkrug, for Mildred Cohen, owner; Esso Standard Oil Company, lessee.

SUBJECT—Application November 6, 1957—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station with accessory auto laundry—non automatic, auto repair shop with hand tools only, lubritorium, office and sales, all for a term of fifteen (15) years.

PREMISES AFFECTED—1290-1304 Remsen Avenue, southwest corner of Avenue J, Block 8040, Lot 61, Borough of Brooklyn.

Laid over from April 29, 1958, to May 27, 1958, for inspection and decision; hearing closed; then to May 27, 1958, to June 27, 1958, for the purpose of filing deed restrictions by applicant; then to October 7, 1958, at the request of the applicant to consider withdrawal.

823-19-BZ—Vol. II

APPLICANT—Arnold H. Fassler, for William Scheinberg, owner; Hercules Dist. Corp., lessee.

SUBJECT—Application reopened January 17, 1956 as Vol. II—decision of the Borough Superintendent, under sections 7a, 7c, and 21 of the Zoning Resolution, to permit in a business and residence use district, the change in

CALENDAR

occupancy from a public garage and parcel delivery station to a factory with vehicle entrances within 25 feet of an intersection and within 75 feet of a residence district.

PREMISES AFFECTED—1901 10th Avenue, southeast corner of 19th Street, Block 890, Lot 1, Borough of Brooklyn.

Laid over from July 22, 1958 to July 29, 1958, for inspection; hearing closed; then to October 7, 1958, for further consideration after the carbarn site in the area has been sold by the City, as proposed use of the subject site may interfere with the sale of such property.

43-58-BZ

APPLICANT—M. Martin Elkind, for Wesbern Realty Corp., owner.

SUBJECT—Application January 27, 1958—decision of the Borough Superintendent, under sections 7h and 21 of the Zoning Resolution, to permit in a business and residence use, "D" area district, the erection of an extension to the existing one-story building for manufacturing purposes and to use the residence portion of the premises for parking of employees cars, the proposed extension exceeds the permitted area coverage.

PREMISES AFFECTED—41-25 to 41-29 216th Street, east side, 300 feet north of 43rd Avenue and 41-30 217th Street, Block 6307, Lot 18, Bayside, Borough of Queens.

Laid over from July 22, 1958 to July 29, 1958, for inspection and decision; hearing closed; then to October 7, 1958, for further consideration and revised plans.

HARRIS H. MURDOCK, *Chairman.*

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on July 8, 1958, as they appeared in Bulletin No. 28, Vol. 43, hereby corrected to read as follows:

299-58-A

APPLICANT—Lama, Proskauer and Prober, for Morris Cohen, owner.

SUBJECT—Application April 14, 1958—Appeal from a decision of the Borough Superintendent, re stairs, live load, etc.

PREMISES AFFECTED—307-311 East 115th Street, north side, 100 feet east of 2nd Avenue, Block 1687, Lot 5, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama and Morris Cohen.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commission Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 17, 1958 on Alt. Applic. 1695/56 reads:

"2. Provided two enclosed stairs both leading to roof and street Sec. C26-273.0 A.C.

3. 2nd & 3rd floors must have live load capacity of 120 lbs. per square foot—Sec. C26-345.0 A.C."

and
WHEREAS, the applicant states that the building is 3 stories, 40 feet 4 inches in height, 75 feet by 96 feet 11 inches in area, of class 3 construction, erected prior to 1895, located on a lot 75 feet front by 100 feet 11 inches in depth, in a residence use, B area, class 1½ height district, and used and occupied: cellar—boiler room now vacant and storage; 1st floor—furniture showroom now vacant; 2nd floor—furniture showroom now vacant; 3rd floor—furniture showroom now vacant; that it is proposed to be used and occupied as

follows: cellar—boiler room, storage and toilets; 1st floor—supermarket, 74 persons; 2nd floor and third—storage, no persons; that the building is provided with two existing wood stairs; fire retarded and fireproof enclosed, equipped with fireproof self-closing doors, extending to roof bulkhead, 1 stairs extends to street, in addition there is 1 fire escape on the front extending to street by ladder; that windows and doors on the course of the fire escape, are fireproof self-closing; and

WHEREAS, the applicant states that Application Number 375 of 1895 indicates that the building is an existing building used as a stable under Alt. Applic. 3336/20 the use was changed from stable and junk shop to public garage, and temporary certificate of occupancy was issued February 8, 1922 permitting part of the 1st floor to be used as a garage and repair shop; that on July 12, 1923 certificate of occupancy was issued for storage in the basement, stable, garage and repair shop on the 1st floor and stable on 2nd and 3rd floors; that on April 5, 1921 the Board granted a variance to permit structural alterations and the use of the building as a public garage; that Certificate of Occupancy 8886/24 was issued permitting the following use: Cellar—storage; 1st, 2nd and 3rd floors—garage for more than 5 motor vehicles; that Alt. Applic. 637/53 was filed to enclose some stairways and improved the exit facilities; that Certificate of Occupancy 42516 was issued April 22, 1954 permitting the following use: Cellar—boiler room and storage; 1st, 2nd and 3rd floors—furniture showrooms; and

WHEREAS, the applicant contends as to Objection #2 issued by the Borough Superintendent, that the building is provided with 2 enclosed stairways, one from roof to street and the second from roof to the 2nd floor and then to a fire escape provided with sliding drop ladder to the street; that the building is provided with an elevator from 3rd floor to the 1st floor; that the 2nd and 3rd floors will have no permanent occupancy and will be used only for the storage of groceries sold in the supermarket on the 1st floor; that the proposed use is not hazardous and therefore the exits are adequate; and

WHEREAS, the applicant contends as to Objection #3 issued by the Borough Superintendent, that the 2nd and 3rd floors have a live load capacity of 100 lbs, per square foot; that this load will be posted and will not be exceeded; and

WHEREAS, the premises was inspected by a committee of the Board and the Committee recommended that the change of use as proposed should be permitted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated March 17, 1958, acting on Alt. App. 1695-56 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the resolution adopted this day under Cal. No. 298-57-BZ, Vol. II shall be complied with, including the requirement that both enclosed stairs shall lead to the roof and that the liveload per superficial foot of each floor shall be not less than 100 pounds.

*Correction—In the resolution, the liveload per superficial foot of each floor changed from 120 pounds to 100 pounds.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on May 6, 1958, as they appeared in Bulletin No. 19, Vol. 43, hereby corrected to read as follows:

446-24-BZ—Vol. II

APPLICANT—James J. Lyons, Jr., for Rose Orzo, owner.

SUBJECT—Application reopened April 9, 1957 as Vol. II—decision of the Borough Superintendent under sections

MINUTES

7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, facilities for car washing and minor repairs, an office and salesroom and the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—772-798 East 185th Street and 2337-2349 Southern Boulevard, southwest corner, Block 3114, Lots 17, 19, 21, 23, 25 and 26, Borough of The Bronx.

APPEARANCES—

For Applicant: James J. Lyons, Jr., and John J. Lynch.
For Opposition: Abraham L. Banner.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commission Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 9, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 22, 1958 after due notice by publication in the Bulletin; laid over to May 6, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 26, 1957 acting on N.B. Applic. No. 88-57, reads:

"1. Proposed use of gasoline and oil selling station, lubritorium, car washing minor repairs, office, sales room, parking & Storage of more than five motor vehicles in a residence use district is contrary to Art II, Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 131.56 feet frontage by 183.5 feet in depth, presently vacant, except for five commercial billboard; that it is proposed to erect a gasoline service station with lubritorium, facilities for car washing and minor repairs, an office and salesroom, and the parking and storage of more than five motor vehicles; and

WHEREAS, the applicant further states that Southern Boulevard on the west side, from Fordham Road south to the site in question, and for several blocks further south, is bordered by small retail stores, gas stations and multiple dwellings; that the erection of a modern gas station would not only be of great value to the thousands of commercial and private vehicle operators who pass this corner daily, as well as neighborhood motorists, but would generally enhance the appearance of Southern Boulevard by substituting a clean, well designed and well equipped structure for a shabby and neglected empty lot; and

WHEREAS, the applicant contends that the Bronx Zoo, which is directly opposite the site in question, is privately owned and controlled by the New York Zoological Society and hence not within the purview of the language of Section 21A; that the entrance at 185th Street is not a public entrance, but is for the use of park employees who drive their vehicles to work; that a small parking area immediately within the gate is provided for such employees' use and a uniformed guard is stationed at the gate to exclude any but employees of the park from using the entrance; that the attitude of the Park Department towards the proposed use was explored and a letter from the Department

signed by the Commissioner states that there is no public park or zoo entrance at this point and they consequently have no legal ground upon which they can object to a filling station under proper conditions; that the Park Commissioner stated that he had discussed the proposed use of the property with officials of the New York Zoological Society, and not only were they not opposed to such use, but they believed that a filling station and parking facilities might be beneficial to them; and

WHEREAS, the applicant states that the present owner has held title to the property since February 13, 1957 and that the assessed valuation of land is \$39,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and parking area, as proposed and as indicated on plans filed with this application, marked "Received March 22, 1957", 5 sheets "May 21, 1957", 1 sheet, and "March 7, 1958", 1 sheet, on condition that all buildings and uses now on the site shall be removed and the premises leveled substantially to the grade of Southern Boulevard; that the accessory building and car washing building shall be constructed as proposed on such plans and shall meet the requirements of the Building Code in all respects, shall be faced with face brick on all sides and without a cellar; that along the lot lines there shall be erected and maintained a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 feet, 6 inches; that such fence may be omitted on the street building lines of Southern Boulevard and East 185th Street; that curb cuts shall be restricted to two, each 30 feet in width to East 185th Street, where shown an three of similar width to Southern Boulevard, with no portion of a curb cut nearer than 5 feet to a side lot line as prolonged; that gasoline pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line of Southern Boulevard; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the premises where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that the sidewalks and curbing abutting the site shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7h there may be parking in the rear as proposed for pleasure cars only and for a similar term; that under Section i, there may be for a similar term, minor repairing with hand tools only, carried on in the accessory building only and for minor adjustments; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all temporary signs, advertising devices and roof signs but permitting the erection within the intersection of one standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line at right angles to Southern Boulevard not more than 4 feet; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the resolution, permission under Section 7i for the inclusion of minor repairing, as indicated in italics.

RULE

RULE TO SUPPLEMENT SECTION 19-A OF THE ZONING RESOLUTION OF THE CITY OF NEW YORK AS ADOPTED BY THE BOARD, JULY 11, 1958, EFFECTIVE AUGUST 11, 1958

(385-58-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, subsection 2, of the New York City Charter and of Section 21 of the Zoning Resolution.

Purpose:

The purpose of this rule is to supplement the words in the above section which read as follows: "... aggregate gross floor area so used," as a basis for determining the number of off-street loading berths required under this section.

Rule 1.

"19-A. REQUIRED OFF-STREET LOADING BERTHS FOR NEW CONSTRUCTION, ENLARGEMENTS AND CONVERSIONS. Every building or part thereof hereafter constructed which is used, or arranged, intended or designed to be used, for any of the uses specified in the schedule below, and in which the aggregate gross floor area so used, arranged, intended or designed is greater than the minimum number of square feet of gross floor area specified for those uses in said schedule shall be provided with off-street loading berths in accordance with said schedule, under rules and regulations promulgated by the Commissioner of Housing and Buildings. For the purpose of this section, a group of buildings hereafter constructed under common ownership and located within a single block shall be considered a single building."

The words "aggregate gross floor area so used" contained in the first paragraph of this section shall be interpreted to mean the area of a building computed by measuring from the inside surface of the outer building walls. Building stairs, fire towers, elevator shafts, elevators and other public corridors, flue vents, stacks, pipe shafts, vertical ducts, toilets, air conditioning rooms, fan rooms, air ducts, janitors' closets, slop sinks, electrical closets, telephone closets with their enclosing walls shall be excluded. In computing such area or areas for the purpose of determining the number of off-street loading berths required under this section, walls, partitions, areas devoted to mechanical equipment, exits and similar areas, the use of which does not contribute to the regular shipments to or from the building, shall not be included.

Rule to Supplement Section 19-A of the Zoning Resolution.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Planning Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, Borough of Manhattan.

Negative: 0

THE RESOLUTION—

WHEREAS, on November 14, 1956, this application was granted by the Board on certain conditions, under Section 7e of the Zoning Resolution, to permit in a residence use district the proposed continued use of a frame building for a seven car garage, affecting premises 2222 Homecrest Avenue, west side, 180 feet south of Avenue V, Block 7372, Lot 16, Borough of Brooklyn; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation January 9, 1958; and

WHEREAS, this application was reopened on July 1, 1958 and set for hearing on September 17, 1958 at 10 A.M., subject to regular procedure, waiving all requirements except

a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated June 9, 1958 acting on Alt. Applic. No. 4377-54, reads:

"1. Time for completion has expired. Obtain approval from Bd. of St. & Appeals Cal. 326-41-BZ."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted by the Board on October 15, 1941 as thereafter amended by resolutions adopted through July 9, 1957, only as to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that in view of statement by the applicant that the work has been completed and additional time is required to obtain a Certificate of Occupancy, that all permits required, including a certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution." Alt. App. 4377-54.

Adjourned: 3:15 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

WEDNESDAY AFTERNOON, SEPT. 17, 1958, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 985-40-SM—Vols. I, II and III.

Subject: Amendment to resolution as to additional trade name and additional size of metal pan.

National Gypsum Company, Buffalo, New York, requested by letter dated May 12, 1958 that the resolution adopted October 22, 1940 and amended at various times through May 22, 1956 under Calendar Number 985-40-SM—Vol. I and II be amended so as to include additional size of metal pans and additional trade name. The application was reopened by a vote of the Board June 3, 1958.

Description

The requested pans are made of the same gauge metal as the approved pans. The only difference being in the size; the requested pans being 12 inches by 12 inches in addition to the 12 inches by 24 inches.

Recommendation

The Committee on Test recommends that the resolution adopted October 22, 1940 and as amended at various times through May 22, 1956 under Calendar Number 985-40-SM—

MINUTES

Vol. I, II and III be amended so as to include the additional Acoustimetal Pan in a size of 12 inch by 12 inch and further that the Acoustimetal Pans, sizes 12x12 inches and 12x24 inches may be marketed under the additional trade name of Panatone on condition that the requirements of the resolution adopted October 22, 1940 under Calendar Number 985-40-SM—Vol. I be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 619-48-SM.

Subject: Amendment to resolution as to additional thickness of wool batts and permission to market under additional trade names.

American Rock Wool Corporation, Chicago, Illinois, requested by letter dated May 19, 1958 that the resolution adopted July 12, 1949 under Calendar 619-48-SM be amended so as to include additional thickness of rock wool batts and permission to market under additional trade names. The application was reopened by a vote of the Board June 10, 1958.

Description

The approved batts were of 2 and 3 inch thickness. The requested batts range in thickness from ½ inch to 8 inches and the densities range from 1½ to 12 pounds per cubic foot. The batts are either non-reflective or reflective enclosed and open faced batts.

Recommendation

The Committee on Test recommends that the resolution adopted July 12, 1949 be amended so as to include rock wool batts of thickness ranging from 1½ inch to 8 inches and of a density of 1½ to 12 pounds per cubic feet as herein described and further this material may be marketed under the following trade names;

Thermafiber by the American Rock Wool Corporation;
Red Top by the United States Gypsum Company;
Barrett by the Barrett Division;
Celotex by the Celotex Corporation;
Homart by Sears, Roebuck Company;
Wards by Montgomery Ward Company;

on condition that the requirements of the resolution adopted July 12, 1949 under Calendar Number 619-48-SM be complied with.

Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 286-49-SA.

Subject—Amendment to resolution as to additional models of automatic washers.

Maytag New York Company Inc., New York City requested by letter dated April 18, 1958 that the resolution adopted July 12, 1949 and as amended through September 17, 1957 under Calendar Number 286-49-SA Vol. I and II be amended so as to include the additional models of automatic washers.

Purpose

The appliance is an automatic clothes washing machine, (9 lbs.).

Description

The requested models are basically the same as the models previously approved except for cabinet styling. The water supply feature is identical to the models previously approved.

Recommendation

The Committee on Test recommends that the resolution adopted July 12, 1949 and as amended through September 17, 1957 under Calendar Number 286-49-SA be reopened and amended so as to include the additional models of automatic washers namely models 141, 142, 132, 131 and 124 on condition that the requirements of the resolution adopted July 12, 1949 and amended through September 17, 1957 under Calendar Number 286-49-SA Vol. I and II be complied with.

349-52-SA—Vol. II

APPLICANT—Surface Combustion Corporation, owner.
SUBJECT—Application reopened January 14, 1958 for amendment of resolution as to additional models, namely Models BCC-300, BCC-400, BCC-500, BCCL-400 and BCCL-500—re FES-05, Series FES-45 Series, BCCA-55 Series, BCCL-05 Series and BCCL-55 Series, Janitrol Unit Heater, Models BCCA-05, BCC-05, BCCL-05 Series and FES-05; previously approved.

APPEARANCES—

For Applicant: Thomas J. Burke and Kenneth G. Hull.
ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Sleeper 3
Negative: Commissioner Kleinert 1
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 349-52-SA Vol. II.

Subject: Amendment to resolution as to additional models.

Surface Combustion Corporation, Columbus, Ohio, requested by letter dated December 12, 1957 that the resolution adopted November 12, 1952 under Calendar Number 349-52-SA Vol. I and amended June 2, 1953, February 26, 1957, November 19, 1957 under Calendar Number 349-52-SA Vol. II be amended so as to include the BCC-300, BCC-400, BCC-500, BCCL-300, BCCL-400, and BCCL-500 Winter Air Conditioners. The application was reopened by a vote of the Board, January 14, 1958.

Purpose

Gas fired warm air furnaces.

Description

The new models are similar to the BCC and BCCL models previously approved under Calendar Number 349-52-SA Vol. II, except for a re-arrangement of the primary and secondary air openings and also the relief openings for the down draft diverter.

The numeral in the model designation indicates the heat input rating of the appliance in thousands of Btu. per hour. These appliances have been approved by the American Gas Association.

Recommendation

The Committee on Test recommends that the resolution adopted November 12, 1952 under Calendar Number 349-52-SA Vol. I and amended June 2, 1953, February 26, 1957 and November 19, 1957 under Calendar Number 349-52-SA Vol. II be amended so as to include the BCC-300, BCC-400, BCC-500, BCCL-300, BCCL-400 and BCCL-500 Winter Air Conditioners on condition that the requirements of the resolution adopted November 12, 1952 under Calendar Number 349-52-SA Vol. I be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolutions of November 12, 1952 through November 19, 1957 in accordance with the above report.

627-52-SM

APPLICANT—County Fire Door Corporation, owner.

SUBJECT—Application reopening and amendment of resolution as to change of ownership—re Pioneer One and One Half Hour Test Panel Kalamein Doors; previously approved.

MINUTES

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 627-52-SM.

Subject: Amendment to resolution as to change of ownership.

County Fire Door Corporation requested by filing an affidavit dated June 23, 1958 that the resolution adopted May 18, 1954 under Calendar Number 627-52-SM be amended so as to show a change of ownership as the County Fire Door Corporation purchased from Pioneer Fireproof Door Corporation all the equipments, rights and assets.

Recommendation

The Committee on Test recommends that the resolution adopted May 18, 1954 under Calendar Number 627-52-SM be reopened and amended so as to show a change of ownership; the new owner being County Fire Door Corporation, on condition that all requirements of the resolution adopted May 18, 1954 under Calendar Number 627-52-SM be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of May 18, 1954 in accordance with the above report.

580-53-SM

APPLICANT—Superior Fireproof Door & Sash Company, Inc., owner.

SUBJECT—Application amendment as to additional thickness of door and change in welding—re Superior Flush Hollow Metal Insulated Fireproof Door (1¼ inch thick), ¾, 1 and 1½ Hour Rating; previously approved.

APPEARANCES—

For Applicant: William Silver.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report of Committee on Test.

THE VOTE TO AMEND—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice-Chairman Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 580-53-SM.

Subject: Amendment as to additional thickness of door and change in welding.

Superior Fireproof Door and Sash Company Inc., New York requested by letter dated June 24, 1958, that the resolution adopted July 20, 1954 under Calendar 580-53-SM be amended so as to include additional thickness of doors and a change in the manner of welding the door.

Purpose

A flush hollow metal insulated fireproof door as an opening protective assembly.

Description

The Board approved the door in a thickness of 1¼ inches and with ¾ inch long arc welds placed 3 inches apart along

two seams occurring on the face of the door. The requested modifications consist of doors in greater thickness and a continuous welded seam centered on each edge of the door. In all other respects the construction of the door will remain unchanged; in the thicker doors the insulation is increased to take care of the added thickness.

Recommendation

The Committee on Test recommends that the resolution adopted July 20, 1954 under Calendar 580-53-SM be reopened and amended so as to include additional thickness of doors; namely 1¼, 1¾, 1¾, 2 and 2¼ inch thick and to allow a continuous welded seam as herein described on condition that the requirements of the resolution adopted July 20, 1954 under Calendar Number 580-53-SM be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of July 20, 1954 in accordance with the above report.

17-55-SA

APPLICANT—Cole Distributors Corp., for Apex Electrical Manufacturing Co., owner.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 17-55-SA.

Subject: Amendment to resolution for additional model.

Cole Distributors Corporation for Apex Electrical Manufacturing Company requested by letter dated October 11, 1956 that the resolution adopted October 2, 1956 under Calendar Number 17-55-SA be amended so as to include an additional model CM3-6013.

Purpose

A coin metered washing machine, (9 lbs.).

Description

The new model CM3-6013 is similar to the model CM5-6000 previously approved by the Board October 2, 1956 under Calendar Number 17-55-SA except that a cut off switch has been included to stop the machine when the door is opened.

Recommendation

The Committee on Test recommends that the resolution adopted October 2, 1956 under Calendar Number 17-55-SA be amended so as to include the additional Model CM3-6013 washing machine on condition that the requirements of the

506-55-SA

APPLICANT—Cole Products Corp., owner (Drink Dispenser Co., Agent).

SUBJECT—Application June 14, 1955—Cole Spa Coin-Operated Automatic Cup Vendor (dispensing Carbonated and non Carbonated soft drinks in cups), Models 1-D, 3-D, 4-D, 3 DeLuxe and 6 DeLuxe approval of.

APPEARANCES—

For Applicant: O. W. Donohue and M. P. Brecher.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 506-55-SA.

Subject: Cole Spa Coin Operated Automatic Cup Vendor, 1-D, 3-D, 4-D, 3 DeLuxe and 6 DeLuxe.

Cole Products Corporation, Chicago, Illinois filed June 14, 1955 an application with the Board of Standards and Appeals for approval of the appliance known as Cole Spa Coin Operated Automatic Cup Vendor, 1-D, 3-D, 4-D, 3 DeLuxe and 6 DeLuxe under the provisions of C19-96 Administrative Code and the Submerged Inlet Rules of the Board.

Purpose

The appliance is designed to automatically dispense, in a paper cup, upon insertion of a coin, a refrigerated drink, with carbonated water.

Description

Upon insertion of a coin, a contact is made releasing paper cup to a platform after selection of any one of three flavors is made. Water and syrup, which have been chilled, will then be dispensed through a stainless steel solenoid valve, filling the cup. The mixture of the syrup and water takes place within the cup, as it is dispensed.

Water System: The water enters the machine through $\frac{1}{4}$ inch copper tubing passing through a filter unit and water purifier and thence through a pressure reducing valve, set at 25 lbs. pressure in a stainless steel tank.

When the water in the carbonator reaches a low level, a water pump, controlled by electrodes located within the carbonator, cuts in and draws water from the stainless steel water tank and forces it through a precooler and thence into the carbonator until the proper level in the carbonator is reached.

The CO₂ pressure in the carbonator is set at 65 lbs. and the water in the carbonator is dispensed through a stainless steel solenoid valve when the drink is purchased. Both the precooler tank and the carbonator are made of stainless steel and protected by safety valves.

The syrup is stored in a hermetically sealed stainless steel container under 15 lbs. CO₂ pressure. The syrup, under CO₂ pressure is forced through a short length of tubing into a stainless steel coil where it is chilled and ready to be dispensed through the stainless steel syrup sol-

enoid valve. There are separate valves for each flavor of syrup. The water is dispensed separately through a separator valve.

The device is equipped with an automatic safety system which closes down the system in the event any of the supplies run too low to safely deliver a completed drink.

A hermetically sealed refrigeration unit is controlled by a thermostat switch pre-set to desired temperature. The system contains not over 3 lbs. of Freon 12.

Inspection and Test

Details of construction were examined by Assistant Engineer J. A. Darts, Committee on Test.

Recommendation

On the basis of the examination and the data filed by the applicant, The Committee on Test recommends the approval of the Cole Spa Coin Operated Automatic Cup Vendor, 1-D, 3-D, 4-D, 3 DeLuxe and 6 DeLuxe for use in New York City under the provisions of C19-96.0 Administrative Code and the instructions of the Fire Commissioner to inspectors on condition that the electrical installation complies with the requirements of the Department of Water Supply, Gas and Electricity and that each unit bears a label permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 506-55-SA and provided further that the unit be serviced at least once a year and a record card of inspection be attached to each unit showing such dates of inspection and the names of the inspector and further that when installed the dispenser shall be equipped with an approved vacuum breaker installed in compliance with the Submerged Inlet Rules of the Board.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

695-55-SA

APPLICANT—Surface Combustion Corp., owner.

SUBJECT—Application August 10, 1955—Janitrol Counter Flow Conditioner (Gas-fired Unit Heater), Model FDS-55, approval of.

APPEARANCES—

For Applicant: Thomas J. Burke and Kenneth G. Hull.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 695-55-SA.

Subject: Janitrol Counter Flow Conditioner; Gas Fired Unit Heater, Model FDS-55.

Surface Combustion Corporation, Columbus, Ohio, filed August 10, 1955 an application with the Board of Standards and Appeals for approval of the Janitrol Counter Flow Conditioner, Model FDS-55-SA for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

A gas fired warm air furnace for residential use.

Description

The Model FDS-55 furnaces are similar to the Model FES furnaces previously approved by the Board under

MINUTES

Calendar Number 349-52-SA Vol. II except that they are designed for counter flow with the heated air taken off through a duct opening at the bottom of the furnace casing and return air supplied at the top. The Model FES furnaces delivered heated air from the top of the unit.

Standard equipment includes a Multi-Thermex heat exchanger with ribbon port burners, adjustable air shutters, a blower assembly, thermal overload protection, solenoid valve, transformer, automatic pilot and adjustable pilot valve, gas pressure regulator, thermostat, fan and limit control, shut off valve, built in draft hood and throw away type filter.

The FDS 80-55 and FDS 100-55 have direct drive blower. The FDS 120-55 has a belt driven blower. Firing rates for the above are 80,000, 100,000, and 120,000 Btu per hour input respectively.

Inspection and Test

All details of construction were examined by Assistant Engineer Sklenarik, Committee on Test.

The FDS-55 series were tested and approved by the American Gas Association for natural, manufactured or mixed gases.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Janitrol Counter Flow Conditioner Models, FDS 80-55, FDS 100-55 and FDS 120-55 for use in New York City when installed in accordance with this report and the requirements of Article 12, Administrative Building Code provided that each furnace shall bear a label, permanently affixed, reading "Approval by the Board of Standards and Appeals for use in New York City under Calendar Number 695-55-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 718-55-SA.

Subject: Empire Gas Furnaces, Models W-50, W-75, W-100, W-125, W-150, W-175, 75C, 100C and 150C.

Empire Stove Company, Belleville, Illinois, filed June 22, 1955 an application with the Board of Standards and Appeals for approval of the Empire Gas Furnaces Models W-50, W-75, W-100, W-125, W-150, W-175, 75C, 100C, 125C and 150C for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Gas fired warm air furnaces for residential use.

Description

The W series are packaged floor type furnaces made up

of an enameled sheet steel housing which encloses an assembly of an air filter, a centrifugal blower fan, a welded steel combustion chamber and heat exchanger and atmospheric gas burners made with ribbon type parts. Each furnace has a built in draft diverter and a flue pipe connecting collar at the top.

The controls consist of an automatic pilot light to cut off the flow of gas in case of flame failure, a fan and limit switch designed to start the blower fan when furnace temperature reaches 125°F and to shut down the gas burners when the furnace temperature reaches 150°F. A thermostat is used for automatic operation.

Heated air is taken off through a duct opening in the top of the furnace casing.

The C series are similar except that they are counter flow units with the heated air taken off at the bottom.

The capacities of the various models are

Model	Heat Input Btu per hour	Model	Heat Input Btu per hour
W50	50,000	75C	75,000
W75	75,000	100C	100,000
W100	100,000	125C	125,000
W125	125,000	150C	150,000
W150	150,000		
W175	175,000		

Inspection and Test

All details of construction were examined by Assistant Engineer G. F. Sklenarik, Committee on Test.

The series W and C furnaces were tested and approved by the American Gas Association for natural, manufactured and mixed gas.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Empire Gas Furnaces, Models W50, W75, W100, W125, W150, W175, 75C, 100C, 125C and 150C for use in New York City in accordance with this report and the provisions of Article 12, Administrative Building Code including the clearance requirements set forth therein and provided that each furnace shall bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 718-55-SA".

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 933-55-SM.

Subject: Hanover Drapery Fabric.

MINUTES

Town House Fabrics Corporation, New York, N. Y., filed November 18, 1955 an application with the Board of Standards and Appeals for approval of Hanover Drapery Fabric for use in New York City under the provisions of section C-19-161.0 Administrative Code and the Rules of the Board for Flameproof Materials.

Purpose

A flame resistant drapery material for use in places of public assembly.

Description

This material consists of a 30 Dr. Fortisan warp, 100 ends per inch with 56 picks of a 1/20 blend of 60% Saran-40% Dynel filling. The fabric is 50 inches in the reed.

Inspection and Test

Samples of the material were tested in accordance with the Rules of the Board at the United States Testing Company, October 31, 1955.

The samples tested showed no flashing, flaming or after-glow; the material fused when contacted by the test flame.

Recommendation

On the basis of the test, the Committee on Test recommends the approval of the material Hanover Drapery Fabric, provided that any material used to bind or trim the edges be incombustible or flameproofed in accordance with the Rules of the Board.

Tests of each specific installation or any retests thereof shall be made by the Fire Commissioner or in a laboratory approved by him in accordance with the Rules of the Board.

The Committee further recommends that each bolt of Hanover Drapery Fabric be tagged or marked as follows, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 933-55-SM".

(Sgd.) SAMUEL L. BECKER,

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 487-56-SA.

Subject: Temco Radiant Vented Circulator Room Type Gas Heater Models 304-4, 604-4, and 754-4.

G. R. Darche for Temco Inc., Nashville, Tennessee filed June 21, 1956 an application with the Board of Standards and Appeals for approval of the appliance known as the Temco Radiant Vented Circulator Room Type Gas Heater Models 304-4, 454-4, 604-4, 754-4 under the provisions of Article 12, Chapter 26, Administrative Building Code.

Purpose

The appliance is a vented gas heater for domestic installation.

Description

The heaters consist of the following basic parts—Cabinet: die stamped from 22 gauge steel and finished in porcelain enamel. Heat chambers: die stamped from 20 gauge steel, seam welded, the chambers are coated, inside and out with porcelain enamel. Controls, either 100% Baso safety valves or Robertshaw Unitrols, Pressure regulator. Burners are heavy cast iron with ceramic burner parts.

The burner input ranges from 35,000 to 75,000 BTUs.

Inspection and Test

Details of construction were examined by Assistant Engineer J. A. Darts, Committee on Test. The appliance has been approved by the American Gas Association under certificate numbers 2-1285-2.201, 2-1285-1.301, 2-1285-2.001 and 2-1285-2.101.

Recommendation

On the basis of the examination the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as Temco Radiant Vented Circulator Room Type Gas Heater Models 304-4, 454-4, 604-4 and 754-4 for use in New York City when constructed as herein described and installed in accordance with the requirements of Article 12, Chapter 26 Administrative Building Code in domestic and commercial installations, but not in garages or places of explosive atmosphere on condition that the heater bears a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 487-56-SA".

Subject: Temco Vented Circulator Room Type Gas Heater Models 705-1, 142-4, 202-4, 302-4, 452-4, and 602-4.

G. R. Darche for Temco Inc., Nashville, Tennessee, filed June 21, 1956 an application with the Board of Standards and Appeals for approval of the appliance known as Temco Vented Circulator Room Type Gas Heater Models 705-1, 142-4, 202-4, 302-4, 452-4 and 602-4 under the provisions of Article 12, Chapter 26 Administrative Building Code.

Purpose

The appliance is a vented gas appliance for domestic installation.

MINUTES

Description

The Model 705-2 is rated at 70,000 BTU and is constructed as follows. Cabinet—22 gauge steel, finished in porcelain enamel. Heat chamber is die stamped from 20 gauge steel with welded seams. Fan—18 inch propeller type with 1/40 H.P. motor. Burners—three cast iron, drilled raised part connected by a cast iron manifold. The controls—100% Baso valve, pressure regulator.

The Models 142-4, 202-4, 302-4, 452-4 and 602-4 range in BTU from 14,000 to 60,000 BTU's and are constructed as follows: Cabinet—22 gauge steel, porcelain enamel finish. Heat Chamber—20 gauge steel seam welded and finished inside and out with porcelain enamel. The Control either is 100% Baso safety valve, Robertshaw Unitrol or manual valve and blue flame pilot. The burners are heavy cast iron with ceramic burner in the models 3-2-4, 452-4 and 602-4. The models 142-4 and 202-4 are equipped with heavy cast iron raised drill port burners.

Inspection and Test

Details of construction were examined by Assistant Engineer J. A. Darts, Committee on Test. The appliance has been approved by the American Gas Association under certification number 2-1330.001, 2-1379.101, 2-1379.001, 2-1285-4.201, 2-1285-2.301 and 2-1285-3.001.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as Temco Vented Circulator Room Type Gas Heater Models 705-1, 142-4, 202-4, 302-4, 452-4 and 602-4 for use in New York City when constructed as herein described and installed in accordance with the requirements of Article 12, Chapter 26 Administrative Building Code in domestic and commercial installation, but not in garages or places of explosive atmosphere on condition that the heater bear a label, permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 488-56-SA".

Subject: Wing Gas Fired Unit Heaters Models GHCR-368 and GHCF-368.

L. J. Wing Manufacturing Company, Linden, New Jersey filed October 16, 1956 an application with the Board of Standards and Appeals for approval of the appliance known as the Wing Gas Fired Unit Heater Models GHCR-368 and GHCF-368 under the provisions of Article 12, Chapter 26 Administrative Building Code.

Purpose

The appliance is a gas fired space heater.

Description

The appliance is designed for overhead installation and consists of gas burners, combustion chamber, heat exchanger, with motor driven Wingfoil Axial flow fan and Wing discharge outlet.

The combustion chamber and heat exchanger are constructed of 16 gauge aluminized steel. The burners are heavy wall cast iron with drilled parts and the pilot burners are of stainless steel. The controls consist of automatic pilot switch which automatically shuts off gas in case of pilot failure; electric solenoid gas valve closes on power failure and shuts off the gas and a pressure regulator.

Inspection and Test

Details of construction and the operation of the equipment were examined by Assistant Engineer John A. Darts, Committee on Test. The appliance has been approved by the American Gas Association under 4-1395-1.001 and 4-(1395.0 and 1396-2.0).001x.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the Wing Gas Fired Unit Heaters Models GHCR-368 and GHCF-368 for use in New York City when constructed as herein described and installed in accordance with the requirements of Article 12, Chapter 26 Administrative Building Code but shall not be installed in garages or places of explosive atmospheres on condition that each appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 739-56-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

740-56-SA

APPLICANT—L. J. Wing Manufacturing Co., owner.

SUBJECT—Application October 16, 1956—Wing (gas-fired) Unit Heaters and Wing Duct Heaters, Models GU-40, 56, 72, 104, 124, GU-164, GU-184, GU-82, and Models GD-56, 72, 82, 104, 164 and GD-184, approval of.

APPEARANCES—

For Applicant: R. N. Hosey.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 740-56-SA.

Subject: Wing Gas Fired Unit Heaters and Heaters; Models GU-40, GU-56, GU-72, GU-104, GU-124, GU-164, GU-82, GU-184, GD-56, GD-72, GD-82, GD-104, GD-124, GD-164, and GD-184.

L. J. Wing Company, Linden, New Jersey filed October 16, 1956 an application with the Board of Standards and Appeals for approval of the appliance known as the Wing Gas Fired Unit Heaters and Duct Heaters, Models GU-40, GU-56, GU-72, GU-104, GU-124, GU-164, GU-82, GU-184, GD-56, GD-72, GD-82, GD-104, GD-124, GD-164 and GD-184 under the provisions of Article 12, Chapter 26 Administrative Building Code.

Purpose

The appliance is a gas fired space heater.

Description

The units GU and GD are basically the same design except that the GU series is complete with fan and motor unit whereas the GD series does not have the integral fan unit but is designed for duct systems and external fans.

The casing of both series is die cast steel, but the GD series has internal radiation shields to minimize external surface temperature.

The heat exchanger is constructed of 16 gauge aluminized steel for both series. The combustion chamber for GD is also of 16 gauge steel. The burners for both series are cast iron with drilled parts and a pilot burner of stainless steel. The balance of the equipment for the GU series consists of the following: Draft diverter built-in dual side relief openings which are welded to the interchanger. Motor—totally enclosed shaded pole type. Fan—four bladed aluminum propeller type. Fan control—automatically starts fan when temperature reaches predetermined point. Limit control which prevents overheating. Automatic 100% shut-off Valve—automatically shuts off gas in the event of pilot failure. Electric solenoid gas valve and Pressure regulator. The balance of the equipment for the GD Series consists of the following: Limit control, automatic high temperature limit control prevents overheating. Automatic pilot switch which automatically shuts off gas in the event of pilot failure. Electric solenoid gas valve, closes on power failure and shuts off gas and a pressure regulator.

Inspection and Test

Details of construction were examined by Assistant Engineer J. A. Darts, Committee on Test. The appliance has been approved by the American Gas Association under Certificate number 4-846-3.901-5x, 4-846-5.901-5, 4-846-4.901-5x, 4-846.901-5x, 4-846-1.901-5x, 4-846-2.901-5x, 4-846-2.801-5x, 4-846.301-5x, 4-846-1.301-5x, 4-1396-2.001-5x, 4-1396.001-5x, 4-1396.101-5x, 4-1396-1.101-5x, 4-(1396.4&3.4).001-5x, 4-(1396-2.4&5.4).001-5x, 4-(1396-1.4&4.4).001-5x, 4-1200.001-5x, 4-1260-1.001-5x, 4-1260-4.001-5x, 4-1260-3.001-5x, 4-1260.101-5x, 4-1260-2.101-5x, 4-1260-3.101-5x, 4-1260-1.101-5x, 4-1396.201-5x, 4-1396-1.201-5x, 4-1396-2.201-5x, 4-846-1.701-5x, 4-846.701-5x, and 4-846-2.701-5x.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as Wing Gas Fired Unit Heaters and Duct Heaters, Models GU-40, GU-56, GU-72, GU-104, GU-124, GU-164, GU-82, GU-184, GD-56, GD-72, GD-82, GD-104, GD-124, GD-164 and GD-184 for use in New York City when constructed as herein described and installed in accordance with the requirements of Article 12, Chapter 26, Administrative Building Code in domestic and Commercial installation; but not to be installed in garages or

places of explosive atmospheres on condition that the appliance bear a label, permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 740-56-SA."

67-57-SM

APPLICANT—The Steelcraft Manufacturing Co., owner.
SUBJECT—Application January 11, 1957—Steelcraft Series 16 B Label Door and Frame and Steelcraft series 20, B Label Door and Frame, approval of.

APPEARANCES—

For Applicant: David Laub.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiert, Commissioner Foley and Commissioner Sleeper... 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 67-57-SM.

Subject: Steelcraft Series 16B and 20B Doors.

Steelcraft Manufacturing Company filed January 11, 1957 an application with the Board of Standards and Appeals for approval with the Steelcraft Series 16B and 20B Doors under the provisions of C26-610.0 Administrative Building Code.

Purpose

The door is to be used as a 1½ hour fire resistive opening protecting assembly.

Description

The application covers a pair of doors, one being a flush door and the other a panel type door. As will be shown under Inspection and Test, the flush door did not meet the requirements of the fire test. The only door to be described will be the paneled type door.

Panel Type Door: The door is designed for an opening 4'-0" x 8'-0" and is 0'-1¾" in thickness. The top and bottom rails and center rails are constructed of 16 gauge steel. The panels, both top and bottom, are constructed of 18 gauge steel and are insulated with ½ inch asbestos millboard core.

The hardware consists of four 4½" full mortise steel hinges and a bolt having a throw of ¾".

The complete details of construction are included in the Underwriters Laboratory Retardant 3993-1 are on file with and are part of the record.

Inspection and Test

The panel and flush type door were tested at the Underwriters Laboratory, Chicago, Illinois. The flush type door failed due to heat transmission. The panel type door passed both the fire and hose stream test as required under Calendar Number 26-610.0 Administrative Building Code.

MINUTES

Recommendation

On the basis of the test and the data filed by the applicant, The Committee on Test recommends the approval of the Steelcraft Panel Door as a one and half fire resistive opening protective assembly for use in New York City under the provisions of 26-610.0 Administrative Building Code on condition that the door is constructed as herein described with hardware as described and further that the construction, inspection and installation comply with the requirements of the Rules of the Board of Inspection of Opening Protective Assemblies.

ert, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 561-57-SA.

Subject: Westinghouse Central System Gas Fired Air
Conditioner, Models RG-90-2 and RG-130-3.

Westinghouse Electric Corporation, Staunton, Virginia, filed July 23, 1957 an application with the Board of Standards and Appeals for approval of the Westinghouse Central System Gas Fired Air Conditioner Models RG-90-2 and RG-130-3 for use in New York City under the provisions of Article 18 Chapter 19 and Article 12 Chapter 26, Administrative Code.

Purpose

Combination heating and cooling units for residential and commercial use.

Description

The RG-90-2 and RG-130-3 are floor type packaged air conditioners made up of a gas fired warm air furnace and a mechanically refrigerated air cooling system housed in a heavy gauge sheet steel cabinet finished in enamel. The cabinet panels are insulated with one inch aluminum foil faced fibreglas.

The heating section contains a heavy gauge surface type heat exchanger, seam welded and made with side extensions for additional heat transfer surface. A built in draft diverter is provided at the flue connection. The burner is a one piece upshot burner with flame spreader. The burner

body is a cast iron venturi with adjustable primary air shutter. Ignition is by safety pilot and a fan and limit control are provided for the furnace.

The cooling section contains a hermetic compressor of two cylinder reciprocating type with sealed in drive motor and lubricant. The compressor is protected with a high-low pressure switch. It is connected with piping to a water cooled shell and tube condenser which is equipped with a fusible plug, liquid shut off valve and purge valve. Liquid refrigerant is supplied from condenser to evaporator through an expansion valve. The evaporator is arranged for induced air flow in the RG-2 unit and for forced air flow in the RG-3 unit. An insulated, galvanized drain pan is mounted beneath the evaporator.

Air filters are installed in a side panel and air circulation is provided by means of an electrically driven centrifugal fan.

The ratings of the two models are as follows:

	RG-90-2	RG-130-3
Cooling Capacity		
Btu. per. hr.	24,000	38,000
Heating Capacity		
Btu. per. hr. output	72,000	104,000
Compressor HP.	2	3
Refrigerant and	F12	F22
# pounds	4½ lbs.	5 lbs.

Inspection and Test

All details of construction were examined by Assistant Engineer G. F. Sklenarik, Committee on Test.

The heating furnaces used in this equipment were tested and approved by the American Gas Association for natural, manufactured and mixed gases.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Westinghouse Central System Gas Fired Air Conditioner Models RG-90-2 and RG-130-3 for use in New York City in accordance with this report and the provisions of Article 18, Chapter 19 Administrative Code and Article 12 of Chapter 26 Administrative Code including the clearance requirements set forth therein; all electrical installation work to be in accordance with the Electrical Code of the City of New York and further that each such appliance shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 561-57-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 131-58-SA.

Subject: Enterprise Combination Gas-Oil Burners, Types
AA3, A3, C3, E3, F3, G3, H3(1), H3(1½), J3,
K3, L3, M3—AY, AY-1, AY-2.

H. M. Ficken for Enterprise Engine and Machinery
Company, San Francisco, California, owner-manufacturer
filed March 13, 1958 an application with the Board of Stand-
ards and Appeals for approval of the Enterprise Combina-
tion Gas-Oil Burners for use in New York City under the
provisions of Article 12 Administrative Building Code and
the Oil Burner Rules of the Board.

Purpose

Conversion burners for burning either gas or oil fuel.

Description

The Enterprise combination gas-oil burners consist of
standard Enerprise rotary oil burners with the addition of
gas burning equipment. The oil burners are similar to the
series of burners previously approved by the Board under
Calendar Number 1149-27-SA for burning all fuels from
Number 2 to Number 6. The burners designed for heavy
oils were approved with a Wells electric preheater as part of
the burner assembly and are installed with an approved
steam or hot water preheater in the oil line.

The present burners are designated as the Models AA,
A, C, E, F, G, H, J, K, L, and M with firing rates varying
from 4 gallons per hour maximum for the AA Model up
200 Gallons per hour maximum for the M Model. The nu-
meral 3 denotes series 3 design. Suffix letters are used to
indicate the oil pump equipment on the burner. The letter
P indicates an integral one stage pump—PM indicates an
integral metering pump and G indicates no pump on the
burner, a separate pump of approved type to be used.

The gas burner is a multi-port ring of cast iron mounted
to the burner front plate and shielded from the furnace
heat by a nozzle protector. The ring surrounds the oil
burner nozzle so the gas is discharged into the stream of
primary air coming from the nozzle. This same air stream
is used to atomize the fuel oil when oil is used as fuel.

Secondary air is admitted and controlled by a draft door
located below the burner. The gas flow is regulated by a
butterfly gas valve. This valve is connected by linkage to
the primary air and secondary air to provide regulation of
air and gas at all firing positions. Automatic regulation of
the firing is accomplished by means of an electric control
motor and a pressure or temperature actuated device on the
boiler. The control motor may be either two positions—
high, low—or modulating type.

A slow opening, fast closing magnetic gas valve is pro-
vided for shut off of gas supply in the event of flame or
power failure. The magnetic oil valve provides the same
safeguard for oil firing. A manual shut off valve is sup-
plied with the burner.

Only one fuel may be burned at a time because of an
interlocked selector switch that shuts down the burner be-
fore the other fuel can be used.

Gas firing rates vary from 600 cubic feet per hour for
the AA model to 30,000 cubic feet per hour for the M
Model.

The type of safety controls used with each burner are
identified as AY, AY-1 and AY-2.

For type AY burners the controls provide for a trial-for-
ignition period of 60 seconds with flame failure shut off at
4 seconds.

For the type AY-1 and AY-2 burners the controls will
function as above or will not provide for the trial-for-ig-
nition period but will provide for a shut down in 4 seconds
in case of flame failure.

The controls are either a safety switch with scanner or
safety switch with photocell and flame rod.

In addition a reverse acting pressure switch is installed
on the fan housing which will close the magnetic fuel valves
in case of fan failure.

Inspection and Test

All details of construction were examined by Assistant
Engineer G. F. Sklenarik, Committee on Test.

The Enterprise Combination Burners are tested and ap-
proved by the Underwriters' Laboratories file MP 463.

Recommendation

On the basis of the examination and the data submitted
by the applicant, the Committee on Test recommends the
approval of the Enterprise Combination Gas-Oil Burners,
Models AA3, A3, C3, E3, F3, G3, H3-1, H3-1½, J3, K3,
L3 and M3 for use in New York City when installed in
accordance with this report and the requirements of the
Oil Burner Rules of the Board and Article 12 Administra-
tive Building Code and provided that each burner shall bear
a label, permanently affixed, reading "Approved by the Board
of Standards and Appeals for use in New York City under
Calendar Number 131-58-SA."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does
hereby approve this appliance in accordance with the above
report.

THE RESOLUTION—

WHEREAS, the applicant requested an amendment of the resolution adopted by the Board, September 24, 1957, relating to the proposed installation of a yard hydrant system; and

WHEREAS, the applicant states that it was originally proposed to the Board to install a yard hydrant system, complying with the code except for the secondary source of supply; and

WHEREAS, the applicant now states that its proposal to install a yard hydrant system should have been limited to the area of the plant occupied by the three (3) new 260,000 gallon butane tanks, which were subject to the appeal; and

WHEREAS, the applicant therefore requests that the Board amend the resolution adopted September 24, 1957, so as to permit the extension of the existing yard hydrant system, so as to provide hydrants in the area occupied by the three (3) new 260,000 gallon butane tanks, as indicated on revised plans filed with this request for amendment.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted by the Board on September 24, 1957, by adding thereto:

“that in the event the owner proposes to extend the existing yard hydrant system within an area of not less than 100 feet distant from any of the three (3) 260,000 gallon butane tanks in question, as proposed and shown on plans filed with this request for amendment marked ‘Received March 18, 1958’, 1 sheet, such extension may

be permitted as compliance with the requirements of this resolution insofar as it relates to the yard hydrant system, on condition that the provisions of such resolution shall be complied with in all other respects where not inconsistent with this amendment.”

463-58-A

APPLICANT—Rodney W. Burton, for Jones and Laughlin Steel Corp., owner.

SUBJECT—Application, July 30, 1958—Appeal from a decision of the Borough Superintendent—re Class 5 construction, height excessive.

PREMISES AFFECTED—30-49 and 30-69 Review Avenue, northeast corner of 35th Street, Block 295, Lot 101 and Block 297, Lots 1, 25, 26, 27, Long Island City, Borough of Queens.

APPEARANCES—

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 22, 1958 on Alt. Applic. 1734/58 reads:

“1. The proposed addition to an existing Class 3 Bldg. already excessive in area is also excessive in area and contrary to Sec. C26-254.0 of the Administrative Code.

“2. The proposed height of an addition to an existing Class 5 Bldg. already excessive in height is excessive and contrary to Sec. C26-254.0 of the Administrative Code.”

and

WHEREAS, the applicant states that the premises consist of a lot 490.21 feet by 510.85 feet in area, located in an unrestricted use, A area, class 1½ height district, upon which there exists a 1 and 2 story, 49 foot high, class 5 constructed building, 230 feet front by 510.85 feet in depth at 1st floor, 230 feet front by 58 feet 2 and 7/8 inches in depth at 2nd floor, erected 1936, used and occupied: 1st floor—steel storage, 48 persons; 2nd floor—steel storage, 2 persons, for which Certificate of Occupancy #54721 was issued against N.B. Applic. #3868/35; and

WHEREAS, the applicant states that it is now proposed to erect a 1 story addition, 152 feet 7 inches by 163 feet 1 inch in area of class 5 construction and to use the entire building for storage of steel with an occupancy of 68 persons on the 1st floor and 2 persons on the 2nd floor; and

WHEREAS, the applicant contends that it is necessary to expand the present building; that due to the availability of property, the only logical course for expansion is by extending the southerly wall of the existing structure; that for operation of its business it is necessary that the owners maintain the existing overhead cranes, which run unobstructed from an existing railroad siding along the northerly edge of the building, to virtually all parts of the building; that to comply with the requirements of the installation of firewalls in the existing building or the proposed addition would cause considerable hardship in the conduct of the owner's business; that a clear height beneath crane hooks of 24 feet 3 inches is required to conduct the business; that maintenance of this height plus crane depth and depth of trusses, requires that the addition to the building to be 37 feet high as proposed; that the building will comply with the requirements of the Building Code in all respects other than the height and area; and

MINUTES

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated July 22, 1958, acting on Alt. Applic. 1734/58 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the extension in height and the excessive area as proposed and indicated on plans filed with this Appeal marked, "Received September 10, 1958," 8 sheets *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, and for the use as proposed.

RULE

RULE TO SUPPLEMENT SECTION 19-A OF THE ZONING RESOLUTION OF THE CITY OF NEW YORK AS ADOPTED BY THE BOARD, JULY 11, 1958, EFFECTIVE AUGUST 11, 1958

(385-58-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, subsection 2, of the New York City Charter and of Section 21 of the Zoning Resolution.

Purpose:

The purpose of this rule is to supplement the words in the above section which read as follows: "... aggregate gross floor area so used," as a basis for determining the number of off-street loading berths required under this section.

Rule 1.

"19-A. REQUIRED OFF-STREET LOADING BERTHS FOR NEW CONSTRUCTION, ENLARGEMENTS AND CONVERSIONS. Every building or part thereof hereafter constructed which is used, or arranged, intended or designed to be used, for any of the uses specified in the schedule below, and in which the aggregate gross floor area so used, arranged, intended or designed is greater than the minimum number of square feet of gross floor area specified for those uses in said schedule shall be provided with off-street loading berths in accordance with said schedule, under rules and regulations promulgated by the Commissioner of Housing and Buildings. For the purpose of this section, a group of buildings hereafter constructed under common ownership and located within a single block shall be considered a single building."

The words "aggregate gross floor area so used" contained in the first paragraph of this section shall be interpreted to mean the area of a building computed by measuring from the inside surface of the outer building walls. Building stairs, fire towers, elevator shafts, elevators and other public corridors, flue vents, stacks, pipe shafts, vertical ducts, toilets, air conditioning rooms, fan rooms, air ducts, janitors' closets, slop sinks, electrical closets, telephone closets with their enclosing walls shall be excluded. In computing such area or areas for the purpose of determining the number of off-street loading berths required under this section, walls, partitions, areas devoted to mechanical equipment, exits and similar areas, the use of which does not contribute to the regular shipments to or from the building, shall not be included.

with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the Administrative Official either Borough
Superintendent of Buildings or Fire Commissioner and file
with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, Borough of
Manhattan.

CALENDAR

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on October 23, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on November 13, 1957 after due notice by publication in the Bulletin; and

WHEREAS, this application was laid over to December 10, 1957 at 10 A. M. for inspection and decision; hearing closed; and

WHEREAS, a public hearing was held on this application on December 10, 1957 at 10 A. M. and on December 17, 1957 at 10 A. M. after due notice by publication in the Bulletin; dismissed for lack of appearance; and

WHEREAS, on January 14, 1958 this application was reopened and restored to the docket; previously dismissed for lack of prosecution; and

WHEREAS, a public hearing was held on this application on July 15, 1958 after due notice by publication in the Bulletin; laid over for inspection and decision; hearing closed; then to September 23, 1958, for further study by the applicant and submission of revised plans showing an ample reservoir for the cars at exit and better exit on Stillwell Avenue; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 22, 1958 acting on N.B. Applic. No. 1663-56, reads:

"1. Proposed auto laundry, office, boiler room, auto simonizing & parking & storage of cars to be serviced, within a business use district, is contrary to Art. 2 Sect. 4a (52) of zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 145 feet 7½ inches frontage by 5 feet 6¾ inches and 111 feet 4 inches in depth, presently unimproved; that it is proposed to erect a one story building of class III construction, 90 feet frontage by 40 feet in depth; for use as an automatic auto laundry, simonizing, office and boiler room; and

MINUTES

WHEREAS, the applicant contends that the site does not lend itself for either a business or residential use; that stores could not support themselves in this area and new residences would not be feasible; that entrance to the auto laundry will be through an easement across a present auto parking lot in block 6860, lot 32, facing 86th Street; that lot 32 is owned by someone other than the owner of the site of the proposed structure; that cars waiting to be serviced will be parked in the 40 foot wide easement strip leading to the auto laundry; that this parking will eliminate any street parking or traffic congestion; that the leasehold on the easement strip will be for the duration of the term of years as may be granted by the Board; that the building will be well treated architecturally and some planting of shrubs will be provided to make it as attractive as possible; and

WHEREAS, the applicant states that the present owners have held title to the property since October 27, 1948 and that the assessed valuation of land is \$5,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of ten years to permit the premises to be occupied as an automatic automobile laundry substantially as proposed and as indicated on plans filed with this application marked "Received September 18, 1956" one sheet, "September 11, 1957", one sheet, "May 15, 1958" one sheet, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall be located and of the dimensions as indicated on revised plans marked "Received August 2, 1958"; that suitable planting shall be maintained in spaces where indicated; that curb cuts shall be restricted to one curb cut to Stillwell Avenue, where shown, not over 30 feet in width and one curb cut to 86th Street, where shown, of similar width; that the cars shall enter from 86th Street and exit to Stillwell Avenue; that suitable fences shall be maintained on interior lot lines adjoining other properties; that the plot, where not occupied by the proposed building, shall be suitably paved with concrete or asphaltic pavement; that sidewalks abutting the premises on Stillwell Avenue and 86th Street shall be repaired or restored to the satisfaction of the Borough President; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

416-54-BZ

APPLICANT—Max Siegel Associates, for Leator Corp., owner; Kollsman Instrument Corp., lessee.

SUBJECT—Application reopened July 22, 1958 for consideration as to extension of time to complete, expired October 17, 1956—decision of the Borough Superintendent, previously granted on condition under section 7h of the Zoning Resolution, permitting in a residence use district, the parking of motor vehicles for patrons and employees—no fee to be charged.

PREMISES AFFECTED—42-61 81st Street, east side, 100 feet north of 45th Avenue, Block 1527, Lot 6, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, on April 17, 1958, this application was granted

by the Board on certain conditions under Section 7h of the Zoning Resolution, to permit in a residence use district the parking of motor vehicles for patrons and employees, no fee to be charged, affecting premises 42-61 81st Street, west side, 100 feet north of 45th Avenue, Block 1527, Lot 6, Elmhurst, Borough of Queens; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation on October 17, 1956; and

WHEREAS, this application was reopened on July 22, 1958 and set for hearing on September 23, 1958 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on September 23, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated July 14, 1958 acting on Alt. Applic. No. 2918-53, reads:

"1. Extension of this application in order to complete work started pursuant to Cal. 416-54-BZ is contrary to Board of Standards and Appeals Resolution of Cal. 416-54-BZ."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 17, 1956, only insofar as it refers to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained within six months from the date of this amended resolution." (Alt. App. 2918-53.)

Adjourned 1:00 P.M.

JOSEPH J. DOYLE, Chief Clerk.

REGULAR MEETING

TUESDAY AFTERNOON, SEPTEMBER 23, 1958,
2 P.M.

Present: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 24, 1957 on Alt. Applic. #1775/56 reads:

"Multiple Dwelling Objections:

"A3—Use of and storage of celluloid or other combustible materials used in conjunction with motion picture studio contrary to Section 12 M.D. L."

and

WHEREAS, the decision of the Borough Superintendent, dated April 24, 1957, on Alt. Applic. #1776/56, reads:

"C1. Provide approved sprinkler system for motion picture studio as per Section C19-117.0(c) Admin. Code."

and

WHEREAS, the decision of the Borough Superintendent, dated June 12, 1958 on Miscellaneous Sprinkler Application #1695/58, reads:

"1. Partial sprinkler protection for area used as a motion picture film studio, is contrary to C26-1376.0. Entire structure to be sprinklered with a two (2) source water supply."

and

WHEREAS, the applicant states that the building is 4 stories, 40 feet in height, 57 feet 6 inches front by 100 feet 5 inches in depth at 1st floor, 57 feet 6 inches front by 54 feet 10½ inches in depth at typical floor of class 3 construction, erected in 1876, located in a business use, B area, class 2 height district and used and occupied since 1953; basement—storage and boiler room; 1st floor—store, offices and motion picture film studio, 30 persons; 2nd, 3rd and 4th floor—6 apartments on each floor; that the building is provided with an approved sprinkler system in the stairs and hallway only; and

WHEREAS, Violation #3627 was issued May 26, 1953 for erecting concrete block cross partition at center of store on 1st floor, without filing plans or obtaining permit; and

WHEREAS, Order #7339-6 was issued by the Fire Commissioner, November 15, 1956, reading as follows:

"1. Submit evidence from the Department of Buildings that premises can be maintained as motion picture film studio C19-110, Adm. Code."

and

WHEREAS, the applicant states that under Alt. Applic. #3017/39, three buildings were converted into one, having one stair from street to 2nd floor and a connecting hallway to the present stairs of each of the former three buildings; that Certificate of Occupancy #26434 was issued August 6, 1940 for the following uses: Cellar—storage and boiler room; 1st floor—stores; 2nd to 4th floors—6 apartments on each floor; that Alt. Applic. #786/51 was filed and approved for the use of 241 West 54th Street store for an automobile showroom and sale of automobile parts and accessories thereby legalizing the existing store front shown on plans filed with this appeal; that the occupant of a portion of the 1st floor including the rear extension has been using the premises from May 15, 1953 as a film studio with a five year lease terminating May 15, 1958; that a bar and grill occupies the centre store at 243 West 54th Street; that the 2nd to 4th floors continued to be used as Multiple Dwelling; that the decisions herein appealed from are due to a change in law requiring Fire Department Permit for the use of 35 millimeter safety film; that the occupant of the portion of the 1st floor including the rear extension as a motion picture film studio, received a Fire Department Order requiring a certificate of occupancy for such use; and

WHEREAS, the applicant contends that the studio use is for limited use only consisting of making stills for advertising purposes, using 16 millimeter safety film; that no other combustible materials are stored or used in the studio; that the film is sent to a commercial laboratory to be processed and developed; that occasionally the advertising agencies, who supply the regular 16 millimeter safety film work to the studio tie in some 35 millimeter safety film work which the studio has to do to keep the account; and

WHEREAS, the applicant contends that due to the limited use of the studio for shooting stills only and the small occupancy and the fact that the studio is in the rear and not actually under the Multiple Dwelling portion of the building; that the studio is protected by fire extinguishers; that only on occasion is 35 millimeter safety film used; that it is requested the Board permit the use of the studio without the requirement of the installation of the sprinkler system, due to the financial hardship; and

WHEREAS, the applicant states that there are no facilities on the premises for storage of film; that the tenant also occupies the 3rd floor of 231 West 54th Street for a film depot under Alt. Applic. #1747/57 and Certificate of Occupancy #47043; that this film depot has a legal fireproof vault and its facilities are used by the film studio of the premises in question; that the only film kept in the premises in question is that being used that day; that when a roll of film is used it is immediately taken out for development; that only black and white safety film is used; that the film is taken as required from the vault of 231 West 54th Street and returned to the vault when finished; that a maximum of 1500 feet of film is used per day; that automobile showroom use was vacated prior to the present use as a motion picture film studio; and

MINUTES

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decisions of the Borough Superintendent, dated April 24, 1957, acting on Alt. Applic. 1776/56, under Miscellaneous Sprinkler Applic. 1695/58, dated June 12, 1958 be and they hereby are *modified* and that the appeal be and it hereby is *granted on condition* that safety film only shall be used on the premises and no other type of film; that the rooms in which such film is stored shall be protected as proposed with sprinkler heads which may be fed from the water line of the building; that upon completion of the use for the day not exceeding 1500 feet of film such film shall be returned as proposed to the vault located at 231 West 54th Street; and that the Appeal shall be complied with in all other respects including the requirements of the Multiple Dwelling Law as expressed in the objection to the Multiple Dwelling use under Alt. Applic. 1776/56, Objection A3.

274-58-A

APPLICANT—Ross and Atkin, for Bruges Realty Corp., owner; Park Terrace Caterers, lessee.

SUBJECT—Application April 28, 1958—Appeal from a decision of the Borough Superintendent, Class 3 construction, Dance Hall use on 2nd floor.

COURT DECISION

Matter of Tuohy vs. Murdock:—On January 21, 1958, the Board granted a variance under Sections 7f, 7h and 7A of the Zoning Resolution, to permit for a period of fifteen years, in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car wash, storage, office and sales, and the parking and storage of motor vehicles, with show windows within 75 feet of a residence use district; Cal. No. 342-54-BZ—Vol. II; Premises 76-09 to 76-19 (76-15 official) Main Street and 144-01 to 144-09 76th Road, northeast corner, Flushing, Borough of Queens.

At Supreme Court, Special Term, Mr. Justice Kusnetz, affirmed the Board's determination in the following decision, appearing in the New York Law Journal of July 17, 1958, pages 5 and 6:—

"In a proceeding to review and annul the determination of respondents granting to the predecessors in title of the intervenor-respondent a variance under section 7(f), 7(h), 7(i) and 7(A) of the Zoning Resolution permitting them to erect a gasoline station in a retail use area, respondents and intervenor-respondent move to dismiss the petition and for related relief. Since this court cannot say on the record before it that the determination of respondents was arbitrary or capricious or contrary to law, the motions are granted in all respects (Matter of Taub v. Pirnie, 3 N. Y. 2d 188; Matter of Reed v. Board of Standards and Appeals, 255 N. Y. 126; Matter of Sima v. Board of Standards and Appeals, 278 App. Div. 785; Ellsworth Realty Co. v. Kramer, 268 App. Div. 824). A word may be said as to petitioners' argument that the board was without jurisdiction to pass upon the application for a variance because two of the three members voting were not members of the board at the time of the public hearing and did not read a transcript thereof. In the Taub case (supra) it was contended that a board member who was absent from the hearing and did not read a transcript thereof was disqualified from voting. The Court of Appeals unanimously overruled that contention, saying (at p. 195) that 'the emphasis has always been upon whether the administrative body had the opportunity to make an "informed" decision * * * and, in the absence of a "clear" revelation that the administrative body "made no independent appraisal and reached no independent conclusion," its decision will not be disturbed.' The rationale of that decision requires a like result here. Given an adequate showing of facts to support the conclusion that the vote of the absentee member, as in the Taub case, or of the non-member as in this case, was based upon an independent appraisal and that an independent conclusion was reached, the decision of the administrative body may not be disturbed. Such a showing is made in the papers before the court. Smith v. State of New York (214 N. Y. 140) is not in point. There the rule to be followed in the case of the then Board of Claims was by statute declared to be that applicable to the Supreme Court. The Taub case lays down the rule to be followed in the case of administrative tribunals. Settle orders."

On July 25, 1958 notice of appeal to the Appellate Division, Second Department, was filed by the petitioners.

HARRIS H. MURDOCK, *Chairman.*

OCTOBER 21, 1958, 2 P.M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday afternoon, October 21, 1958, at 2 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:

108-57-SM

APPLICANT—J. J. Helff, for Perfect Seal Manufacturing Company, owner.

SUBJECT—Application February 4, 1957—Perfect Seal Acoustical Tile, approval of.

402-57-SA.

APPLICANT—Heil-Quaker Corporation, owner.

SUBJECT—Application May 6, 1957—Heil Gas-fired Conversion Burners, Models GCB-1A, GCB-1, GCB-2, GCB-3 also to be marketed by Sears, Roebuck & Co. as Homart Gas-fired Conversion Burner, Models 867.6104, 867.6107, 867.6108, 867.6111 and 867.6112, approval of.

505-57-SA

APPLICANT—Edwards Engineering Corp., owner.

SUBJECT—Application June 12, 1957—Spi-Rol-Fin Gold Crown Gas-Fired Hot Water Boiler, Models 600G and 750G, approval of.

653-57-SM

APPLICANT—Owens-Illinois Plywood Company, owner.

SUBJECT—Application August 8, 1957—Owens-Illinois Fire Door, approval of.

744-57-SM

APPLICANT—Farr Company, owner.

SUBJECT—Application September 26, 1957—Far-Air Grease Eliminators—for ventilation hoods in commercial kitchens, approval of.

841-57-SA

APPLICANT—John Gabel, for Wilmot Castle Company, owner.

SUBJECT—Application November 4, 1957—Imperial Bed Pan Washer, Models 1, 2 and 3, approval of.

1038-57-SA

APPLICANT—Liberty Combustion Corporation, owner.

SUBJECT—Application November 29, 1957—Liberty Inshot Conversion Gas Burner, Models LIB150SB, LIB150LC, LIB150SC, LIB150LB, LIB200SC, LIB200SB, LIB225LC and LIB200LB, approval of.

411-58-SM

APPLICANT—Time Saving Fills, Inc., owner.

SUBJECT—Application June 30, 1958—Speed-Kleen Fills, Models 2200, 2200M45, 2200F45 and 3200, approval of.

490-58-SA

APPLICANT—Janitrol Division, Surface Combustion Corp., owner.

SUBJECT—Application August 18, 1958—Janitrol Oil-fired Conditioners, Series OFLS, OFVS, OFDS, and OFHS, approval of.

115-32-SA

APPLICANT—Wayne Home Equipment Company, Inc., owner.

SUBJECT—Application for reopening and amendment of resolution as to additional model "K" oil burner—re Wayne Oil Burner, Model OM and G; previously approved.

800-39-SM—Vol. IV

APPLICANT—United States Gypsum Company, owner.

SUBJECT—Application reopened July 15, 1958 for amendment of resolution as to additional uses of USG Audicote for fireproofing cellular steel floors and beams—re USG Red Top Cement Plaster, fibered, unfibered, extra fibered; USG Red Top No. 1 Moulding Plaster; USG Red Top Special Cement Plaster; USG Structo-Base Plaster, Structo-Gauge Plaster, Structo-Trowel Plaster; USG Sabinite M, USG Sabinite Float Finish and USG Sabinite Trowel Finish, USG Structural Base Coat, USG Structural Gauging Plaster and USG Structocal Trowel Finish Plaster, USG Perfortable Sabinite; previously approved.

1016-39-SM—Vol. III

APPLICANT—National Gypsum Company, owner.

SUBJECT—Application for reopening and amendment of resolution as to additional trade name—re Gold Bond Acoustamatic Tile, Gold Bond Insulation Tile and Gold Bond Insulation Plank; previously approved.

91-40-SA—Vols. I, II, III, IV, V.

APPLICANT—Linde Air Products Co., Division of Union Carbide & Carbon Corp., owner.

SUBJECT—Application for reopening and amendment of resolution as to additional use—re Purox Welding Blowpipes, Prest-O-Weld Welding Blowpipes, Prest-O-Weld Cutting Blowpipe; previously approved.

448-40-SM

APPLICANT—H. H. Robertson Company, owner.

SUBJECT—Application for reopening and amendment of resolution as to method of attaching side joints of adjacent units—re Robertson Keystone Beam Steel Floor and Robertson Cellular Steel Floor; previously approved.

128-41-SA

APPLICANT—American Furnace Company, owner.

SUBJECT—Application for reopening and amendment of resolution as to additional models of suspended oil-fired furnaces, namely 28-OC and 33-OC—re Afco Ceiling Mounted, oil-fired Air Conditioning Unit, Models 12-OC and 23-OC; previously approved.

CALENDAR

341-44-SM

APPLICANT—Research Products Corp., owner.
SUBJECT—Application for reopening and amendment of resolution as to extension of use—re Research Air Filter, Series No. 230, Dry Type; previously approved.

160-47-SA

APPLICANT—Gilbert & Barker Manufacturing Company, owner.
SUBJECT—Application for reopening and amendment of resolution as to additional models of gasoline dispensers 96 BHG and 98BHG—re Gilbert and Barker Gasoline Dispensing Pumps, Models M96HG, M96ER, M98HG, M101, 96HG, 98HG, M-96HGRC and M-98HGRC; previously approved.

809-47-SA

APPLICANT—Fullerton Equipment Corp., for Roberts-Gordon Corp., owner.
SUBJECT—Application for reopening and amendment of resolution as to additional model of gas conversion burner, Model 400-Z—re Roberts-Gordon Gas Burners, Models 400-Z-2, Types H and PH; previously approved.

866-47-SA

APPLICANT—The Linde Air Products Company, owner.
SUBJECT—Application for reopening and amendment of resolution as to additional use—re Oxweld Cutting Blowpipe (various models) and Purox Cutting Attachment Type No. 35 and Type No. CW202; previously approved.

899-47-SA

APPLICANT—Bryant Division of Carrier Corporation, owner.
SUBJECT—Application for reopening and amendment of resolution as to additional models of Gas-Fired Forced Air Furnaces, namely Model 385—re Bryant Winter Air Conditioner; previously approved.

829-48-SA

APPLICANT—The York Shipley Inc., owner. The Nu-Way Corp., former owner.
SUBJECT—Application for reopening and amendment of resolution as to change of ownership—Models J, K, L, H, CO, IXL and trade names Afco, Bard Leeson, Meyer, Power Oil, Rudy, Thatcher, Waterbury, Fitzgibbons, Mueller Climatrol, Bryan Steam Round Oak, Perfectaive, General Electric, Shepherd, Frontier, Ingersoll, Janitrol, Milwaukee Supreme, Oil Electric, Queen City, Permaglas, Spencer Heater, Weil-McLain, Sooner, Sun, Patten, Synchronomatic, Meridian, Repco, Thermo Oil-O-Matic, Chrysler, Airtemp, Certified Oil, Hall-Neal Victor, J & C, Fire Power-O-Matic, McDonald and Silver Seal Oil Burners; previously approved.

865-48-SM—Vol. II

APPLICANT—H. H. Robertson Company, owner.
SUBJECT—Application reopened January 8, 1957 for amendment of resolution as to additional sections of roof deck—re Robertson Q-3 and Q-12 Roof Deck and Siding Material; previously approved.

241-50-SA

APPLICANT—York-Shipley Inc., owner. Jackson & Church Company, old owner.
SUBJECT—Application for reopening and amendment of resolution as to change of ownership—re Jackson & Church Oil-fired Suspension Units (various models); previously approved.

229-50-SA

APPLICANT—Iron Fireman Mfg. Company, owner.
SUBJECT—Application for reopening and amendment of resolution as to change of ownership of Scaife Company—re models GCT-150, GCT-200 and GCT-300 Gas Conversion Burners, GBG-90, GBG-112, GBG-135, GBG-157,

GBG-180, GBD-135, GBD-202, GBD-270, GBD-337 and GBD-405 Gas-fired Boilers, GFJ-75, GFJ-100, GFJ-125, GFL-150, GFL-175, GFL-200, GFK-75, GFK-100, GFK-125, GFU-65, GFU-95, GFU-125, GFW-65, GFW-95, GFW-125, GFV-65, GFV-95 and GFV-125, Timken Silent Automatic Gas Burners, Models GFD-60, GFD-80, GFD-107, GFH-56, GFH-80, GBB-60 and GBR-80; previously approved.

360-50-SA

APPLICANT—Automatic Burner Corporation, owner.
SUBJECT—Application for reopening and amendment of resolution as to additional trade names—re ABC Oil Burner, Model 55J; previously approved and marketed under various trade names.

499-50-SA

APPLICANT—Bryant Manufacturing Company, for Affiliated Gas Equipt., Inc., owner.
SUBJECT—Application for a reopening and amendment of resolution as to new Model designations, namely Model 387—re Bryant Gas-fired Winter Air Conditioner, Model BA 87; previously approved.

350-51-SA

APPLICANT—Automatic Burner Corporation, owner.
SUBJECT—Application for a reopening and amendment of resolution as to marketing under additional trade name—re ABC Oil Burner, Model 40, Thatcher Furnace Co. under name of Thatcher Oil Burner, Models 751-1, 751-2 and 751-3, Mt. Hawley Div. 1 of Bryant Mfg. Co.—Mt. Hawley Div. Model 40 Oil Burner; previously approved.

211-53-SA

APPLICANT—Speed Queen Corporation, owner.
SUBJECT—Application for a reopening and amendment of resolution as to additional models of washing machines, namely A20A, A20C, A20CF, A24, A24W, A25, A25F, A201 and A201F—re Speed Queen Automatic Washer (domestic type) Models A10, A11, A12, A18, A19, A20, A21, A22, A21W, A22W and A20F; previously approved.

489-54-SA

APPLICANT—Delco Appliance Div. of General Motors Corporation, owner.
SUBJECT—Application for a reopening and amendment of resolution as to marketing under additional trade name—re Models ROH-200, ROH-300 and Petroleum Heat & Power Co., Inc., under Petroleum, Heat & Power Co., Models D-2 and D-3, Delco Pressure Atomizing Oil Burner; previously approved and marketed under various trade names.

580-54-SA

APPLICANT—York-Shipley, Inc., owner.
SUBJECT—Application for a reopening and amendment of resolution as to change of ownership—re Jackson and Church Gas-fired Suspended Units, Models GA-350 and GA-450; previously approved.

199-55-SA—Vols. I & II

APPLICANT—Linde Air Products Co., Division of Union Carbide & Carbon Corp., owner.
SUBJECT—Application for a reopening and amendment of resolution as to additional use—re Oxweld W-45 Welding Blowpipe and Oxweld CW-45 Cutting Attachment; previously approved.

989-55-SA

APPLICANT—Gilbert & Barker Manufacturing Company, owner.
SUBJECT—Application for a reopening and amendment of resolution as to additional models of gasoline dispensers, namely 104BD, 104BDRC, 104BDHG and 104BDHGRC—re Gilbarco Dual Gasoline Dispensing Pump, Model 104D and 104DSA; previously approved.

CALENDAR

990-55-SA

APPLICANT—Gilbert & Barker Manufacturing Company, owner.

SUBJECT—Application for a reopening and amendment of resolution as to additional models of gasoline dispensers, namely 104B, 104BRC, 104BHG and 104BHGRG—re Gilbarco Single Gasoline Dispensing Pump, Model 104 and 104HG; previously approved.

385-56-SA

APPLICANT—Gilbert & Barker Manufacturing Company, owner.

SUBJECT—Application for a reopening and amendment of resolution as to additional models of gasoline dispensers, namely 1006B, 1004B, 1002B, 1006BRC, 1004BRC, 1002BRC, 1006BHG, 1004BHG, 1002BHG, 1006BHGRG, 1004BHGRG and 1002BHGRG—re 1006HG, 1004HG, 1002HG, 1006HGRG, 1004HGRG and 1002HGRG, Gilbarco Calco-Meter Electric Gasoline Dispensers, Models 1002, 1004 and 1006 and Gilbarco Remote Control Gasoline Dispenser, Models 1006RC, 1004RC and 1002RC; previously approved.

720-56-SA

APPLICANT—Burnham Corporation, Boiler Division, owner.

SUBJECT—Application for a reopening and amendment of resolution as to additional model of gas boiler "Holiday 70"—re Holiday No. 60 Gas Boiler, Models 4-60, 5-60, 6-60, 7-60, 8-60, 10-60 and 12-60; previously approved.

208-57-SA

APPLICANT—Gilbert & Barker Manufacturing Company, owner.

SUBJECT—Application for a reopening and amendment of resolution as to additional models of gasoline dispensers, namely 1003B, 1005B, 1007B, 1003BRC, 1005BHG, 1007BHG, 1003BHGRG, 1005BHGRG and 1007BHGRG—re Gilbarco Gasoline Dispensers, Models 1003, 1003RC, 1003HG, 1003HGRG, 1005, 1005HG, 1005RC, 1005HGRG, 1007, 1007HG, 1007RC and 1007HGRG (single standard, remote control, high gallonage); previously approved.

268-57-SA

APPLICANT—Gilbert & Barker Manufacturing Company, owner.

SUBJECT—Application for a reopening and amendment of resolution as to additional models of gasoline dispensers, namely 1026B, 1026BRC, 1016B and 1016BRC—re Gilbarco Gasoline Dispensers, Models 1026, 1025RC, 1016 and 1016RC; previously approved.

359-57-SA

APPLICANT—H. A. Simmons for Empire Stove Company, owner.

SUBJECT—Application for a reopening and amendment of resolution as to additional model of gas-fired heater, namely WFA-50-Wall Heater—re Empire Gas-fired Recessed Wall Heater, Model WFA-35; previously approved.

412-57-SM

APPLICANT—National Screw & Manufacturing Company, owner.

SUBJECT—Application for a reopening and amendment of resolution as to marking of bolts—re High Strength Structural Bolts; previously approved.

554-57-SA

APPLICANT—General Fittings Company, owner.

SUBJECT—Application for a reopening and amendment of resolution as to additional models of electric preheater and permission to market under additional trade names—re General Fittings Electric Oil Immersion Heater, previously approved.

1001-57-SA

APPLICANT—Tokheim Corporation, owner.

SUBJECT—Application for a reopening and amendment of resolution as to additional models of gasoline dispensers, namely 49RC and 49-TP-RC—re Tokheim Remote Control Gasoline Pumping Units, Models 45-RCP and 46-RCP and Tokheim Island Dispensing Pedestals, Models 45-H-RC and 45-TP-RC; previously approved.

662-57-SM

APPLICANT—E. K. Lofberg for Corning Glass Works, owner.

SUBJECT—Application August 22, 1957—Pyrex Brand Glass Pipe, approval of.

91-58-SM

APPLICANT—Wilcox-Woolford Corporation, owner.

SUBJECT—Application February 5, 1958—Furnaflex; wood veneer for interior walls, approval of.

176-58-SM

APPLICANT—Temp-Resisto Drapery Corporation, owner.

SUBJECT—Application November 7, 1957—Temp-Resisto Drapery Lining, approval of.

339-58-SA

APPLICANT—American Radiator & Standard Sanitary Corporation, owner.

SUBJECT—Application May 23, 1958—American Radiator & Standard Sanitary Corporation Inshot Gas Conversion Burner, Models IN-150, IN-245, IN-275, approval of.

667-54-SA

APPLICANT—Berger Furnace Division of Burnham Corporation, owner.

SUBJECT—Application for a reopening and amendment of resolution as to change of ownership—re Berger Gas-fired Warm Air Furnace (various models); previously approved.

HARRIS H. MURDOCK, *Chairman.*

OCTOBER 28, 1958, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday morning, October 28, 1958, at 10 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:*

69-58-BZ

APPLICANT—Leonard F. Rothkrug, for Shenbro Realty Corp., owner; Sol Dwork, lessee.

SUBJECT—Application February 11, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the maintenance of one apartment on the ground floor of a multiple dwelling as a clinical laboratory for a term of ten (10) years.

447-48-BZ—Vol. II

APPLICANT—Frederick A. Ketcher for Hamax Holding Corporation, owner; Rayco Auto Seat Covers Inc., Lessee.

SUBJECT—Application reopened June 3, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7c, 7i, 7h of the Zoning Resolution to permit in a local

MINUTES

retail and residence use district, a one story extension to an existing one-story building used for sales display, storage and installation of auto seat covers, the extension is to be used for minor motor vehicle repairs limited to the installation and service of mufflers and to use the unbuilt upon portion of the premises for patron parking.

PREMISES AFFECTED—233-20 Northern Boulevard, southwest corner, Northern Boulevard and 234th Street, Block 8166, Lot 25, Douglaston, Borough of Queens.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 3, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; laid over to September 30, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in local retail and residence use, D area, class ½ height districts; Northern Boulevard is in a local retail use, D area, class ½ height district; 233rd Street and 234th Street are in local retail and residence use, D and G area, class ½ height districts; that Northern Boulevard was zoned for business from 1916 to August 2, 1957 at which time it became local retail; and

WHEREAS, the decision of the Borough Superintendent, dated May 9, 1958 acting on Alt. Applic. No. 37-58, reads:

"1. The storage, sales and installation of auto seat covers, and minor motor vehicle repairs, hand tools only—limited to muffler installation and service; and parking of more than five cars, partly in a local retail and partly in a residence use district is contrary to Art. II Sec. 4-c and Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consists of a plot, 88 feet and 69 feet frontage by 137 feet in depth, on which is located a one story building which is used for sales display, storage and installation of auto seat covers, for which use Certificate of Occupancy No. 117209 was issued in 1957; that a previous grant by the Board under Cal. No. 447-48-BZ, dated September 28, 1948 approved the use of premises under Section 7e for the sale of new and used cars; that it was reopened November 25, 1952 and extended for five years to 1957; that it is proposed to extend the present one story building facing Northern Boulevard 38 feet west; that this bay will provide the space for the storage and installation of the mufflers; that for the 12-car patron parking area, it is proposed to grade the plot, surface it with three inches of rolled cinder, provide bumpers and erect a 6 foot 6 inch high chain link fence along the lot line; and

WHEREAS, the applicant states that the building and the extension are located entirely within the local retail district; that all muffler work will be restricted to the extension and no work will be done outside of the building; that only two cars can be serviced at one time; that the area allotted to the muffler service is less than 5% of the area of the plot; that although only a one story building, because of the filled land, the bearing capacity of the soil is so poor that it will be necessary to drive piles; that the owner is willing to spend the money for the extra cost of the piles and reinforced concrete foundation, and in addition, erect a concrete plank roof on steel trusses; that only incombustible materials will be used for the extension; and

WHEREAS, the applicant contends that it will not be a motor vehicle repair shop as is commonly understood; that

there would be no automotive—moving parts—repairs, no ignition work and no body or fender work; that it would not be a nuisance as there will be no smoke, odor, fumes or noise; that the temporary parking will be limited exclusively to patrons during working hours, no fees will be charged and there will be no Sunday parking; that the premises is on a corner; that to the west there are two gas stations, to the south there is extensive undeveloped swamp land, to the east there is 234th Street, a parking lot and Chevrolet sales and service building and to the north, across the street, there is 100 foot wide Northern Boulevard and extensive undeveloped swamp land; that the plot is completely surrounded by vacant land and non-conforming uses; that within the affected area along Northern Boulevard 35% of the frontage is allotted to non-conforming uses and 65% is undeveloped land; that the sole lessee and operator of the entire premises is the Rayco Company which will be responsible for maintaining the premises and conducting the muffler service as an accessory use to its auto seat cover service; and

WHEREAS, the applicant further contends that the granting of this application for the muffler service and for the temporary parking for more than five motor vehicles for patrons only, would enable the owner to make a reasonable and just use of his property without affecting anyone adversely, and the City of New York would stand to benefit by an annual increase in taxes of about \$600; that this proposed extension to the existing business would result in a definite improvement in the general appearance of the premises and will be an asset to the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since September, 1956; that the assessed valuation of land is \$26,600 and of the building \$22,800 making a total of \$49,400; that the building was erected in 1956-57; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on September 28, 1948 by adding thereto:

"that in the event the owner desires to construct an extension of the building for similar use as the existing building, as previously permitted, and specifically for minor vehicle repairing to include also the installation of mufflers and tail pipes, that such construction and use may be permitted for a term of 10 years under Section 7e and 7i for the existing uses as granted under Volume I and the additional extension of building and uses herein permitted; that there may be parking of cars under Section 7h in connection with the use of the premises for a similar term; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

453-55-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Joseph Angelastro, owner.

SUBJECT—Application reopened March 25, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7i, 7A and 21 of the Zoning Resolution, to permit in a business use, "C" area district, for a term of (15) fifteen years, the change in occupancy from sale and display of new and used motor vehicles, new parts and accessories to sale and display of new and used motor vehicles, new parts and accessories, lubrication, motor vehicle repair shop for body and fender repairs with welding and incidental painting and spraying, the elimination of loading and unloading areas, thus increasing the area coverage in excess of that permitted, with business entrance within 75 feet of a residence use district.

PREMISES AFFECTED—1007-1013 Utica Avenue and 5001-5009 Tilden Avenue, northeast corner, Block 4722, Lots 40 and 43, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

MINUTES

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 25, 1958 subject to regular procedure, to consider a new proposal previously withdrawn; and

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; laid over to September 30, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Utica Avenue are in a business use, C area, class 1 height district; Tilden Avenue is in business and residence use, C area, class 1 height districts; East 51st Street is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 5, 1958 acting on Alt. Applic. No. 72-58, reads:

"1. Proposed change of occupancy from sale and display of new and used motor vehicles, new parts and accessories to sale and display of new and used motor vehicles, new parts and accessories, lubrication, motor vehicle repairs, body and fender repairs, welding and incidental painting and spraying in a Business Zone is contrary to Article II, PP. 4a, subsections 4 and 29 of the Zoning Resolution.

2. Business entrance and show windows within 75 feet of a Residence Zone are in violation of Art. II, PP 7-A of the Zoning Resolution.

3. Loading and unloading spaces which were originally provided in the building and were exempted from occupied area under Art. IV, PP. 19h have been eliminated and therefore area of building exceeds permitted coverage in violation of Art. IV, PP. 13 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 70 feet frontage by 90 feet in depth, presently developed with a building one story in height, of class 3 construction, having a frontage of 70 feet and a depth of 90 feet and now occupied as sales and display of new and used motor vehicles, new parts and accessories, lubrication, motor vehicle repair shop, body and fender repairs, welding and incidental painting and spraying; that it is proposed to obtain a variance for a temporary period of fifteen years to maintain the present uses of sales and display of new and used motor vehicles, new parts and accessories, lubrication, motor vehicle repairs, body and fender repairs, welding, incidental painting and spraying; that it is also proposed to cut a new door between these buildings so as to use the uses conjunctively; that it is further proposed to omit the loading and unloading areas as required under the original Building Department approvals; and

WHEREAS, the applicant states that Department of Buildings records shows that the building on lot 40 was erected under N.B. Applic. No. 1066-57 for use as sales and display of new and used motor vehicles, new parts and accessories and 13 foot by 30 foot 6 inches loading area; that Certificate of Occupancy No. 158220 was issued on November 19, 1957 for said uses; that the building on lot 43 was erected under N.B. Applic. No. 1068-57 for use as sales and display of new and used motor vehicles, new parts and accessories and 11 foot by 36 foot loading area; and

WHEREAS, the applicant contends that the proposed maintenance of the present uses on these premises will be in keeping with the present non-conforming uses within the affected area which are as follows: block 4722, lot 64—motor vehicle repair shop; block 4724, lot 11—motor vehicle

repair shop; that the buildings now have legal uses of sales and display of new and used vehicles, parts and accessories, the additional uses of motor vehicle repair shops, lubrication, body and fender work, welding, incidental painting and spraying which are necessary and required in order to run a successful automobile agency, and are only incidental to the main uses of sales and display of new and used cars; that the land and buildings are very high in assessed value so that it is mandatory for the owner to request this variance in order to receive an equitable return on his large investment; and

WHEREAS, the applicant further contends that the business entrance within 75 feet of the residence zone was the original loading and unloading door, and inasmuch as there is no physical change contemplated on this opening, the proposed new use of this door will not be any more detrimental to the residence use district than it was before as a loading and unloading door; that the permissible allowable occupied area is 5225 square feet; that the omission of the loading and unloading spaces now make the buildings 618 square feet in excess of the permitted area; that the assessed value is based upon a computed value of the total amount for lots 40, 43 and 44; and

WHEREAS, the applicant states that the present owner has held title to the property since April 26, 1957; that the assessed valuation of land is \$11,000 and of the buildings \$50,000 making a total of \$61,000; that the buildings were erected in 1957; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board upon the revised proposal of the owner to omit door into the proposed repair shop through to the former unloading area on Tilden Avenue; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7i for a term of 5 years, to permit the adjoining building as shown on plans filed with this application marked, "Received March 4, 1958," 4 sheets, and "May 14, 1958," 2 sheets, as proposed opening; that the space formerly used as an unloading space now proposed to be used as adjustment area shall have no entrance of any type in the dividing wall connecting with the portion of the adjoining building where the repairing work is herein permitted; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner directs; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

355-56-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug, Herbst and Rusciano for Ernest R. La Porte, Patrick Mattia and Anthony Poverno, owners. Lessee, Cities Service Oil Corp.

SUBJECT—Application reopened January 7, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7e, 7f, 7h and 7i of the Zoning Resolution, to permit in a business and residence use district, the change in occupancy from parking lot with used car sales, previously granted by the Board for the erection and maintenance of a gasoline service station, lubritorium, minor repairs, car washing (non-automatic) and parking, all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—984-998 East 180th Street and 2081-2099 Bryant Avenue, southwest corner, Block 3132, Lot 35, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug, Anthony Poverno and Ernest La Porte.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 7, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 22, 1958, for inspection and decision; hearing closed; then to September 30, 1958, for deferment of the decision by the Board at request of the applicant; applicant to file revised plans; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Vyse Avenue and Bryant Avenue are in business and residence use, B area, class 1¼ height districts; East 180th Street is in a business use, B area, class 1¼ height district; East 179th Street is in a residence use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 8, 1957 acting on N.B. Applic. No. 1335-57, reads:

"1. Proposed use of gasoline service station, lubricatorium, minor repairs, car washing, office sales & parking of motor vehicles in a business use & residence use district is contrary to Art. II Sect. 3 & 4 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 159.72 feet frontage by 188.48 feet and 193.77 feet in depth, irregular in area, used and occupied in accordance with Resolution of the Board under Cal. No. 355-56-BZ and Certificate of Occupancy No. 21762 for storage and parking of more than five motor vehicles and storage and sales of used cars; that it is proposed to erect and maintain the premises for a gasoline service station, lubricatorium, minor repairs, non-automatic car washing and parking; that the gasoline service station use will be limited to that portion of the premises in the business use district, and the balance of the premises will be used for parking as previously granted by the Board; that no curb cut is proposed in the residence use district portion; and

WHEREAS, the applicant contends that the premises cannot be economically improved with a conforming use; that East 180th Street is in a business use district so that the major portion of the premises could be lawfully developed with a factory use conforming to the Zoning Resolution; that the balance of the plot is in a residence use district; that this neighborhood is one of the oldest and earliest developed in the Borough, and there has been no new construction within the affected area for over twenty five years; that the high cost of new residential structures makes such improvement impractical; that the deteriorated condition of the neighborhood, the lack of any mortgage commitment after numerous attempts to obtain financing and the undesirability of the location of the premises, make the required rents of the apartments of a new multiple dwelling too high to permit rental; and

WHEREAS, the applicant further contends that there is a need for a gas station in this neighborhood as there are no gas stations within the affected area, or the near neighborhood, to provide this necessary community service; that there is no zoning within the affected area which will permit this necessary use; that the only basis for providing such use is by grant of a variance subject to appropriate conditions and safeguards, which would prevent the use from having any adverse effect on the surrounding area; that a factory building conforming to a business zone could be erected to front on 180th Street without any limitation or conditions as to its construction, hours of operation, maintenance or emanation of noise and odors; that a grant of this application upon conditions will insure the maintenance of these premises by a major oil company interested in keeping good will, and the erection of a modern station designed to avoid any adverse effect on the adjoining premises; and

WHEREAS, the applicant also contends that the property opposite the premises on East 180th Street is occupied by a cemetery which has been closed and is maintained for historical purposes, and adjoining the cemetery is a large vacant plot; that there has been no new population increase and no new construction to warrant the economic construction of retail store facilities as the existing retail stores more than adequately accommodate the needs of the community; that these premises were purchased from the Autokefalos Orthodox Spiritual Church of St. George, The Tropeophoros, who had purchased the property for Church use and then abandoned the project because of the poor condition of the community; and

WHEREAS, the applicant states that the present owner has held title to the property since November 15, 1955; that the assessed valuation of land is \$50,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Church has advised the Board that it has withdrawn its objection to the change of use of a portion of the plot in view of the agreement that a certain portion is to be retained for their specific use for parking by members of the congregation; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit a portion of the premises within the business use district to be occupied as a gasoline service station and uses lawfully accessory thereto, as proposed and as indicated on plans filed with this application marked "Received December 4, 1957," two sheets, "May 16, 1958," two sheets, "May 28, 1958," one sheet, "June 4, 1958," one sheet, and revised plans marked "Received August 29, 1958," one sheet, *on condition* that the parking use formerly permitted by the Department of Buildings within the business use district shall be discontinued for this portion of the premises but parking may be continued in the premises toward the south, as now permitted; under Volume I; that the accessory building shall be of the design and location as shown and meeting the requirements of the Building Code in all other respects; that there shall be no cellar under such building; that the building shall be faced on all sides with face brick; that pumps shall be located where shown and not nearer than 15 feet to the street building line of East 180th Street; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the balance of the premises shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to two curb cuts each 30 feet in width to East 180th Street and one 20 feet in width within the first 25 feet from the intersection along Bryant Avenue; that sidewalks and curbing shall be constructed or repaired to the satisfaction of the Borough President; that a portion of the premises as shown on plans cited above may be used for parking in connection with the Church, to a width of fifteen feet and a depth of one hundred feet; that under Section 7i there may be minor repairing with hand tools only for adjustment maintained solely within the accessory building; that under Section 7h there may be parking of cars and used car sales as previously permitted provided such parking and sales do not interfere with the servicing of the station; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all temporary signs and roof signs and advertising devices but permitting the erection within the building line of a post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale, and located where shown, extending not more than four feet beyond the building line at right angles to East 180th Street; that the requirements of the

MINUTES

resolution adopted under Vol. I on November 27, 1956 relating to parking use within the residence area shall be complied with including planting as shown on plans as above cited and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

599-57-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for Marguerite F. Brower and Fredrene Realty Corporation, owners.

SUBJECT—Application reopened June 24, 1958 as Vol. II—decision of the Borough Superintendent under sections 7f, 7e and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, minor auto repairs, office and sales and parking of cars awaiting service, for a stated term of fifteen (15) years.

PREMISES AFFECTED—758-766 Fulton Street and 423-433 Carlton Avenue, southeast corner, Block 2007, Lots 38 and 40, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 24, 1958 subject to regular procedure, to consider enlargement of and rearrangement of existing gasoline service station; and

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; laid over to September 30, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Fulton Street are in a business use, B area, class 1½ height district; Carlton Avenue and Adelphi Street are in business and unrestricted use, B area, class 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated May 27, 1958 acting on N.B. Applic. No. 1214-57, reads:

"1. Proposed amendment to increase the size of plot and rearrangement of Gasoline Service Station to include the following use of 'Gasoline service station, lubritorium, minor auto repairs, car washing, office & sales, storage and toilets and parking of cars waiting to be serviced,' on a plot located within a Business Use district is contrary to Art. II PP. 4(a), subsections 29 and 46 of the Zoning Resolution and also contrary to Board of Standards and Appeals resolution Cal. #599-57-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 88 feet 3 inches frontage by 119 feet 11 inches in depth, presently developed with two buildings designated as buildings A and B; that building A is three stories in height, of class 3 construction, 21 feet by 35 feet, now occupied as store and two families; that building B is one story in height, of class 4 construction, 21 feet by 21 feet, now occupied as a two car garage; that it is proposed to obtain a variance for a temporary period of fifteen years in order to enlarge the gasoline service station that was approved by the Board under Cal. No. 599-57-BZ, so that it will now have a frontage of 88 feet 3 inches on Fulton Street, 119 feet 11 inches on Carlton Avenue, 21 feet 4 inches on the southerly lot line and 83 feet 9 inches on the easterly lot line; that the new size gas station will consist of twelve 550 gallon buried gasoline tanks and six gasoline dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, with a frontage of 28 feet 4 inches, a

depth of 21 feet 4 inches, irregular in shape, and will contain the conjunctive uses of lubritorium, car wash, minor auto repairs, office and sales; that a portion of the open area will be reserved for parking of cars awaiting service; and

WHEREAS, the applicant states that the site is situated approximately one half mile from the main shopping center of the entire Borough of Brooklyn, so that the erection of stores on this plot would not be economically feasible due to the high construction costs, in addition to being in a low rental area; that the plot is small, triangular in shape and very high in assessed value and it is therefore mandatory for the owner to develop this site as proposed in order for him to receive an equitable return on his investment and continue to pay City taxes; that the block in which the site is located is 90% in an unrestricted use district so that the erection of a gasoline service station would not adversely affect any of the adjoining property owners; that the building contemplated will be highly modern in design and will lead the way to any new development in this area; that curb cuts will be restricted to two 30 foot cuts on Fulton Street and two 30 foot cuts on Carlton Avenue; that the dispensing pumps will be set 10 feet in from the building line of Fulton Street so that pedestrian traffic will be amply protected; and

WHEREAS, the applicant further states that Department of Buildings records indicate that there is no record of New Building for Building A; that the last alteration use under Alt. Applic. No. 291 of 1894 was given as store and dwelling; that there is no record available for Building B; that records further indicate that under N.B. Applic. No. 1214-57 and Cal. No. 599-57-BZ, permission was granted to erect a gas station on lot No. 38; and

WHEREAS, the applicant contends that Fulton Street is a heavily trafficked auto lane and inasmuch as there are no other gas stations within the affected area, the proposal is entirely within keeping and will provide a necessary and vital service to this neighborhood; and

WHEREAS, the applicant states that the present owners have held title to Lot 40 since February 23, 1938 and to Lot 38 since October 23, 1940; that the assessed valuation of land is \$13,050 and of the buildings \$5,650 making a total of \$18,700; that the buildings were erected prior to 1894; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; that a gasoline station was permitted by the Board under Vol. I by resolution adopted February, 1958 which has not been constructed and the present application proposes enlarging it.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 4, 1958, by adding thereto:

"that in the event the owner desires to enlarge the area of the gas station and adopt the arrangements as now proposed and as indicated on Plans marked 'Received May 28, 1958,' 4 sheets, such extension of area may be permitted and the arrangement may be as shown on such revised plans *on condition* that similar requirements as included in the resolution of February 4, 1958 shall apply, where not inconsistent with this amended resolution; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

946-57-BZ

APPLICANT—Herman E. Horwood, for Agnes B. McLaughlin, owner; Highbridge Body and Fender Works, lessee.

SUBJECT—Application December 20, 1957—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail use district, for a term of five (5) years, the use of the building on the rear north side of the lot, which was erected as a five (5) car garage, to be used for motor vehicle repair shop specializing in body and fender work.

PREMISES AFFECTED—1029-1031 Ogden Avenue, west side, 175 feet south of West 165th Street, Block 2525,

MINUTES

Lot 30, Borough of The Bronx.
APPEARANCES—

For Applicant: H. E. Horwood.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; laid over to September 30, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a local retail use, B area, class 1¼ height district; that the premises was known for business use until May 20, 1952 at which time it was changed to local retail; that there has been no change in the 1¼ height or B area district regulations; and

WHEREAS, the decision of the Borough Superintendent, dated November 21, 1957 acting on Alt. Applic. No. 1052-57, reads:

"1. Proposed use of store and repair shop in a local retail district is contrary to Art. II Sect. 4-c of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 90 feet in depth; that it is proposed to permit the use of the building on the rear north side of the lot, which was erected as a five car garage, to be used for motor vehicle repair shop specializing in body and fender work, for a term of five years; and

WHEREAS, the applicant states that the portion under appeal is constructed of concrete blocks and was erected in 1927, the store at front in 1921 and the dwelling in 1885; that the property was purchased on October 28, 1928, as now existing, by the present owner who resides in the dwelling, and the tenant of the repair shop has been there for about ten years past; that there are no motor driven bench tools used except a tool grinder and a small compressor, all other work being done by hand tools, electric drills, etc., with a small amount of spraying to touch up repaired parts; that this is a very small business and no work is done before 8:30 A. M. or after 5:30 P. M. on week days, none on Saturday or Sunday, nor is any work ever done outside of the building; and

WHEREAS, the applicant contends that on the same side of Ogden Avenue, on the block north of the premises in question—block 2526—are two public storage garages and two parking lots, and on block 2514, lot No. 1 is a parking lot, lot 9 is a City firehouse and on lot 11, under Cal. No. 869-27-BZ, Vol. II was recently granted for a parking lot; that there is no alteration contemplated on the building under appeal, and as same is on the rear of the lot with open driveway leading to same, there can be no adverse effect on surrounding property; and

WHEREAS, the applicant further contends that all work is done by the proprietor and one helper; that the store at the front is used as an office by a refrigerator service company; that much of the work comes from persons storing cars in the garages and parking lots in the vicinity, and this business actually is a convenience to the neighborhood as there are no body and fender repair shops anywhere near the premises under appeal, and due to its location at the rear of the lot, it is not possible to rent same for a conforming use in this local retail district; and

WHEREAS, the applicant states that the present owner has held title to the property since October 28, 1948; that the assessed valuation of land is \$16,000 and of the building \$4,000 making a total of \$20,000; that the buildings were erected in 1885, 1931 and 1937; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7e for a term of five years to permit the use of the building at the rear, formerly erected as a five car garage, to be occupied as proposed for motor vehicle repair shop including body and fender work; including the use of a welding torch under proper permit obtained from the Fire Department; that the building in front shall not be used in connection with such motor vehicle repair work; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

22-58-BZ

APPLICANT—Burke, Green and Groh, for Roy M. Liebler, owner.

SUBJECT—Application January 23, 1958—decision of the Borough Superintendent, under sections 7f, 7e and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, auto wash (non-automatic), lubritorium, office, sale of auto accessories, parking of cars awaiting service and minor repairs with hand tools only.

PREMISES AFFECTED—193-06 Jamaica Avenue, southeast corner of 193rd Street, Block 10821, Lot 38, Hollis, Borough of Queens.

APPEARANCES—

For Applicant: John J. Howley.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; laid over to September 30, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Jamaica Avenue are in a retail use, D area, Class ½ height district; 193rd Street and 195th Street are in retail and residence use, D and E area, class ½ height districts; Woodhull Avenue is in a residence use, E area, class ½ height district; that as of July 25, 1916 the property was zoned as a business use district, C area, class 1 height; that on January 27, 1947 the use district was changed from business to retail and on June 30, 1952, C area was changed to D area and the class 1 height was changed to class ½ height; that there are no further changes pending before the City Planning Commission at this time; and

WHEREAS, the decision of the Borough Superintendent, dated January 20, 1958 acting on N.B. Applic. No. 4123-57, reads:

"1. Proposed erection of a gasoline service station, auto wash (non-automatic), lubrication, office, sale of auto accessories, parking of cars awaiting service, minor repairs with hand tools only, on a lot located in a retail use district is contrary to Article II Section 4A of the Zoning Resolution.

2. Proposed ground sign within the retail use portion of lot is contrary to Article II Section 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist

MINUTES

of a plot, 90 feet frontage by 89.57 feet in depth, presently vacant; that it is proposed to develop the site with a modern gasoline station, the accessory building of which will be set 37 feet 6 inches back of the Jamaica Avenue building line and 8 feet from the east lot line; that the accessory building will be colonial in design, having a peaked roof and finished with face brick on all sides; that pumps, set 15 feet back of the building line, will be installed only along the Jamaica Avenue frontage; that two 30-foot wide curb cuts will be installed along Jamaica Avenue and a 20 foot wide cut installed on 193rd Street near the intersection; that except where the wall of the adjoining brick building to the east occurs, a 5 foot high woven fence on a 6 inch high concrete base will be erected on the interior lot lines; that a shrubbery area protected by concrete curbs will be provided along the 193rd Street building line; and

WHEREAS, the applicant contends that the site fronts on a business district consisting of retail stores and a theatre, and directly across the proposed site is a water pumping station; that on the westerly side of 193rd Street is an office building with parking area and there is also a parking area on the northeast corner of 192nd Street and Jamaica Avenue; that the nearest gas station is located on the southeasterly side of 195th Street and Jamaica Avenue; that due to the nature of the district, plus the increased flow of traffic along Jamaica Avenue, the Board is requested to favorably consider this application for a gas station; and

WHEREAS, the applicant states that the present owner has held title to the property since March 2, 1951 and that the assessed valuation of land is \$11,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f, e and i of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. 4123-57, Objections No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

67-58-BZ

APPLICANT—Joseph W. Genzardi, for Valerio Curcio, owner; Scelza-Cordovano, lessee.

SUBJECT—Application February 20, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the relocation of an existing funeral home establishment to the one story and basement building formerly used for the manufacture and retail sale of bakery products, which is located on the opposite side of the street.

PREMISES AFFECTED—1709 Zerega Avenue, south side, 92.4 feet west of Maclay Avenue, Block 3991, Lot 67, Borough of The Bronx.

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; and

Laid over to September 30, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Maclay Avenue are in a residence use, D area, class 1 height district; Parker Avenue and Zerega Avenue are in retail and residence use, D area, class 1 height districts; Castle Hill Avenue is in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 22, 1958 acting on Alt. Applic. No. 26-58, reads:

"1. The proposed use and occupancy of the building in a Residence Use District as a Funeral Parlor is contrary to Article II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 103.41 feet in depth, on which is located a one story building at ground level with basement underneath, and contains a store, oven and a one family residence; that the building has been used for a considerable number of years for the manufacture of bakery products and for the retail sale of the products so baked; that it is proposed to change the present existing store front and entrance by erecting a facade of green and white marble, with flush glass doors opening up into a lobby and office behind which, and not seen from the street, will be the two chapels proposed to be constructed; that bathroom facilities for men and women and a showroom are proposed to be constructed and maintained in the basement; that under the alteration proposed, the exterior of the premises will be changed from the usual brick store front to an attractive marble front, beautified as set forth in the plans, with a quiet dignity and is far more in conformity with the residential character of the surrounding area, than the building affected as presently erected; that it is not proposed to use that portion of the building wherein the oven is presently located; that it is also proposed to brick up, according to requirements of the Building Department, the front wall of the oven, so that the wall when erected, will effectively cut the oven off from use and the wall will be the rear wall of the office; and

WHEREAS, the applicant states that Scelza-Cordovano, Inc., on whose behalf this application is brought, is not seeking to bring in a new non-conforming use to the area, but is presently maintaining a permissive business at premises 1668 Zerega Avenue, located at the northeast corner of Zerega and Maclay Avenues; that this business was established at the above address some 35 years ago; that as a result of changing conditions and increased services given by funeral homes, the premises in which Scelza-Cordovano, Inc. is presently located is inadequate to expand the services, which by modern business methods adopted and in custom and use, are required to be given and as a result thereof it is an absolute necessity that they move to larger quarters in order to be in a position to give the services on a competitive basis; that it would be a severe hardship to said corporation were it required to remove from the area in which it has engaged its business for over 35 years; that the premises, the subject matter of this application, lies approximately 150 feet southwest of the premises presently occupied by Scelza-Cordovano, Inc.; that as above stated, the bakery for the manufacture of bread and rolls and the retail sale of the same is a permissive use, so the application made herein does not increase the non-conforming uses allowed in area, but in fact, will reduce the permissive uses allowed; that Zerega Avenue was formerly zoned business and the property in the area for the most part was improved before the change of zoning with rows of stores and apartments above, and a considerable amount of neighborhood business is conducted in the area; that diagonally opposite the premises in question at 1710 Zerega Avenue, the property is occupied by private garages; that within the past two years the Board granted a variance for the property lying on the northwest corner of Zerega Avenue and Fuller Street to permit the maintenance of a parking lot; that this is within the 400 foot radius of the property affected herein; that the granting of this application will in effect upgrade the use permitted on the premises in question in that the manufacturing of bakery products and the odors emanating from the oven, to which many neighbors objected, will be forever removed, as will the trucking entailed in transporting flour and other ingredients used in the conduct of that business; and

MINUTES

WHEREAS, the applicant contends that the applicant seeks to remove a permissive business in a residential area from its present location some 150 feet southwest to the premises 1709 Zerega Avenue, a building in which the present permissive use is the manufacturing of bakery products and the retail sale of the same; that the proposed change will in effect upgrade the use to which the building affected can be used for a permissive business and the proposed alteration will beautify the premises so that the same will be more in conformity with the residential zoning of the surrounding area; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1, 1939; that the assessed valuation of land is \$3,000 and of the building \$9,000 making a total of \$12,000; that the building was erected in 1928; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of 10 years, to permit the building to be occupied solely as a funeral home for funeral services without undertaking, as shown on plans filed with this application marked, "Received February 20, 1958," 4 sheets and "June 26, 1958," 1 sheet; *on condition* that the building shall not be increased in height or area; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the former building occupied by this owner at 1668 Zerega Avenue, shall be discontinued for such funeral home use in view of this resolution permitting the use of the building at 1709 Zerega Avenue, and that all permits shall be obtained and a Certificate of Occupancy under Section 22A of the Zoning Resolution.

94-58-BZ

APPLICANT—James E. Vassalotti, for Sheljay Construction Corp., owners.

SUBJECT—Application March 4, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station with the accessory uses of lubritorium, minor auto repairs, car washing, storage room, office and sales and the parking and storage of motor vehicles in the open area for a temporary period of fifteen (15) years.

PREMISES AFFECTED—25-55 to 25-75 (25-65 official) Brooklyn-Queens Expressway, 69-01 to 69-09 30th Avenue, northeast corner and 2544-2562 70th Street, Block 1046, Lot 1, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; then to September 30, 1958, for decision; after area has been further developed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Brooklyn-Queens Expressway, 30th Avenue and 70th Street are in a residence use, D area, class 1 height district; that as of July 25, 1916 the premises were in an unrestricted use district and class C area district; that the present use and area designations became effective July 31, 1947; and

WHEREAS, the decision of the Borough Superintendent, dated February 24, 1958 acting on N.B. Applic. No. 4368-57, reads:

"1. Proposed erection of a gasoline service station, lubritorium, minor auto repairs, car washing, storage room, office and sales and parking and storage of motor vehicles in open area and the erection of a ground sign on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 196.44 feet frontage by 207.17 feet in depth, irregular, presently vacant; that it is proposed to erect a modern gasoline service station consisting of twelve approved type buried gasoline tanks and nine dispensing pumps; that the contemplated accessory building will be one story in height, of class III construction, with a frontage of 58 feet, a depth of 30 feet and will contain the conjunctive uses of lubritorium, minor auto repairs, car washing, storage room, office and sales; that a part of the open area will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the site occurs in an area that is rapidly being developed with many attached one family dwellings and the erection of a gasoline station on this site will provide an essential and required service to this new community since there are no other gas stations within the area; that the development of the Brooklyn-Queens Expressway across from the site with its attendant noises and gas fumes, further reduces the use of this site for a conforming use; that the land is high in assessed value and it is mandatory for the owner to develop this site as proposed in order for him to receive an equitable return on his investment; that the building is modern in design and will be an asset to this new development; that the irregular shape of the site lends itself to the proposal; and

WHEREAS, the applicant states that the present owner has held title to the property since September 30, 1957 and that the assessed valuation of land is \$12,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommends that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as proposed as a gasoline service station with uses lawfully accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received March 4, 1956", 3 sheets, *on condition*, that the plot shall be leveled substantially to the grade of the abutting street and shall be designed and arranged as indicated on such plans; that the accessory building shall be of the design and arrangement and location as proposed and without cellar and in all other respects shall comply with the requirements of the Building Code; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building lines of Brooklyn-Queens Expressway East and 30th Avenue; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that a planting area shall be maintained as proposed properly protected with concrete curbing, with suitable planting material; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the illuminated globes of the pumps excluding all temporary signs and roof signs and advertising devices but permitting the erection within the building line of one post standard for supporting a sign, which may be illuminated, located where shown, advertising only the brand of gasoline on sale and permitting such sign to extend over the building line for a distance of not more

MINUTES

than four feet; that curb cuts shall be restricted to three curb cuts each 30 feet in width to Brooklyn-Queens Expressway East and two of similar width, where shown, to 30th Avenue and two, where shown, to 70th Street; that the balance of the premises where not occupied by the accessory building, pumps and planting shall be paved with concrete or asphaltic pavement; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing around the premises shall be constructed to the satisfaction of the Borough President; that under Section 7i there may be minor repairing with hand tools only for adjustment maintained solely within the accessory building; that under Section 7h, for a similar term, there may be parking and storage of motor vehicles where such parking will not interfere with the servicing of the gas station; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

124-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Freda K. Berger, owner.

SUBJECT—Application March 7, 1958—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a local retail use district, the maintenance of an existing ground sign, used for advertising purposes, for a temporary period of five (5) years.

PREMISES AFFECTED—271-21 Union Turnpike, north side, 73.31 feet west of Hewlett Street, Block 8555, Lot 71, Floral Park, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Vice Chairman Keating, Commissioner Kleinert and Commissioner Foley 3

Negative: Chairman Murdock and Commissioner Sleeper 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; laid over to September 30, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Union Turnpike and Hewlett Street are in a local retail use, D area, class 1 height district; 271st Street is in local retail and residence use, D and F area, class 1 height districts; that as of July 25, 1916 that part of the premises within 100 feet of Union Turnpike was in a business use district and the balance of the premises was in a residence use district; that on January 21, 1947 that part of the premises within 100 feet of Hewlett Street was changed to a local retail use district and the balance of the premises remained in a residence use district; that on July 6, 1948 that part of the premises within 100 feet of Union Turnpike was changed to a local retail use district and the balance of the premises remained in a residence use district; that the present use designation putting the entire premises in a local retail use district became effective May 13, 1954; that as of July 25, 1916 the entire premises were in a class D area district; that on January 27, 1949 that part of the premises beyond 100 feet of Union Turnpike was changed to an F area district; that the present area designation became effective May 13, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated February 10, 1958 acting on N.B. Applic. No. 70-58, reads:

"1. Proposed ground sign in a "Local Retail" use district is contrary to Article II Section 4c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 feet frontage by 135.98 feet in depth, presently

developed with an advertising ground sign 12 feet high by 47 feet long, the top of which is 24 feet above the street grade; that it is proposed to maintain the present ground sign on the premises for a temporary period of five years; and

WHEREAS, the applicant contends that the sign is adjoined on the east by a diner and on the west by a one story store, which is under the same ownership; that the store acts as a buffer so that the adjoining properties to the west cannot be affected; that the land is high in assessed value and it is mandatory for the owner to put this land to some sort of use that will give him a return on his investment and help him to continue to pay city real estate taxes; that the proximity of the Nassau Line further reduces the potentiality of this property for a conforming use; and

WHEREAS, the applicant states that the present owner has held title to the property since March 8, 1954 and that the assessed valuation of land is \$5,500; that the ground sign was erected in 1956; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the billboard sign was erected without first obtaining a permit from the Department of Buildings and has been in use for some time; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of two years to permit the continuation of the billboard sign as proposed and as indicated on plans filed with this application marked "Received March 7, 1958," two sheets, and "May 7, 1958," one sheet, *on condition* that the sign shall not be enlarged and shall not be illuminated; that a certificate of occupancy shall be obtained; that at the termination of the term herein granted the sign shall be removed; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

230-58-BZ

APPLICANT—Frederick A. Ketcher, for 91 East 111th Street Realty Corp., owner.

SUBJECT—Application April 16, 1958—decision of the Borough Superintendent, under sections 7e and 7A of the Zoning Resolution, to permit in a local retail use district, the erection of a one story masonry building for use as a retail store and office, and wholesale bananas and tropical products, with store front and sign within 75 feet of a residence use district.

PREMISES AFFECTED—91 East 111th Street, north side, 22 feet west of Park Avenue, Block 1617, Lots 34 and 134, Borough of Manhattan.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; laid over to September 30, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Park Avenue and Madison Avenue are in a local retail use, B area, class 1½ height district; East 111th Street and East 112th Street are in local retail and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent,

MINUTES

dated April 14, 1958 acting on N.B. Applic. No. 135-57, reads:

"1. A retail store, wholesale bananas & tropical products, located in a Local Retail District and arranged for storage and ripening of bananas constitutes a manufacturing use and is therefore contrary to Art. II, PP. 4-c Zoning Resolution.

2. Store front & signs contrary to PP. 7A, Zoning Resolution."

and WHEREAS, the applicant states that the premises consist of a plot, 30.6 feet frontage by 100.11 feet in depth, presently unimproved; that it is proposed to erect a one story masonry building, with no cellar; that the facade will consist of face brick with cast stone trim; that the area will be less than 3,084 square feet; and

WHEREAS, the applicant states that the plot is in a local retail use district; that half of the plot was purchased as a tax lien by a previous owner; that the building will be used for a retail store and office, which is a permitted use, and for wholesale bananas and tropical products, with some coolers for banana ripening; that all activities of the new building will be kept inside of the building; that there will be no stacking of produce on the sidewalk; that all the tropical products will be kept in a refrigerated cooler; that as the small lots arrive they must be placed in the cooler immediately—nothing remains outside on the sidewalk; that this is primarily a jobber's service designed to insure rapid delivery and to prevent excessive spoilage; and

WHEREAS, the applicant contends that the lot is unprotected, dirty, littered with glass, junk, garbage and debris; that the abuses in the use of this lot are a continuous source of trouble for many municipal agencies, particularly the Fire, Sanitation, Health and Police Departments; that a survey of all the buildings within the affected area shows that 75% of the frontage of the buildings have business uses on the first floor; that for the past three decades, no owner or tenant has made any effort to improve the physical conditions of this property; that in this section of Manhattan, property owners desiring to build are compelled to obtain private financing, as no lending institution would even entertain an application for a mortgage; that this is just one of the contributing causes for the many tax liens in this section; that the lot is 33 feet from the noisy elevated New York Central Railroad structure and the City of New York operates the public market underneath the railroad tracks which extends from 111th Street to 116th Street; that these factors have not been conducive towards promoting the construction of any high class retail shops in this area; that the size of the lot, 30 feet by 100 feet, is too small for a parking lot; that the store and office are legal uses and only a portion of the building would be used for the jobbing activities; that as regards Objection 2, Section 7A, the adjoining building to the west is 97% within the local retail use district, and the first floor of the building is used for business; and

WHEREAS, the applicant states that the present owner has held title to the property since November 20, 1957 and that the assessed valuation of land is \$6,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of 15 years, to permit the erection and use of a one-story masonry building as proposed and indicated on plans filed with this application marked, "Received April 16, 1958," 6 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall be used as proposed; that as signs as would be permitted for a similar building when located within restricted retail

district may be maintained; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 5.00 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, SEPTEMBER 30, 1958,
2 P.M.

Present: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

318-35-S

APPLICANT—Herman E. Horwood, for Franklin-Greenwich Street Corp.; new owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re variation of the Labor Law as cited in an order and decision of the Commissioner of Buildings; previously granted on condition.

PREMISES AFFECTED—190-194 Franklin Street and 371-375 Greenwich Street, northeast corner, Block 187, Lot 10, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman E. Horwood.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Foley 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 26, 1935, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 26, 1935, by omitting the words:

"only so long as this building is occupied as a whole by B. Fisher and Company",

and substituting:

"granted only so long as the building is occupied by a single tenant."

859-52-A—Vol. II

APPLICANT—Robert Smyth, owner.

SUBJECT—Application reopened July 1, 1958 as Vol. II—Appeal from a decision of the Borough Superintendent re: extension of frame dwellings in fire limits.

PREMISES AFFECTED—23-15 127th Street, east side, 100 feet south of 23rd Avenue, first floor and attic, Block 4231, Lot 27, College Point, Borough of Queens.

APPEARANCES—

For Applicant: Robert Smyth and John Hronec.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 5, 1958 on Alt. Applic. 856/58 reads:

"1. Extension of frame dwelling in fire limits is contrary to Board of Standards and Appeals 859-52-A."

and

WHEREAS, the applicant states that the building is 1 story and attic, 22 feet 6 inches in height, 35 feet 6 inches front by 25 feet in depth, of class 4 construction, located on a lot 50.66 feet front by 99.9 feet in depth, in a residence use, C area, class 1 height district, erected 1952, and used and occu-

MINUTES

pied since 1952 as a 1-family dwelling, pursuant to variance granted by the Board under Calendar Number 859-52-A, Volume I, permitting the construction of 1-family frame dwelling within the fire limits; and

WHEREAS, Certificate of Occupancy #Q93545 issued December 23, 1953 against N.B. Applic. 6740/52 permits the present use and occupancy as a 1-family dwelling on the 1st floor with an unfinished attic and open parking space for 1 car as accessory to the dwelling use; and

WHEREAS, the applicant states that this building is one of a group of buildings permitted to be erected as frame structures within the fire limits by Resolution adopted by the Board under Calendar 859-52-A, Volume I; and

WHEREAS, the applicant states that it is now proposed to erect a small extension to the kitchen on the 1st story and to erect a dormer on the rear of the building as indicated on plans filed with this appeal; that they will continue to occupy the building as a 1-family dwelling; that the proposed construction of the dormer and the extension will comply with the requirements of a D area district and therefore will not be in conflict with the Resolution adopted by the Board under Calendar 859-52-A, Volume I; that it is therefore requested that the Board permit the construction of the dormer and the erection of the extension so as to provide better living space for the owner and his family and to permit future bedrooms to be installed in the attic; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, this building is one of several approved under Volume I and this resolution applies to one only of such buildings as stated.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 27, 1953 by adding thereto:

"that in the event the owner desires to extend the building by the construction of a one-story frame extension and a dormer in the attic story as shown on plans filed with this Appeal marked, 'Received June 5, 1958,' 1 sheet, and as acted on by the Borough Superintendent under Alt. Applic. 856/58, Objection 1, such extension may be permitted *on condition* that the resolution above cited shall be complied with in all respects where inconsistent with the requirements of this resolution and when certificate of occupancy shall be obtained."

763-53-A—Vol. II

APPLICANT—Robert A. McHugh, owner.

SUBJECT—Application reopened July 1, 1958 as Vol. II—Appeal from a decision of the Borough Superintendent re; extension of frame dwellings in fire limits.

PREMISES AFFECTED—23-23 128th Street, East side, 201 feet south of 23rd Avenue, Block 4232, Lot 24, College Point, Borough of Queens.

APPEARANCES—

For Applicant: Robert Smyth and John Hronec.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 5, 1958 on Alt. Applic. 857-58, reads:

"1. Extension of frame dwelling in fire limits is contrary to Board of Standards and Appeals 763-53-A."

and

WHEREAS, the applicant states that the building is 1 story and attic, 22 feet 6 inches in height, 35 feet 6 inches front by 25 feet in depth, of class 4 construction, erected 1953, located in a residence use, C area, class 1 height district, on a lot 54.23 feet front by 97.57 feet in depth, and used and occupied since erection as a 1 story dwelling on the 1st story with attic vacant; and

WHEREAS, the applicant states that the building now in question was erected as part of a development permitted

by the Board under Calendar 763-53-A, Volume I, to be constructed frame, for use as a 1-family dwelling within the fire limits; and

WHEREAS, Certificate of Occupancy Number Q98358 was issued September 22, 1954 against N.B. Applic. 3838-53, permitting the use of the 1st floor as a 1-family dwelling with the attic unfinished and providing for open parking space for 1 car as accessory use; and

WHEREAS, the applicant states that it is now proposed to erect a dormer on the building, to provide for future bedrooms for members of the owner's family; that the existing attic cannot be used for bedrooms due to lack of proper ventilation; and

WHEREAS, the applicant contends that the proposed dormer will conform with the requirements of the Zoning Resolution for a similar building erected in a D area district; and

WHEREAS, the applicant therefore requests that the Board grant this appeal and modify the decision of the Borough Superintendent, so as to permit the construction of the dormer as proposed and as indicated on plans filed with this appeal, so as to provide better living quarters by the addition of two future bedrooms in the attic; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, this building is one of several buildings approved under Volume I and this resolution adopted this day applies to one only as stated:

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 27, 1953 by adding thereto:

"that in the event the owner desires to extend the building by the construction of a one-story frame extension and a dormer in the attic story as shown on plans filed with this Appeal marked, 'Received June 5, 1958,' 1 sheet, and as acted on by the Borough Superintendent under Alt. Applic. 857-58, Objection 1, such extension may be permitted *on condition* that the resolution above cited shall be complied with in all respects where inconsistent with the requirements of this resolution and a new certificate of occupancy shall be obtained."

WHEREAS, this application was granted by the Board on September 10, 1957, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution and extension of time to complete.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted by the Board on September 10, 1957, by adding thereto:

“that in the event the owner desires to locate the accessory building on the westerly side of the premises as against the former location on the northerly side and to change the number of pumps and location of pumps, such changes may be permitted provided the pumps, as proposed, are not less than fifteen feet back from the building line as shown on plans filed with this request for amendment marked “Received August 13, 1958”, two sheets; that in all other respects the requirements of the resolution above cited shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution.” (NB App 1920/56)

696-24-BZ—Vol. II

Negative 0
Absent: Commissioner Foley..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 309-46-SA

Subject: Amendment to resolution as to additional trade names.

Wayne Home Equipment Company, Fort Wayne, Indiana requested by letter dated April 14, 1958 that the resolution adopted July 9, 1946 and amended through June 25, 1957 under Calendar Number 309-46-SA be amended so as to permit the approved oil burner to be marketed under additional trade names.

Recommendation

The Committee on Test recommends that the resolution adopted July 9, 1946 and amended through July 17, 1956 under Calendar Number 309-46-SA be reopened and amended so as to permit the approved Wayne Oil Burner, Model E to be marketed by the General Electric Company under the

MINUTES

trade name of General Electric Oil Burner, Model O on condition that the requirements of the resolution adopted July 9, 1946 and amended through June 25, 1957 under Calendar Number 309-46-SA be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of July 9, 1946 through June 25, 1957 in accordance with the above report.

COURT DECISION

Matter of Cavally vs. Murdock:—On March 25, 1958 the Board,
under calendar number 145-47-BZ Volume III, granted a zoning vari-
ance, under section 7e for a term of five years, to permit in a residence
use district addition of an adjoining building to an existing bakery as
an extension of a retail and wholesale use, premises 17-19 Cornelia
Street, north side, 191 feet, 1 inch west of West 4th Street, Block
590, Lots 39 and 40, Borough of Manhattan.

At Supreme Court Special Term Mr. Justice Gavagan affirmed the
Board's decision as follows:

Cavally v. Murdock—Respondents move for an order vacating the
order of certiorari, to dismiss the petition and to affirm the determina-
tion under review. The intervenor-respondent moves for an order dis-
missing the petition, modifying the determination by eliminating
therefrom the limitation as to duration or by substituting a limitation
of a period of not less than twenty-five years and for affirmance of
the determination as thus modified. The orders under review permit a
variance of use in a street running one block and in which non-
conforming use exists to a substantial extent. One of the two build-
ings involved is likewise put to non-conforming use. The record dis-
closes ample ground to support the exercise of discretion and it should
not be disturbed. The motions are granted save for that portion of
the motion of the intervenor-respondent which requests a modification
of the order. A request for such modification is the subject of an
application now pending before the respondents. Processing thereof
has been suspended pending determination of these applications. This
determination is without prejudice thereto. Settle order.

Cavally v. Murdock—The motion of the respondent-intervenor is
disposed of in accordance with the disposition of companion motion
No. 316 published simultaneously herewith. (N. Y. Law Journal,
September 30, 1958, page 7.)

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday afternoon, October 21, 1958, at 2 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:

108-57-SM

APPLICANT—J. J. Helff, for Perfect Seal Manufacturing Company, owner.

SUBJECT—Application February 4, 1957—Perfect Seal Acoustical Tile, approval of.

402-57-SA.

APPLICANT—Heil-Quaker Corporation, owner.

SUBJECT—Application May 6, 1957—Heil Gas-fired Conversion Burners, Models GCB-1A, GCB-1, GCB-2, GCB-3 also to be marketed by Sears, Roebuck & Co. as Homart Gas-fired Conversion Burner, Models 867.6104, 867.6107, 867.6108, 867.6111 and 867.6112, approval of.

505-57-SA

APPLICANT—Edwards Engineering Corp., owner.

SUBJECT—Application June 12, 1957—Spi-Rol-Fin Gold Crown Gas-Fired Hot Water Boiler, Models 600G and 750G, approval of.

653-57-SM

APPLICANT—Owens-Illinois Plywood Company, owner.

SUBJECT—Application August 8, 1957—Owens-Illinois Fire Door, approval of.

744-57-SM

APPLICANT—Farr Company, owner.

SUBJECT—Application September 26, 1957—Far-Air Grease Eliminators—for ventilation hoods in commercial kitchens, approval of.

841-57-SA

APPLICANT—John Gabel, for Wilmot Castle Company, owner.

SUBJECT—Application November 4, 1957—Imperial Bed Pan Washer, Models 1, 2 and 3, approval of.

1038-57-SA

APPLICANT—Liberty Combustion Corporation, owner.

SUBJECT—Application November 29, 1957—Liberty Inshot Conversion Gas Burner, Models LIB150SB, LIB150LC, LIB150SC, LIB150LB, LIB200SC, LIB200SB, LIB225LC and LIB200LB, approval of.

411-58-SM

APPLICANT—Time Saving Fills, Inc., owner.

SUBJECT—Application June 30, 1958—Speed-Kleen Fills, Models 2200, 2200M45, 2200F45 and 3200, approval of.

490-58-SA

APPLICANT—Janitrol Division, Surface Combustion Corp., owner.

SUBJECT—Application August 18, 1958—Janitrol Oil-fired Conditioners, Series OFLS, OFVS, OFDS, and OFHS, approval of.

115-32-SA

APPLICANT—Wayne Home Equipment Company, Inc., owner.

SUBJECT—Application for reopening and amendment of resolution as to additional model "K" oil burner—re Wayne Oil Burner, Model OM and G; previously approved.

CALENDAR

800-39-SM—Vol. IV

APPLICANT—United States Gypsum Company, owner.
SUBJECT—Application reopened July 15, 1958 for amendment of resolution as to additional uses of USG Audicote for fireproofing cellular steel floors and beams—re USG Red Top Cement Plaster, fibered, unfibered, extra fibered; USG Red Top No. 1 Moulding Plaster; USG Red Top Special Cement Plaster; USG Structo-Base Plaster, Structo-Gauge Plaster, Structo-Trowel Plaster; USG Sabinite M, USG Sabinite Float Finish and USG Sabinite Trowel Finish, USG Structural Base Coat, USG Structural Gauging Plaster and USG Structocal Trowel Finish Plaster, USG Perfortable Sabinite; previously approved.

1016-39-SM—Vol. III

APPLICANT—National Gypsum Company, owner.
SUBJECT—Application for reopening and amendment of resolution as to additional trade name—re Gold Bond Acoustamatic Tile, Gold Bond Insulation Tile and Gold Bond Insulation Plank; previously approved.

91-40-SA—Vols. I, II, III, IV, V.

APPLICANT—Linde Air Products Co., Division of Union Carbide & Carbon Corp., owner.
SUBJECT—Application for reopening and amendment of resolution as to additional use—re Purox Welding Blowpipes, Prest-O-Weld Welding Blowpipes, Prest-O-Weld Cutting Blowpipe; previously approved.

448-40-SM

APPLICANT—H. H. Robertson Company, owner.
SUBJECT—Application for reopening and amendment of resolution as to method of attaching side joints of adjacent units—re Robertson Keystone Beam Steel Floor and Robertson Cellular Steel Floor; previously approved.

128-41-SA

APPLICANT—American Furnace Company, owner.
SUBJECT—Application for reopening and amendment of resolution as to additional models of suspended oil-fired furnaces, namely 28-OC and 33-OC—re Afco Ceiling Mounted, oil-fired Air Conditioning Unit, Models 12-OC and 23-OC; previously approved.

341-44-SM

APPLICANT—Research Products Corp., owner.
SUBJECT—Application for reopening and amendment of resolution as to extension of use—re Research Air Filter, Series No. 230, Dry Type; previously approved.

160-47-SA

APPLICANT—Gilbert & Barker Manufacturing Company, owner.
SUBJECT—Application for reopening and amendment of resolution as to additional models of gasoline dispensers 96 BHG and 98BHG—re Gilbert and Barker Gasoline Dispensing Pumps, Models M96HG, M96ER, M98HG, M101, 96HG, 98HG, M-96HGRC and M-98HGRC; previously approved.

809-47-SA

APPLICANT—Fullerton Equipment Corp., for Roberts-Gordon Corp., owner.
SUBJECT—Application for reopening and amendment of resolution as to additional model of gas conversion burner, Model 400-Z—re Roberts-Gordon Gas Burners, Models 400-Z-2, Types H and PH; previously approved.

866-47-SA

APPLICANT—The Linde Air Products Company, owner.
SUBJECT—Application for reopening and amendment of resolution as to additional use—re Oxweld Cutting Blowpipe (various models) and Purox Cutting Attachment Type No. 35 and Type No. CW202; previously approved.

899-47-SA

APPLICANT—Bryant Division of Carrier Corporation, owner.
SUBJECT—Application for reopening and amendment of resolution as to additional models of Gas-Fired Forced Air Furnaces, namely Model 385—re Bryant Winter Air Conditioner; previously approved.

829-48-SA

APPLICANT—The York Shipley Inc., owner. The Nu-Way Corp., former owner.
SUBJECT—Application for reopening and amendment of resolution as to change of ownership—Models J, K, L, H, CO, IXL and trade names Afco, Bard Leeson, Meyer, Power Oil, Rudy, Thatcher, Waterbury, Fitzgibbons, Mueller Climatrol, Bryan Steam Round Oak, Perfectaive, General Electric, Shepherd, Frontier, Ingersoll, Janitrol, Milwaukee Supreme, Oil Electric, Queen City, Permaglas, Spencer Heater, Weil-McLain, Sooner, Sun, Patten, Synchronomatic, Meridian, Repco, Thermo Oil-O-Matic, Chrysler, Airtemp, Certified Oil, Hall-Neal Victor, J & C, Fire Power-O-Matic, McDonald and Silver Seal Oil Burners; previously approved.

865-48-SM—Vol. II

APPLICANT—H. H. Robertson Company, owner.
SUBJECT—Application reopened January 8, 1957 for amendment of resolution as to additional sections of roof deck—re Robertson Q-3 and Q-12 Roof Deck and Siding Material; previously approved.

241-50-SA

APPLICANT—York-Shipley Inc., owner. Jackson & Church Company, old owner.
SUBJECT—Application for reopening and amendment of resolution as to change of ownership—re Jackson & Church Oil-fired Suspension Units (various models); previously approved.

229-50-SA

APPLICANT—Iron Fireman Mfg. Company, owner.
SUBJECT—Application for reopening and amendment of resolution as to change of ownership of Scaife Company—re models GCT-150, GCT-200 and GCT-300 Gas Conversion Burners, GBG-90, GBG-112, GBG-135, GBG-157, GBG-180, GBD-135, GBD-202, GBD-270, GBD-337 and GBD-405 Gas-fired Boilers, GFJ-75, GFJ-100, GFJ-125, GFL-150, GFL-175, GFL-200, GFK-75, GFK-100, GFK-125, GFU-65, GFU-95, GFU-125, GFW-65, GFW-95, GFW-125, GFV-65, GFV-95 and GFV-125, Timken Silent Automatic Gas Burners, Models GFD-60, GFD-80, GFD-107, GFH-56, GFH-80, GBB-60 and GBR-80; previously approved.

360-50-SA

APPLICANT—Automatic Burner Corporation, owner.
SUBJECT—Application for reopening and amendment of resolution as to additional trade names—re ABC Oil Burner, Model 55J; previously approved and marketed under various trade names.

499-50-SA

APPLICANT—Bryant Manufacturing Company, for Affiliated Gas Equip., Inc., owner.
SUBJECT—Application for a reopening and amendment of resolution as to new Model designations, namely Model 387—re Bryant Gas-fired Winter Air Conditioner, Model BA 87; previously approved.

350-51-SA

APPLICANT—Automatic Burner Corporation, owner.
SUBJECT—Application for a reopening and amendment of resolution as to marketing under additional trade name—re ABC Oil Burner, Model 40, Thatcher Furnace Co. under name of Thatcher Oil Burner, Models 751-1, 751-2 and 751-3, Mt. Hawley Div. 1 of Bryant Mfg. Co.—Mt. Hawley Div. Model 40 Oil Burner; previously approved.

CALENDAR

211-53-SA

APPLICANT—Speed Queen Corporation, owner.

SUBJECT—Application for a reopening and amendment of resolution as to additional models of washing machines, namely A20A, A20C, A20CF, A24, A24W, A25, A25F, A201 and A201F—re Speed Queen Automatic Washer (domestic type) Models A10, A11, A12, A18, A19, A20, A21, A22, A21W, A22W and A20F; previously approved.

489-54-SA

APPLICANT—Delco Appliance Div. of General Motors Corporation, owner.

SUBJECT—Application for a reopening and amendment of resolution as to marketing under additional trade name—re Models ROH-200, ROH-300 and Petroleum Heat & Power Co., Inc., under Petroleum, Heat & Power Co., Models D-2 and D-3, Delco Pressure Atomizing Oil Burner; previously approved and marketed under various trade names.

580-54-SA

APPLICANT—York-Shipley, Inc., owner.

SUBJECT—Application for a reopening and amendment of resolution as to change of ownership—re Jackson and Church Gas-fired Suspended Units, Models GA-350 and GA-450; previously approved.

1053-47-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Bacrol Realty Corp., owner.
SUBJECT—Application reopened May 6, 1958 as Vol. III—decision of the Borough Superintendent, under Sections 7e and 21 of the Zoning Resolution, to permit in a residence use, "D" area district, the erection of a two story extension, to the present building occupying more than the permitted area and with less than their required rear yard, and change the present use to boiler room, storage and service of air conditioning equipment, repair of refrigeration equipment, welding, spraying, storage of refrigeration parts, refrigeration carpentry work, storage of lumber in conjunction with refrigeration, storage of insulation and office for a stated term of fifteen (15) years.

PREMISES AFFECTED—115-119 King Street, south side, 275 feet south of Richards Street and 72-76 Sullivan Street, Block 556, Lots 15, 43, 45 and 46, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 6, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on September 23, 1958 after due notice by publication in the Bulletin; laid over to October 7, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Richards Street are in a residence use, D area, class 1 height district; King Street and Sullivan Street are in residence and business use, D area, class 1 height districts; Van Brunt Street is in a business use, D area, class 1 height district; that as of April 25, 1916 the premises were in an unrestricted use district, class 1½ height district and class A area district; that the present use, height and area designations became effective May 19, 1939; and

WHEREAS, the decision of the Borough Superintendent, dated April 7, 1958 acting on Alt. Applic. No. 302-58, reads:

"1. The proposed extension of a building and the change of use from boiler room, storage and service, repairs of refrigerators, storage of refrigerator parts and office, to boiler room and air conditioning equipment, storage and service repairs of refrigeration equipment, welding, spraying, storage of refrigeration parts and refrigerators, carpentry work and storage of lumber in conjunction with refrigeration, storage of insulation and office, on a plot located in a residence use district is contrary to Art. II Sect. 3 of the Zoning Resolution.

"2. Business signs located in a residence use district are contrary to Art. II Sect. 3 of the Zoning Resolution.

MINUTES

"3. Provide a rear yard as per Art. IV Section 17 and Section 14 of the Zoning Resolution.

"4. Area of building exceeds permitted percent of coverage in a 'D' area district and is contrary to Art. IV Section 14 of the Zoning Resolution.

"Note: Premises were subject of a Board of Standards and Appeals variance under Cal. No. 1053/47/BZ." Vol. I, Vol. II.

and

WHEREAS, the applicant states that the premises consist of a plot, 65 feet frontage by 200 feet in depth, presently developed with several buildings as follows: lot 15—one story in height of class 3 construction, having a frontage of 65 feet, a depth of 100 feet and now occupied as storage and service repairs of refrigerators, storage of refrigerator parts and office; lot 43—three stories in height, of class 3 construction, having a frontage of 30 feet, a depth of 48 feet and now occupied as a dwelling (vacant); lot 45—building A—two stories in height, of class 3 construction, having a frontage of 24 feet, a depth of 48 feet and now occupied as a dwelling (vacant); lot 45—building B—three stories in height, of class 4 construction, having a frontage of 20 feet, a depth of 38 feet and now occupied as a dwelling (vacant); lot 46—vacant; that it is proposed to obtain a variance for a temporary period of fifteen years in order to demolish the present buildings on lots 43 and 45 and extend the present building on lot 15 by erecting a new two story extension of class 3 construction, having a frontage of 80 feet and a depth of 100 feet; that the combination of the present building and the new extension will be used for boiler room and air conditioning equipment, storage and service repairs of refrigerator equipment, welding, spraying and storage of refrigeration parts and refrigeration, carpentry work and storage of lumber in conjunction with refrigerators, storage of insulation, and offices; and

WHEREAS, the applicant states that the permissible area that could be occupied is 4400 square feet; that the proposed extension is 8043 square feet, and therefore the proposal is 3643 square feet in excess; that this excessive area is required for the proper operation of this business; that the business sign as proposed will only advertise the name of the company operating the business within, and will not be illuminated; that the proposed extension abuts a building that was erected without a rear yard, so that the omission of the rear yard cannot affect the adjoining property owners; and

WHEREAS, the applicant states that the building on lot 15 was erected under N.B. Applic. No. 1352-42 and under Cal. No. 1053-47-BZ, Vol. I, for use as a storage warehouse; that Certificate of Occupancy No. 124390 was issued for said use; that the building was altered under Alt. Applic. No. 1178-50 and under Cal. No. 1053-47-BZ, Vol. II and the use changed to—cellar, boiler room; first floor—storage and service repairs of refrigerators, storage of refrigerator parts and office; that Certificate of Occupancy No. 131268 was issued for said uses; that there are no records available for the building on lot 43; that the front building on lot 45, designated as Building A, was last altered under Alt. Applic. No. 3953-1939 for use as a one family dwelling; that Certificate of Occupancy No. 150735 was issued for said use; that the rear building on lot 45, designated as Building B, was last altered under Alt. Applic. No. 3957-1939 for use as two family dwelling and Certificate of Occupancy No. 150695 was issued for said use; and

WHEREAS, the applicant contends that the removal of the three vacated buildings on the site and the erection of a new, modern designed building will do much to improve the appearance of the entire neighborhood; that within the affected area there are many non-conforming uses, so that the erection of this new building will be entirely within keeping at this point; that the non-conforming uses are as follows: block 546, lot 51—factory; block 556, lots 24 and 37—garage and motor vehicle repair shop; block 566, lots 12 and 23—warehouse and store; and

WHEREAS, the applicant states that the present owner has held title to the property since February 10, 1947, May

11, 1957 and February 27, 1958; that the assessed valuation of land is \$8,700 and of the building \$35,800 making a total of \$44,500; that the building was erected in 1947; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the prior resolution should be amended as to objections of the Borough Superintendent 1, 2, 3 and 4.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on April 20, 1948, as thereafter amended by resolutions adopted through May 22, 1951 by adding thereto:

"that in the event the owner desires to extend the building to Sullivan Street and to erect such building as one-story with two-story section substantially as proposed and as indicated on plans filed with this application marked 'Received April 22, 1958', 5 sheets, such extension may be permitted to the existing building as permitted under Vol. I; under section 7 subdivision e for a term of 20 years from the date of this amended resolution; and to make a variance as to area under Section 21 to permit the coverage as proposed and as shown on such plans for a similar term *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

427-49-BZ—Vol. II

APPLICANT—Arnold W. Lederer, for Joseph Moldau, owner; Weiss Bros., lessee.

SUBJECT—Application reopened September 25, 1956 as Vol. II—decision of the Borough Superintendent, under sections 21 and 7e of the Zoning Resolution, to permit in a residence use district, the change in occupancy from pumping station and storage to storage of office stationery and similar dry goods and loading and unloading and as later amended for storage and sale of new and used industrial equipment.

PREMISES AFFECTED—363-365 Dahill Road, eastside, 240 feet north of Cortelyou Road, Block 5369, Lot 52, Borough of Brooklyn.

APPEARANCES—

For Applicant: A. W. Lederer and Jack Moldau.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 25, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; laid over to September 23, 1958, for continuation of hearing; applicant to send notices by regular mail and to correct his papers and state who is the lessee and the type of occupancy, then to September 30, 1958, for inspection and decision; hearing closed; then to October 7, 1958, to permit applicant to correct his papers and examiner to prepare corrected digest and for decision; hearing previously closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 8, 1958 acting on Alt. Applic. No. 2559-56, reads:

"1. Proposed change of occupancy in a Residence zone from water filter plant to storage and sale of new

MINUTES

and used industrial equipment & loading and unloading is contrary to Article II PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 100 feet in depth, presently developed with a one story brick, front and rear building; that the front building is of fireproof construction, except for the rear extension; that the rear building is vacant, in a state of disrepair and is without a roof; that the front building was used by the New York Water Service Company as a storeroom, work shop and for the housing of a truck and miscellaneous equipment; that the building in the rear housed the pumping unit for the well; that it is proposed to use the building for the storage and sale of new and used industrial mechanical equipment and hardware in connection with same, loading and unloading; that there will be no combustibles; that the building is normally closed except when merchandise is delivered or shipped; that the rear building is not to be used and will be demolished; that the two lot line windows, facing side yard of adjoining tenement house, in south wall are proposed to be bricked up; that loading and unloading will be carried on within the confines of the building only, and only during normal business hours; and

WHEREAS, the applicant states that this building was occupied up to 1950 as an industrial building, and the present owner purchased the property on May 18, 1950 in good faith, never realizing that this commercial type building could not be used for a business use; that in order to protect his investment, he has leased the premises for a storage use, which should be considered as a less active use than a water works; that the affidavit of the owner, filed with this application, describes present use of the building as follows: first floor—storage building for hardware; and

WHEREAS, the applicant further states that the New York Central and Long Island freight trains run on the ground on this block—see block 5369, lots 50-52 and block 5367, lot 8—facing the property; that also on this same block, there is a gas station on lot 53; that the front of this structure is of neat design, in harmony with four family tenements adjoining on each side of the building; that the property in the rear, and within 100 feet of Cortelyou Road on this block 5369, is located in a business district; that by demolishing the rear building, the prohibited use will be diminished; that the yard will not be used for any purpose; that this property can contribute its share of taxes to the City of New York only when it is self supporting and rentable and maintained in good condition; and

WHEREAS, the applicant contends that it would be an unnecessary hardship and a practical difficulty to carry out the strict letter of the law in order to change its use to one permitted only in a residential district in view of its original construction, and it is therefore requested that this appeal be granted under such conditions as the Board will set; and

WHEREAS, the applicant states that the present owner has held title to the property since May 18, 1950; that the assessed valuation of land is \$4,000 and of the building \$6,000 making a total of \$10,000; that the building was erected in 1930 and 1933; and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board; and the committee recommended that the use, as proposed, may be continued; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the Zoning Resolution and that

the application be and it hereby is granted under Section 7e and Section 21 provided that all storage of new and used industrial equipment, as proposed, shall be stored entirely within the building and not in any other portion of the premises and if any is stored in the rear yard it shall be removed; that the front of the building shall be made presentable by painting the front and doors; that signs shall be restricted to one sign attached to the building and not extending beyond the building line and not exceeding five square feet advertising the use of the building; and that all permits shall be obtained and all work completed within six months from the date of this resolution and a certificate of occupancy obtained.

702-52-BZ—Vol. II

APPLICANT—Reginald S. Hardy, for H. C. Bohack Co., Inc., owner.

SUBJECT—Application reopened April 22, 1958 as Vol. II—decision of the Borough Superintendent, under Sections 7e, 7A and 21 of the Zoning Resolution, to permit in a retail and residence use, "C" area district, a one story extension to the present one story retail market, the proposed extension will occupy more than the permitted area and enlarge the existing market and provide three (3) new stores, with a new curb cut and show windows within 75 feet of the residence use district.

PREMISES AFFECTED—66-42 to 66-54 Fresh Pond Road and 60-76 to 60-86 Woodbine Street, southwest corner, Block 3529, Lots 66 and 73, Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: William Kurtzrock, Robert F. Wasmund and William Ringwald.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 22, 1958 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on September 23, 1958 after due notice by publication in the Bulletin; laid over to October 7, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Woodbine Street and Madison Street are in retail and residence use, C area, class 1 height districts; Fresh Pond Road is in a retail use, C area, class 1 height district; 60th Place is in a residence use, C area, class 1 height district; that the portion of the premises within 100 feet of Fresh Pond Road is located within a retail use district and the remainder is in a residence use district; that the portion of the premises in the retail use district was formerly in a business use district; that the present zoning designation became effective on November 18, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated March 12, 1958 acting on Alt. Applic. No. 358-58, reads:

"1. The extension of the use of the premises as a retail food market occupies more than permitted area in a C area district and is contrary to Art. IV Sec. 13(b) of Zoning Resolution and is contrary to Board of Standards and Appeals Res. 702-52-BZ and is referred back to the Board for reconsideration.

"2. Proposed extension of use of the residence part of the plot for a business curb cut and truck driveway is contrary to Art. 2 Sec. 3 of Zoning Resolution and contrary to Bd. of S. & A. Res. 702-52-BZ and is referred back to the Board for reconsideration.

MINUTES

"3. Show window located less than 75' from residence use district is contrary to Art. II Sect. 7A of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 105 feet $3\frac{3}{8}$ inches frontage by 102 feet 10 inches in depth; that it is proposed to raze the building on the northerly portion of the premises—lot 66—and erect a one story extension of the store on the southerly portion—lot 73—thereon; that the extension will be one story in height to conform to the existing building on the southerly portion of the premises, and will occupy the entire frontage of the property along Fresh Pond Road; that it will have a maximum depth of 90 feet 3 inches, the rear wall being a continuation of the rear wall of the existing building on the southerly portion of the plot; that as a result, a driveway, 18 inches in width, will be maintained across the rear of the property extending from Madison Street to Woodbine Street; that this driveway will afford facilities for off street loading and unloading; that the southerly portion of the proposed extension, having a frontage of 56 feet on Fresh Pond Road, will be used as part of the present Bohack store; that the remainder of the extension, located at the corner of Fresh Pond Road and Woodbine Street, will be divided into three units; that the larger of these units, located at the corner, will have a frontage of 30 feet $4\frac{3}{4}$ inches and a depth of 60 feet; that although final commitments have not been made, this is intended to be used as a sub-station of the United States Post Office Department; that the rear portion of the property; fronting on Woodbine Street, is to be divided into two small units, each 12 feet in frontage by 30 feet in depth, to be occupied by neighborhood service establishments; and

WHEREAS, the applicant states that the portion of the premises known as lot 73 was acquired by H. C. Bohack Co. Inc. by deed dated October 1, 1948; that this property; however, was owned prior to that time by an affiliated corporation, Bohack Realty Corporation, which had acquired it by virtue of two deeds dated May 16, 1946 and September 5, 1947, respectively; that the remainder of the premises was acquired by H. C. Bohack Co. Inc. on December 19, 1957; and

WHEREAS, the applicant further states that the southerly portion of the premises—block 3529, lot 73—was the subject of a prior application to the Board under Cal. No. 702-52-BZ which was granted on July 17, 1953; that in accordance with the Board's Resolution, the owner has erected a one story retail store on this portion of the property, which store has a frontage of 63 feet, $10\frac{7}{8}$ inches and a maximum depth of 94 feet, $3\frac{1}{8}$ inches; that a space, having a uniform width of 18 feet, along the westerly lot line is used as a driveway and for loading and unloading of merchandise; that the property is occupied pursuant to Certificate of Occupancy No. Q-97152, issued on July 19, 1954; that the balance of the subject premises is now occupied by a one story building which has been divided into five retail stores; that this building, which was erected more than 30 years ago, is in a dilapidated and run down condition; that two of the stores are now vacant and the remaining three are occupied as a beauty parlor, fruit store and radio repair shop; that Certificate of Occupancy No. 700 issued December 14, 1928 permits this portion of the premises to be used as an automobile showroom; that as far as can be determined, no later Certificate has been issued; and

WHEREAS, the applicant states that the first objection relates to the fact that the proposed building will occupy a greater percentage of the premises than is permitted by the Zoning Resolution; that the present Bohack store has proved to be completely inadequate to serve the needs of the community, and in order better to accommodate its customers, the Company acquired the balance of the block front to the north of its store and now seeks to extend its building over that parcel; that the plans of the proposed building—Plan No. 1—show that the rear wall of the pro-

posed extension will be a prolongation of the rear wall of the existing store; that while it is true that this extension will occupy more than the allowable area under the Zoning Resolution, it is also true that the present buildings occupy a greater percentage of the plot than the area district restrictions allow; that plan of existing conditions show that the present building is so designed that much of the vacant area of the plot is in the center portion where it is of no benefit to the adjoining or abutting property; that for instance, the westerly wall of the existing building is erected along the rear property line for a distance of about 21 feet from Woodbine Street; that it is then set back about 7 feet for a distance of approximately 38 feet, and as a result this wall is located on or very near the lot line for 60 feet of its total length of 86 feet $7\frac{1}{2}$ inches; that the rear wall of the proposed building, however, will be 18 feet from the property line, thereby providing an open space between the proposed building and the building on the adjoining property—lot 63—of slightly more than 27 feet in width; that in Volume I of this application, facts and circumstances were pointed out which rendered it necessary for the owner to utilize more of its property than would be permitted by the Zoning Resolution; that the conditions which prevailed at that time still exist and still require the use by the owner of a greater percentage of the property than the Zoning Resolution contemplates; that to require the owner to comply with the area district regulations would serve no useful purpose and would benefit no one; that the building now on this portion of the property exceeds the allowable coverage and because of its design, it leaves little or no space between the westerly wall of the building and the adjacent property; that the present proposal will leave a rear yard of 18 feet thereby creating an open space of not less than 27 feet between the two buildings; that no other property would be affected by this application; that the business of H. C. Bohack Co. has increased to such a degree that it can no longer serve its customers in the present store and it finds it absolutely necessary to seek additional property; that to require it to conform to area district restrictions would be to compel it to erect an irregularly shaped building which of course would be very undesirable; and

WHEREAS, the applicant further states that the area of the portion of the subject premises affected by this application is 9139 square feet; that the area of such portion in the retail use district is 8644 square feet; that the allowable building area under Section 13 of the Zoning Resolution is 5936 square feet; that the area of the proposed extension is 7580 square feet and the excess coverage therefore is 1644 square feet; that the area of the present buildings on this portion of the premises is 6493 square feet; and

WHEREAS, the applicant states that the second objection raised by the Borough Superintendent has to do with the fact that a portion of the driveway in the rear of the property and the curb cut leading thereto is in the residence use district; that it is to be noted that all of the proposed extension is located within a retail use district, but a small portion of the driveway leading to the loading area, however, is in the residence use district; that this portion is slightly less than 3 feet on Woodbine Street and extends to approximately 8 feet opposite the southerly end of the extension; that no part of the curb cut is within the residence use district, all of it being in the retail district; that in its action on July 17, 1953 the Board permitted the use of the rear portion of the original property for driveway, loading and unloading purposes, and the present application would continue that use throughout the remainder of the property, with the result that trucks will be able to enter the property from Madison Street and exit through Woodbine Street; that this would eliminate the necessity of any truck backing across the sidewalk and will result in fewer crossings of the sidewalk on Madison Street; that the design of the proposed improvement will afford loading facilities thereby eliminating any on-street loading and unloading; and

WHEREAS, the applicant states as to the third objection of the Borough Superintendent, that the owner anticipates using

MINUTES

the premises located at the corner of Woodbine Street and Fresh Pond Road as a substation of the Post Office Department; that the Department, however, is able to use only a limited amount of property, not exceeding 1800 square feet; that some of the tradesmen in the area have evidenced a desire to rent the space thus left at the rear of the property for use as small service establishments, such as radio or shoe repair shop, etc.; that in fact, some of the present occupants of the property have indicated a desire to remain if the area will accommodate their business; that the owner has therefore provided for two small store units in the rear of the proposed Post Office, each having a frontage of 12 feet and a depth of 30 feet; that they will be used solely for neighborhood type service establishments and will serve as a convenience to the people living in the area; that attention is directed to the fact that the existing building had garage facilities located at the rear, entrance to which was had from Woodbine Street; that the proposed occupancy would be considerably more desirable; and

WHEREAS, the applicant states that the fourth issue has had to do with the restriction imposed by the Board, in its Resolution of July 17, 1953 requiring that the building thus permitted "shall not be further increased in height or area;" that the proposal, of course, involves an increase in the area of the building; that even if the proposed extension did not contravene the area restriction imposed by the Zoning Resolution, an amendment of this Resolution of the Board would be required in order to permit the owner to proceed with its plans; and

WHEREAS, the applicant states that the present owner had held title to the property since October 1, 1948 and December 19, 1957; that the assessed valuation of the land is \$41,000 and of the building \$79,000 making a total of \$120,000; that the building was erected in 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, this was laid over for consideration of the objections raised at the hearing and that has been done and the Committee of the Board is of the opinion that if the cars enter solely from Woodbine Street, which is one way west, they will not have to go in front of any house on Woodbine Street and if they come out on Madison Street they will not have to pass any house on that street to get to Fresh Pond Road, and the Committee recommended that the application should be granted on that basis; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is granted under Section 7e and 21 for a term of 25 years to permit the construction of an addition to the existing store building as previously permitted by the Board with driveway as shown, *on condition* that there shall be erected on the rear lot line for a distance of one hundred feet from the Woodbine Street building line a masonry wall of face brick not less than 5 feet 6 inches in height; that there may be a curb cut at Woodbine Street not over 15 feet in width which shall be fitted with gates at the building line driveway; that all trucking shall be northerly from Fresh Pond Road west on Woodbine Street turning into the driveway and out of the driveway to Madison Street and south to Fresh Pond Road; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the requirements of the resolution previously granted by the Board under Vol. I shall be complied with as to the driveway across part of the premises subject to renewal of the easement which the Board is advised has been extended to terminate December 31, 1973; that such driveway from Woodbine Street and Madison Street shall

be properly paved; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

44-54-BZ—Vol. II

APPLICANT—New York Telephone Company, owner.
SUBJECT—Application reopened June 11, 1957 as Vol. II —re (decision of the borough superintendent) under Sections 7d and 7h of the Zoning Resolution, to permit in a residence use district, the construction of a second story addition to an existing telephone exchange building and to provide a parking area at said premises for employees' cars.

PREMISES AFFECTED—5501-5523 (5515 official) Avenue I north side, from East 55th to East 56th Streets; 1057-1081 East 55th Street and 1018-1040 East 56th Street, Block 7759, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph B. Klein and Marion E. Horsburgh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 11, 1957 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on September 23, 1958 after due notice by publication in the Bulletin; laid over to October 7, 1958, for inspection and decisions; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Avenue I, East 55th Street, East 56th Street and Avenue H are in a residence use, D area, class 1 height district; that there has been no change in the use, height or area district designations since July 25, 1916 and there is no petition pending before the City Planning Commission for any change in these designations; and

WHEREAS, the decision of the Borough Superintendent, dated April 2, 1957 acting on Alt. Applic. No. 681-57, reads:

"1. In a residence use district the proposed addition to an existing telephone exchange building and the installation of curb cuts and parking area is contrary to Art. II Sect. 3 of the Zoning Resolution and is also contrary to the conditional variance granted by the B. S. & A. under Cal. 44-54-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 180 feet and 200 feet in depth; that it is proposed to construct a second floor addition which will be architecturally and structurally in keeping with the existing building; that it will be of fire resistive construction with reinforced concrete columns and roof; that the exterior masonry walls will be faced with brick and the trim will be limestone to match existing; and

WHEREAS, the applicant contends that the plot was selected as the most suitable site for a new telephone center to serve the East Flatbush area; that the present building was erected in 1954 under Cal. No. 44-54-BZ and is one story in height, with a frontage on Avenue I of 109.6 feet and a depth of 134.25 feet; that because of the very extensive building development which is taking place in this area, there is a much greater demand for telephone service than was anticipated by the Company when it erected the present building in 1954; that current estimates show that the existing building has an equipment capacity for 1.7 crossbar dial units, which will accommodate subscriber demand until about July, 1958; that at that time the additional telephone exchange capacity which the proposed addition would provide, will be urgently needed to meet the estimated demand for telephone service in this area; that the proposed addition

MINUTES

will permit the installation of 3.3 additional crossbar units which will make a total of 5 crossbar units at this center; and

WHEREAS, the applicant states that the present owner has held title to the property since 1952; that the assessed valuation of land is \$31,500 and of the building \$1,234,000 making a total of \$1,265,000; that the building was erected December 14, 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision d and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7d to permit the construction of a second story on the existing telephone building and to provide a parking area under Section 7h, for a term of ten years, substantially as proposed and as indicated on plans filed with this application marked "Received April 29, 1957", 8 sheets, *on condition* that a woven wire fence of the chain link type shall be erected on the lot lines as proposed; that the parking area shall be suitably paved; that the entrance and exit to the premises shall be from East 55th Street and East 56th Street, as shown, each entrance in the fence to be fitted with gates which shall be closed and locked when the premises are not being occupied; that there may be curb cuts opposite such entrances on each street not exceeding 15 feet in width; that a sign may be permitted on the premises advertising the use of the parking lot solely for the employees of the New York Telephone Company; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

167-55-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Ralph Gargano, owner.

SUBJECT—Application reopened March 25, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7e, 7h and 7a of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, storage room, office and sales and parking of cars waiting to be serviced, with curb cut within 75 ft. of a residence use district, for a stated term of fifteen (15) years.

PREMISES AFFECTED—20-57 to 20-67 (20-65 official) Clintonville Street, 157-25 to 157-29 21st Avenue, northeast corner and 157-35 to 157-39 Willets Point Boulevard, Block 4752, Lot 1, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 25, 1958 subject to regular procedure, to consider extension of area and use; and

WHEREAS, a public hearing was held on this application on September 23, 1958 after due notice by publication in the Bulletin; laid over to October 7, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 21st Avenue are in a local retail use, D area, class ½ height district; Clintonville Street and Willets Point Boulevard are in local retail and

residence use, D area, class ½ height districts; 20th Road is in a residence use, D area, class ½ height district; that as of July 25, 1916 the premises were in a business use district and a class 1 height district; that the present use designation became effective July 17, 1952 and the present height designation became effective July 7, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated March 4, 1958 acting on N.B. Applic. No. 50-58, reads:

"1. Proposed erection of a gasoline service station, lubritorium, minor repairs, car washing, storage room, office and sales, parking of cars waiting to be serviced on the open area and a ground sign on a lot in a local retail district is contrary to Art. 2, Sec. 4c of the Z. R.

2. Proposed curb cut within 75' from a residence use district is contrary to Sec. 7A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 133.19 feet frontage by 142.83 feet in depth, irregular, and unimproved; that it is proposed to secure a variance for a temporary period of fifteen years in order to erect a gasoline service station consisting of ten 550 gallon approved type buried gasoline tanks and six dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, having a frontage of 60 feet and a depth of 30 feet and will contain the conjunctive uses of lubritorium, minor auto repairs, car washing, storage room, office and sales; that the open portion of the plot, not used by the gas station, will be reserved for the parking of cars awaiting service; and

WHEREAS, the applicant states that the building as proposed will be colonial in design and in keeping with the residential development in this area; that the large planted area will give this station a real suburban look and will be in complete harmony with the intent of Section 7 of the Zoning Resolution; that the pumps, set 15 feet in back of the street building lines, will provide protection for passing pedestrians; that the one 30 foot curb cut on Clintonville Street that is within 75 feet of the residence zone is necessary and required for the proper operation of this gas station and would not have an adverse effect upon the adjoining residence use district any more than block No. 4751, which is completely in a local retail use district; and

WHEREAS, the applicant contends that there are non-conforming uses of gasoline station and cabaret directly across from the site, which proves conclusively that the proposal is within keeping at this point; that the erection of this gas station will offer the public a new brand of gasoline and provide competition that will keep gasoline prices where they should be; and

WHEREAS, the applicant states that the present owner has held title to the property since January 4, 1955 and that the assessed valuation of land is \$4,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and uses legally accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received March 5, 1958", 3 sheets, and "June 5, 1958", one sheet, *on condition* that all uses on the premises shall be removed and the premises shall be leveled substantially to the grade of the abutting streets and shall be constructed and arranged substantially as indicated on plans above cited; that the accessory building shall be of the design, arrangement and location as indicated on such plans and shall otherwise comply with the requirements of the Building Code; that there shall be no cellar

MINUTES

under such building; that the toilet rooms shall be arranged so that the doors thereto are not contiguous; that along the rear lot line there shall be erected, as proposed, a masonry fence which fence shall be for the full height with masonry to the full height of 5 feet 6 inches along the rear line; that such fence shall be continued along the lot line to the east; that such fence may be reduced to a height of not less than 4 feet 6 inches within 10 feet of the street line; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line, as shown; that tanks shall be of an approved type not exceeding ten 550 gallon storage tanks; that planting areas shall be maintained where shown with suitable planting material properly protected with curbing not less than 8 inches in width and 6 inches in height above grade; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices; that where not occupied by the accessory building and pumps and planting the premises shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to two each 30 feet in width, as shown, to Clintonville Street and one of similar width to 21st Avenue and one of similar width to Willets Point Boulevard with no portion of any curb cut nearer than five feet to a side lot line as prolonged; that the curbing and sidewalks abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7h for a similar term there may be parking of cars awaiting to be serviced provided such parking is so located so as not to interfere with the servicing of the station; that under Section 7e, for a similar term, there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that under Section 7A any curb cuts or signs or windows considered by the Department of Buildings as contrary to the Zoning Resolution may be permitted provided the requirements of the Zoning Resolution as herein adopted shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

970-57-BZ

APPLICANT—Haus and Bresin, for David Berlin, owner.
SUBJECT—Application December 26, 1957—decision of the Borough Superintendent, under sections 7e, 7h and 7A of the Zoning Resolution, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station, auto wash—non-automatic, lubrication, office, sale of auto accessories, minor repairs with hand tools only and the parking and storage of motor vehicles awaiting service with a show window and business sign within 75 feet of the residence use district for a stated term of fifteen (15) years.

PREMISES AFFECTED—195-12 to 195-20 Linden Boulevard and 117-02 to 117-10 196th Street, southwest corner, Block 12613, Lot 6, St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: John Wharton.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: Commissioner Foley 1

Negative: Chairman Murdock, Vice Chairman Keating
and Commissioner Sleeper 3

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 13, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for inspection and decision; hearing closed; then to June 24, 1958, at the request for applicant to file revised plans to meet the requirements of the proposed tenant for further consideration; then to September 17, 1958, at request of the applicant for revised

plans; then to October 7, 1958, at request of the applicant, for possible withdrawal for conforming use; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 195th Street and 196th Street are in local retail and residence use, D and E-1 area, class ½ height districts; Linden Boulevard is in a local retail use, D and E-1 area, class ½ height district; 118th Avenue is in a residence use, D and E-1 area, class ½ height district; that on July 25, 1916 the entire site was located in a D area district and class 1 height district; that the portion of the site within 100 feet from Linden Boulevard was in a business use district, with the balance in a residence use district; that the use zoning of the portion within 100 feet of Linden Boulevard was changed to local retail on January 1, 1947; that the height zoning of the entire site was changed to ½ on June 30, 1952; and

WHEREAS, the decision of the Borough Superintendent, dated December 17, 1957 acting on N.B. Applic. No. 4098-57, reads:

"1. Proposed erection of a gasoline service station, auto wash (non-automatic), lubrication, office, sale of auto accessories, minor repairs with hand tools only, & parking and storage of cars waiting service on a lot located in a 'Local Retail' use district and extending into a 'Residence' use district is contrary to Article II, Sections 3 and 4-c of the Zoning Resolution.

"2. Proposed ground sign within the Local Retail use portion of lot is contrary to Article II Section 4-c of the Zoning Resolution.

"3. Proposed show window and sign facing 196th St. is located within 75'-0" of a residence district and is contrary to Section 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100.68 feet in depth; that it is proposed to develop this site with a modern gasoline service station; that the proposed building will have face brick facades facing both streets, with a peaked roof over the office portion of the building; that gasoline pumps will be installed only along the Linden Boulevard frontage of the property and will be set back fifteen feet from the building line; that there is an existing seven foot high concrete block fence wall along the west lot line; that an iron picket fence on a concrete base will be installed on the south line and this fence will return for sixty feet along the 196th Street building line; that shrubbery and planting, protected by a concrete curb, will be provided all along the 196th Street fence; that the repairing herein proposed will consist of minor repairs using hand tools only and will be confined to the interior of the accessory building; that only one curb cut will be installed on 196th Street and this curb cut will be located within 25 feet of the intersection, in compliance with Section 7A; that objection No. 3 questions the show window and sign on the side of the accessory building as to compliance with Section 7A; that this show window and sign are set 42 feet back from the building line, and the fence and planting area extend all along the building line opposite the side of the building; that for this reason it is felt that Section 7A is not applicable; that if the Board deems that this Section does apply, a modification is requested to permit a show window and sign as proposed; and

WHEREAS, the applicant states that immediately adjoining the site to the west in Block 12613, Lot 1, there is a building material storage yard with a seven foot high concrete block fence wall along the west lot line; that facing the site across 196th Street in Block 12617, Lot 1, there is a beverage depot with a loading platform at the corner; that immediately south of this beverage depot and facing the southerly portion of the subject lot, there is a fire house in Block 12617, Lot 40, and just beyond the beverage depot, extending for 176 feet along Linden Boulevard, there is a lumber yard in Block 12617, Lot 3; that also within the affected area, there is a gas station at the southwest corner of Linden Boulevard and 196th Street in Block 12610, Lot 15; that this gas station was granted by the Board under

MINUTES

Cal. No. 111-56-BZ; that also within the affected area, another gas station was recently granted by the Board on the northwest corner of Linden Boulevard and 197th Street in Block 11068, Lot 115, under Cal. No. 103-39-BZ, Vol. II; and

WHEREAS, the applicant contends that the entire site is located within the local retail use district except for a small sliver, about one foot deep, at the rear of the lot; that in view of the nature of the surrounding development, it is felt that the proposed fenced and landscaped modern service station will not adversely affect the character of the neighborhood and will provide an appropriate service on this heavily travelled traffic artery; and

WHEREAS, the applicant states that the present owner has held title to the property since February 20, 1957 and that the assessed valuation of land is \$8,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e, h and A of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on NB 4098/57, Objections No. 1, 2 and 3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

31-58-BZ

APPLICANT—Vincent D. Luongo, for Sebastian Cucurato, owner.

SUBJECT—Application January 30, 1958—decision of the Borough Superintendent, under Sections 7f, 7e, 7i and 7A of the Zoning Resolution, to permit in a business use district, on a plot presently used as a parking lot, the erection and maintenance of a gasoline service station, with accessory uses of retail sales, lubritorium, car washing (non-automatic), auto repairs with hand tools only and parking and storage of more than five (5) vehicles with show windows and a sign within 75 feet of the residence use district, for a stated term of fifteen (15) years.

PREMISES AFFECTED—6301-6309 17th Avenue and 1702-1712 63rd Street, southeast corner, Block 5539, Lot 8, Borough of Brooklyn.

APPEARANCES—

For Applicant: Vincent D. Luongo.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating,

Commissioner Foley and Commissioner Sleeper..... 4

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 23, 1958 after due notice by publication in the Bulletin; laid over to October 7, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 18th Avenue are in a business use, C area, class 1 height district; 17th Avenue is in local retail and business use, C area, class 1 height districts; 63rd Street is in business and residence use, C area, class 1 height districts; 64th Street is in local retail and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated December 31, 1957 acting on N.B. Applic. No. 2198-57, reads:

"1. Proposed building and premises to be used for gasoline selling station, retail sales, lubrication, car wash-

ing, automobile repairs, parking of more than 5 cars, in a business zone, is contrary to Art. II, PP. 4a, subsections 29 and 46 of the Zoning Resolution.

2. Show window and sign within 75' of a residence zone is contrary to Art. II, PP. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 82 feet 6 inches frontage by 100 feet in depth; that it is proposed to erect a one story brick gasoline service station, lubritorium, auto repairs with hand tools only, non-automatic car wash, sales of accessories and parking for more than five cars, and signs; and

WHEREAS, the applicant states that the area directly to the west has been developed mostly with conforming uses and several non-conforming uses, to the north and south of the site with B.M.T. railroad station and business, local retail and residential uses, and to the east developed with residential dwellings; that retail store development or any conforming use would be unfeasible as the area to the south is strictly used for gas stations, manufacturing, parking, junk shops, etc., and certainly would not support a retail store; that 16th Avenue is one block away and is now strictly developed with retail stores and markets of all types catering to the residential area to the north and south of it; that at present there are retail stores now located at the northeast corner of 64th Street and 17th Avenue; that the site is zoned business and the proposed use would have been a conforming use prior to 1925; and

WHEREAS, the applicant contends that 17th Avenue is heavily trafficked in both directions and 63rd Street is a one way street with traffic moving to the west, so that no traffic from the proposed station will move into the residential area; that the design of the proposed new station will be essentially one of contemporary type, exterior brick work and details to match and maintain the character of the residential area; that the back of the station along the 63rd Street side will be screened with a 5 foot 6 inch high brick and metal picket fence and with a planting area of low growing bushes where noted on plans; that it is proposed to include low approved type gasoline pumps, 12 gasoline storage tanks, curb cuts and signs; and

WHEREAS, the applicant states that the present owner has held title to the property since October 5, 1956 and that the assessed valuation of land is \$11,300; that the building was erected August 14, 1957 and has not yet been assessed; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted because of the nearness of the subway station which is adjoining.

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f, i and A of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. #2198-57, Objection Nos. 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

258-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Kate Moreo, owner.

SUBJECT—Application April 23, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a local retail use district, the erection and maintenance of gasoline service station, lubritorium, minor auto repairs, car washing, office and sales, storage and parking of cars waiting to be serviced, for a stated term of fifteen (15) years.

PREMISES AFFECTED—1-9 Knolls Crescent and 560-568 Kappock Street, southwest corner, Block 3407, Lots 66, 72 and 74, Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating,
Commissioner Foley and Commissioner Sleeper..... 4

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 23, 1958 after due notice by publication in the Bulletin; laid over to October 7, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Knolls Crescent, Kappock Street and Step Street are in a local retail use, E area, class 1 height district; that as of April 25, 1916 the premises were in a business use district and class 1¼ height district; that on December 17, 1953 the premises were changed to a restricted retail use district; that the present retail use district became effective May 12, 1955 and the present height designation became effective June 14, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated March 28, 1958 acting on N.B. Applic. No. 186-58, reads:

"1. In a local retail district the proposed "gasoline service station, lubritorium, minor auto repairs, car washing, office & sales, storage and toilets, parking of cars waiting to be serviced" is contrary to Sect. 4-c, Art. II of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 183.21 feet frontage by 93.83 feet in depth, presently developed with a two story frame dwelling and a two car metal garage, which are to be demolished; that it is proposed to secure a variance for a temporary period of fifteen years and to erect a modern gasoline service station consisting of ten 550 gallon gasoline tanks and three dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, with a frontage of 60 feet and a depth of 30 feet and will contain the conjunctive uses of lubritorium, minor auto repairs, car washing, office and sales, storage and toilets; that a portion of the site will be used for parking of cars awaiting service; and

WHEREAS, the applicant states that there are no records available on the two story frame dwelling; that the two car metal garage was erected under N.B. Applic. No. 452-53, but no Certificate of Occupancy was ever issued; and

WHEREAS, the applicant contends that the site is small, irregular in shape and is part of a small local retail use district area situated in the middle of a large residence use district area that is presently developed with large multi-story apartment houses; that the development of this site as a gas station will provide this large apartment house community with a required automotive service that is just as essential as any of the existing retail stores in the area; that the relatively small area of the plot and the irregular shape makes this site unsuitable for any use other than the one proposed; that the removal of the old dwelling on the site and the erection of a modern gas station will remove an eyesore and complete the local retail area in a manner that would be in keeping with the present modern architecture of the adjoining stores; that there is no economic demand for additional stores in this area; that the land is high in assessed value and due to the limited use that this property can be put to because of its irregular shape, it is mandatory for the owner to develop this site as proposed in order to receive an equitable return on his investment; and

WHEREAS, the applicant states that the present owner has held title to the property since January 25, 1945; that the assessed valuation of land is \$15,000 and of the building \$6,500 making a total of \$21,500; that the buildings were erected prior to 1900; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 186/58, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

315-58-BZ

APPLICANT—Samuel Miller, for Hollis Diner, Inc., owner; Esso Standard Oil Co., purchaser under contract.

SUBJECT—Application May 20, 1958—decision of the Borough Superintendent, under Section 7h, 7f, and 7i of the Zoning Resolution, to permit in a retail use district, for a term of fifteen (15) years, the erection and maintenance of a gasoline service station, and the conjunctive uses of lubritorium, auto laundry, (non-automatic), minor auto repairs with hand tools only and parking of motor vehicles.

PREMISES AFFECTED—109-19 Horace Harding Expressway, north side, triangular block from Saultell Avenue to Waldron Street, Block 1969, Lot 2, Corona, Borough of Queens.

APPEARANCES—

For Applicant: Joseph B. Lynch and R. S. Hardy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 23, 1958 after due notice by publication in the Bulletin; laid over to October 7, 1958, for inspection and decision; hearing closed; applicant to file an additional drawing showing sections and grade of roadway and service road at this point; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Saultell Avenue, Waldron Street and Horace Harding Expressway are in a retail use, D area, class 1 height district; that on July 25, 1916 the instant plot Rodman Street, now known as Horace Harding Boulevard and Horace Harding Expressway, was zoned business use for a depth of 100 feet parallel with same, with the balance of the block zoned for residence use; that area zoning was class C and this was changed to D area on February 5, 1940; that there has been no change in the class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 8, 1958 acting on N.B. Applic. No. 1314-58, reads:

"1. The use of the premises as a gasoline service station, lubritorium, auto laundry (non-automatic), minor auto repairs with hand tools only for adjustments maintained solely within accessory building and the parking of motor vehicles in a Retail Use District is contrary to Art. II Section 4A of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 178.04 feet frontage by 125.69 feet and 146 feet in depth, presently improved with a diner and patron parking; that the diner was erected during June 1939 and has been operated continuously since that time by the three partners forming the Hollis Diner, Inc.; that the corporation was formed by the three partners and this corporation is the owner of the land as well as owner and operator of the

MINUTES

diner; that the plot which is occupied by the diner and kitchen extension, with the surrounding area used for patron parking, is levelled substantially to the grades of the three adjoining streets; that the area where not occupied by the building is presently paved with black top; that it is proposed to remove the diner and kitchen extension and erect a one story, no cellar, accessory building, 53 feet 4 inches by 28 feet 8 inches, to be used as a sales office, rest rooms, heater and storage room and three service bays; that the service bays will be used for lubrication, non-automatic car washing and minor repairs with hand tools only for adjustments; that it is also proposed to install twelve 550 gallon gasoline tanks with two concrete pump islands supporting three low type pumps on each island; that the pumps will face Horace Harding Expressway and will be setback 15 feet from the lot line of the Expressway; that two illuminating signs advertising the brand of gasoline sold will be erected at the two intersections; that the yard area will be resurfaced with black top as required; that a new concrete side walk will be constructed on Horace Harding Expressway and present curb cuts will be rearranged and extended so that there will be three 30 foot cuts including splays, with no cut nearer than five feet from any lot line as extended; that the present 20 foot cut on Waldron Street near the Expressway will be rearranged and extended to a total of 30 feet and 4 feet of the existing cut at the intersection will be restored, so that the new cut will start 5 feet from the intersection and extend 30 feet northwesterly along Waldron Street; that the curb will be restored at the two existing 17 feet 6 inches curb cuts on Waldron Street near the intersection of Saultell Avenue, and a new 30 foot cut, including splays, will be constructed on Saultell Avenue 5 feet from the intersection of the Expressway; and

WHEREAS, the applicant states that the proposed gasoline service station in a retail use district, which will replace the existing diner, will occupy in itself the entire triangular plot; that it will not adversely affect the surrounding area and will be a definite improvement over the present diner use; that the business will be conducted on a main automobile traffic artery—the west bound service street of Horace Harding Expressway, and the large plot will eliminate any traffic snarls; that the diner, which has been at this location since 1939, has outlived its usefulness due to the changes in the street systems; that it is also to be noted that the north side of Waldron Street, east of Saultell Avenue, as well as the north side of the Expressway between Waldron Street and Van Doren Street is being used for various shops, a florist and a Shell gas station as acted on by the Board under Cal. No. 605-50-BZ; that other non-conforming uses within the 500 foot radius include a Gulf Station in Block 1971, Lot 52 granted under Cal. No. 465-50-BZ, a Socony station in block 2162, lot 180, under Cal. No. 289-55-BZ and the golf driving range in block 2159, lot 2 and block 2161, lot 140; that just beyond or outside of the radius diagram area, there is located a Socony station at the northwest corner of 108th Street and Horace Harding Expressway, a Socony station at the northwest corner of Colonial Avenue and Corona Avenue, and the recently approved station on the north side of Horace Harding Expressway between Granger and Xenia Streets; and

WHEREAS, the applicant contends that the present owner of the property has operated the diner continuously since 1939; that the diner is no longer in demand at this location and accordingly the Hollis Diner Corporation has entered into a Purchase Contract with Esso Standard Oil Company, contingent on a zoning variance, for the sale of this property; that Esso Standard Oil Company has no representation along either side of the Expressway in this vicinity and there is a definite need for Esso products; that the only site in this immediate area owned by Esso was located at the southeast corner of Horace Harding Expressway and 97th Place; that this property was taken by the City for school purposes; and

WHEREAS, the applicant states that the present owner has held title to the property since April 1, 1939; that the assessed valuation of land is \$19,900 and of the building \$17,000

making a total of \$36,900; that the building was erected in 1939; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, this was laid over for applicant to file plans showing the grade of the roadway at Horace Harding Boulevard including the service road, which have been filed, and the Board has noted that the main highway at this point will be 14 or 15 feet above the service road, the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of 15 years to permit the premises to be occupied as a gasoline service station and uses legally accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received May 20, 1958", five sheets, as amended by revised plans marked "Received October 3, 1958", two sheets, *on condition* that all buildings and uses on the premises shall be removed and the premises shall be leveled substantially to the grade of Horace Harding Expressway Service Road as proposed and the plot shall be developed as indicated on such plans marked "Received October 3, 1958", that the accessory building shall be of the design and arrangement as indicated on plans above cited and shall have no cellar and otherwise shall comply with the requirements of the Building Code and shall be faced with face brick on all sides; that along the building line of Saultell Avenue there shall be erected a masonry wall not less than 5 feet 6 inches in height extending for a distance from the intersection of Waldron Street of approximately 90 feet with suitable terminating post; that a similar wall shall be constructed along Waldron Street building line for a distance of approximately one hundred feet; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that curb cuts shall be restricted to one curb cut to Saultell Avenue, where shown, not over 30 feet in width and one curb cut to Waldron Street, where shown, of similar width, and three curb cuts to Horace Harding Service Road of approximately the same width; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection within the building line of one post standard toward the westerly end for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not over four feet; that at the intersection of Horace Harding Expressway Service Road and Waldron Street and also at Saultell Avenue there shall be erected a block of concrete not less than twelve inches in height and extending for a distance of not less than five feet along each street line from the intersection; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7e for a similar term there may be parking of motor vehicles provided such parking will not interfere with the servicing of the station; that under Section 7i, for a similar term, there may be minor repairing with hand tools only maintained solely within the accessory building for minor auto repairs; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—Miles A. Gordon, for Hyman J. Fliegel, owner, Sol Cafe Manufacturing Company, lessee.

SUBJECT—Application July 16, 1958—Appeal from a decision of the Borough Superintendent re: Standpipe System.

PREMISES AFFECTED—109-25 180th Street, east side, 184.95 feet north of Brinkerhoff Avenue, Block 10343, Lot 215, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Miles A. Gordon and Hyman J. Fliegel.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 11, 1958 on Misc. Applic. 56/58, reads:

"1. Request to substitute a sprinkler system in lieu of a standpipe system in a building over 75 feet in height is contrary to C26-1381.0 of the Administrative Code."

and

WHEREAS, the applicant states that the building is 4 stories and 6 platforms, 42 feet and 144.5 feet in height to top of tower, 241.33 feet front by 104.83 feet in depth at street area, 172.5 feet by 59.5 feet in area at typical floor area, of class 1 construction, erected 1956; that pursuant to variance granted by the Board under Calendar 579-56-BZ under the Height District Regulations for Zoning Resolutions; that the building is used on the 1st floor for off-street loading and for coffee processing on the 1st floor and all stories above and the tower; that there are two 3 foot 8 inch wide fireproof stairs with 3-hour enclosure equipped with fireproof self closing doors, one of which leads to roof bulkhead and direct to street; that installed in accordance with the requirements of the resolution adopted by the Board under Calendar 580-56-A; and

WHEREAS, the applicant states that during the course of erection of the building, Misc. Applic. 56/58 was filed for the installation of a sprinkler system, and the application was approved and the system installed; that subsequently an amendment was filed requesting that the sprinkler system be accepted in lieu of a standpipe system; and

WHEREAS, the applicant requests that the requirement for a standpipe system be waived in view of the fact that the lower 4 stories of the building having a total ground floor area of 25,000 square feet are equipped with a two-source automatic factory-mutual type automatic wet sprinkler system and the tower (2800 square feet in area) portion is equipped with a factory-mutual type automatic deluge system consisting of 5 deluge heads on the 5th platform level and 4 such heads on the 10th platform level fed from an automatic heat-actuated electrically driven pump connected to the main sprinkler system; which systems have been installed as voluntary systems under approved Misc. Applic. 36/58 as approved by the Department of Buildings; that there is no human occupancy in the tower other than for an occasional adjustment of the coffee processing machinery; and

WHEREAS, the applicant contends that the structure is completed and ready for occupancy; that to require the installation of a standpipe system at the present time would be a hardship and require a great deal of structural alteration of the building; that the building has not been designed to support a tank and other structural supports required for the standpipe system; that it is therefore re-

quested that the Board permit the acceptance of the existing two-source sprinkler system in the lower 4 floors and the deluge system in the tower as above described in lieu of the required standpipe system.

Resolved, that the decision of the Borough Superintendent, dated July 11, 1958, acting on Misc. Applic. 56/58, Objection #1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the omission of a standpipe system, *on condition* that the premises shall be protected with a sprinkler system consisting of a two-source system for the 4-story section of the building and a deluge system for the tower stories as proposed; and that in all other respects the building and occupancy shall comply with the requirements of the resolution dated October 16, 1956 under Cal. No. 580-56-A and all other rules and regulations applicable thereto.

442-58-A

APPLICANT—Morris Hannes, for 237-239 East 38th Street Realty Corporation, owner.

SUBJECT—Application July 22, 1958—Appeal from a decision of the Borough Superintendent re Class 3 construction, building over 4 stories in height.

PREMISES AFFECTED—237-239 East 38th Street, north side, 125 feet west of 2nd Avenue, Block 919, Lots 23 and 24, Borough of Manhattan.

APPEARANCES—

For Applicant: Morris Hannes.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 16, 1958, on an amendment to Alt. Applic. 1398/57 reads:

"1. Fifth story must be left vacant as building exceeds 4 stories and 50 feet in height.

"Sect. C26-254.0 of the Admin. Code."

and

WHEREAS, the applicant states that the building is 5 stories, 60 feet in height, 50 feet front by 98 feet 9 inches at 1st floor, 50 feet front by 87 feet 9 inches at typical floor, of class 3 construction, erected prior to 1901, located in a manufacturing use, B area, class 1½ height district, and used and occupied since July 30, 1957 as follows: Cellar—storage; 1st floor—office and storage of office records, 3 persons; 2nd floor—storage of office records, no persons; 3rd floor—storage of office records, no persons; 4th floor—storage of office records, no persons; 5th floor—vacant; that it is now proposed to be used and occupied as follows: cellar—storage; 1st floor—office and storage of office records, 3 persons; 2nd floor—storage of office records, no persons; 3rd floor—storage of office records, no persons; 4th floor—storage of office records, no persons; 5th floor—storage of office records, no persons; that the building is provided with 2 interior stairs, 3 feet wide at cellar and 3 feet 8 inches in width above, of iron construction, enclosed in 4 inch solid cinder concrete blocks, equipped with fireproof self-closing doors; and

WHEREAS, Certificate of Occupancy #47765 was issued July 30, 1957, against Alt. Applic. 618/56, permitting the present use and occupancy of the cellar, 1st, 2nd and 3rd floors and requiring 4th and 5th floors to remain permanently vacant; that this certificate shows that the live load on the 1st, 2nd and 3rd stories to be 120 lbs., and on the 4th and 5th floors 40 lbs. each; and

WHEREAS, the applicant states that the building is used on the 1st, 2nd and 3rd floors according to Certificate of Occupancy #47765 and the 4th floor use has been changed to storage of office records, pursuant to approved Alt. Applic. 1398/57, permitting the storage of office records on

MINUTES

the 4th floor and requiring the 5th floor to remain vacant; that an amendment for the storage of office records and the decision herein appealed was issued by the Borough Superintendent on such amendment; and

WHEREAS, the applicant contends that the number of occupants of the building will be three, confined to the 1st floor; that there will be no permanent occupants on the upper floors; that the net floor area between firewalls does not exceed 2300 square feet on the 5th floor, which is divided into two sections by a firewall, which will have two openings protected with two 1½ hour automatic fire doors with fusible links on the 5th floor; that these openings will be remote from each other; that there will thus be two additional ways of getting out of the 5th floor, in addition to the fireproof enclosed stairway; that the Code permits a stairway to be 3 feet in width for area less than 4000 square feet; that nevertheless it is proposed to maintain the stairways 3 feet 8 inches wide from 1st to 3rd floors and the 3 feet required width from 1st to cellar; that there is no heating boiler in the building; that steam is obtained from an adjoining building under the same ownership; that because of the adequacy of the exits and the small number of occupants on each floor it is requested that this appeal be granted; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated July 16, 1958, acting on amendment to Alt. App. 1398/57, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the fifth story of the building to be occupied as proposed for the storage of office records, no persons, provided the lower four stories of the building as already permitted to be used by the Borough Superintendent meet his requirements; that the building shall not be increased in height or area; and that such portable firefighting appliances shall be maintained on the fifth floor as the Fire Commissioner shall direct.

845-57-A

APPLICANT—Sidney H. Kitzler, for Meyer Tucker, owner.

SUBJECT—Application November 21, 1957—filed pursuant to section 310 of the Multiple Dwelling Law for variation of section 171, subdivision 6 of the Multiple Dwelling Law re increase in Bulk and Volume subsequent to 1940.

PREMISES AFFECTED—91-97 West End Avenue and 101-103 Hampton Avenue, northeast corner, Block 7516, Lot 549, Borough of Brooklyn.

APPEARANCES—

For Applicant: Sidnev H. Kitzler.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 31, 1957, on Alt. Applic. 2005/57 reads:

"1. Bulk and Volume has been increased subsequent to 1940 which is contrary to Sec. 172 subd. 6 of the M.D.L."

WHEREAS, the applicant states that the building is 1 and 3 stories, 15 and 34 feet in height, 53 feet front by 37 and 35 feet in depth at street level, 20 feet front by 37 feet depth at typical floor level, of class 3 construction, erected 1920, located on a lot 53 feet front by 48 feet in depth, in a business use C area, class 1 height district, and used and occupied since 1920 and 1952 as follows: Cellar—boiler room; 1st floor—3 stores and dwelling, 1 family; 2nd floor—dwelling, 1 family; 3rd floor—dwelling, 1 family; that it is proposed to be altered and used and occupied as follows: cellar—boiler room; 1st floor—2 stores and dwelling, 2 families; 2nd floor—1 family; 3rd floor—dwelling, 1 family; that the building is provided with one 2 foot 8 inch wide interior wood stairs, enclosed in wood, equipped with wood doors which are not

self-closing; that stairhall leads direct to street and is provided with a ladder and scuttle to roof; that in addition there is one fire escape at the rear, extending to roof by ladder and to yard by ladder with egress through yard to street; and

WHEREAS, Certificate of Occupancy #134293 issued January 5, 1953 against Alt. Applic. 586/52, permits the following use and occupancy; cellar—boiler room; 1st floor—3 stores; 2nd floor—dwelling, 1 family; 3rd floor—dwelling 1 family; that this certificate of occupancy refers to No. 97 West End Avenue, north east corner of Hampton Avenue; and

WHEREAS, Certificate of Occupancy #28619 issued August 27, 1924, against N.B. Permit No. 558/23, for 93 to 97 West End Avenue, north east corner of Hampton Avenue, describes the building as 1—store and 2 family dwelling; and

WHEREAS, the applicant states that the site was improved with a 3 story brick building, 20 feet wide by 37 feet deep, erected prior to 1929 for use as a store on the 1st floor and 1 family each on the 2nd and 3rd floors; that this building was erected on the extreme northerly portion of the plot; that in 1952 a one story brick building was erected on the balance of the plot, extending from the 3 story building to the Hampton Avenue building line; that this building was occupied as 2 stores, each with a store room at the rear; that plans were filed and approved and the building was erected with an extension to the 3 story building, even though the plans indicated there was to be no access or other openings between the two buildings; and

WHEREAS, the applicant states that Alt. Applic. 2005/57 converts the building from stores and 2 families to stores and 4 families was denied on the grounds that the bulk and area of the 2 family dwelling was increased subsequent to 1940; and

WHEREAS, the applicant contends that since there are no openings between the 2 buildings, the bulk and area of the original 2-family dwelling has not been increased; that the Department would accept the condition conforming to law if the plot were reapportioned so that each building would be on its own lot; that if the actual physical condition would be legal, if the plot were reapportioned; that this condition should be accepted as now existing; that reapportionment cannot be accomplished because the yard and other open spaces required make it mandatory that the plot remain as a corner lot; and

WHEREAS, the applicant stated that he considers this appeal covers two buildings and requests that the Board act on the existing three-story building only; and

WHEREAS, the Board considers that there are two buildings and there is therefore no extension in bulk of the three story building; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 2005/57, Objection, No. 1 and that the appeal be and it hereby is *modified* to permit the Borough Superintendent to act on the two buildings separately and pass on the proposed altered use of the three-story building as a three-family dwelling, one family on each floor, plans being shown on drawings marked "Received November 21, 1957", 6 sheets, and "March 14, 1958", 1 sheet.

80-57-A—Vol. II

APPLICANT—Leonard F. Rothkrug, for E. Douglas Hamilton, owner.

SUBJECT—Application for consideration—reopening as Vol. II subject to regular procedure—re Appeal from a decision of the Borough Superintendent—re use of a frame building as factory; previously denied.

THE RESOLUTION—

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 584-50-SM.

Subject: Dynamatic Silent-Close Door Control.

The New England Manufacturing and Supply Corporation, Milford, Connecticut, filed July 26, 1950 an application with the Board of Standards and Appeals for approval of the Dynamatic Silent-Close Door Control under the provisions of C26-178.O.b and C26-286.O Administrative Building Code and Section 107.2.c Multiple Dwelling Law.

Purpose

A self closing device for doors.

Description

The unit consists of two main parts; the power unit and the control cylinder. The construction throughout is zinc die casting (Zamac-3) except the cylinder which is of 21 gauge cold drawn steel tubing, machined to a tolerance of .001 for alignment and the plunger mechanism which is heat treated aluminum.

The power unit contains the torsion spring energizer and the power take-off shaft. The torsion spring is preloaded 180° at installation and the normal opening of a door to its full opening, will stress the spring to 270°.

The control cylinder consists of the cylinder pressure regulator chamber and the plunger mechanism. The outer end of the plunger shaft is secured to the door frame bracket which in turn is fastened to the top frame of the door.

On the plunger mechanism is a neoprene cup washer which gives a bearing against the cylinder thereby giving a tight air seal. The Neoprene washer is reinforced by internal and external washers.

Inspection and Test

A unit was inspected and tested at 60 Broadway, Manhattan, where the door closer has been in operation for approximately one year and the device showed no sign of fatigue or metal failure. Present at the inspection were J. A. Darts, of the Committee on Test and H.L.F. Nettleton, representing the applicant.

The applicant has also submitted a photostatic copy of a letter dated December 23, 1949 from the General Bronze Corp., addressed to the New England Mfg. and Supply Corp., in which they state that the closer had completed 44,300 cycles on the cycle machine.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Dynamatic Silent-Close Door Control for use in New York City when manufactured and installed in accordance with this report on doors not requiring a fire resistive rating as meeting the requirements of Section 107.2.c of the Multiple Dwelling Law on condition that the appliance shall bear a label permanently affixed reading as follows:

"Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 584-50-SM."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

RULES

Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

Rule 5. Duties of Street Alarm Box Runner.

The STREET-ALARM-BOX-RUNNER shall be familiar with the location of the nearest city fire alarm box and know how it is operated.

In ordinary practice fire drills the STREET-ALARM-BOX-RUNNER shall report to the Foreman for orders, and if his services are not required he shall promptly file out of the premises with the other occupants.

Only when a fire actually occurs on his floor, or when ordered to do so by the Foreman, shall the STREET-ALARM-BOX-RUNNER proceed to the street alarm box and send in the fire alarm.

RULES

Rule 6. Duties of Fire Brigade.

The fire brigade shall have full charge of the operation of all auxiliary fire fighting apparatus and shall endeavor to extinguish, or at least hold in check until the arrival of the Fire Department, any fire that may occur. When it is necessary for the fire brigade to respond to different floors in the building they shall not use the stairways or fire escapes while the occupants are escaping from the premises.

Rule 7. Duties of Exit Guards.

The EXIT GUARDS shall station themselves at all exit doors leading to fire escapes, stairways, and other means of escape immediately upon the sounding of the alarm. There shall be two guards for each exit, if practicable; one to stand in the hallway holding back the door and the other directly inside on the floor. They are to keep the exit doors open and direct the movements of the persons using these exits and prevent congestion.

EXIT GUARDS shall remain at their stations until all of the occupants of the building have passed their station. Then close their doors and pass out of the building. Upon signal for the occupants to return, EXIT GUARDS shall take their designated stations and remain there until all persons have returned to their respective floors.

Rule 8. Duties of Squad Monitors.

The SQUAD MONITORS, as soon as the alarm is sounded, shall see that the employees under their charge quickly form into line, two abreast, and numbering not more than thirty to each squad. They shall see that all aisles and passageways are cleared of obstructions.

Note: Chairs, stools, baskets, etc., should be pushed under or placed on top of work benches.

MONITORS shall proceed at the head of their respective squads to the exit assigned, and then march up or down the stairs or to other exits as directed by the EXIT GUARDS.

On reaching the sidewalk MONITORS shall keep their squads in order and lead them a reasonable distance from the building, so as not to cause congestion and interference with fire apparatus. When the proper signal is given they shall return to their respective floors at head of their squads.

MONITORS will at all times see that those under their charge conduct themselves in a respectable and orderly manner.

Rule 9. Holding of Drills.

FIRE DRILLS shall be held at least once each month at varied hours of the day, and all of the occupants shall participate therein simultaneously. Such drills shall conduct all occupants to a place of safety.

Where dual operation interior fire alarm systems are installed as permitted under Rule 11 of the interior fire alarm rules of the Board of Standards and Appeals, the fire drill conducted each month shall include all of the persons on the premises engaged at work for a factory,

and drills shall be conducted at least twice, each year in which all of the persons on the premises shall participate simultaneously.

Rule 10. Duties of Owner.

It shall be the duty of the OWNER, LESSEE OR TENANT OF THE BUILDING or his authorized agent or their representatives to personally observe that the "Fire Drill" is held simultaneously on every floor of the building and the participation therein of every occupant of such building. Any FIRE DRILL in which all of the occupants do not participate shall not be considered as complying with the LAW, except as otherwise provided in these rules.

The person or persons representing the OWNERS, LESSEE OR TENANT, who supervises the FIRE DRILL at the building shall submit to an examination by the Division of Fire Prevention as to their experience and general fitness for such duties, and shall be so certified in writing by the FIRE COMMISSIONER.

It shall be the duty of the ENGINEER, SUPERINTENDENT or other PERSON IN CHARGE of a building having an interior fire alarm system to test such system daily immediately after the beginning of business, and to see that all apparatus operated by springs, requiring winding are rewound after each alarm and kept in normal condition for operation.

Rule 11. Duties of Engineer.

Whenever it is necessary to test the fire alarm system at any other time of the day, owing to repairs, etc., being made, the PERSON IN CHARGE OF BUILDING will first notify all Foremen of the several floors of the intended test and likewise notify them when the repairs, etc. are completed. This precaution is taken to prevent confusion and excitement, also misunderstanding of the alarm signals.

It shall also be the duty of the PERSON IN CHARGE OF BUILDING to sound the interior alarm system at irregular intervals, but not less than once each calendar month, for the purpose of holding practice fire drills. He shall keep on the premises a record of such drills, showing the date when held and the required time for all occupants to reach the street or a point of safety outside the building.

The PERSON IN CHARGE OF BUILDING must immediately acquaint new tenants of the existence of the "Fire Drill" Organization and its purport.

Rule 12. Registration.

The name and address of every person, corporation or co-partnership, that will, under professional service, carry on the trade, business or calling of establishing, maintaining or supervising the "Fire Drill" shall be registered in the Fire Department, which Department shall, upon evidence of fitness, grant a certificate to that effect.

NOTICE

Applicants, under the zoning resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such

copies at the office of the Board of Standards and Appeals, at 80 Lafayette Street, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

RULE

RULE TO SUPPLEMENT SECTION 19-A OF THE ZONING RESOLUTION OF THE CITY OF NEW YORK AS ADOPTED BY THE BOARD, JULY 11, 1958, EFFECTIVE AUGUST 11, 1958

(385-58-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, subsection 2, of the New York City Charter and of Section 21 of the Zoning Resolution.

Purpose:

The purpose of this rule is to supplement the words in the above section which read as follows: "... aggregate gross floor area so used," as a basis for determining the number of off-street loading berths required under this section.

Rule 1.

"19-A. REQUIRED OFF-STREET LOADING BERTHS FOR NEW CONSTRUCTION, ENLARGEMENTS AND CONVERSIONS. Every building or part thereof hereafter constructed which is used, or arranged, intended or designed to be used, for any of the uses specified in the schedule below, and in which the aggregate gross floor area so used, arranged, intended or designed is greater than the minimum number of square feet of gross floor area specified for those uses in said schedule shall be provided with off-street loading berths in accordance with said schedule, under rules and regulations promulgated by the Commissioner of Housing and Buildings. For the purpose of this section, a group of buildings hereafter constructed under common ownership and located within a single block shall be considered a single building."

The words "aggregate gross floor area so used" contained in the first paragraph of this section shall be interpreted to mean the area of a building computed by measuring from the inside surface of the outer building walls. Building stairs, fire towers, elevator shafts, elevators and other public corridors, flue vents, stacks, pipe shafts, vertical ducts, toilets, air conditioning rooms, fan rooms, air ducts, janitors' closets, slop sinks, electrical closets, telephone closets with their enclosing walls shall be excluded. In computing such area or areas for the purpose of determining the number of off-street loading berths required under this section, walls, partitions, areas devoted to mechanical equipment, exits and similar areas, the use of which does not contribute to the regular shipments to or from the building, shall not be included.

COURT DECISION

Matter of Bram vs. Board of Standards & Appeals of City of N. Y.:
—On November 13, 1957, the Board denied an application under
Section 7, Subdivisions e and h of the Zoning Resolution to permit in
a local retail use district the erection and maintenance of a gasoline
service station, lubricatorium, office and sales, parking and storage of
motor vehicles, car washing, minor auto repairs for a stated term of
20 years; Cal. No. 124-57-BZ, Premises 1048-1072 New Lots Avenue,
south side, from Logan to Milford Streets, 662-672 Logan Street,
389-393 Milford Street and 1147-1169 Dumont Avenue, Borough of
Brooklyn.

At Special Term, Supreme Court, Kings County, Mr. Justice
Beckinella sustained the Board in the following decision: (New York
Law Journal May 29, 1958, page 11):

"Motion by respondent for an order vacating an order of
certiorari, affirming the determination of respondents and dis-
missing the petition herein. Petitioner, owner of a plot of vacant
land, in a local retail use district, filed an application with re-
spondent board for a variance of the use district regulations
under section 7, subdivisions e and h of the Zoning Resolution,
to permit erection and maintenance of a gasoline station. After
a hearing and an inspection of the premises respondent board
found that there was no justification for the exercise of dis-
cretion to grant the application. The application was denied.
Respondent upon the argument of the motion requested the court
to disregard petitioner's replying affidavit on the ground that
there is no authority for the service or consideration of such af-
fidavit. The court, in considering the proceeding under review,
is limited to the return plus such additional proof as it deems
necessary. There is no necessity or authority for a replying
affidavit (see Davis Engineering Corp. v. Murdock, New York
Law Journal, June 11, 1946, p. 2314, col. 2; Seinfeld v. Murdock,
2 Misc. 2d 525). The court has, therefore, disregarded the
replying affidavit. The court may not overrule the exercise by
the Board of Standards & Appeals of its power in the field
unless there be clear abuse of discretion (Matter of Dunne v.
Walsh, 235 App. Div. 72). Nor may the court substitute its
judgment for that of the Zoning Board unless the latter acted
arbitrarily (People ex. rel. Sullivan v. McLaughlin, 266 N. Y.
519). It may not be said on this record that the determination
of respondent is arbitrary or capricious or contrary to law. The
determination of respondent is affirmed, the order of certiorari
vacated and the petition dismissed. Settle order on notice."

At Supreme Court Special Term Part I, Mr. Justice Beckinella
decided as follows:

"Motion for leave to reargue denied. The court having read
petitioner's affidavit on this motion for leave to reargue finds no
basis for granting such leave. The charges set forth therein
might more properly be laid before some other governmental
agency, for instance the district attorney. In granting or denying
certiorari the court may do so only on what is contained in the
record. Settle order on notice." (N. Y. Law Journal, October
3, 1958, page 14):

289-58-BZ

APPLICANT—Leo Kornblath, for Allwyn Contracting Co., Inc., owner.

SUBJECT—Application May 9, 1958—decision of the Borough Superintendent, under sections 7e, 7f, 7i and 7A of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs with hand tools only, non-automatic auto laundry, office, storage and sales of auto accessories, parking of more than five (5) motor vehicles waiting for service for a stated term of fifteen (15) years.

PREMISES AFFECTED—398-410 Kings Highway, southwest corner of Kings Place, Block 6678, Lots 73, 75 and 77, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leo Kornblath.

For Opposition: None.

ACTION OF BOARD—Laid over to December 16, 1958, at 10 A. M. at request of applicant to investigate possible conforming use, which might result in withdrawal of this application; hearing previously closed; premises have been inspected.

625-53-BZ—Vol. II

APPLICANT—James E. Vassalotti, for Vellodrome Gas Station, Inc., owner.

SUBJECT—Application reopened January 29, 1957 as Vol. II—decision of the Borough Superintendent, under sections 7f, 7h and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, minor auto repairs, office, parking and storage of motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—1043-1059 McDonald Avenue and 101-111 Foster Avenue, northwest corner, Block 5426, Lots 1 and 5, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and R. S. Hardy.

For Opposition: None.

ACTION OF BOARD—Laid over for vote of the full Board; date to be set; hearing previously closed.

THE VOTE—

Affirmative: Chairman Murdock and Commissioner Sleeper 2
Negative: Commissioner Kleinert and Commissioner Foley 2
Absent: Vice-Chairman Keating 1

778-54-BZ—Vol. III

APPLICANT—Haus and Bresin, for Tally-Ho Realty Company, owner.

SUBJECT—Application reopened February 25, 1958, as Vol. III—decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a residence use, E-1 area district, the erection of a one-story store building occupying more than the area permitted and without the required setback from the building line for a temporary term of twenty (20) years.

PREMISES AFFECTED—1320-1342 Remsen Avenue, west side, 263 feet, 10-¾ inches north of Avenue K, Block 8041, Lot 56, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

ACTION OF BOARD—Application withdrawn without prejudice. The applicant withdrew this application in view of the program of Borough President Cashmore to acquire this and other lots for the improvement of the cemetery adjoining.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper... 4
Negative: 0
Absent: Vice Chairman Keating 1

392-57-BZ

APPLICANT—Samuel S. Arlen, for Scalbert Associates, Morris and Morton Pickman, partners.

SUBJECT—Application May 9, 1957—decision of the Borough Superintendent, under sections 7e, 7h and 21 of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, car wash non-automatic, auto repairs with hand tools only, office, storage, sales and parking of motor vehicles awaiting service with a business sign in a residence use district and a curb cut in excess of 30 feet.

PREMISES AFFECTED—221-11 Horace Harding Expressway, northeast corner of Springfield Boulevard, Block 7520, Lot 150, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Charles I. Goldman.

For Opposition: Samuel Bodian.

For Administration: John J. Saunders, B'd of Education.

ACTION OF BOARD—Application withdrawn after inspection by a Committee of the Board, on the recommendation it be withdrawn until the development of the former golf club property has been effected.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper... 4
Negative: 0
Absent: Vice Chairman Keating 1

1005-57-BZ

APPLICANT—Samuel Carr, for Nathaniel Ratner, owner.

SUBJECT—Application December 30, 1957—decision of the Borough Superintendent, under sections 7c, 7a and 21 of the Zoning Resolution, to permit in a business and residence use district, the erection of a one story building for use as a factory, warehouse and office, the proposed structure to occupy more than the permitted area coverage.

MINUTES

PREMISES AFFECTED—41-09 56th Street, east side, 63.76 feet south of Roosevelt Avenue, Block 1327, Lot 29, Woodside, Borough of Queens.

APPEARANCES—

For Applicant: Samuel Carr.

For Opposition: None.

For Administration: John J. Saunders, B'd of Education.

ACTION OF BOARD—Application withdrawn without prejudice.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the premises and surrounding area were in-
spected by a committee of the Board; and

WHEREAS, the Board suggested that the applicant withdraw
this application without prejudice, for consideration at a
later time after plans have been filed which conform as to
area with the Zoning Resolution and Section 7A, and for a
use which would be compatible for a lot of this type adjoining
a residence use district.

Resolved, that the application be and it hereby is with-
drawn without prejudice.

340-48-BZ—Vol. II

APPLICANT—Carl H. Salminen, for Frank Amoruso,
owner.

SUBJECT—Application reopened April 22, 1958 as Vol. II
—decision of the Borough Superintendent, under sections
7e, 7f and 7i of the Zoning Resolution, to permit in a
retail use district, after demolition of the existing struc-
tures, the erection and maintenance of a gasoline service
station, lubritorium, car wash, minor motor vehicle repairs
with hand tools only, office, parking and storage of motor
vehicles awaiting service and private parking.

PREMISES AFFECTED—135-20 35th Avenue and 35-06
Linden Place, southwest corner, Block 4959, Lots 18 and
20, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on
April 22, 1958 subject to regular procedure, to consider a
new use; and

WHEREAS, a public hearing was held on this application
on September 23, 1958 after due notice by publication in the
Bulletin; laid over to October 15, 1958, for inspection and
decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning
Resolution show that the site, Linden Place and Northern
Boulevard are in a retail use, B area, class 1½ height dis-
trict; 35th Avenue and Farrington Street are in retail and
manufacturing use, B area, class 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent,
dated March 21, 1958 acting on N.B. Applic. No. 583-58,
reads:

"1. Installation of a gasoline service station, lubri-
torium, car wash, minor motor vehicle repairs with hand
tools only, office, storage and parking of motor vehicles
waiting to be serviced and private parking in a Retail
Use district is contrary to Art. II Sec. 4A of the Zon-
ing Resolution."

and

WHEREAS, the applicant states that the premises consist
of a plot, 130 feet frontage by 125 feet in depth, improved

with a three story, three family frame dwelling and store
erected in 1882; that no Certificate of Occupancy was issued
at that time; that it is proposed to erect a modern, one story
masonry automobile service and gas station, of class 3
construction, to be used for the sale of gasoline, oil, lubri-
torium, car wash, minor motor vehicle repairs with hand
tools only, office, storage and parking of motor vehicles
waiting to be serviced, and private parking; that there will
be six gasoline pumps and ten 550 gallon gasoline storage
tanks underground; that the gas pumps will be the low,
compact, streamline units; that it is proposed to cover the
entire service and parking areas with black top paving and
a concrete mat at the gasoline pumps only; that if a vari-
ance is granted, the existing frame building on lot 18 will
be demolished; and

WHEREAS, the applicant states that a previous owner filed
application with the Board under Cal. No. 340-48-BZ to
permit, in a retail use district, the parking and storage of
more than five motor vehicles for lot 20, and a variance was
granted on May 18, 1948; that the present owner acquired
lot 20 on April 9, 1954 and Alt. Applic. No. 1187-54 was
filed with the Building Department for a parking lot; that
work was completed and Certificate of Occupancy No.
Q-96986 was issued on July 8, 1954; and

WHEREAS, the applicant contends that this property ad-
joins an unrestricted use area; that the neighborhood is very
mixed in use, including nearby garages, auto body shops,
Sanitation Department garages, and a large gas storage tank
one block north of Linden Place; that the owner has held
lot 18 since November 14, 1923 and lot 20 since April 9,
1954 and feels that the present use of parking lot has not
proven to be a sound economic investment; that 35th Avenue
is a heavily trafficked thoroughfare; that Linden Place is
one of the main arteries leading into College Point, which
makes this intersection a logical place for automobile servic-
ing, thus affording a service to the public; and

WHEREAS, the applicant states that the present owner has
held title to the property since November 14, 1923 and April
9, 1954; that the assessed valuation of land is \$16,000 and
of the building \$8,000 making a total of \$24,000; that the
building was erected in 1882; and

WHEREAS, the premises and surrounding area were in-
spected by a committee of the Board, which recommended
the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate
case in which to exercise discretion to grant under Section
7, Subdivisions e, f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does
hereby *make a variation* in the application of the use dis-
trict regulations of the Zoning Resolution and that the appli-
cation be and it hereby is *granted* under Section 7f for a
term of fifteen years, to permit the premises to be occu-
pied as a gasoline service station and uses legally accessory
thereto, substantially as proposed and indicated on plans
filed with this application, marked "Received March 25,
1958", 5 sheets, *on condition* that all buildings and uses
now on the site shall be removed and the premises con-
structed and arranged substantially as indicated on plans
above cited; that the design and location of the accessory
building shall be as proposed, faced with face brick on all
sides except it may have common brick on the rear; that
there shall be no cellar under such building; that doors to
toilets shall be rearranged so as not to be contiguous; and
that in all other respects the accessory building shall comply
with the Building Code; that pumps shall be of a low ap-
proved type, erected not nearer than 15 feet to the street
building line from base of tank foundation or island; that
the number of gasoline storage tanks shall not exceed
twelve 550 gallon approved tanks; that curb cuts shall be
restricted to two on 35th Avenue, each 30 feet in width,
located where shown, and two on Linden Place, of similar
width, where shown; that any existing curb cuts not com-
plying with this requirement shall be filled with approved
curbing, and the curbing and sidewalks abutting the site
shall be repaired or constructed to the satisfaction of the
Borough President; that the balance of the premises where

MINUTES

not occupied by accessory building and pumps shall be paved with concrete or asphaltic paving; that on the interior lot lines there shall be erected a masonry wall to a height of not less than 3 feet, 6 inches, surmounted with a steel picket fence between masonry posts to a total height of at least 5 feet 6 inches and with suitable intermediate and terminating masonry posts at each street building line; under section 7e for a similar term there may be parking of motor vehicles, provided such parking does not interfere with the servicing of the station; that under Section 7i there may be minor repairs with hand tools only, maintained solely within the accessory building for adjustment; that signs shall be restricted to permanent signs attached to the accessory building facing 35th Avenue and the illuminated globes of the pumps, excluding all roofs signs and temporary signs and advertising devices but permitting the erection within the intersection of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and to permit such sign not to extend more than four feet beyond the intersection; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

780-49-BZ—Vol. II

APPLICANT—Herman Kron, for Onofrio, Domenic and Michael Civitano, owners.

SUBJECT—Application reopened September 24, 1957 as Vol. II—re decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a local retail and residence use district, at an existing gasoline service station, the additional use of parking, and storage of more than five (5) motor vehicles on a recently acquired lot adjoining the premises.

PREMISES AFFECTED—1896 Bruckner Boulevard, southwest corner of White Plains Road, Block 3671, Lots 50 and 60, Borough of The Bronx.

APPEARANCES—

For Applicant: Herman Kron.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 15, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; applicant to correct dimensions on plans; then to September 30, 1958, for further consideration; then to October 15, 1958, for further inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, White Plains Road and Bolton Avenue are in local retail and residence use, E and F-1 area, class 1½ height districts; Bruckner Boulevard is in a local retail use, E area, class 1½ height district; Story Avenue is in a residence use, F-1 area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 22, 1957 acting on Alt. Applic. No. 710-57, reads:

"1. On premises located partly in local retail & partly in residence districts the proposed 'parking & storage of motor vehicles' is contrary to Sect. 4-c & 3 of Art. II Zoning Res. & to Cal. 780-49-BZ of the Bd. of S & A and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 101.6 feet frontage by 139.2 feet in depth, irregular; and

WHEREAS, the applicant states that in June of 1956 the owners acquired from The City of New York the land in back of this gas station—Houghton Avenue—of a depth of 60 feet by 123 feet, irregular in size; that inasmuch as Houghton Avenue in the rear is now eliminated, application is being made to the Board to permit the inclusion of the parking and storage of more than five motor vehicles, to the present uses of gasoline service station, lubricatorium, car wash, auto repair, store and accessories; and

WHEREAS, the applicant contends that the plot as now zoned cannot be developed with a reasonable and profitable use, as there is no neighborhood support which would warrant the erection of a development devoted to residence and retail use; that the property is about 40 feet in the residence district; that the proposed use will be in harmony with the existing development of the neighborhood and its conduct will be such as not to interfere with the welfare of the inhabitants; that the owners are willing to surround the premises with such safeguards as the Board may deem necessary to protect the surrounding area; and

WHEREAS, the applicant states that the present owners have held title to the property since April 1, 1950; that the assessed valuation of land is \$15,000 and of the building \$30,000 making a total of \$45,000; that the building was erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 28, 1950, as amended by resolution adopted October 10, 1950, by adding thereto:

"that in the event the owner desires to maintain parking and storage on an additional lot having a depth of 60 feet and a width of 123.85, known as Lot 60, such use may be permitted, under section 7e for a term of five years not as an extension to the gasoline service station but under the same supervision, as proposed and indicated on plans filed with this application, marked 'Received September 9, 1957,' 2 sheets, and 'June 5, 1958,' 2 sheets, on condition that the lot shall be leveled substantially to the grade of White Plains Road, paved with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all exterior lot lines a woven wire fence of the chain link type, not less than 5 feet, 6 inches in height, except that such fence may be omitted where the masonry walls of the adjoining building occur on the lot line; that the entrance and exit to such proposed parking area shall be where shown, to Bolton Avenue and White Plains Road, such entrances not to exceed fifteen feet in width each and with curb cuts opposite of similar width; that sidewalks abutting the site on both streets shall be repaired or constructed to the satisfaction of the Borough President; that suitable bumpers shall be maintained for protection of fences and walls; that suitable terminating posts shall be erected at the termination of the fences at the above cited entrances; that there shall be no signs erected, except that there may be a sign attached to the accessory building of the gasoline station, advertising the parking and storage use herein permitted and the rates charged; that such sign shall not exceed five square feet in area and its wording shall also comply with the requirements of the Department of Licenses; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

1010-57-BZ

APPLICANT—William E. Kelly, for Vincent and Angela Fallucco, owners.

SUBJECT—Application December 27, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district,

MINUTES

the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—133-135 Schenectady Avenue, east side, 25 feet north of St. Marks Avenue, Block 1354, Lot 2, Borough of Brooklyn.

APPEARANCES—

For Applicant: Christine Beshar.

For Opposition: None.

For Administration: John J. Saunders—Board of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice-Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over to October 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Schenectady Avenue are in a residence use, C area, class 1 height district; Bergen Street and St. Marks Avenue are in residence and local retail use, C area, class 1 height districts; Utica Avenue is in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 13, 1957 acting on Alt. Applic. No. 3975-57, reads:

"1. Proposed parking and storage of motor vehicles in a Residence use District is contrary to Art. II, Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet in depth, presently vacant; that it is proposed to use this vacant lot for parking of customers' and employees' cars and in addition thereto, for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that the owners operate a bar and grill at 137 Schenectady Avenue, immediately adjoining the said vacant lot, and directly opposite this lot is the Albany Housing Project which houses approximately 1,220 families consisting of over 5,000 people; and

WHEREAS, the applicant contends that the project has parking facilities for only 80 cars; that as a result of the construction of this project and other residential building in recent years, there are few, if any parking facilities available; that in addition, the recent enactment of more stringent parking regulations on the public streets has made it absolutely mandatory for owners of automobiles to obtain parking facilities in the immediate area; and

WHEREAS, the applicant states that the present owners have held title to the property since September 28, 1956 and that the assessed valuation of land is \$2,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles, substantially as proposed and indicated on plans filed with this application, marked "Received December 27, 1957", 3 sheets, on condition that all fences and uses now on the premises shall be removed and the site leveled substantially to the grade of Schenectady Avenue, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that on the interior lot lines where masonry walls do not occur

on the lot lines there shall be erected a woven wire fence of the chain link type, not less than 5 feet 6 inches in height; that on the street building line there shall be erected a similar fence, except for one opening 12 feet in width which shall be fitted with gates, and with curb cut opposite of similar width; that the sidewalks and curbing abutting the premises shall be repaired or constructed to the satisfaction of the Borough President; that suitable bumpers shall be maintained against such fences and walls on the building line for protection thereof; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon; that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

77-58-BZ

APPLICANT—Hady H. Craigwell, for John W. McDonald, owner.

SUBJECT—Application February 24, 1958—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a residence use C area district, in an existing three-story building the enlargement of the restaurant establishment by increasing the area of the first floor extension for use as a kitchen and by extending the restaurant use to the second floor, heretofore used as two apartments, the third floor is to retain its use as an apartment, the proposed first floor extension encroaches on the required rear yard and exceeds the permitted area coverage.

PREMISES AFFECTED—327 Stuyvesant Avenue and 495 Macon Street, northeast corner, Block 1666, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Hady H. Craigwell.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice-Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over to October 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 19, 1958 acting on Alt. Applic. No. 2825-57, reads:

"1. Proposed extension at rear of bldg. which extends into required rear yard violates Art. 2, Sect. 17a of Zone Resolutions.

2. Proposed extension to a bldg. occupied for commercial use on 1st floor is contrary to Art. 2, Sect. 3 of Zone Resolutions.

3. Proposed commercial use on 2nd floor of a bldg. in a residential district is contrary to Art. 2, Sect. 3 of Zone Resolutions.

4. Proposed extension exceeds area for a "C" district & violates Art. 4 Sect. 13(b) of Zone Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 22 feet frontage by 82 feet in depth, improved by a three story, class 3, hereafter converted class A multiple dwelling, with a small one story rear extension; that the first floor contains a restaurant which extends back ap-

MINUTES

proximately 53 feet, and each of the upper two floors contains two three-room apartments; that it is proposed to increase the business, restaurant area by expanding the existing one story rear extension across the width and depth of the rear yard to within four feet of the respective lot lines and extending the business, restaurant, therein, and by removing the second floor apartments to create a dining room area with new stairs leading down to the present restaurant; and

WHEREAS, the applicant states that this neighborhood is one of better class converted brown stone dwellings and churches; it contains, however, no corresponding restaurant, with the exception of the subject establishment; that with the elimination of cooking within the furnished rooms, the present premises is too small to accommodate these individuals, as well as families, church people and social groups; that it is in response to this demand that the above expansion program is proposed; and

WHEREAS, the applicant states that the present owner has held title to the property since July 20, 1953; that the assessed valuation of land is \$3,400 and of the building \$15,000 making a total of \$18,500; that the building was erected in 1888; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c as to use and Section 21 as to extension of area, to permit a one story extension at the rear for the enlargement of the kitchen for the restaurant use, substantially as proposed and indicated on plans filed with this application, marked "Received February 24, 1958", 4 sheets, *on condition* that suitable approved garbage receptacles shall be maintained and no garbage left in uncovered receptacles at the rear or on the sidewalks at any time; and that all permits required shall be obtained and all work completed within the requirement of Section 22A of the Zoning Resolution.

200-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Nanel Realty Corp., owner.

SUBJECT—Application April 7, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, in a one-story and basement building now under construction for use as a medical center, the change in use of the doctor's office number one, located in the basement, to a pharmacy with a business sign on the face of the building.

PREMISES AFFECTED—10-16 162nd Street and 160-35 to 160-39 11th Avenue, northwest corner, Block 4579, Lot 1, Beechhurst, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Michael L. Hamalak.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert,

Commissioner Foley and Commissioner Sleeper..... 4

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over to October 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 162nd Street, 11th Avenue, 160th Street and 10th Avenue are in a residence use, G-1 area, class 1 height district; that as of July 25, 1916 the premises were in a class D area district; that on April 21, 1947 the premises were changed to an F area district and received the present class G-1 area designation on July 24, 1951; and

WHEREAS, the decision of the Borough Superintendent, dated March 18, 1958 acting on N.B. Applic. No. 1851-57, reads:

"1. The use of the basement area as a 'pharmacy' constitutes a business use in a Residence Use District and is contrary to Art. II Sec. 3 of Zoning Resolution.

"2. The erection of a proposed business sign in a Residence Use District is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.05 feet frontage by 80 feet in depth, presently being developed with a one story building of class 3 construction, having a frontage of 79.94 feet and a depth of 45 feet, for use as a medical center; that Department of Buildings records indicate that approval for said medical center was given under N.B. Applic. No. 1851-57; that it is proposed to change the use of the doctor's office No. 1 in the basement, to a pharmacy; that it is also proposed to erect a small business sign, two feet by three feet, on the face of the building at the right side of the 162nd Street entrance; and

WHEREAS, the applicant contends that the change of use of the doctor's office in the basement to a pharmacy will not change the facade of this building, nor will it have an adverse effect upon the adjoining properties inasmuch as this is an allied business to a doctor's profession; that there are no stores within the affected area to provide the large housing development with the required retail services of a pharmacy; and

WHEREAS, the applicant states that the present owner has held title to the property since March 14, 1957; that the assessed valuation of land is \$5,500 and the partial assessed valuation of the building is \$9,500 making a total of \$15,000; that the building was erected in 1958; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 1851/57, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

248-58-BZ

APPLICANT—Robert Gottlieb, for Max Donner, owner.

SUBJECT—Application April 22, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the maintenance of a used car sales lot and sales office for a stated term of five (5) years.

PREMISES AFFECTED—1885 Bruckner Boulevard, northeast corner of Underhill Avenue, Block 3732, Lots 9 and 15, Borough of The Bronx.

APPEARANCES—

For Applicant: Gerald Levy.

For Opposition: None.

For Administration: John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

Negative: 0

Absent: Vice Chairman Keating 1

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over to October 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, D and E area, class 1 height district; Underhill Avenue and Watson Avenue are in a residence use, E area, Class 1 height district; White Plains Road and Bruckner Boulevard are in residence and local retail use, D and E area, class 1 height districts; that the zone now is residential but originally was unrestricted, then business, and was changed to its present use on September 23, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated April 7, 1958 acting on Alt. Applic. No. 252-58, reads:

"1. In a residence use district the proposed 'Used Car Sales Lot & Accessory Office' is contrary to Sect. 3, Art. II Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 207 feet in depth, presently vacant, and used as a free rubbish dump; that it is proposed to clean up the lot, grade it to Bruckner Boulevard level and use it for the sale and storage of used cars; and

WHEREAS, the applicant states that most of the block and adjoining blocks are now vacant because it is not desirable for residential use and cannot be used for business; that there are now three used car sales lots and a gas station on the adjoining lot and adjoining corners, as follows: No. 1875 Bruckner Boulevard, Block 3731, Lots 1 and 75—granted by the Board for used car lot under Cal. No. 401-53-BZ; No. 1889 Bruckner Boulevard, Block 3732, Lot 3, granted by the Board for used car lot under Cal. No. 276-52-BZ; No. 1895 Bruckner Boulevard, Block 3732, Lot 1, granted by the Board for a gas station; No. 1901 Bruckner Boulevard, Block 3733, Lot 1, granted by the Board for used car sales lot under Cal. No. 750-50-BZ; and

WHEREAS, the applicant contends that by granting these temporary variances, the Board has already taken cognizance of the fact that the area is still in a transitional stage, and the used car lots will be removed when the land is ready to be properly developed; and

WHEREAS, the applicant states that the present owner has held title to the property since October 15, 1953 and September 21, 1956 and that the assessed valuation of land is \$6,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years, to permit the premises to be occupied for the sale of used cars and no other use, substantially as proposed and indicated on plans filed with this application, marked "Received April 22, 1958," 2 sheets, *on condition* that the premises shall be leveled substantially to the grade of Bruckner Boulevard, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all interior lot lines except where fences already occur in connection with the adjoining lot No. 3, used independently for the same purpose as permitted, a woven wire fence of the chain link type not less than 5 feet, 6 inches in height; that a similar fence shall be erected along the building line of Bruckner Boulevard, with no openings therein except one for entrance, not exceeding 12 feet in width; that the fences hereinbefore required for Lot 3 shall remain and not be disturbed by this owner; that during the term of this variance no other use shall be

maintained and no building erected on this plot except there may be a frame building, not exceeding one story in height or 100 square feet in area for use as an office for the attendant, located where shown near the entrance; and that in all other respects the premises and occupancy shall comply with all laws, rules and regulations applicable thereto, except that signs may be erected as would be permitted in a local retail district; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

291-58-BZ

APPLICANT—Leonard F. Rothkrug and Herbst and Rusciano; Robert Lyle Realty Corp., owner; Downstairs Restaurant, Inc., lessee.

SUBJECT—Application May 12, 1958—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a restricted retail use district, in an existing five-story and cellar building, the change in occupancy from restaurant, bar and apartments to restaurant, bar cabaret and apartments, the cabaret to occupy the second floor.

PREMISES AFFECTED—37 West 56th Street, north side, 300.7 feet east of 6th Avenue, Block 1272, Lot 15, Borough of Manhattan.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-

ert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice-Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over to October 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, West 57th Street and 5th Avenue are in restricted retail use, B area, class 1½ height district; Avenue of the Americas and 56th Street are in restricted retail and retail use, B area, class 1½ height districts; that on July 25, 1916 the premises was in a business use district; that it was rezoned to retail on June 12, 1931 and again rezoned on July 6, 1948 to restricted retail; and

WHEREAS, the decision of the Borough Superintendent, dated May 7, 1958 acting on amendment to Alt. Applic. No. 1923-45, reads:

"A-15. Proposed cabaret in a restricted retail district contrary to Sec. 4-B Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 100.5 feet in depth, on which is located a five story building, 60 feet in height, 25 feet front by 100.5 feet in depth, of class 3 construction; that the building was altered under Alt. Applic. No. 180-84 to repair fire damage and extended under Alt. Applic. No. 980-01; provided with a sprinkler system in the public halls under Spr. No. 407-36 and used as apartments over the second floor; equipped with a restaurant kitchen under P. & D. 731-46; provided with a sign advertising a cabaret known as "The Famous Dooley Sisters" under E.S. No. 444-46, and presently occupied as a bar and restaurant on the first and second stories under Public Assembly Permit No. 19-57 and Alt. Applic. No. 1923-45; that it is proposed to occupy the first floor as a bar and restaurant, the second story as a cabaret and the upper stories as apartments; and

WHEREAS, the applicant states that the proposed occupant presently conducts business as "Upstairs and Downstairs at

MINUTES

Julius Monks" at the northwest corner of West 51st Street and 6th Avenue in a building under immediate plans for demolition, to be replaced by a multi-story office building; that the proposed tenant has been in business in New York City for several years and the cabaret use which is proposed herein is the same as that which has existed at its present location; that this cabaret use is unique in form and constitutes the principal reason for the success of the business; that the cabaret use consists of four or five actors presenting a revue, with no orchestral accompaniment except for two pianos; that it is not proposed, nor has the tenant ever permitted dancing or an orchestra in the premises; and

WHEREAS, the applicant contends that a limited cabaret is a conforming use in a restricted retail use district; that the limit is set forth in Article I, definitions, Sec. I (hh), which states that a cabaret means any room in which any musical entertainment, singing, dancing or other similar amusement is permitted in connection with a bar or restaurant, *except* that it shall not include such rooms where only a piano or organ with or without two string instruments is played; that the proposed use is in the same spirit of this exception in that there is no orchestra, no chorus line and the entertainment is limited; and

WHEREAS, the applicant further contends that this entire section of New York City was developed prior to 1916, when the Zoning Resolution became effective; that further, prior to July 6, 1948 the premises was in a retail zone and the proposed use is a conforming use in a retail zone; that records of the Department of Buildings indicates that in 1946 the building was occupied by "The Famous Dooley Sisters", who are presently the officers of the corporate owner, so that the premises had been occupied as a cabaret when in a retail use district; the West 56th Street is developed with uses of the same nature as the proposed use; that the cabaret use, limited as proposed herein, is not of the nature of the uses prohibited in a restricted retail use district; and

WHEREAS, the applicant states that the present owner has held title to the property since May 2, 1945; that the assessed valuation of land is \$70,000 and of the building \$30,000 making a total of \$100,000; that the building was erected prior to 1884; and

WHEREAS, the premises and surrounding area were not inspected by a committee of the Board at this time, as they were previously inspected in connection with other applications on the Street and the Committee recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years, to permit a cabaret on the second floor, as proposed and indicated on plans filed with this application, marked "Received May 12, 1958", 2 sheets, and "July 10, 1958", 3 sheets *on condition* that the cabaret shall be maintained in the manner as proposed, without any orchestral accompaniment except two pianos, and with not more than six actors presenting a review; and that all permits and a new certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

Adjourned: 2:50 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

WEDNESDAY AFTERNOON, OCTOBER 15, 1958,
2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

111-56-A—Vol. II

APPLICANT—Godfrey L. Hansen, for Neptune Meter Company, owner.

SUBJECT—Application reopened June 24, 1958 as Vol. II—Appeal from a decision of the Fire Commissioner re: smoking permits for certain office areas in factory building.

PREMISES AFFECTED—47-25 34th Street, northeast corner of 48th Avenue, Block 250, Lot 1, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Godfrey Hansen.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper... 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated May 1, 1958 (Folder #50115.01) reads:

"In reference to your letter of April 15, 1958 requesting permission for certain office areas in this factory building to be designated as 'permissible smoking areas' please be advised that smoking in these areas is contrary to Section 283 of the Labor Law, and your request is therefore denied."

and

WHEREAS, the applicant states that the building is 3 stories, 60 feet in height, 425 feet by 200 feet in area, class 1 construction, erected 1924, located on a lot 600 feet front by 200 feet in depth, in an unrestricted use, B area, class 1½ height district, and used and occupied since July 1957 as follows: 1st floor—factory and office, 250 persons; 2nd floor—factory and office, 1205 persons; 3rd floor—factory and office, 270 persons; that the entire building used and occupied for the manufacturing of liquid meters and accessory equipment by a single tenant; that no change in use or occupancy is proposed; that the building is equipped with an approved standpipe system, and an approved two source sprinkler system throughout, and an approved interior fire alarm system; that there are four interior 44 inch wide masonry stairs, masonry enclosed, equipped with kalamein self-closing doors and extending direct to street; and

WHEREAS, Certificate of Occupancy #Q106945 issued December 28, 1955 against Alt. Applic. 1309/52 permits the present use and occupancy; and

WHEREAS, the applicant states that permission is sought to smoke in the following areas: 1st floor—offices; 2nd floor—offices and cafeteria; 3rd floor—office; and

WHEREAS, the applicant states that it is felt that all the requirements for a smoking permit is outlined in Section 283, Rule 2, Paragraph 3 of the Labor Law have been complied with; that the building is fireproof; that all partitions, shelving, etc., are of non-combustible material; that the building will be used to machine and assemble test meters and associated equipment, which places it in the machine shop classification; that the material used will be mainly brass castings and some iron, steel and aluminum materials all of the non-combustible nature; and

WHEREAS, the applicant contends that complete prohibition of smoking creates a hardship on many employees and it is believed that by setting up permissible smoking areas, promiscuous smoking in other areas can be eliminated; that it is therefore requested that the Board grant permission to smoke in certain designated areas, as indicated on plans filed with this appeal; that such smoking to be permitted during the hours of 7 A.M. to 7 P.M. in the designated areas within the manufacturing area and at any time in the cafeteria or office areas; that all partitions around the smoking areas will be of steel and glass, 7 feet high, except in the office area where masonry partitions already exist; and

WHEREAS, the premises was inspected by a committee of

MINUTES

the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Fire Commissioner acting on decision dated May 1, 1958, in connection with Folder #50115.01 and that the appeal be and it hereby is *granted*, modifying the decision of the Fire Commissioner to permit smoking in the areas as proposed and shown on plans filed with this Appeal marked, "Received May 29, 1958," 6 sheets, *on condition* that such signs shall be displayed in such areas as may be determined by the Fire Commissioner stating that smoking is therein permitted; that such receptacles for smoker's refuge shall be maintained as he may require; and that the maintenance of the premises and the fire-fighting equipment shall be maintained as herein proposed.

972-57-A

APPLICANT—Wynn Oil Company, owner.

SUBJECT—Application December 26, 1957—Appeal from a decision of the Fire Commissioner re Packaging of combustible Mixture known as "Wynn's Friction Proofing Motor Cleaner" in 1 Quart Sealed Containers in New York City; containers not in accordance with Administrative Code requirements.

APPEARANCES—

For Applicant: Hugo T. Fischer Jr.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated June 22, 1956 redated December 26, 1957, reads:

"Refer to Folder No. 122-2007—This will acknowledge receipt of your application for this Department's Certificate of Approval for your Motor Cleaner.

However, as the one-quart sealed can intended for use with the subject product violates section C19-62.0 of the Administrative Code (wherein tightfitting replaceable top, cap or other device so made that the can or container shall be airtight when closed is specified), your application is hereby denied."

and

WHEREAS, the applicant states that it is proposed to package it's "Motor Cleaner" in 1 quart non-refillable metal containers for use in New York City; that this product has been issued Certificate of Approval #2213 when packaged in 1 gallon container; that direction on the container will point out that all of the contents of the can are to be used at one time; that at no time will any of the product be exposed to open fires or present any particular fire hazards; and

WHEREAS, the applicant contends that its product which flashes at 175° Fahrenheit is in competition with similar products having flash points of 65° Fahrenheit and 146° Fahrenheit; that because of the method of using the product in question, the entire contents of the can must be poured into the crankcase of a motor vehicle at once to be used as a flushing compound with the crankcase oil already in the motor; that there would never be at any time reason for using a portion of the contents less than 1 quart as it would not be effective; that it is therefore requested that the Board modify the decision of the Fire Commissioner and vary the provisions of Section C19-62.0 of the Administrative Code, to permit the marketing of its "Motor Cleaner" in 1 quart sealed cans.

WHEREAS, the premises was inspected by a committee of the Board; and

WHEREAS, the subject mixture was tested by the City's Central Testing Laboratory on June 7, 1956, which agency reported that it was an inflammable mixture with a flash point of 175 degrees Fahrenheit.

Resolved, that the decision of the Fire Commissioner dated June 22, 1956, redated December 26, 1957, acting on Folder No. 122-2077 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the use of the container as proposed for use with the product as approved by the Fire Commissioner under Certificate of Approval #2213, the product having a flash point as tested of 175 degrees Fahrenheit, *on condition* that the container shall bear a label which shall state that when opened the entire contents of the can shall be used at one time and that the can shall not be reused.

203-58-A

APPLICANT—Leonard F. Rothkrug, for Coney Island Enterprises, Inc., owner.

SUBJECT—Application April 8, 1958—Appeal from a decision of the Borough Superintendent, re wood fence in excess of 10 feet, height.

PREMISES AFFECTED—1000 Surf Avenue, southwest corner of Riegelman Boardwalk and West 10th Street, Block 7286, Lot 212, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 2, 1958 on Alteration Application 1107/57, reads:

"(1) Proposed fence in excess of 10 feet in height and of wood construction violates Sect. C26-257.2 & Sect. C26-541.0 subdivision (d) of the Administrative Code."

and

WHEREAS, the applicant states that the premises consists of a plot 198 feet 1½ inches front by 674 feet 4½ inches in depth, in a business and business 1 use, A area, class 2 height district, and used and occupied since 1953 as a kiddie horse and buggy ride, 16 persons; that Certificate of Occupancy #134626 was issued February 4, 1953 against N.B. Applic. 304/48; and

WHEREAS, the applicant states that the question involved is the maintenance of an existing fence along the west lot line at its intersection with Riegelman Boardwalk; that the fence was erected under Alt. Applic. 3725/57 which was approved and permit issued and after work was substantially completed the permit was revoked on January 30, 1958 for the reason that the fence was approximately 15 feet in height; and

WHEREAS, the applicant contends that the fence was erected in good faith under a permit issued by the Building Department and would have to be almost totally demolished in order to comply with the Building Code as interpreted by Borough Superintendent; that such interpretation would prevent any fence from being erected; that according to the interpretation of the Borough Superintendent a fence 1 foot in height would be permitted above the Boardwalk or above the adjoining building with its roof occupancy; that this interpretation works a hardship on the premises in question; that the lack of a fence would permit a dangerous condition to exist, since bottles and debris can be thrown from the higher kiddie land adjoining to the premises in question; that a solid fence is necessary for the protection of the children using the premises; that although the premises fronts on the Boardwalk it is 9 feet below Boardwalk; that the adjoin-

MINUTES

ing premises to the west is a one story building, the roof of which is of Boardwalk level and is occupied as a kiddylane; that the adjoining one story building has a solid unpierced wall for its entire 9 feet of height; and

WHEREAS, the applicant further contends that Section C26-257.2 as amended, permits fences 15 feet in height around public playgrounds and permits higher fences when approved by the Borough Superintendent for the enclosure of public playgrounds, school yards, parks and similar public playgrounds; that the subject premise is used as a playland and fits the description of the Code for the exceptions permitted; that the owner of the adjoining premises could erect a fence identical to the one proposed herein or even to a height of 10 feet; that the fence in question is only a fence for 6 feet; the balance is structural support of the fence; that the fence in question is only 5 feet 6 inches above the adjoining lot; that if the height of the fence is measured from the nearest street grade, which is the Boardwalk, it would be conforming to Code.

WHEREAS, the premises was inspected by a committee of the Board, and the Board finds the objection of the Building Department is understandable as it would be necessarily bound by the legal grade of the street, but it is the opinion of the Board that in this case the fence should be permitted to continue provided it does not exceed the height permitted by the Code as figured above the boardwalk.

Resolved, that the decision of the Borough Superintendent, dated April 2, 1958, acting on Alt. Applic. 1107/57 be and it hereby is *modified* and that the appeal be and it hereby is *granted* on condition that the fence in question does not exceed 10 feet in height above the grade of the boardwalk in front of the premises as indicated on plans filed with this Appeal marked, "Received April 8, 1958," 2 sheets.

Negative: 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on April 22, 1919, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 22, 1919, by adding thereto:

"that in the event the owner desires to divide the building so that one-half will be occupied by a conforming use only and the other half by a garage for more than five motor vehicles as hereinbefore permitted, such change of use may be permitted provided the two portions of the building are completely separated by a continuous masonry wall without openings therein, except for a pedestrian door, located as shown on revised plans marked "Received September 8, 1958", two sheets, and that the portion of the building not used for garage may be used for the conforming use of sale and display of new and used cars, as passed by the Borough Superintendent under Alt. App. 960-58, under date of August 26, 1958."

453-20-BZ—Vol. III

APPLICANT—Herman Kron, for Philip Tarter and Leon Ingel, owners. Stratford Garage, Inc., lessee.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under Section 7c of the Zoning Resolution, permitting in a business use district, the change in penthouse and extension of same as new 4th story to be used as storage garage for more than 5 cars, which proposed extension is within 200 feet of Riverside Parkway and within 200 feet of a school.

PREMISES AFFECTED—323-325 West 96th Street, north side, 50 feet 6 inches east of Riverside Drive, Block 1887, Lot, 3, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman Kron.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper. 4

Negative: 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. III on April 24, 1951, on certain conditions; and

WHEREAS, the resolution was amended on December 2, 1952; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on September 13, 1955; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 24, 1951, as thereafter *amended* by resolutions adopted through September 13, 1955, by adding thereto:

"that a rearrangement of the toilets along the front line of the building may be permitted, as acted on by the

Borough Superintendent under N.B. 2095/58, objection dated September 9, 1958, and as proposed and shown on revised plans, marked "Received September 9, 1958", 1 sheet, and a new opening to the building as thereon shown may be permitted with a curb cut opposite not over 20 feet in width; and that in all other respects the resolutions above cited shall be complied with."

1359-22-BZ—Vol. II

APPLICANT—Henry C. Brucker, for Osbruck Realty Company, Inc., owner; Paul's Garage Inc. and Auto Collision Inc., lessee.

SUBJECT—Application for consideration—reopening for amendment of resolution subject to—re Application, decision of the Borough Superintendent; previously granted on condition, under Section 7i of the Zoning Resolution, permitting in a business use district, the inclusion of motor vehicle repairs, spraying and welding in existing storage garage for more than 5 motor vehicles by an authorized car dealer.

WHEREAS, this application was granted by the Board on December 10, 1957, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain a certificate of occupancy.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 10, 1957, only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, and the work completed and additional time is required to obtain a certificate of occupancy, that all permits required, including a certificate of occupancy, shall be obtained within six months from the date of this *amended* resolution." (Alt. App. 1275/57)

929-57-BZ

APPLICANT—Charles M. Spindler, for Anna Pfriemer, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7e, 7f and 7i of the Zoning Resolution, permitting in a retail and residence use district, on the retail portion of the plot, the erection and maintenance of a gasoline service station, lubrication, auto wash—non-automatic, office, sale of accessories, minor repairs with hand tools only, auto safety inspection station and the parking and storage of motor vehicles with a ground sign for a term of 15 years.

PREMISES AFFECTED—210-01 to 210-21 (210-11 official) Jamaica Avenue and 94-35 to 94-43 210th Street, northeast corner, Block 10543, Lot 3, Hollis, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 3, 1958, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 3, 1958, by adding thereto:

"that in the event the owner desires to make certain changes as shown on revised plans marked, 'Received September 10, 1958,' 2 sheets, such changes may be made to permit minor changes in the dimensions of the building to 57 feet in length and 29 feet in width; and to make minor changes in the location of the curb cuts as shown on such plans; and to change the arrangement of the pumps so that the pump islands shall set back 15 feet and 39 feet 9 inches respectively from the street line in the revised location as shown on such plans." (N.B. 4155/57)

141-58-BZ

APPLICANT—Frederick A. Ketcher, for Arthur J. McConnell, owner. John J. Fox and Sons, lessee.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7c and 7h of the Zoning Resolution, permitting in a residence use district, an extension to the existing legal funeral parlor and undertaking establishment with patron parking of more than 5 cars.

PREMISES AFFECTED—201-203 East 201st Street and 3000-3008 Grand Concourse, northeast corner, Block 3307, Lots 67 and 68, Borough of The Bronx.

APPEARANCES—

For Applicant: Fredrick A. Ketcher.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 22, 1958, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 22, 1958, so that as amended the first clause of the resolution shall read:

"Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c as to extension of use and to permit under Section 7h the parking of cars in connection with the business and for patrons for a term of ten years with curb cuts as shown, etc. . . ." (Alt 171/58)

1030-46-BZ

APPLICANT—George C. Ponter & Company, for Bain & Hoopes, owner.

SUBJECT—Application for consideration—reopening for extension of term of variance—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7c and 21 of the Zoning Resolution, permitting in a business and unrestricted use, C area district, the erection of an extension for garage for more than 5 motor vehicles, motor vehicle repair shop, wheel alignment and brake testing, using more than permitted area.

PREMISES AFFECTED—2412-2414 Church Avenue, south side, 71 feet east of Bedford Avenue, Block 5104, Lot 15, Borough of Brooklyn.

APPEARANCES—

For Applicant: Benjamin Axelrod.

ACTION OF BOARD—Request for extension of term of variance withdrawn inasmuch as the Applicant discovered that the matter hasn't been adjusted in due course under Cal. No. 379-46-BZ, Vol. 2, which had to do with Lot 17 to which Lot 5 was added.

THE VOTE—

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 18, 1956 after due notice by publication in the Bulletin; laid over to January 29, 1957, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and West 8th Street are in a business use, A area, class 1 height district; that Sheepshead Bay Road is in a business use, A area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 25, 1956 acting on Alt. Applic. 1054-56, reads:

"1. Proposed change of use from storage of machinery models to gasoline service station, lubritorium, car washing, minor auto repairs, storage room, store, parking and storage of motor vehicles in a business use zone is contrary to Art. II, Par. 4(a), subsection 29 & 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 101 feet 5 $\frac{7}{8}$ inches frontage by 125 feet 8 $\frac{3}{4}$ inches in depth, irregular, presently developed with a one story building of class 3 construction having a frontage of 80 feet and a depth of 30 feet, erected under N.B. Applic. No. 13394 of 1928 and Certificate of Occupancy No. 55224 was issued to use the building for the dead storage of machinery models; that it is proposed to secure a variance for a period of fifteen years in order to install and maintain a gasoline service station consisting of ten 550 gallon gasoline storage tanks and six dispensing pumps; that it is further proposed to alter the present building reducing it in size to 65 feet by 30 feet and convert to an accessory building containing conjunctive uses of office and sales, minor auto repairs, lubritorium, car wash and storage; that it is further proposed to reserve part of the open area of the site for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in an unrestricted use district and received its present use designation on May 20, 1926; and

WHEREAS, the applicant contends that West 8th Street and Sheepshead Bay Road are heavily trafficked auto lanes and the proposed development of block 7268, lots 1 and 109 with the Luna Park housing project approved by the Board of Estimate on February 9, 1956 makes the proposed gas station in keeping and a highly required service at this point; that the building will be maintained with a peak roof

and its rehabilitation will improve the appearance of the community; that the proposed gasoline pumps will be set 15 feet in back of all buildings lines, assuring safe pedestrian passage at all times; that the provisions to park and store motor vehicles on the site will help alleviate the serious parking problem in this area; that the site is adjoined to the east on lot No. 6 by a public garage and faced directly across the street in block 7270, lot No. 14 by a motor vehicle repair shop; that in addition there are many non-conforming uses in the affected area as follows: block 7247, lot 320—public garage; block 7270, lot 10—storage of materials; block 7270, lot 8—garage; block 7271, lot 11—laundry; block 7279, lot 11—garage; that in addition, the elevated railroad due east of the site and within the affected area has the same effect on the site as a non-conforming use; and

WHEREAS, the applicant states that the site was owned for fourteen years by Rosari Canizzi and on January 23, 1956 the site was conveyed to Rosary Realty corporation, the present owners; that the former owner is sole owner of all of the stock in the Rosary Realty corporation and also is president of said corporation; and

WHEREAS, the applicant states that the present owner has held title to the property since January 23, 1956; that the assessed valuation of land is \$20,000 and of the building \$10,000 making a total of \$30,000; that the building was erected 1928; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received May 11, 1956", 5 sheets, *on condition* that all uses and buildings shall be removed from the premises except the existing building proposed to be reused as an accessory building; that the premises shall be levelled substantially to the grade of West 8th Street and Sheepshead Bay Road and shall be arranged as indicated on plans above cited; that there shall be no cellar under the existing building; that such building shall be rearranged as indicated on such plans without being increased in height or area; that pumps shall be of a low approved type, erected not nearer than fifteen feet to the street building line; that the number of gasoline storage tanks shall not exceed ten 550 approved tanks; that along the lot lines to the south and east where walls of adjoining buildings do not occur there shall be maintained a woven wire fence of the chain link type not less than 5 feet 6 inches in height, and to satisfy this requirement the existing fences may be continued if maintained in good condition and shall be not less than 5 feet 6 inches in height; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all temporary signs and roof signs but permitting the erection within the building line of one post standard, where shown, facing Sheepshead Bay Road, for advertising only the brand of gasoline on sale, and extending beyond the building line for a distance of not over four feet; that the plot where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to two curb cuts not over 30 feet in width to West 8th Street and to two curb cuts of similar width to

CORRECTIONS

Sheepshead Bay Road; and that all permits shall be obtained including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 22, 1957 after due notice by publication in the Bulletin; laid over to November 6, 1957, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Seabury Avenue and Commerce Street is in a retail and unrestricted use, D & A area and Class 1, 3 & 4 height district; Westchester Avenue is in a retail use, D area and Class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 4, 1957, acting on N.B. Applic. 53-57, reads:

"1. Proposed use of gasoline service station, lubritorium, office, sale of accessories, car wash, minor repairs with hand tools only, and parking and storage for more than five motor vehicles in a retail use district is contrary to Art. II, Sec. 4-A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot 222.92 feet frontage by 200.38 feet in depth, the Lexington Avenue elevated railway passes the property on Westchester Avenue, the property is surrounded by shops; junk yard, parking lot; across the street on Seabury Avenue there is a church with a very old cemetery; the majority uses around this property are non-conforming uses; that it is not desirable as an apartment house site, nor could this plot be good for stores as there is not enough population around to support stores; that the owner has an opportunity to develop this property with a 4 bay gasoline station and parking and storage of more than five motor vehicles; that Gulf Oil Corporation will assist this venture if your honorable Board considers granting a variance; that the owners will gladly conform to any conditions the Board may impose to enhance this plot; that it is now used for the parking and storage of more than five motor vehicles; that it is

proposed to erect a face brick service station with four bays, office, sales of accessories, car wash, minor repairs with hand tools and lubritorium; and

WHEREAS, the applicant contends that it also appears that this ground is fill and any other type building except a one story building would require piles or other very expensive foundations; and

WHEREAS, the applicant states that the present owner has held title to the property since April 7, 1956; that the assessed valuation of the land is \$79,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the erection within the existing plot, where shown, and as indicated on plans filed with this application marked "Received March 1, 1957," 4 sheets, the gasoline selling equipment and accessory building therefor as indicated on such plans *on condition* that such building and uses shall be located on the plot where indicated on such plans; that there shall be no cellar under the accessory building; that the accessory building shall be of the design and arrangement as indicated and shall be faced with face brick on all four sides; that pumps shall be of a low approved type, erected where shown, but no pump nearer than 15 feet to the street building line of Westchester Avenue; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the premises, as now occupied for parking and as proposed to be occupied for parking and gasoline service station as herein permitted; that where not occupied by accessory building and pumps the gasoline station area shall be paved with concrete or asphaltic pavement and the balance of the plot shall be suitably paved; that along the interior lot lines to the north, south and west there shall be erected a woven wire fence of the chain link type, on a masonry base, not less than 5 feet 6 inches in height; that along the street building line of Westchester Avenue there may be curb cuts as shown, totaling five, each approximately 30 feet in width, including splays, and one curb cut, where shown, on Seabury Avenue not over 20 feet in width within the first 25 feet from the intersection of Seabury Avenue with Westchester Avenue; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection at the building line to the north of one post standard for supporting a sign, which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 feet; that under Section 7i there may be minor repairing maintained in the accessory building only with hand tools for adjustments; that under Section 7h there may be the continuation of the parking of cars of the pleasure car type only on the premises but not including the open spaces required to prevent interference with the servicing of the gasoline station; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall require; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

**Correction—Address of premises affected corrected to read "2510-2530 Westchester Avenue," etc.*

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

RULES

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

RULE

RULE TO SUPPLEMENT SECTION 19-A OF THE ZONING RESOLUTION OF THE CITY OF NEW YORK AS ADOPTED BY THE BOARD, JULY 11, 1958, EFFECTIVE AUGUST 11, 1958

(385-58-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, subsection 2, of the New York City Charter and of Section 21 of the Zoning Resolution.

Purpose:

The purpose of this rule is to supplement the words in the above section which read as follows: ". . . aggregate gross floor area so used," as a basis for determining the number of off-street loading berths required under this section.

Rule 1.

"19-A. REQUIRED OFF-STREET LOADING BERTHS FOR NEW CONSTRUCTION, ENLARGEMENTS AND CONVERSIONS. Every building or part thereof hereafter constructed which is used, or arranged, intended or designed to be used, for any of the uses specified in the schedule below, and in which the aggregate gross floor area so used, arranged, intended or designed is greater than the minimum number of square feet of gross floor area specified for those uses in said schedule shall be provided with off-street loading berths in accordance with said schedule, under rules and regulations promulgated by the Commissioner of Housing and Buildings. For the purpose of this section, a group of buildings hereafter constructed under common ownership and located within a single block shall be considered a single building."

The words "aggregate gross floor area so used" contained in the first paragraph of this section shall be interpreted to mean the area of a building computed by measuring from the inside surface of the outer building walls. Building stairs, fire towers, elevator shafts, elevators and other public corridors, flue vents, stacks, pipe shafts, vertical ducts, toilets, air conditioning rooms, fan rooms, air ducts, janitors' closets, slop sinks, electrical closets, telephone closets with their enclosing walls shall be excluded. In computing such area or areas for the purpose of determining the number of off-street loading berths required under this section, walls, partitions, areas devoted to mechanical equipment, exits and similar areas, the use of which does not contribute to the regular shipments to or from the building, shall not be included.

COURT DECISION

In the Matter of Sarah I. Stadden, Petitioner against Hamilton
Macauley et al., Constituting the Board of Zoning Appeals of the
Incorporated Village of Massapequa Park, Respondents.

Supreme Court, Nassau County, November 28, 1956.

Zoning—variance—in seeking variance of area requirement not
necessary to show special hardship but merely practical difficulties—
refusal to grant area variance to build dwelling on 40 by 100 foot
plot unreasonable.

1. Petitioner in seeking a variance of an area requirement is not
required to show a special hardship but merely practical difficulties.

2. The property owner or a vendee may not be deprived of the
right to build a dwelling on the 40 by 100 foot plot merely because
the first has no intention of building and the second is purchasing the
property with knowledge of the area restrictions.

3. The refusal to grant the variance was unreasonable.

Percy C. Stoddart, J. Application granted. The petitioner in seek-
ing a variance of an area requirement is not required to show a
special hardship but merely practical difficulties (Matter of Village
of Bronxville v. Francis, 1 A D 2d 236, affd. 1 N. Y. 2d 839; see,
also, Matter of Corrado v. Griffin (N. Y. L. J., Dec. 4, 1956, p. 13,
col. 1), and Matter of Schaefer v. Griffin, N. Y. L. J., Dec. 4, 1956,
p. 12, col. 8). Here, the property owner or his vendee may not be
deprived of the right to build a dwelling on the 40 by 100 foot plot
merely because the first has no intention of building and the second
is purchasing the property with knowledge of the area restrictions
(Matter of 293 North Broadway Corp. v. Lange, 282 App. Div. 1056;
Matter of Hickox v. Griffin, 274 App. Div. 792). The determination
of the respondent board in refusing to grant the variance requested
was clearly unreasonable.

Settle order on notice.

Law Reports N. Y. — Oct. 15, 1958.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

OCTOBER 28, 1958, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, October 28, 1958, at 10 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:

906-55-BZ

APPLICANT—Simeon Heller, for Louis and Rhoda Appel, owners.

SUBJECT—Application November 14, 1955—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a G-1 area district, the erection of a second floor on an existing masonry extension to a two-story frame dwelling with less than the required distance from the rear lot line.

PREMISES AFFECTED—33-03 Parsons Boulevard, southeast corner of 33rd Avenue, Block 4982, Lot 16, Flushing, Borough of Queens.

Laid over from October 21, 1958, to October 28, 1958, for hearing; applicant to comply with requirements as to notice to owners in area of notification.

69-58-BZ

APPLICANT—Leonard F. Rothkrug, for Shenbro Realty Corp., owner; Sol Dwork, lessee.

SUBJECT—Application February 11, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the maintenance of one apartment on the ground floor of a multiple dwelling as a clinical laboratory for a term of ten (10) years.

PREMISES AFFECTED—1686 Grand Boulevard and Concourse, northeast corner of East 173rd Street, Block 2823, Lot 36, Borough of The Bronx.

234-58-BZ

APPLICANT—Charles L. Koester, for William Jesberger, owner

SUBJECT—Application April 16, 1958—decision of the Borough Superintendent, under sections 21 of the Zoning Resolution, to permit in a G-1 area district, the erection of a one family home with attached garage that encroaches on the required setback from the City mapped street.

PREMISES AFFECTED—222-04 101st Avenue, southeast corner of 222nd Street, Block 10795, Lot 28, Queens Village, Borough of Queens.

863-48-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Freda K. Berger, owner.

SUBJECT—Application reopened September 18, 1956 as Vol. II—decision of the Borough Superintendent, under sections 7e, 7h and 21 of the Zoning Resolution, to permit in a residence use, G-1 area district, the erection and maintenance of a gasoline service station, lubritorium, car wash, office and sales, storage, minor auto repairs with hand tools only, parking and storage of motor vehicles and less than the required 15 feet from the street line.

PREMISES AFFECTED—259-16 Union Turnpike, south side, from 259th to 260th Streets, 259-11 to 259-21 79th Avenue and 77-02 to 77-06 260th Street, Block 8676, Lot 1, Glen Oaks, Borough of Queens.

417-58-BZ

APPLICANT—Fred C. Dahlem, for Sidjack Realty Corp., owner.

SUBJECT—Application July 9, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for more than five (5) cars.

PREMISES AFFECTED—2333-2339 Cambreleng Avenue, west side, 109.14 feet south of Crescent Avenue, Block 3088, Lot 27, Borough of The Bronx.

513-46-BZ—Vol. II

APPLICANT—Nathan R. Ginsburg for Clymer Realty Company, owner, F.K.S. Upholstery Manufacturing Company, Inc., Lessee.

SUBJECT—Application reopened July 15, 1958 as Vol. II—decision of the Borough Superintendent under section 7e of the Zoning Resolution to permit in a residence use district, the change in use of the present building from repairing and storage of vending machines to the manufacture and storage of upholstered chair seats and backs and the storage of lumber and upholstering materials used for such manufacture.

PREMISES AFFECTED—166 Clymer Street, south side, 200 feet east of Bedford Avenue, Block 2173, Lot 17, Borough of Brooklyn.

CALENDAR

143-58-BZ

APPLICANT—Leonard F. Rothkrug, for Oneibern Realty Corp., owner.

SUBJECT—Application March 19, 1958—decision of the Borough Superintendent, under sections 7e, 7f, 7h and 7i of the Zoning Resolution, to permit partly in a retail and partly in a residence use district, the erection and maintenance of a gasoline service station, accessory motor vehicle repairs (hand tools only), lubritorium, car washing (non-automatic), office and sales and a parking lot all for a term of fifteen (15) years.

PREMISES AFFECTED—1590 Hutchinson River Parkway, southeast corner of Middleton Road and Appleton Avenue, Block 5386, Lots 1, 2, 3, 5, 6, 7 and 8, Borough of The Bronx.

195-58-BZ

APPLICANT—Burke, Greene and Groh, for Renato and Nino Catalana, owners.

SUBJECT—Application April 1, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a "G-1" area district, the change in occupancy of an existing two story dwelling from one family to a two family dwelling.

PREMISES AFFECTED—223-20 109th Avenue, south side, 180 feet east of 180th Street, Block 11205, Lot 44, Queens Village, Borough of Queens.

788-23-BZ—Vol. II

APPLICANT—James E. Vassalotti, for Gale Garage Corp., owner.

SUBJECT—Application reopened May 27, 1958 as Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, minor auto repairs, office and sales in addition to the present two story garage for more than five (5) motor vehicles.

PREMISES AFFECTED—653-661 St. Nicholas Avenue, west side, 372.5 feet north of West 141st Street, Block 2050, Lot 149, Borough of Manhattan.

282-58-BZ

APPLICANT—Mario A. Tucciarone, for Charles Chiofalo and James Viscardi, owners.

SUBJECT—Application May 7, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the present building to be used for manufacturing as permitted in a business use district.

PREMISES AFFECTED—93-08 95th Avenue, south side, 50 feet east of 93rd Street, Block 9036, Lot 3, Woodhaven, Borough of Queens.

186-58-BZ

APPLICANT—Burke, Green and Groh, for Thomas M. Quinn and Sons, Inc., and Albertine Knodel, owners.

SUBJECT—Application April 1, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, after demolition of the existing structure, the use of the vacant land for the parking and storage of more than five (5) motor vehicles for use in conjunction with the funeral home located on the opposite side of the street.

PREMISES AFFECTED—31-77 37th Street, east side, 125 feet north of Broadway, Block 657, Lots 10 and 11, Astoria, Borough of Queens.

91-41-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for Getty Realty Corporation, owner; Broadcast Associates, lessee.

SUBJECT—Application reopened June 17, 1958 as Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the increase in the number of broadcasting stations from one to two stations and extend the term of the variance, previously granted, for a term of five (5) years.

PREMISES AFFECTED—2-6 East 61st Street and 795-798 Fifth Avenue, southeast corner, Block 1375, Lot 67, Borough of Manhattan.

422-58-BZ

APPLICANT—Leonard F. Rothkrug, for Joseph Katz and Martin Barell, owners.

SUBJECT—Application July 15, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a business and residence use district, the extension of the existing patron's and employees' parking lot from the business use portion to the residence portion of the plot for a stated term of fifteen (15) years as accessory to a retail supermarket in the business use portion of the plot.

PREMISES AFFECTED—2532-2554 86th Street, south side, from Bay 40th to Bay 41st Street, 1-11 Bay 40th Street and 2-12 Bay 41st Street, Block 6868, Lots 37, 49, 50 and 51, Borough of Brooklyn.

256-45-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug, for Angelo, Sebastian and Guiseppe Rodolico and Vincenzo Bongiorno, owners; Aluminum Fabricators, Inc., lessee.

SUBJECT—Application reopened September 30, 1958 for consideration as to extension of time to complete—expired May 13, 1958—decision of the Borough Superintendent, previously granted on condition, under section 7e of the Zoning Resolution, permitting in a local retail and residence use district, the change in use from garage for more than five motor vehicles, to manufacturing and storage of aluminum building products for a term of ten (10) years.

PREMISES AFFECTED—1736 Pacific Street, south side, 75 feet of Utica Avenue, Block 1342, Lot 40, Borough of Brooklyn.

1070-47-BZ

APPLICANT—Skyline Collision Inc., lessee, for Josephine Stock, owner.

SUBJECT—Application reopened September 30, 1958 for consideration as to extension of time to complete—expired March 19, 1951 and to obtain Certificate of Occupancy—decision of the Borough Superintendent, previously granted on condition, under section 7i of the Zoning Resolution, permitting in a business use district, the change in occupancy from auto body painting, to auto body painting, body and fender repair work and welding and spraying.

PREMISES AFFECTED—389-391 4th Avenue and 266-274 6th Street, southeast corner, Block 993, Lot 7, Borough of Brooklyn.

703-56-BZ

APPLICANT—Gilbert Lazerus, for Barbara Ann Gropman and Norman Siegel, owners.

APPLICANT—Lama, Proskauer and Prober, for Rose Orzo, owner.

SUBJECT—Application April 7, 1958—decision of the Borough Superintendent, under sections 7f, 7i, and 7A of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station

with a two-story accessory building, the first floor will contain the conjunctive uses of lubritorium, car washing, minor repairs, office, salesroom and the use of the unbuilt upon portion for the parking of more than five (5) motor vehicles with business entrance and show windows within 75 feet of a residence use district and to use the second floor for offices, all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—950-958 Morris Park Avenue and 1740-1748 Bogart Avenue, southeast corner, Block 4096, Lots 1-4 inclusive, Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Marie A. Rossano, Paul A. Fino, Robert V. Sabatini, Minnie Rossano, Nancy Lomonaco, H. Rothenberg, Mrs. A. Rothenberg, Mrs. Gertrude Cain, Mrs. Rose Gruendal, Mrs. Josephine Rossi, Mrs. A. Baccei, Mrs. Carolina Moirano, Tom Lampone, Bernard Reilly, Mrs. M. F. Housen, Mrs. Veronica Zawistowski, Lillian Pozzuto, Frances E. Privitera, Carmela Reilly, Isanto Santoro, Biagio Santo, Achille DiCarluccio, Emilia Pallone and Harry Gries.

For Administration: John J. Saunders, B'd of Education.

ACTION OF BOARD—Laid over to November 12, 1958, at 10 A.M. for further inspection and decision; hearing closed.

223-58-BZ

APPLICANT—Fred C. Dahlem and Victor E. Block, for Yetta Git, owner.

SUBJECT—Application April 11, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, on a plot presently occupied with a two story dwelling and three car garage, the use of the unbuilt upon portion of the premises for a parking lot for the parking of more than five (5) motor vehicles.

PREMISES AFFECTED—1785 Walton Avenue, west side, 109.17 feet south of East 176th Street, Block 2850, Lot 56, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem, Yetta Git and Isadore Git.

For Opposition: Anna Elenberg.

ACTION OF BOARD—Laid over to November 5, 1958, at 10 A.M. for inspection and decision; hearing closed.

297-58-BZ

APPLICANT—Lama, Proskauer and Prober, for A. Joseph Fuchs, owner.

SUBJECT—Application May 13, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a retail and residence use, D, F and G-1 area district, the erection of a six (6) story and cellar multiple dwelling to exceed the permitted area coverage: exceed the allowable area at terrace and typical floor level and has a pedestrian exit and fire escape in the G-1 portion of the premises.

PREMISES AFFECTED—190-05 Hillside Avenue, north side, 95 feet west of 191st Street (mapped) and 100 feet west of 191st Street, Block 10499, Lot 75, Hollis, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Joseph F. Schleider.

For Opposition: Jan Mendelsohn, James Celiberti, Adolph Tellanio, Mariaane Almoslino, Thomas R. Onorato, Frederick W. Walter, Jr., Helena Sommer, Josephine Tellarico and Donald Noble.

ACTION OF BOARD—Laid over to November 5, 1958, at 10 A.M. for inspection and decision; applicant to submit measured drawings and a copy of the map of the Planning Commission, showing the zoning as last adopted; hearing closed.

393-58-BZ

APPLICANT—Joseph Trapani, for Commercial Hotel, Inc., owner.

MINUTES

SUBJECT—Application June 13, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in an E-1 area district, the erection of two (2) buildings on the one plot consisting of seven (7)-two story apartments units each with less than the required side and rear yards and parking facilities for units.

PREMISES AFFECTED—89-36 and 89-58 239th Street, west side, 92.8 feet north of Braddock Avenue, Block 7986, Lot 46, Bellerose, Borough of Queens.

APPEARANCES:

For Applicant: Joseph Trapani.

For Opposition: None.

ACTION OF BOARD—Taken off calendar and referred to examiner for setting of new date of hearing.

394-58-A

APPLICANT—Joseph Trapani, for Commercial Hotel, Inc., owner.

SUBJECT—Application June 13, 1958—filed pursuant to section 36 General City Law re—Buildings are not facing a legal street.

PREMISES AFFECTED—89-36 and 89-58 239th Street, west side, 92.8 feet north of Braddock Avenue, Block 7986, Lot 46, Borough of Queens.

APPEARANCES—

For Applicant: Joseph Trapani.

For Opposition: None.

ACTION OF BOARD—Taken off calendar and referred to examiner for setting of new date of hearing.

188-58-BZ

APPLICANT—Leonard F. Rothkrug, for Riverdale Realty Co., Inc., owner.

SUBJECT—Application March 26, 1958—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in an F-1 area district, the erection of one sixteen (16) story apartment house occupying a greater floor area than permitted.

PREMISES AFFECTED—4901 Henry Hudson Parkway West, southwest corner of West 249th Street, Block 3419, Lot 91, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Harry Habach.

For Opposition: Gilbert Kerlin, Ludwig I. Bono, Robert Morgenthau and Thomas Thacher.

ACTION OF BOARD—Laid over to October 22, 1958, at 10 A.M. for decision on question of continued hearing as to revised plans.

On October 22, 1958, the Board granted a continuation of the hearing in connection with revised plans, which are to be filed by the applicant, subject to the regular procedure, waiving the requirements, except a new decision of the Borough Superintendent, new plans and corrected list of owners, if necessary, and notice in accordance with regular procedure, registered mail, to affected property owners; Hearing date to be set by the Examiner after the material has been properly submitted.

THE VOTE OF OCTOBER 22, 1958—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

189-58-BZ

APPLICANT—Leonard F. Rothkrug, for Riverdale Realty Co., Inc., owner.

SUBJECT—Application March 26, 1958—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution to permit in an F-1 district, the erection of two twelve-story apartment houses occupying a greater floor area than permitted.

PREMISES AFFECTED—4675-4705 Henry Hudson Parkway, northwest corner of West 247th Street, Block 3419, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Harry Habach.

For Opposition: Gilbert Kerlin, Ludwig I. Bono, Robert Morgenthau and Thomas Thacher.

ACTION OF BOARD—Laid over to October 22, 1958, at 10 A.M. for decision on question of continued hearing as to revised plans.

On October 22, 1958, the Board granted a continuation of the hearing in connection with revised plans, which are to be filed by the applicant, subject to the regular procedure, waiving the requirements, except a new decision of the Borough Superintendent, new plans and corrected list of owners, if necessary, and notice in accordance with regular procedure, registered mail, to affected property owners; Hearing date to be set by the Examiner after the material has been properly submitted.

THE VOTE OF OCTOBER 22, 1958

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

136-56-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug, for Florence Meyer, owner.

SUBJECT—Application reopened January 21, 1958 as Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a retail drug store for a temporary period of twelve (12) years.

PREMISES AFFECTED—83-87 to 83-89A Woodhaven Boulevard, east side, 157.18 feet north of Park South, Block 8890, Lot 1, Glendale, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application withdrawn at the request of the owner through the applicant in view of the many objections.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Sleeper 3

Negative: 0

Absent: Vice Chairman Keating and Commissioner Foley 2

311-46-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Socony-Mobil Oil Co., owner.

SUBJECT—Application reopened May 20, 1958 as Vol. III—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business and residence use district, the maintenance of the existing gasoline service station, lubricatorium, auto laundry, minor auto repairs, office and sale of accessories, boiler room, dealer training room and storage and heater room and to change the use of that portion of the premises occupied as a used car sales lot to a parking lot for the parking and storage of more than five (5) motor vehicles and to relocate the pump islands, install new pumps and add one additional curb cut.

PREMISES AFFECTED—165-01 to 165-17 (165-01 official) Hillside Avenue and 87-45 to 87-53 165th Street, northeast corner, Block 9837, Lots 10 and 13, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 20, 1958 subject to regular procedure, to consider rearrangement; and

MINUTES

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 165th Street and 166th Street are in a business and residence use, C and F area, class 1 and class 1½ height districts; Hillside Avenue is in a business use, F area, class 1½ height district; Highland Avenue is in a residence use, C area, class 1 height district; that as of July 25, 1916 that part of the premises in the residence use district was in a class E area district and received the present class F area designation on May 11, 1923; and

WHEREAS, the decision of the Borough Superintendent, dated April 23, 1958 acting on Alt. Applic. No. 302-58, reads:

"1. Proposed extension of occupancy and the change of use of an existing gasoline service station, lubricatorium, auto laundry, minor repairs, office & sales of accessories, boiler room, dealers training room, storage, heater room, parking as an accessory to dealers training room, two car garage and sales & display of used cars only to—gasoline service station, lubricatorium, auto laundry, minor repairs, office & sales of accessories, boiler room, dealers training room, storage, heater room and parking and storage of motor vehicles on a plot located partly within a business use district and partly within a residence use district is contrary to Art. II Sect. 4 and Sect. 3 of the Zoning Resolution and is contrary to B.S.A. resolution Cal. #311-46-BZ and is hereby referred back to the Board for reconsideration."

and

WHEREAS, the applicant states that the premises consist of a plot, 184.6 feet frontage by 100.4 feet in depth, now developed with a gasoline service station consisting of three 1500 gallon gasoline tanks and four dispensing pumps; that the premises are also developed with an accessory building of class 3 construction, having a frontage of 109 feet and an irregular depth of 29 feet 9 inches, and now occupied as a lubricatorium, auto laundry, minor auto repairs, office and sales of accessories, boiler room, dealers training room, storage and heater room; that the open portion of the plot is now being used for parking as an accessory to dealers training room, sales and display of used cars only, and two car garage; that it is proposed to maintain the present legal uses of lubricatorium, auto laundry, minor auto repairs, office and sales of accessories, boiler room, dealers training room, storage and heater room; that it is further proposed to add the use of parking and storage of motor vehicles; that the four existing pumps will be replaced with four low approved type metal pumps starting 40 feet east of 165th Street, with a distance of 29 feet 6 inches between the new 14 foot pump islands; that the pumps will be set 10 feet in back of the Hillside Avenue building line as originally approved by the Board; that the total frontage for the gas station will be 184.60 feet on Hillside Avenue; that one additional 30 foot curb cut is proposed on Hillside Avenue; and

WHEREAS, the applicant states that the present legal use of gas station, lubricatorium, auto laundry, minor auto repairs, office and sales of accessories, boiler room, dealers training room, storage, heater room, parking as an accessory to dealers training room, were finally established under Alt. Applic. No. 825-55 and under Cal. No. 311-46-BZ; that Certificate of Occupancy No. 117219 was issued for the above uses; that the legal two car garage use was established under N.B. Applic. No. 2684-48 and Certificate of Occupancy No. 107566 was issued for said use; that the legal use of sales and display of used cars only was established under Applic. No. Cor. 1020, and Certificate of Occupancy No. 2483 was issued for this use; and

WHEREAS, the applicant contends that the addition of the large area for parking and storage of motor vehicles will help to alleviate the acute parking problem in the area, and the enlargement of the gas station will provide a better and more efficient service to the people of this community

and to the transit trade; that the proposed additional use of parking and storage of motor vehicles is permitted in the business use portion of the plot; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1, 1944 and June 25, 1957; that the assessed valuation of land is \$96,000 and of the building \$36,500 making a total of \$132,500; that the building was erected in 1946 and 1948; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which noted that the adjoining building is now used for the sale of used cars and the proposed use for subject property is parking; the committee recommended that the application be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 26, 1950, as thereafter amended by resolution adopted through April 10, 1956, by adding thereto:

"that in the event the owner desires to occupy the adjoining lot, No. 10, for the parking and storage of motor vehicles in place of the existing use of sale of used cars, such use may be permitted as an adjunct to the gasoline service station, but not as part thereof, on consideration that the plot shall be leveled substantially to the grade of hillside Avenue, surfaced with clean gravel or steam cinders treated with a binder and properly rolled; that on all lot lines there shall be erected a woven wire fence of the chain link type, not less than 5 feet, 6 inches in height on a masonry base, except where masonry walls of adjoining buildings occur and except that the fence on the lot line between this plot and the existing gasoline station may be removed to provide a vehicular entrance not over twenty feet in width between this proposed parking lot and the gasoline station; that the sidewalk and curbing abutting the premises on Hillside Avenue shall be repaired or constructed to the satisfaction of the Borough President; that the existing curb cut may be relocated as proposed, and widened to 30 feet in width and any portion of the existing curb cut not incorporated shall be filled with proper curbing; that signs shall be restricted to a permanent sign attached to the fence at the entrance, advertising the parking and storage use, the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed five square feet, shall not be illuminated nor extend beyond the building line; that suitable bumpers shall be maintained on all lot lines for protection to walls and fences; that where the grade of the lot at the rear is higher than the grade of Hillside Avenue, such portion shall be set off with a retaining wall and the highest portion maintained as proposed as a terrace for shrubbery and other suitable planting; that during the term of this variance the premises shall be occupied for no use than as herein permitted; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within six months from the date of this resolution."

707-48-BZ—Vol. II

APPLICANT—Joseph B. Lynch for Ribelle V. Perotto, owner, Esso Standard Oil Company, lessee.

SUBJECT—Application reopened June 17, 1958 as Vol. II—decision of the Borough Superintendent under section 7e and 7h of the Zoning Resolution, to permit in a residence use district at an existing gasoline service station previously granted by the board, an extension of the variance for an additional term of fifteen (15) years, the enlarging of the present accessory service bay, the additional uses of minor auto repairs with hand tools only for adjustments maintained solely within the accessory building and the parking of motor vehicles, it is also proposed to make minor changes to the curb cuts on Parsons Blvd. to install six (6) additional 550 gallon gasoline tanks for

MINUTES

a total of twelve such tanks and rearrange one gasoline pump island.

PREMISES AFFECTED—77-02 Parsons Boulevard, southwest corner 77th Avenue, Block 6812, Lot 39, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Joseph B. Lynch and Louis Heller.

For Opposition: None.

For Administration: John J. Saunders—Bd. of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 17, 1958 subject to regular procedure, to consider additional uses; and

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Parsons Boulevard, 77th Avenue 77th Road and 153rd Street are in a residence use, DD area, class ½ height district; that on July 25, 1916 the instant plot was zoned business use for a depth of 100 feet parallel to Parsons Boulevard, and also, both sides of Parsons Boulevard were in a business use district for a depth of 100 feet in 1916; that on September 18, 1947 the City Planning Commission adopted an amended resolution, rezoning the plot, as well as both sides of Parsons Boulevard, within the area of the radius diagram, from business to residence use; that D area was in effect on July 25, 1916 and same was changed to DD area on May 4, 1953; that there has been no change in the class 1 height district; that Section 7A of the Zone Law does not apply; and

WHEREAS, the decision of the Borough Superintendent, dated May 8, 1958 acting on Alt. Applic. No. 908-58, reads:

"1. The extension in area of an existing gasoline service station accessory building and the additional uses of minor auto repairs with hand tools only and the parking of motor vehicles in a residence use district is contrary to Art. II Section 3 of the Zoning Resolution and also contravenes Cal. No. 707-48-BZ of the Bd. of S&A.

2. Proposed re-arrangement of present curb cuts is contrary to Cal. No. 707-48-BZ, Bd. of S&A."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth; that it is proposed to enlarge the existing accessory building and provide for a one bay extension to the present accessory building, the installation of six additional 550 gallon gasoline tanks for a total of twelve such tanks, the rearrangement of one existing pump island, including pumps, and a minor change in the curb cuts on Parsons Boulevard, so that the northerly cut of 30 feet, including splays, will be 7 feet instead of 5 feet from the lot line of 77th Avenue as prolonged, and the 28 foot cut on 77th Avenue, including splays, to be 11 feet instead of 5 feet from the lot line of Parsons Boulevard as extended; that it is also proposed to include the additional uses of minor auto repairs with hand tools only for adjustments, maintained solely within the accessory building, and the parking of motor vehicles awaiting service, all for a term of fifteen years from the date of the amended action; that there will be no change in the metes and bounds of the plot; and

WHEREAS, the applicant states that the existing gasoline service station, on a plot 100 feet by 100 feet, was subject to conditional variance granted by the Board on February 15, 1949 under Section 7c, for a term of ten years, under Cal. No. 707-48-BZ; that this variance expires on February 15, 1959, as does Certificate of Occupancy No. J64709; that the variance of February 15, 1949 permitted a gasoline service station, lubritorium and auto laundry; that

the grant by the Board, of February 15, 1949, as amended by Resolution adopted March 8, 1949, was subject to a Certiorari writ brought by the Northcrest Gardens Corporation against the Board; that the action was brought in Supreme Court, Special Term, Part I, before M. Justice Stoddart; that the Certiorari petition was dismissed and the Board's determination affirmed—New Lork Law Journal October 3, 1949; that no appeal was taken from the decision of the Supreme Court; that it is to be noted that the Northcrest Gardens Corporation is no longer owner of any property deemed within the affected area; and

WHEREAS, the applicant further states that as included in Vol. I of this application, the existing site, 100 feet by 100 feet, was part of a larger parcel which covered the entire frontage on the west side of Parsons Boulevard between 77th Avenue and 77th Road; that this huge parcel has been reapportioned in the Tax Department and the instant plot is now known as lot No. 39; that the balance of the plot, still under the same family ownership and identified as lot No. 44, is not included in this application; that Esso Standard Oil Company now holds a long term lease on this going gasoline service station; and

WHEREAS, the applicant also states that diagonally opposite the instant plot, in block 6826, lot No. 1, there now exists a public school playground and Junior High School No. 168; that the present gas station was permitted in a residence use district on a variance from the Board in Resolution adopted February 15, 1949 under Cal. No. 707-48-BZ and Cal. No. 836-48-A; that at this time the Board found that the gas station, on a portion of the plot which was established prior to effective zoning on June 15, 1925, was a permissible use in a business use district and that there has been no permanent abandonment of this use as a gas station, and for further particulars covering the vested right of the gas station use, prior to the amendment in 1925 prohibiting this use in a business use district, reference is made to statement of facts and digest of Vol. I; that the present station was erected in 1950, after Court action, and Certificate of Occupancy No. Q64709 was issued on June 30, 1950; that at the time of completion of the service station, the school and school playground had not been selected or designated for the aforementioned site; that the Junior High School was opened 1952-53 and the school playground in 1956; that pursuant to Section 21A, it is felt that there is no contravention of this section of the Zoning Resolution; that as shown on the 21A diagram, the entrance gates to the playground are more than 200 feet from the existing curb cuts, as slightly altered or rearranged, of two 30 foot cuts, including splays, on Parsons Boulevard and one 28 foot cut, including splays, on 77th Avenue; that the entrance gates to the Junior High School are more than 287 feet from the gas station; that there is no connection between the playground and the school, and as a matter of fact, the level of the playground is about four feet higher than the school yard; that accordingly, there is no entrance to, or exit from the present gas station on the same street between the same intersecting streets, nor within 200 feet measured along the usual line of street travel from any entrance to, or exit from the public school playground or Junior High School located in block 6826, lot 1—all in accordance with Section 21A of the Zoning Resolution; that existing conditions indicate the present gas station substantially in accordance with Resolution adopted on February 15, 1949, as amended through April 25, 1950 and known as Cal. No. 707-48-BZ, Vol. I; and

WHEREAS, the applicant contends that the increase in new homes and developments, together with the vast number of automobiles, makes it necessary to enlarge the accessory building to the usual three service bays and the increasing of the gasoline storage system to twelve tanks; that the Board has recently approved an extension and reconstruction of the service station at the northeast corner of Parsons Boulevard and 75th Avenue, under Cal. No. 584-56-BZ; that in addition, zoning variances have been granted for the Socony station at the southeast corner of Parsons Boulevard and 75th Avenue under Cal. No. 247-54-BZ; that the Gulf station at the northeast corner of Parsons Boulevard

MINUTES

and Union Turnpike under Cal. No. 802-46-BZ and the Sinclair station at the northwest corner of Parsons Boulevard and Union Turnpike under Cal. No. 321-20-BZ; and

WHEREAS, the applicant states that the present owner has held title to the property since March 4, 1949; that the assessed valuation of land is \$32,000 and of the building \$18,000 making a total of \$50,000; that the building was erected in 1949; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the changes proposed should be permitted and that requirements be made to overcome as far as possible the objections to the maintenance as voiced by adjacent owners.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 15, 1949, as thereafter amended by resolutions adopted through April 25, 1950 by adding thereto:

"that in the event the owner desires to increase the size of the accessory building by a new addition to the south and to change the size of the curb cuts to Parsons Boulevard and to add six 550 gallon approved gasoline storage tanks, making a total of twelve such tanks, and other minor changes now proposed and indicated on plans filed with this application marked "Received May 27, 1958", 3 sheets, and "September 4, 1958", 3 sheets, such changes may be made *on condition* that in all other respects the resolution above referred to shall be complied with; that the balance of the premises under the same ownership shall not be used for any use not permitted in a residential use district and in no event for any use not permitted by the Board in connection with this 100 feet by 100 feet gasoline service station under lease to the Esso Standard Oil Company and to effectuate this there shall be erected on the lot from the one hundred foot gasoline service station area to the rear line of the premises to the west a woven wire fence of the chain link type on a masonry base one foot in height to a total height of five feet six inches in height with no openings therein; that a suitable fence shall be maintained along the building line of Parsons Boulevard from the gas station to 77th Road and along 77th Road to the rear lot line; that there shall be no sale of any product other than as herein permitted as covered by the words, "gasoline service station and legal accessory thereto"; that there may be under Section 7e, for a similar term, minor auto repairs with hand tools only for adjustments maintained solely within the accessory building for adjustments; that the term of the variance expiring on February 15, 1959 may be extended for an additional term of fifteen years from such date *on condition* that the terms of this resolution shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

884-51-BZ—Vol. II

APPLICANT—Dominick Salvati and Son, for Pasquale Palagano, owner.

SUBJECT—Application reopened July 23, 1957 as Vol. II—re decision of the Borough Superintendent under section 7h of the Zoning Resolution, to permit in a residence use district the extension of the present parking lot to include adjacent lot 17.

PREMISES AFFECTED—1818-1830 Bergen Street, south side, 125 feet east of Ralph Avenue, Block 1451, Lots 14 and 17, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leon Komondorea.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 23, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 height district; Bergen Street and St. Marks Avenue are in residence, local retail and business use, C area, class 1 height districts; Ralph Avenue is in a local retail use, C area, class 1 height district; Howard Avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 5, 1957 acting on Alt. Applic. No. 164-57, reads:

"1. Proposed parking lot for motor vehicles in residence use district is contrary to Art. II Sec. 3 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 135 feet frontage by 127 feet 9½ inches in depth; that it is proposed to increase the area of an existing day and night parking lot for more than five motor vehicles, previously approved by the Board; that the lot would be increased 60 feet on Bergen Street, which has already been included in the 135 foot frontage; and

WHEREAS, the applicant states that the parking lot has been in operation in accordance with the recommendations set forth by the Board on December 28, 1951; that this has greatly helped to alleviate the parking situation in the vicinity, but the problem of parking still prevails; that due to the demand for more parking space, the owner purchased the 60 foot parcel adjoining his parking lot; that the overflow of parking on the new parcel helped further to mitigate the bumper to bumper parking of cars in the street; and

WHEREAS, the applicant contends that the variance for the existing parking lot expires on June 22, 1959, and it is requested that said variance now be extended for a period of five years for the parcel mentioned herein, so that the variance on both parcels will expire simultaneously; and

WHEREAS, the applicant states that the present owner has held title to the property since May, 1947 and that the assessed valuation of land is \$11,100; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 1, 1952, as thereafter amended by resolutions adopted through June 22, 1954 by adding thereto:

"that in the event the owner desires to increase the parking lot by the addition of the adjoining lot, No. 17, as shown on plans filed with this application marked "Received July 3, 1957", 1 sheet and "August 29, 1958", 3 sheets, such extension may be permitted *on condition* that the requirements of the resolution above cited shall be complied with as to fencing and surfacing of such lot No. 17, so that Lot 14 and Lot 17 may be operated together; that the fence on the easterly lot line of Lot 14 may be partially removed so as to permit communication between the two lots; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

25-58-BZ

APPLICANT—Patrick D. Concagh, for Ivy Herbst, owner.

SUBJECT—Application January 24, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of two class I structures to be used for a battery of 40 single individual one car garages with one curb cut 129' 0" on Teller Ave.

PREMISES AFFECTED—1192-1200 Teller Avenue, southeast corner of East 168th Street, Block 2430, Lot 22, Borough of The Bronx.

ert, Commissioner Foley and Commissioner Sleeper 4

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; applicant to file additional plan showing school and playground entrances and exits on all streets; and for the Board of Education to report as to conditions of the school after hours and information as to the number of children from kindergarten to sixth grade; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and East 168th Street are in a residence use, B area, class 1¼ height district; Teller Avenue and Clay Avenue are in residence and business use, B area, class 1¼ height districts; East 167th Street are in a business use, B area, class 1¼ height district; that these designations go back to 1916 without change and there is no petition pending for any change in zone; and

WHEREAS, the decision of the Borough Superintendent, dated December 27, 1957 acting on N.B. Applic. No. 1522-57, reads:

"1. The proposed 40 one-car garages in a Residential use district is contrary to Article II Sec. 3 of the Zoning Resolutions.

2. The proposed curb cut for commercial purposes in a residential use district is contrary to Sec. 3 of the Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage by 73.49 feet in depth, irregular; that this plot was recently carved out of a larger plot of vacant land which extends southward from the southeast corner of Teller Avenue and East 168th Street, a distance of 564 feet; that this larger plot was bought by the present owner from the City of New York on May 22, 1957 at auction, during a delinquency tax sale; that subsequent to the sale, the owner carved out the present site, which is now tentatively indicated on the Tax Maps as lot No. 22; that the balance of the plot is known as lot No. 5; that lot No. 22 is not, as yet, separately assessed; that the assessment levied is against the entire plot of 564 foot frontage; that it is proposed to construct upon the site two, class one structures; that one of these structures will be erected upon the front of the plot and will consist of two stories, one above and one below grade, and the other will be erected upon the rear and consist of one story; that each structure will be divided into a number of individual spaces, separated by partitions, for use as single, one-car garages; that the upper story of the front structure will have 13 such spaces opening directly at grade on Teller Avenue, and the lower story of this structure will also have 13 such spaces opening towards the center of the plot; that the building at the rear will have 14 such spaces, also opening towards the center of the plot; and

WHEREAS, the applicant states that there is a sharp difference in grade between the front and the rear of the plot, being approximately 12 feet at the site and varying to about 18 feet further south, and except for the existence of an old abandoned masonry retaining wall, which occurs along the rear lot line, the difference would be much greater; that this wall starts at the level of the yards of the properties adjoining at the rear and rises to a point approximately at a level with the fourth story; that adjoining the site at the north, which is apparently a continuation of East 168th Street, there is a flight of stairs which connects Teller and Clay Avenues; that these stairs consist of over 90

steps and 6 intermediate landing platforms; that the plot is enclosed with a six foot woven wire fence which occurs along the front of the plot and along the northerly lot line; that the surrounding area is developed for the most part with residential uses, five-story apartment buildings predominating; that Public School No. 53 occupies the block front on East 168th Street, between Teller and Findlay Avenues, and adjoining this school on the south, on lot No. 45, there is a home for the aged and infirm conducted by the Daughters of Jacob; that East 167th Street is the shopping center for the area; and

WHEREAS, the applicant further states that a survey of the records of the Department of Buildings shows that an attempt was made in 1909-1910 to develop the plot with an apartment building; that N.B. Applic. No. 1107-1909 was filed on lot 25, block 2430, which location was described as Teller Avenue, east side, 37 feet south of East 168th Street; that this is part of the present site; that the record also indicates that the construction of the foundation walls was started on February 7, 1910, and a special report by the district inspector stated that "The concrete arches for the first tier are being improperly constructed"; that it may reasonably be assumed from these entries that an attempt was made 48 years ago to develop this plot for a conforming use and that because of the difficulty of financing such a project, the effort failed; that in June of 1914, a notation in the records indicated the job was abandoned; that there is no other record on file which would indicate anything was ever done afterwards to improve this plot and it has remained vacant and unimproved ever since; that the present site, as well as the balance of lot No. 5 was acquired by the City of New York through foreclosure of a tax lien in 1950; that the property was delinquent in the payment of taxes for several years prior to 1950; that during all that time, no one has ever bothered to file a plan to improve the plot or put it into some protective use in order that it could yield some revenue and help pay taxes; that the present owner is presenting the only practical plan to improve this plot and return it once more to the City's tax rolls; that the owner has paid the City the sum of \$15,500 as the purchase price for this entire strip of vacant land, that is, the 564 foot frontage, and he is now ready, willing and able, upon favorable consideration by the Board, to undertake the additional cost of construction, as proposed in this application; and

WHEREAS, the applicant contends that a grant of this application will not adversely affect any property within this area, since the structures will consist of a series of individual one-car garages, separated by partitions; that this proposal is not for an open public garage where cars are parked in close proximity and the sum total of their exhausts of gases and fumes would tend to create a nuisance; that this method of parking and storage of motor vehicles is considerably less objectionable than open air parking; that there will be no sales of automobile products, gasoline or oil upon the premises, and each car owner will have his or her own key to a rented space; that a grant will be in harmony with the general purposes and intent of the Zoning Resolution and will be in keeping with the area surrounding the site, in that it will provide a much needed service for the large residential community in this neighborhood, and will also help relieve the traffic problem on the streets by providing off-street parking facilities; and

WHEREAS, the applicant states that the present owner has held title to the property since May 22, 1957 and that the assessed valuation of land is \$14,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 1522-57, Objection No. One be and it hereby is affirmed and that the application be and it hereby is denied.

APPLICANT—Burke, Green and Groh, for Susan Schott, owner; Joseph Heverin, lessee.

SUBJECT—Application March 4, 1958—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business and unrestricted district, on the business portion of the premises, the installation of gasoline tanks and pumps and the maintenance of a gasoline service station, office and sales, storage, car wash, lubritorium and open parking for more than five motor vehicles awaiting to be serviced, the proposed accessory uses will be in the existing garage building.

PREMISES AFFECTED—123-05 28th Avenue, northeast corner of 123rd Street, Block 4294, Lot 1, College Point, Borough of Queens.

APPEARANCES—

For Applicant: Robert Groh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 28th Avenue are in business and unrestricted use, C area, class 1 height districts; 123rd Street and 124th Street are in business, unrestricted and residence use, C area, class 1 height districts; 26th Avenue is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 3, 1958 acting on amendment to N.B. Applic. No. 2611-56, reads:

"1. The proposed occupancy of the premises as a gasoline service station, office and sales, storage, car wash and minor repairs, lubritorium and open parking for more than five motor vehicles awaiting to be serviced in the business portion of a lot zoned partly for business and partly unrestricted is contrary to Art. II Sec. 4 of Zoning Resolution.

2. Proposed ground sign is contrary to Art. II Sec. 4 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 110 feet frontage by 194.73 feet in depth, improved with a concrete block garage 50 feet by 101 feet in size; that said property is under lease to Joseph Heverin for a period of ten years; that in the unrestricted portion of the property, there are now two existing gas pumps; that there has been no certificate of occupancy issued for this building as the same has been held up by the Department of Buildings, dependent upon the outcome of this application; that it is proposed to construct, on the business portion of the lot, a concrete island containing two gasoline pumps and fourteen 550 gallon gasoline tanks and one accessory gas pump, all shown on the vacant portion of the business property on plans submitted with this application; that it is also proposed to construct one gasoline pump on a concrete island within the interior of the garage to service cars under repair; that it is also proposed to erect two post standards and signs, one on the northeast corner of 28th Avenue and 123rd Street, which is the usual post standard and sign, and will be set on a 12 inch high concrete island; that the second post standard and sign shall be erected on the northerly property line located on the east side of 123rd Street and shall be mounted on a 12 inch high concrete island; that the curb cuts are to remain as shown on the existing conditions, with the exception of the curb cut located on the northeast corner of 28th Avenue and 123rd

Street, which it is proposed to enlarge from the present 8 feet to 23 feet; and

WHEREAS, the applicant contends that the line of zoning bisects this property at an angle, with approximately 75% being in the unrestricted use area and 25% in the business use area; that the surrounding uses of this property are almost entirely unrestricted and the granting of this variance would in no way be offensive to any business located in the area; and

WHEREAS, the applicant states that the present owner has held title to the property since November 20, 1957; that the assessed valuation of land is \$10,000 and of the building \$28,000 making a total of \$38,000; that the building was erected in 1957; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the open space to the west of the existing garage building to be maintained as a gasoline selling area in connection with such garage substantially as proposed and as indicated on plans filed with this application marked "Received March 4, 1958", 5 sheets *on condition* that all uses now on such portion of the premises shall be removed and the premises shall be leveled substantially to the grade of 123rd Street and 28th Avenue and shall be surfaced with concrete or asphaltic pavement and shall be constructed and maintained as indicated on such plans; that the sidewalk and curbing abutting the premises on both streets shall be constructed or repaired to the satisfaction of the Borough President and no additional curb cuts shall be installed other than those now existing on such plans; that at the intersection between 28th Avenue and 123rd Street there shall be a block of concrete extending for a distance of not less than five feet along either street line from the intersection and not less than twelve inches in height; that signs shall be restricted to permanent signs attached to the facade of the garage facing west and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection of one post standard within the intersection for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to have two leaves each extending beyond the building line for a distance of not more than four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the balance of the plot in the unrestricted use district shall be maintained in accordance with the approval therefor; that a Certificate of Occupancy shall be obtained for the complete plot having a frontage of approximately 183 feet on 28th Avenue and 105 feet on 123rd and 124th Streets; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, West 166th Street and West 165th Street are in local retail and residence use, B area, class 1¼ height districts; Ogden Avenue is in a local retail use, B area, class 1¼ height district; Summit Avenue is in a residence use, B area, class 1¼ height district; that as of July 25, 1916 the portion of the property within 100 feet of Ogden Avenue and the portion within 100 feet of West 165th Street was zoned as a business use district and the remainder was zoned as a residence district; that on May 20, 1952 the present use pattern became effective; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated March 7, 1958 acting on Alt. Applic. No. 1055-57, reads:

"1. The proposed use of the lot as a parking lot for more than five motor vehicles in a local retail and residential use district is contrary to Art. II Sec. 4c and Sec. 3 of the Zoning Resolution.

2. The conversion of a garage from accessory use to commercial use in a residential zone is contrary to Art. II Sec. 3 of the Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 115 feet in depth; that the former frame dwelling that was erected on the plot was so deteriorated that it was demolished under Permit No. 144-57; that in 1923, two Certificates of Occupancy were issued for garages—one for a three car commercial garage and another for a one car garage; that in 1924 another Certificate of Occupancy was issued and this was for an additional one car garage; that during the intervening years one garage space has been eliminated and there now exists on the site one four car metal garage; that it is proposed to use the vacant land in front of the garages for the parking and storage of more than five motor vehicles; that the site will be adequately fenced, illuminated, surfaced, etc. and substantial bumpers shall be placed at all interior lot lines; that the proposed lot will be made to conform in all respects to the rules of the Department of Buildings relating to the use of vacant land for the parking and storage of more than five motor vehicles; and

WHEREAS, the applicant contends that the variation herein sought will not detract esthetically from the neighborhood, but only allow the owner to fully utilize his property for the use to which it is best suited; that the erection of a store building on this site would be imprudent as the area could not adequately support it; that on the other hand there exists an urgent need for additional off street parking facilities in this area to accommodate the residents living in apartment houses constructed without parking facilities; that the neighborhood is subject to the alternate side of the street parking regulations which are rigidly enforced, and which only adds to the dire need for additional off street parking areas at a fee which these people can afford; that the lot will be leased to parkers on a monthly basis only and will not endanger pedestrian traffic; and

WHEREAS, the applicant states that the present owner has held title to the property since July 31, 1957; that the assessed valuation of land is \$12,000 and of the building \$3,500 making

a total of \$15,500; that the building was erected in 1923; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles of the pleasure car type only, in addition to the storage of four cars in the existing garages formerly accessory to a residence building which has been removed, on condition that the premises shall be leveled substantially to the grade of Ogden Avenue, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines where masonry walls of adjoining buildings do not occur, a woven wire fence of the chain link type, not less than five feet, six inches in height, with no openings therein except one to Ogden Avenue, not exceeding ten feet in width, with curb cut opposite not exceeding 12 feet in width; that such opening shall be fitted with gates which shall remain closed when the parking lot is not in operation; that curbing and sidewalks on Ogden Avenue shall be repaired or constructed to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that suitable bumpers shall be maintained against fences and walls for protection thereof; that signs shall be restricted to one sign attached to the fence near the entrance, advertising the parking and storage use, rates charged and such other information as the Commissioner of Licenses may require; that such sign shall not exceed five square feet, shall not be illuminated or extend beyond the building line; that during the term of this variance the premises shall be occupied for no other use than that herein permitted; and that all permits required shall be obtained and all work completed within six months from the date of this resolution.

152-58-BZ

APPLICANT—Lucien David, for Fred H. Hill, owner.

SUBJECT—Application March 21, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business and residence use district, the change in use of an existing four-story and basement building, from church and mission rooms, recreation rooms and offices to business offices and showrooms.

PREMISES AFFECTED—342-344 East 63rd Street, south side, 80 feet west of 1st Avenue and 1147 1st Avenue, west side, 25 feet, 5 inches south of East 63rd Street, Block 1437, Lot 29, Borough of Manhattan.

APPEARANCES—

For Applicant: Lucien David.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 7, 1958, after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 63rd Street and East 62nd Street are in residence and business use, B areas, class 1½ and class 2 height districts; First Avenue is in a business use, B area, class 2 height district; Second Avenue is in a retail use, B area, class 1½ height district; that as of July 25, 1916 the entire area of the site under consideration

MINUTES

was in an unrestricted use district; that on February 7, 1929 the area located within 100 feet west of First Avenue was changed to business use and the remaining portion was maintained unrestricted; that on October 9, 1947 the unrestricted portion was changed to residence use; that there has been no change in area and height zoning since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated February 28, 1958 acting on Alt. Applic. No. 251-58, reads:

"1. Proposal to change the use of subject bldg., located partly in a Business Use District and partly in a Residence Use District, from church rooms, mission rooms (a public use) to offices and showrooms (a commercial use) is contrary to Art. II Sect. 3 of the Zon. Resol."

and

WHEREAS, the applicant states that the premises consist of a plot, 45 feet and 25 feet frontage by 100.5 feet and 80 feet in depth, upon which there is an existing building of fireproof construction, consisting of masonry bearing walls, steel beams, concrete arches, terra-cotta block partitions, steel stairs with slate treads and closed steel risers; that it is proposed to use the premises for business—offices and showrooms—and to remove all existing interior partitions, except stair enclosures, which consist of 4 inch thick terra-cotta blocks plastered both sides; that it is also proposed to have new openings in the stair enclosure, to be equipped with fireproof, self-closing doors in compliance with the requirements of the Building Code; that all fixtures such as toilets, kitchen equipment, etc., incidental to the present use, will be removed and new toilet facilities installed where shown on the drawings, in compliance with requirements of the Building Code; and

WHEREAS, the applicant states that the site under consideration has a total area of 6,518 square feet, of which 4,008 square feet are located in a business use district and 2,510 square feet in a residence use district; that at first floor level, the total area of the building is 5,900 square feet, of which 3,690 are located in a business use district and 2,210 in a residence use district; that the present use, which has been maintained since the erection of the building in 1894, consists of facilities for church activities, including church rooms, offices, recreation rooms and apartments on the fourth floor used as the residence of the minister, and as a janitor's apartment; that block 1438, at the north side of East 63rd Street, has business uses in areas 100 feet west of First Avenue and 100 feet east of Second Avenue; that there is manufacturing in the remaining area opposite the residence use area of block 1437; and

WHEREAS, the applicant states that the present owner has held title to the property since November 7, 1957; that the assessed valuation of land is \$52,000 and of the building \$40,000 making a total of \$92,000; that the building was erected in 1893 and 1894; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the existing building to be remodeled and used for business offices and showrooms and for no other use, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

153-58-A

APPLICANT—Lucien David, for Fred H. Hill, owner.

SUBJECT—Application March 21, 1958—Appeal from a decision of the Borough Superintendent, re winders in required stairway.

PREMISES AFFECTED—342-344 East 63rd Street, south side, 80 feet west of 1st Avenue and 1147 1st Avenue, west side, 25 feet, 5 inches south of East 63rd Street, Block 1437, Lot 29, Borough of Manhattan.

APPEARANCES—

For Applicant: Lucien David.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert,

Commissioner Foley and Commissioner Sleeper..... 4

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 28, 1958, on Alt. Applic. 251/56, reads:

"2. Winders in a required stairway are contrary to 6.4.1.4.B.C."

and

WHEREAS, the applicant states that the building is 4 stories and basement, 58 feet 9 inches and 61 feet in height, 45 feet front on East 63rd Street and 25 feet front on 1st Avenue, of class 1 construction, erected 1894, located in a business and residence use, B area, class 1½ and 2 height districts, and used and occupied since 1894 as follows: Cellar and basement—recreation, boiler room and superintendent's office; 1st floor—lecture hall and church room; 2nd floor—church rooms and offices; 3rd floor—recreation and offices; 4th floor—minister and janitor apartments, for which no certificate of occupancy has been issued; that the building is now proposed to be used and occupied as follows: basement—offices, showrooms, storage room, boiler room and superintendent's office, 30 persons; 1st floor—offices and showrooms, 50 persons; 2nd floor—offices and showrooms, 50 persons; 3rd floor—offices and showrooms, 50 persons; 4th floor—offices, 30 persons; that the building is provided with two interior steel frame stairs with slate treads, 34 inches to 53 inches in width, enclosed in 4 inch terra cotta blocks, plastered both sides, equipped with fireproof self closing doors, and extending from roof bulkhead direct to street; and

WHEREAS, the applicant contends that the winders which occur at both east and west stairs from 2nd floor to roof, do not create a dangerous condition as the width of the treads permits a continuous smooth passage; that the elimination of the winders could be achieved only by removing the existing stairs and constructing new stairs, which would necessitate reframing of the floor structure in the adjoining areas and create a hardship to the owner; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board in connection with the Building Zone application and the Committee recommended that the appeal should not be granted recommending that new stairways without winders is a requirement that should be complied with.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 251/58, Objection No. 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 246th Street, 247th Street, Hillside Avenue and 85th Avenue are in a residence use, G-1 area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 5, 1958 acting on Alt. Applic. No. 2569-57, reads:

"1. The proposed occupancy to include a laboratory in cellar of a dwelling in a Residence Use District is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 100 feet in depth, occupied as a one family frame dwelling; that it is proposed to utilize a portion of the cellar of the building as a non-public medical laboratory, under the approval of the New York City Department of Health; that the work will consist of blood counts, urinalysis and microscopic studies, as an adjunct to diagnosis and therapy by neighborhood physicians; and

WHEREAS, the applicant states that the laboratory will be operated only by him; that he resides with his family on the premises and that he is a Clinical Laboratory Director holding an approval granted by the New York City Department of Health; and

WHEREAS, the applicant contends that a grant of this application will not affect the health or safety of the occupants of the house and neighborhood; that no hazards, odors or use of animals, are required in the operation of this service; that this is a normal accessory use common to physicians who practice in their own dwellings or apartments; and

WHEREAS, the applicant further contends that the purpose of this laboratory will be to serve the needs of the sick in a simple manner through the medical profession in the community; that all work will be collected by him directly from the physician's office or through bedside visits at the patient's home; that this use will not be of a public nature and will in no way interfere with or adversely affect the surrounding community; and

WHEREAS, the applicant states that the present owner has held title to the property since November 8, 1952; that the assessed valuation of land is \$3,350 and of the building \$5,950 making a total of \$9,300; that the building was erected in October, 1952; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted as a private laboratory and not as a business and to be operated only by the owner; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years to permit the proposed use of a room in the cellar for a personal bio-analytical laboratory of the owner, a bio-analyst residing in the building, *on condition* that the premises shall be maintained as proposed and as indicated on plans filed with this application marked "Received March 26, 1958", 5 sheets, and "August 21, 1958", one sheet; that the building and occupancy shall in all other respects comply with all laws, rules and regulations applicable thereto; that no sign shall be maintained on the front of

the building but a directional sign may be maintained not over one square foot in area on the pathway leading through the sideyard to the basement door; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and a Certificate of Occupancy shall be obtained.

164-58-A

APPLICANT—Jacob John Gibson, owner.

SUBJECT—Application March 26, 1958—Appeal from a decision of the Borough Superintendent re cellar occupancy as Laboratory—Frame Building.

PREMISES AFFECTED—84-13 246th Street, east side, 100 feet south of Hillside Avenue, Block 8600, Lot 61, Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: John Jacob Gibson.

For Opposition: None.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper..... 4

Negative: 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 5, 1958 on Alt. Applic. 2569/57, reads:

"2. The use of the cellar as a laboratory in a frame structure is contrary to 4.1.3 (5a) Bldg. Code."

and

WHEREAS, the applicant states that the building is 1 story, 18 feet in height, 26 feet 6 inches by 45 feet 4 inches in area, class 4 construction, erected 1952, located on a lot 40 feet front by 100 feet in depth, in a residence use, G-1 area, class ½ height district, and used and occupied since 1952 as follows: Cellar—boiler room, storage and laundry; 1st floor—dwelling, 1 family; that it is proposed to be used and occupied; cellar—laboratory, storage, boiler room and laundry; 1st floor—dwelling, 1 family; and

WHEREAS, the applicant states that it is proposed to utilize the portion of the cellar as a non-public medical laboratory, under the supervision of New York City Department of Health; that the laboratory work will consist of blood counts, urinalysis and microscopic studies, as an adjunct to diagnosis and therapy by neighborhood physicians; and

WHEREAS, the applicant contends that the laboratory will serve the needs of the sick through the medical profession in the community; that all work will be collected by the applicant directly from the physician's office or through bedside visits at the patient's home; that the use will not be of a public nature and will in no way interfere with or adversely affect the surrounding community; that the applicant resides on the premises with his family and therefore would exert utmost control and supervision of the proposed use; that the proposed use is a normal accessory use to medical offices of many physicians who practice in their own residence; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated March 5, 1958, acting on Alt. Applic. 2569-57, Objection No. 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted this day under Cal. No. 163-58-BZ shall be complied with; and that the building shall not be increased in height or area.

244-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Leonard and Edward Sessa, owners.

SUBJECT—Application April 8, 1958—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a business use district, the maintenance of a free standing sign on top of the existing marquee formerly used for a motion picture theatre and

MINUTES

now being altered for a catering establishment, the sign extends more than 18 inches beyond the building line.

PREMISES AFFECTED—175-02 to 175-14 Jamaica Avenue and 92-05 to 92-17 175th Street, southeast corner, Block 10215, Lot 1, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper. 4

Negative: 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Jamaica Avenue are in a business use, C area, class 1½ height district; 175th Street and 176th Street are in business and residence use, C area, class 1½ height districts; 93rd Avenue is in a residence use, C area, class 1½ height district; that as of July 25, 1916 that part of the premises within 100 feet of Jamaica Avenue was in a business use district and the balance of the premises was in an unrestricted use district; that on December 7, 1923 that part of the block starting 160 feet south of Jamaica Avenue was changed to a residence use district; that the present use designation within 160 feet of Jamaica Avenue became effective August 2, 1945; and

WHEREAS, the decision of the Borough Superintendent, dated April 3, 1958 acting on amendment to Alt. Applic. No. 209-58, reads:

"2. Proposed sign on existing marquee which projects beyond the bldg. line is contrary to Art. 2, Sec. 4a, sub-sections 49(a) and 49(b) of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 162.86 feet frontage by 136.97 feet in depth, presently developed with a theatre building of class 1 construction, having a frontage of 162 feet, a depth of 136 feet, and is now vacant; that it is proposed to permit the new free standing signs on top of the present marquee to extend more than 18 inches beyond the street building line; that said signs are replacements of free standing signs that now exist on top of the present marquee; and

WHEREAS, the applicant states that records indicate that the theatre and stores were erected under N.B. Applic. No. 13827-24 and Cal. No. 1090-24-BZ, for use as motion picture theatre and stores, for which Certificate of Occupancy No. 40163 was issued on March 28, 1929; that the present building is now being altered under Alt. Applic. No. 209-58 to change the use of the building from theatre and stores, to cabaret, catering, dance halls, kitchens, dressing room, employees' locker room and storage; and

WHEREAS, the applicant contends that the new free standing signs are merely replacements of present free standing signs on top of the present marquee and it is therefore requested that this application be granted; and

WHEREAS, the applicant states that the present owners have held title to the property since December 2, 1957; that the assessed valuation of land is \$40,000 and of the building \$110,000 making a total of \$150,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board is permitting this as a variance, as the use proposed is not for a public building under Section C26-235.0 of the Building Code; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e to permit the maintenance of the existing marquee, with a sign, as proposed and as shown on plans filed with this application marked "Received April 8, 1958", 13 sheets, *on condition* that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

245-58-A

APPLICANT—Lama, Proskauer and Prober, for Edward and Leonard Sessa, owners.

SUBJECT—Application April 8, 1958—Appeal from a decision of the Borough Superintendent, re change from theatre to catering, requires removal of marquee.

PREMISES AFFECTED—175-02 to 175-14 Jamaica Avenue and 92-05 to 92-17 175th Street, southeast corner, Block 10215, Lot 1, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 3, 1958, on amendment to Alt. Applic. 209/58, reads:

"1—The proposed change in use from a theatre to a catering establishment requires that you remove the existing marquee as per 2.4.1.4.8(g), sub-section No. 6 of the Bldg. Code."

and

WHEREAS, the applicant states that the building is 3 stories and basement, 68 feet in height, 162.86 feet front by 136.97 feet in depth of class 1 construction, erected 1927, located in business use, C area, class 1½ height district, and used and occupied since 1927 as follows: Basement—boiler room, 1st floor—theatre and stores; 2nd floor—theatre; entire building now vacant; that it is proposed to be used and occupied as follows: Basement—employees locker room, storage and ordinary use, no persons; 1st floor—cabaret, catering, dance hall and kitchen, 815 persons; 2nd floor—cabaret, catering, dance hall and kitchen, 635 persons; 3rd floor—cabaret, catering, dance hall, kitchen and dressing rooms, 800 persons; that the building is provided with four interior fireproof stairs, not less than 3 foot 8 inch wide and two exterior stairs, extending to roof by stairs and street, and yard by stairs; that egress from rear through side yard to street; and

WHEREAS, Certificate of Occupancy No. 40163 issued March 28, 1929 against N.B. Applic. 13827/24 permits the present use, number of occupants not stated; that the building is described in such certificate as of brick construction; and

WHEREAS, the applicant states that it is proposed to maintain the existing marquee on the Jamaica Avenue side of the building; that this marquee will be reduced in size and will have three new free standing steel signs, extending more than 18 inches beyond the building line; that all signs and lighting of the marquee will be neon, non-flashing; and

WHEREAS, the applicant contends that the change in use from theatre to store, cabaret, catering and dance hall is a permitted use; that the maintenance of the existing marquee, reduced in size, cannot possibly affect any of the adjoining properties as the new uses are essentially similar in nature as those permitted with marquees under the Building Code; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal

MINUTES

should be granted on condition for the marquee to be reduced and maintained as proposed.

Resolved, that the decision of the Borough Superintendent, dated April 3, 1958, acting on Amendment to Alt. App. 209-58, Objection No. 1 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted this day under Cal. No. 244-58-BZ shall be complied with.

247-58-BZ

APPLICANT—A. H. Salkowitz, for Sunrise of Linden Boulevard, owner.

SUBJECT—Application April 21, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a local retail and residence use district the extension of the parking area used in conjunction with the one-story, and basement building occupied as a super market, into the residence portion of the premises. PREMISES AFFECTED—9323 5th Avenue, northeast corner of 94th Street, Block 6109, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: A. H. Salkowitz.

For Opposition: None.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper... 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 94th Street and Gelston Avenue are in local retail and residence use, C area, class 1½ height districts; 5th Avenue is in a local retail use, C area, class 1½ height district; 92nd Street is in a local retail use, C area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 26, 1958 acting on Alt. Applic. No. 3969-57, reads:

"1. Parking of cars in a Residential use district is contrary to Art. II Sect. 3 of Zone Resolution." and

WHEREAS, the applicant states that the premises consist of a plot, 300 feet frontage by 132 feet 5¼ inches in depth; that it is proposed to extend the limits of the parking area to rear line of the plot to increase the parking facilities and to provide a curb cut along 94th Street; and

WHEREAS, the applicant states that a one story and cellar supermarket store building is presently under construction on a corner plot facing Fifth Avenue, for a width of 300 feet and extending 132 feet in depth; that the store building, which is now under construction, and the parking area extending for a depth of 100 feet, are located presently in a local retail district; that this building and plot was approved under N.B. Applic. No. 1543-57; that this approved plan called for the installation of a chain link fence along the boundary line of the residence and local retail use districts; and

WHEREAS, the applicant contends that the additional parking facilities will benefit the entire neighborhood by eliminating curb parking of patrons of stores along residential streets; and

WHEREAS, the applicant states that the present owner has held title to the property since May 14, 1957; that the assessed valuation of land is \$75,000 and of the building \$55,000 making a total of \$130,000; that the building is now under construction; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the rear portion of the plot within the residence use district to be occupied for parking and storage in conjunction with the front portion of the plot in the local retail district as permitted by the Borough Superintendent; that such additional parking lot herein permitted shall be used in conjunction with such parking lot as permitted by the Borough Superintendent solely for the use in connection with the existing store building on the plot for the storage of cars of employees and patrons; that in addition to the existing retaining wall on the rear there shall be a chain link fence of the woven wire type erected on the lot line so that the height of the fence will be five feet six inches from the grade of the parking lot at all points, such fence may be however, not over five feet six inches above the height of the retaining wall and where such retaining wall is at a lower grade the space from such retaining wall to the portion of the area actually used for parking shall be maintained unused for a distance of ten feet approximately therefrom; that the area of the parking lot shall be suitably paved with clean gravel or steam cinders and treated with a binder and rolled; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

285-58-BZ

APPLICANT—Paul Friedman, for Harredi Realty Corp., owner; Esskee Products Co., Inc., and Julius Kranzler, lessee.

SUBJECT—Application May 8, 1958—decision of the Borough Superintendent, under Sections 7c and 21 of the Zoning Resolution, to permit in a business and residence use district, C and D area district, the extension of an existing building into the residence use portion of the premises, to be used for manufacturing of garments, office, loading and unloading, and occupying more than the permitted area.

PREMISES AFFECTED—108-02 Otis Avenue, northeast corner of Van Cleef Street, Block 1962, Lot 1 (1, 35 and 36), Corona, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman and Julius Kranzler.

For Opposition: None.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper... 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; hearing postponed to September 30, 1958, at request of objector; then to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Van Cleef Street are in business and residence use, C and D area, class 1 height districts; Otis Avenue is in a business use, C area, class 1 height district; that the portion of the premises within 100 feet of Otis Avenue is presently zoned as a business district and the remainder as a residence district; that the portion of the premises within 100 feet of 108th Street is zoned as a C area district and the remainder is in a D area district; that as of July 25, 1916 the portion of the property within 100 feet of Oronte Street (Otis Avenue) as then mapped and within 100 feet of 51st Street (108th

MINUTES

Street) as then mapped, was zoned as a business use district and the remainder as a residence district; that on April 21, 1955 the business portion of the property more than 100 feet from Otis Avenue was changed to its present residence designation; that as of July 25, 1916 the property was zoned as a C area district and the present D area designation for the portion more than 100 feet from 108th Street became effective on May 1, 1936; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated May 2, 1958 acting on Alt. Applic. No. 2504-57, reads:

"1. The extension of the use of the premises for manufacturing of garments, office, loading and unloading space into the residence portion of a lot partly in a Residence Use District is contrary to Art. II, Sec. 3 of Zoning Resolution.

2. Area of the proposed extension for a "C" area district and a "D" area district is excessive and is contrary to Art. IV, Sec. 13(c) and contrary to Art. IV, Sec. 14(c) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 31.29 feet frontage by 140 feet in depth, comprising three official tax lots, 1, 35 and 36; that lot 1 is in a business use, C area, lots 35 and 36 are in a residence use district—partly business until April 21, 1955—and are partly in a C area and partly in a D area district; that official lot 1 is presently improved with a one and two story building erected as follows: that on March 25, 1925, N.B. Applic. No. 2242-25 was approved for the erection of a two story and cellar building, 20 feet by 90 feet, to be occupied for stores and private garage on the first floor and dwelling for two families on the second floor; that this application was signed off as completed on March 31, 1927; that on April 6, 1954 Alt. Applic. No. 631-53 was approved to permit the erection of a one story extension to the existing building; that on April 12, 1954 Certificate of Occupancy No. Q-95417 was issued for the following occupancy: cellar—storage room and boiler; first floor—manufacturing, office, loading and unloading; second floor—dwelling—two families; that official lots 35 and 36 are presently improved with two garages for two cars each, erected about 1922, according to the records of the Tax Department; that no record of these buildings is available in the Building Department or in the Fire Department; that it is proposed to remove the two 2-car garages at rear of official lots 35 and 36; that it is also proposed to construct a one story extension to the existing two story building, extending into the residence use district, occupying an area greater than permitted, to be used as follows: cellar—boiler room and storage of garments; first floor—manufacture of garments, office, storage, loading and unloading; second floor—two family dwelling; and

WHEREAS, the applicant states that the proposed use will not be noxious or offensive by reason of the emission of odor, dust, smoke, gas or noise; that adjoining the premises to the east is a four car garage, the enjoyment of which would in no way be impaired by the proposed use; that the character of the residence use district portion of the neighborhood is already determined by its proximity to the business use district within 100 feet of Otis Avenue, by its proximity to the business district within 100 feet of Corona Avenue and by its proximity to the existing manufacturing use on the corner of the site; that the proposed extension will be one story in height and its facade will be constructed of face brick, designed in harmony with the existing building at the corner; that the provision of enlarged off street loading space will protect the neighborhood from the effects of loading at the curb or on the sidewalk; that the unbuilt upon portion of the plot will be enclosed by a substantial chain link fence and access from the street will be through chain link gates, which will be kept locked except during business hours; and

WHEREAS, the applicant states as to the business use, C area district, that the enclosed loading and unloading area was heretofore approved as a permitted area of excess coverage—Section 19h; that the proposed change of occupancy of the enclosed loading and unloading area to part of the cutting and stock room removes the exemption provided for in Section 19h and gives rise to the objection of excess coverage; that this excess coverage would have substantially no effect whatsoever upon the availability of light and ventilation to neighboring occupancies as this portion of the building will remain unchanged as to the area it occupied and will be only slightly higher than it is at the present; that this change of occupancy is needed to provide an enlarged cutting and stock room and to provide continuity between the existing building and the proposed extension; that therefore the prohibition against such coverage constitutes a practical difficulty and unnecessary hardship which the Board has power to alleviate; that the open area heretofore approved for loading and unloading has been enclosed, as shown on plans of actual existing conditions; that it is proposed to use this enclosed area for piece goods storage; that this gives rise to the objection of excess coverage; that here, again, the excess coverage would have no effect whatsoever upon the availability of light and ventilation to neighboring occupancies so that a denial thereof would create practical difficulties and unnecessary hardship for the owner without any corresponding benefit for nearby owners; that the heretofore approved loading spaces, open and enclosed, will not be eliminated but rather will be enlarged and relocated into the residence use portion of the plot so as to provide adequate facilities for the use of the owner and greater protection for the neighborhood; and

WHEREAS, the applicant further states that the residence use, C area district portion of the plot is irregular and comprises an area of approximately 1,380 square feet; that the proposed construction in the residence use, C area will be 450 square feet for the enclosed loading area and 284 square feet for the manufacturing building, making a total coverage of 734 square feet as against a permissible coverage of 828 square feet; that therefore there is no excess coverage proposed for the residence, C area district; that the residence use, D area district portion of the plot is irregular and comprises an area of approximately 2,620 square feet; that the proposed construction in the residence use, D area district will be approximately 2,236 square feet as against a permissible coverage of 1,441 square feet and therefore there is an excess coverage of 795 square feet proposed for the residence use, D area district portion of the plot; and

WHEREAS, the applicant states that the area district boundary line separating the C from the D area district cuts diagonally across the subject property; that unlike the use district boundary line which is located east of Otis Avenue, the area district boundary line is located east of 108th Street; that the unique result is that part of the property is in a business C district, part in a residence C district and part in a residence D district, imposing a practical difficulty for almost any kind of conforming development; that the proposed one story building, which would be mostly in the D area district, would have no substantial effect upon the light and ventilation of surrounding properties for the following reasons: that adjacent properties to the north are not affected because the rear wall of the existing garage on the subject premises is now located on the rear lot line for its entire width; that the adjacent property to the east is occupied by a garage building at the rear and is unbuilt upon in the front; that the subject premises is proposed to be occupied by a building constructed on the rear 70 feet of the lot and is proposed to be unbuilt upon at the easterly side of the plot for the front 30 feet of the lot; that furthermore, the adjoining garage building is built to the common lot line; that the proposed building would be built 4 feet off the common lot line for a depth of 70 feet and 25 feet off the common lot line for a depth of 30 feet; that the adjacent properties to the west consist of lots 3, 5 and 6; that the entire rear of lot 3 is blocked off from the subject

MINUTES

premises by a garage built at the rear of lot 3; that the entire rear of lot 5 is blocked off from the premises by the garage built at the rear of lot 5 and the garage built at the rear of the subject premises; that the entire rear of the lot 6—where common with the side of subject premises—is blocked off from the premises by the garage built at the rear of the premises; that photographic View No. 2, filed herewith, shows these conditions and indicates how little the adjoining properties would be affected by the proposed building; and

WHEREAS, the applicant contends that a substantial number of the employees of Eskee Products Co., Inc., reside within walking distance of the subject premises; that if the need for expansion cannot be accommodated at the premises, the removal of the plant to larger space would inconvenience these employees and might cause them to lose their jobs; that removal of the plant, of course, would be expensive to the owner and would interfere with the pleasant relationship now existing between the employees and their jobs; that the increased space will provide better working facilities for the employees; that a grant of this application would result in the replacement of the two existing garage buildings by the proposed extension which would increase the present assessment, thereby benefitting the City in increased real estate taxes; that a grant would permit the development of the premises to the benefit of the owner and without detriment to the area; and

WHEREAS, the applicant states that the present owner has held title to the property since April 1, 1951 and December 10, 1957; that the assessed valuation of land is \$6,600 and of the building \$26,800 making a total of \$33,400; that the building was erected in 1925 and 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Section 7c as to the extension of use, and Section 21 as to extension of area, substantially as proposed and indicated on plans filed with this application marked, "Received May 8, 1958," 17 sheets *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the proposed extension within the residence use district shall have no signs; that there shall be no windows opening upon adjoining premises on the westerly or northerly wall, but may be on the easterly wall opening to the proposed four foot court; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 21, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 164th Street and Union Turnpike are in a retail use, D area, class 1 height district; 164th Place and 81st Avenue are in retail and residence use, D and G-1 area, class 1 height districts; that as of July 25, 1916 the premises were in a business use district and received the present use designation on September 18, 1947; and

WHEREAS, the decision of the Borough Superintendent, dated May 14, 1958 acting on Alt. Applic. No. 614-58, reads:

"1. The proposed extension exceeds the permitted coverage in a D district and is contrary to Art. 2, Sec. 14c of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 40.28 feet frontage by 92.62 feet in depth, irregular, presently developed with a one story building of class 3 construction, with a frontage of 39 feet 10 inches, a depth of 40 feet, and is now being used for offices; that it is proposed to maintain the present building and erect a new extension of class 3 construction, having a depth of 35 feet and a width of 39 feet, 10 inches; that the new extension will be used for offices in conjunction with offices in the existing building; and

WHEREAS, the applicant states that the area of the lot is 3622.23 square feet; that the proposed extension, together with the existing building, will have a combined area of 2987.25 square feet; that inasmuch as the permissible coverage is only 1992.25 square feet, the proposal is 995 square feet in excess; that records indicate that the present building was erected under N.B. Applic. No. 1861-52 and Certificate of Occupancy No. 83988 was issued on September 16, 1952 for use as offices; and

WHEREAS, the applicant contends that the present building is now being used as a district office for the Fidelity Mutual Life Insurance Company, which use is permissible in a retail use district; that the proposed extension is necessary and required to meet the ever expanding needs of the people in this insurance district; that this business has been established on this site since 1952, and as can be seen by the numerous consents filed with this application, this insurance business is an acceptable use in this area; that although the permissible area coverage is being exceeded, all rear yard requirements are fully complied with; and

WHEREAS, the applicant states that the present owner has held title to the property since May 5, 1952; that the assessed valuation of land is \$3,600 and of the building \$8,400 making a total of \$12,000; that the building was erected in 1952; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit a one story extension of the proposed conforming use as proposed and shown on plans filed with this application marked "Received June 6, 1958", 3 sheets, *on condition* that the extension shall be of the height and area as shown on such plans and for use only as an extension to the existing use of the existing building; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

418-58-BZ

APPLICANT—Harry M. Prince, Mitchell, Barker and Cohen, for Claude E. Forkner, owner.

MINUTES

SUBJECT—Application July 10, 1958—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a residence use district a proposed change in use from a one family dwelling and doctor's office to a building to be used and occupied in part, by an eleemosynary and charitable foundation and in part by doctors' offices for the practice of medicine as a group, including the owner, with connection to the foundation.

PREMISES AFFECTED—35 East 69th Street, north side, 125 feet, west of Park Avenue, Block 1384, Lot 31, Borough of Manhattan.

APPEARANCES—

For Applicant: Harry M. Prince, Arthur H. Barker and Julian Whitelsey.

For Opposition: None.

ACTION OF BOARD—Application grated on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper. 4

Negative: 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; laid over to October 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Park Avenue are in a residence use, B area, class 1½ height district; East 69th Street and East 70th Street are in residence and restricted retail use, B area, class 1½ height districts; Madison Avenue is in a restricted retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 30, 1958 acting on amendment to Alt. Applic. No. 8-58, reads:

“Proposed Doctors' consultation offices and office on 3rd, 4th and Penthouse floors of a building located in a Residence Use district is contrary to Section 3 of the Zoning Resolution.”

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 100 feet 5 inches in depth, occupied as a one family residence and doctor's office, four stories in height; that it is proposed to permit, in a residence district, a change in use from a one family dwelling and doctor's office, to a building to be used and occupied, in part, by an eleemosynary and charitable foundation and in part, by doctors' offices for the practice of medicine as a group, including the owner, with connection to the foundation; and

WHEREAS, the applicant states that the premises are four stories in height, with cellar and penthouse—solarium—having a frontage of 25 feet on East 69th Street, 125 feet west of the northwest corner of Park Avenue and 69th Street, of fireproof construction, with floors of concrete arches on steel beams, wall-bearing; that all interior partitions are of masonry; that the main stair from cellar to fourth floor inclusive, is concrete, finished with wood treads and risers; that the secondary stair in the rear from cellar to penthouse and roof inclusive, is of steel construction, with wood treads and open risers and is enclosed throughout; and

WHEREAS, the applicant further states that on January 3, 1958, Mayer, Whittlesey & Glass, architects, filed plans and specifications with the Department of Buildings for Dr. Forkner, as owner, to alter the building so as to permit its use as his office and residence, under Alt. Applic. No. 8-58; that the application was approved on April 3, 1958 with a notation stating that the doctor residing in the residential portion of the building might practice his profession therein; that no Certificate of Occupancy was required; that on April 15, 1958 amended plans and specifications were filed with the Department of Buildings requesting approval of the building to be used and occupied above the

first story in addition to the owner, by the Medical Passport Foundation, an eleemosynary and charitable organization, and by other medical doctors for their offices; that the application was denied by the Superintendent of Buildings; and

WHEREAS, the applicant further states that a single family dwelling is no longer a practicable exclusive use at this location, in view of the changed character of the neighborhood and times; that adjoining to the east, the Arthur Curtis James residence is now The James Foundation, and just west of the subject premises, a former private residence is now the Italian Consulate; that directly across the street is a similar type residence which is now the home of the Jewish National Fund, and another is the headquarters of the Henry George Foundation; that it must be evident from these conditions that the proposed use of this building, which contemplates no change in the residential character of the face, or its residential appearance, will not adversely affect anyone, but will tend to preserve desirable qualities in the neighborhood; that the owner is a physician with important hospital connections, including New York Hospital, and enjoys an international reputation for pre-eminence in his profession; that he purchased the residence with the intention of occupying it as residence for himself and his wife, and as office space for his professional practice and related interests; that it is now his definite hope to commit the third and fourth floors to use for the office purposes of several physicians of coordinate standing and similar viewpoints, who will join with him in the practice of medicine as a group; that the solarium will be occupied by a charitable Foundation which has already been organized by him as the Medical Passport Foundation under the Membership Corporation Law for the purpose of educating both physicians and laymen in the uses of a medical dossier for diagnostic, clinical, statistical and personal record purposes; that the basement will be equipped as a laboratory for the use of the owner and associated physicians practicing on the premises; that the Foundation is and will be supported entirely by contributions, and its services will be entirely free; that application will be made to the Treasury Department for a declaration of its tax-exempt status; that substantial contributions have already been made to it and increased support is expected; and

WHEREAS, the applicant contends that under the Zoning Resolution covering residential use districts which apply to the subject premises, there is no restriction against a doctor using any floor for his own practice with assistants, or even with a resident associate; that were this a multiple dwelling, every floor and apartment could be used as a doctor's office under Section 3(9) (e), if it were also such doctor's residence; that such arrangement would not, however, be adequate for rendering the integrated medical service which the associated physicians wish to offer; that they contemplate being organized as a medical partnership, and the third and fourth floors are well disposed for the conduct of their consultative and diagnostic work; that there will be no hospitalization on the premises; that although the associated physicians will be only five or six in number, and none but the owner would reside on the premises, the owner seeks the clear cut authority of a variance so that there will be no questions about the propriety of medical practice by others above the first floor; and

WHEREAS, the applicant further contends that the building has become too burdensome and unsuitable for use as a single family residence since few people, such as the former owner, can afford to occupy it wholly according to its original conception, due to the high cost of maintenance for private family use; that to convert it for multi-family use would be too expensive to justify the potential revenue to be derived from rentals; that the proposed use will be in harmony with the general purposes and intent of the Zoning Resolution, will not change the character of the neighborhood and will not adversely affect the present use and occupancy of any other building in the area; that the present residential facade of the building will remain unchanged and

MINUTES

will continue to be an asset to the surrounding neighborhood; that were this building to be converted to a multiple dwelling, as permitted by all governing laws, including the Multiple Dwelling Law, the Zoning Resolution would impose no limit on the number of apartments created and doctors could reside in each apartment and conduct their practices without restriction; that moreover, in such a case, any number of doctors' offices would be permitted on the first and second floors, even though they did not live on the premises; that the Medical Passport Foundation, which would occupy the solarium, is a philanthropic and eleemosynary activity which, aided by the owner and his associate physicians, will render a real public service in educating both physicians and laymen in the uses of a medical dossier for diagnostic, clinical, statistical and record purposes; and

WHEREAS, the applicant states that the present owner has held title to the property since December, 1957; that the assessed valuation of land is \$50,000 and of the building \$40,000 making a total of \$90,000; that the building was erected in 1911.

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board, in the resolution as adopted this day and in permitting the use as proposed, is not passing on the use of the penthouse as an eleemosynary or charitable institution; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of twenty years to permit the premises to be occupied as proposed and as indicated on plans filed with this application marked "Received July 10, 1958", 7 sheets, and "September 9, 1958", two sheets *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that during the term of this variance the premises shall not be occupied for uses contrary to this resolution; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and that a certificate of occupancy is required and shall be obtained.

Recessed at 12:40 P.M., October 21, 1958 to Wednesday, October 22, 1958 at 10 A.M.

Reconvened at 10. A.M., October 22, 1958.

Adjourned: 11:30 A.M., October 22, 1958.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, OCTOBER 21, 1958, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

115-32-SA

APPLICANT—Wayne Home Equipment Company, Inc., owner.

SUBJECT—Application for reopening and amendment of resolution as to additional model "K" oil burner—re Wayne Oil Burner, Model OM and G; previously approved.

APPEARANCES—

For Applicant: John Thurston.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report of Committee on Test.

THE VOTE TO REOPEN—

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 115-32-SA.

Subject: Amendment to resolution as to additional model of oil burner.

Wayne Home Equipment Co., Inc., requested by letter dated July 3, 1958 that resolution adopted April 19, 1932 and amended through April 2, 1957 under Calendar 115-32-SA be amended so as to include an additional model oil burner.

Purpose

The appliance is a gun type oil burner.

Description

The requested model K is similar to the model G, previously approved, except that the model K is equipped with dual transformers.

The model K has been approved by the Underwriters Laboratories under MP 1271.

Recommendation

The Committee on Test recommends that the resolution adopted April 19, 1932 and as amended through April 2, 1957 under Calendar Number 115-32-SA be reopened and amended so as to include the Wayne Oil Burner Model K and permission to market the above burner by the Burnham Corp. under the trade name of Burnham Oil Burner Model K; York-Shipley Inc. under the trade name of York Oil Burner Model K and by the Iron Fireman Oil Burner Model K on condition that the requirements of the resolution adopted April 19, 1932 under Calendar Number 115-32-SA be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.
GEORGE F. SKLENARIK,

MINUTES

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 800-39-SM Vol. IV.

Subject: Amendment to resolution as to additional uses of U.S.G. Audicote for fireproofing cellular floors and beams.

The United States Gypsum Company, Chicago, Illinois, by letter dated June 13th, 1958 requested that the resolution adopted Nov. 17th, 1942 and amended at various times thru June 26, 1956 at which time Audicote was approved, be further amended to include the use of Audicote as a fireproofing plaster for cellular steel floors and for fireproofing of steel beams. The application was reopened by the vote of the Board July 15, 1958 under Calendar Number 800-39-SM Vol. IV.

Purpose

The material has already been approved as a trowel or spray on acoustical plaster applied directly to concrete without a bonder, or to metal or gypsum lath over proper base coats. The new additional use is for direct application to steel cellular floors without bonder or any metal lath or other support as a permanent fireproofing membrane, and for fireproofing of beams supporting the cellular steel floor.

Description

U.S.G. Audicote whether used for acoustical purposes or for fireproofing is of the same formulation. Analysis shows that it is composed of asbestos fibers, plus U.S.G. Perlite (previously approved) and high grade imported bentonite clay. It hardens by drying and does not set. It has been previously approved under this calendar number as an acoustical plaster. Tension tests have shown that its bond to plaster or other surfaces is greater than its internal strength. Reports on file show it fails internally at over 360 lbs. per square foot. As its weight 1" thick is approximately $\frac{1}{2}$ pound per square foot this is an adequate factor of safety.

Inspection and Test

A ceiling and floor fire resistive test was conducted at the U.S. National Bureau of Standards on June 17th, 1958. A typical cellular steel deck formed the roof of the furnace with one intermediate 8 WF 28 steel beam and 2- $\frac{1}{2}$ inch concrete topping. The H.H. Robertson cellular steel deck was fireproofed by the application of Audicote plaster until it was 1- $\frac{1}{16}$ " below the bottom of the cell, and the hollows were filled in and brought out to this level. No lath or adhesive or anchors of any kind were required or used on the under side of the metal deck. They are not required with Audicote.

Before the application of the U.S.G. Audicote fireproofing to the metal deck, the beam was lathed or prepared as follows:

#8 gauge galvanized steel wires were passed over the top of the beam in the interces of the deck and the ends were lapped at the soffit of the beam, and the ends turned back over the lower flange of the beam. The lapped ends on the soffit were wire tied together with double strands of #18 gauge dead annealed galvanized tie wire near edge of the soffit. The #8 gauge wire loops were on 12 inch centers.

To the box frame formed by the #8 gauge wire was attached an enclosure of U.S.G. 3.4 pounds per square yard expanded metal lath of copper alloy, painted with rust resistant paint and indented so as to be $\frac{1}{4}$ " self furring which enclosed the soffit or bottom and sides of the beam and to within $\frac{1}{2}$ " of the cellular steel floor. This was wired to the #8 wires at the soffit and within 1- $\frac{1}{2}$ " of the deck, and at 6" intervals as required by good lathing practices. Adjacent sheets were lapped 1" and wire tied 6" on centers along the lap.

To this "boxed" beam was applied U.S.G. "Audicote" fireproofing to a total thickness of 1- $\frac{3}{4}$ " on the sides and 2" on the bottom or soffit. It is notable that an electric header box was applied across or perpendicular to the cellular

floor on one half of the steel deck. On the other half of the floor, there was no such electrical header duct.

Full report from the U. S. National Bureau of Standards, their report No. TR. 10218-25; Fire Protection 3456 dated July 23, 1958 concludes as follows:

"If all surface thermocouple data are considered (including those over the electrical cross ducts) the fire endurance is 3 hours 52 minutes. If the header ducts are ignored in order to permit comparison with the results for similar structures tested without such ducts; the average rise of the other twelve surface thermocouples limits the fire endurance to 4 hours 7 minutes. The beam continued to sustain its applied load thru out the test."

The chart of the temperatures of the furnace during the test show that it was consistently above the A.S.T.M. E119 Standard and no correction for variation is required. The complete report of the National Bureau of Standards plus construction drawings are a part of the record and the file.

Recommendation

Based on the tests conducted by the applicant and the data submitted and previous data and tests submitted and approval thereof by the Board, The Committee on Tests recommends that the resolution adopted by the Board under Calendar Number 800-39-SM on November 17th, 1942 and subsequently amended under Volume I, II, III and IV be further amended to include approval of U.S.G. Audicote plaster for fireproofing of cellular steel floors and for fireproofing of steel beams as follows:

That a cellular steel floor, as herein described, coated on the underside with U.S.G. Audicote plaster to an even thickness of 1- $\frac{1}{16}$ " below the low point of the cells, providing there is 2- $\frac{1}{2}$ " of concrete fill above it and providing there is no electrical cross duct above it, shall be rated as a 4 hour incombustible fire resistive floor or ceiling for use in all classes of construction under sections C26-88, C26-191 and C26-239.0 of the Administrative Code.

If the same has an electrical cross header duct on top of the cellular steel floor, based on tests conducted and data submitted, the Committee on Tests recommends that the construction shall be rated as a 3 hour fire resistive floor or ceiling for use in all classes of construction under Section C26-88, C26-178, C26-191 and C26-239.0 of the Administrative Code.

Based on the test data submitted, and the record, the Committee on Test also recommends that a structural beam enclosed with #8 gauge wire loops 12" on centers, tied together at the soffit with the ends re-entrant or returning over the flange, and wire tied, over which is applied self furring 3.4 lath as described in the test, and solidly coated with 1- $\frac{3}{4}$ " of Audicote plaster on the side and 2" of Audicote on the bottom or soffit, shall be given a 4 hour fire resistive rating and approved under C26-88, C26-178, C26-191 and C26-239.0 of the Administrative Code for use in all classes of construction and the Committee on Test further recommends that each bag of Audicote Plaster shall be stamped, printed, tagged or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 800-39-SM, Vol IV" and providing that the requirements of the previous resolution as amended is complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolutions of November 17, 1942 through June 26, 1956 in accordance with the above reports.
